Sand Drifting Ordinance.

Bill No. —, Ordinance No. — (New Series), as follows:

Providing for the prevention of sand or dirt or earth from drifting or being blown or otherwise moved from any lot into or upon any paved, graded or macadamized street and authorizing and directing the Board of Public Works, in certain cases, to do all and any necessary work in conformity herewith.

Section 1. It shall be unlawful for any person, firm or corporation owning any lot of land, or any person having control thereof, to permit any sand or dirt or earth to drift or be blown, or otherwise be moved into or upon any paved, graded or macadamized street.

Section 2. Every person, firm or corporation owning or controlling any premises fronting on any paved, graded or macadamized street must, within sixty days after notice from the Board of Public Works so to do, construct and maintain fences or bulkheads around such premises or lots, and also plant upon the whole area of such lot or premises sea bent grass root, at least ten inches deep and not more than eighteen inches apart, or spread barley or oats, or some other grain seed upon the whole surface of such lot or premises and cover the same with mulch, straw or manure, the whole being done in such manner as to effectively and permanently prevent sand or dirt or earth from drifting or falling or being blown therefrom into or upon such streets or sidewalks thereof.

Section 3. It is hereby made the duty of the Board of Public Works to enforce the provisions of this or-

dinance, and said Board of Public Works is hereby authorized and directed to do, or cause to be done, any and all work required by section two (2) hereof, upon the failure of the owner or owners of any lot or premises, or of the person or persons person or persons having control of said lot or premises, to comply with the terms of this ordinance; and the cost of the work done hereunder shall constitute and be a first lien on said property.

Section 4. Any person, firm or corporation who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed one hundred (100) dollars, or by imprisonment in the County Jail for not more than sixty (60) days, or by both such fine and imprisonment.

Section 5. Ordinance No. 2656, approved March 5, 1914, is hereby repealed.

Section 6. This Ordinance shall take effect and be in force immediately.

Report of City Engineer on Condition of Loomis Street and Oakdale Avenue.

The following was presented, read and ordered spread in the Journal:

July 16th, 1917.

To the Honorable Board of Supervisors.

Gentlemen: In compliance with your request of June 15th, 1917, we enclose herewith report of the City Engineer, dated July 16th, 1917, on the condition of the crossing of Loomis street and Oakdale avenue.

Yours very truly,

BOARD OF PUBLIC WORKS,

By F. J. CHURCHILL, Secretary.

July 16, 1917.

To the Honorable the Board of Public Works of the City and County of San Francisco.

Gentlemen: Herewith I present Petition No. 35469 of the Civic League of Improvement Clubs, enclosing communication and photograph, calling attention to the pavement just completed at the northerly crossing of Loomis street and Oakdale avenue, in protesting to your Honorable Board against the methods of inspection and construction of this particular piece of work.

This report is also made in response to Petition No. 35367 of the Board of Supervisors.

Oakdale avenue is the main thoroughfare connecting San Bruno avenue with Railroad avenue and crosses marsh lands bordering Islais Creek. About 40 years ago the first grading was done on Oakdale avenue, with a low macadam road built to the level of the marsh across the valley. About 3 years ago, at an expense of about \$40,000, a fill of about 10 feet was made along Oakdale avenue across this marsh, which has been in a gradual process of settlement. In 1916 a main sewer 3 feet by 4½ feet was built along the center of Oakdale avenue and founded on piles, some of them reaching a length of about 70 feet. This was done to avert any settlement in the sewer. It is unusual construction to go to the expense of piling marshes or fill in ground for street construction, as the cost would be prohibitive and an economic waste.

It is the policy of the City Engineer's office to permit the graded street to rest as long as possible without a surface pavement, but persistent demands have been made for over 2 years to have this street paved, and a public contract was awarded to Flinn & Treacy to pave this street between San Bruno avenue and Selby street, and the work was accepted on May 14th, 1917.

You will observe that the lower part of Market street settles at the rate of about one inch a year. The filled in portion of Mission street, and in fact all the filled in streets south of Market street, are in a slow process of settlement, and it is only natural to expect the same conditions in any filled in street or over a marsh. To delay improvements until a final settlement has taken place might mean a wait of possibly 40 or 50 years before proceeding with street work, and adhering to a policy of this kind would retard the development of the City and drive business away.

A slight settlement has taken place in Oakdale avenue on both sides of the sewers on piles and it would be a matter of very small expense to repair the central crack which has taken place in the street. The contractor is not responsible for this condition, as the work and materials were thoroughly inspected and in strict conformity with the specifications, and the pavement will probably serve for 15 years, which is the usual life of an asphalt pavement, before extensive repairs or reconstruction are necessary, and anybody who is acquainted with local conditions will readily recognize the importance of having this thoroughfare paved, even with the contingency of a settlement. Prop-

erty owners, improvement clubs, and Supervisors were unanimous in demanding that this work be done, and this office believes that it was a wise step to have it done, notwithstanding any cracks or future settlements that may take place.

If you will observe the lower portion of Market street you will notice the new Southern Pacific sidewalk is about 1½ feet above the grade of the adjacent street, due to the settlement of the street. Would it be wise to ask the Southern Pacific Company to delay building a \$2,000,000 building on Market street until that thoroughfare acquired a final stage of settlement, which might not be in 200 years?

The high standard of construction in the street pavements of San Francisco in the last 3 or 4 years has merited general attention and approval from all visiting municipal officials from other cities, who are familiar with high-grade street work, but no matter what character of work is done a critic will always be found with a narrow vision of things, who will criticize not only himself but everything anyone else does.

Respectfully,

M. M. O'SHAUGHNESSY,
City Engineer.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Suhr, Acting Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Commercial Development and Streets Committee, by Supervisor Kortick, Chairman.

Report of Finance Committee on Reception of Bids for Repaving of Mission Street.

Supervisor Power presented the following report and moved its adoption: San Francisco, July 16, 1917.

Board of Supervisors.

Gentlemen: We, your Finance Committee, respectfully recommends that the Board of Public Works be requested to advertise for bids on the reconstruction of Mission street and other streets for which special appropriations have been made in the Budget, and the Board of Works also be requested to bid on said work.

Respectfully submitted,

JAMES E. POWER,
ANDREW J. GALLAGHER,
Finance Committee.

Privilege of the Floor.

A. Judell, Commissioner of the Board of Public Works, was granted

the privilege of the floor on motion of Supervisor Nelson, and addressed the Board. He said that he hoped the Board would not adopt the report, inasmuch as it would be an idle act to do so and would only have the effect of embarrassing the Board of Public Works.

T. Reardon, President of the Board of Public Works, also addressed the Board to the same effect.

Amendment.

Thereupon Supervisor Nelson moved as an amendment that the report be received and ordered placed on file.

Ayes—Supervisors Brandon, Kortick, Nelson, Suhr, Welch—5.

Noes—Supervisors Gallagher, Hynes, McLeran, Mulvihill, Nolan, Power, Walsh, Wolfe—8.

Absent—Supervisors Deasy, Hayden, Hilmer, Hocks, Lahaney—5.

Refused Adoption.

Whereupon the question being taken on Supervisor Power's motion, the same was lost by the following vote:

Ayes—Supervisors Gallagher, Power—2.

Noes—Supervisors Brandon, Hynes, Kortick, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—11.

Absent—Supervisors Deasy, Hayden, Hilmer, Hocks, Lahaney—5.

Special Report of Supplies Committee on Hardware.

The following report was presented by Supervisor Gallagher, read and ordered filed:

July 16, 1917.

Board of Supervisors.

Gentlemen: Your Supplies Committee begs to report the following transactions of the special meeting held Friday, July 13th, at 11 a. m.

Present: Supervisors Gallagher, Walsh, Deasy, Nolan.

Absent (on vacation): Supervisor Mulvihill.

1. Consideration of bids for annual printing was laid over pending a hearing by the full Committee.

2. Consideration of bids for annual hardware items not heretofore disposed of.

The question before your Committee was whether "prices were too high," it appearing that most of said items were quoted at figures "above current market rates." The bidder no doubt took into consideration the unsettled market conditions and the risk he would incur in contracting for the term of one year. Your Committee investigated the matter as thoroughly as the circumstances permitted, and while Supervisors Deasy and Nolan favored an award, Supervisors Gallagher and Walsh favored

a rejection. The motion to award having been lost, we herewith present a resolution rejecting all bids for the items concerned.

Respectfully submitted,

ANDREW J. GALLAGHER,

E. L. NOLAN,

J. O. WALSH,

Supplies Committee.

Mayor and Clerk to Execute Deed to Sierra and San Francisco Power Company to Land Formerly Part of Jefferson Street.

Resolution No. 14583 (New Series), as follows:

Whereas, by Resolution No. 14294 (New Series) the City and County of San Francisco accepted the offer of the Sierra and San Francisco Power Company to convey certain lands required for the Marina boulevard in exchange for the portion of Jefferson street lying between Laguna and Buchanan streets, and

Whereas, by Resolution No. 14515 (New Series) the said portion of Jefferson street lying between Laguna and Buchanan streets was finally

closed and abandoned as a public street; now, therefore, be it

Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized to execute in behalf of the City and County of San Francisco, and in accordance with authority vested in said City and County by the Act of May 1, 1911, a sufficient deed conveying to the said Sierra and San Francisco Power Company all of the following described property, formerly constituting the part of Jefferson street lying between Laguna and Buchanan streets, viz.:

Beginning at the point of intersection of the easterly line of Buchanan street with the southerly line of Jefferson street and running thence easterly along the southerly line of Jefferson street four hundred and twelve feet six inches (412 feet 6 inches) to the point at which said southerly line of Jefferson street intersects the westerly line of Laguna street; thence at right angles and northerly sixty-eight and seventy-five hundredths (68.75) feet to the point of intersection of the westerly line of Laguna street and the northerly line of Jefferson street; thence at right angles westerly along said northerly line of Jefferson street four hundred and twelve feet six inches (412 feet 6 inches) to the point at which said northerly line of Jefferson street intersects the easterly line of Buchanan street; thence at right angles southerly sixty-eight and seventy-five hundredths (68.75) feet to the point of commencement.

And when said deed is so executed to deliver the same to the Sierra and San Francisco Power Company upon receipt from said company of a deed conveying to said City and County of San Francisco lands described in the offer of the said company, dated April 23, 1917, and accepted by Resolution No. 14294 (New Series), as aforesaid.

Be it further Resolved, That the City Attorney be and he is hereby authorized and directed to prepare the necessary instruments for execution, in accordance with said agreement, and to supervise the exchange of deeds as aforesaid.

Ayes—Supervisors Brandon, Gallagher, Hilmer, Hocks, Hynes, Kortick, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Mayor and Clerk to Execute Deed to Herbert E. Law et al.

Supervisor Welch presented:
Resolution No. 14584 (New Series), as follows:

Resolution authorizing execution of deed by the Mayor and Clerk of the Board of Supervisors of the City and County of San Francisco to the grantees hereinafter designated.

Whereas, This Board, on the 4th day of June, 1917, after due proceedings theretofore had, pursuant to the provisions of Chapter III, Article VI, of the Charter of the City and County of San Francisco, duly adopted Resolution No. 14427 (New Series) closing and abandoning certain parts of Pierce, Steiner, Fillmore, Francisco, Bay, North Point, Beach and Jefferson streets, as in said resolution particularly described; and

Whereas, On the 12th day of June, 1917, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, In said resolution last referred to, said Board of Supervisors expressed its intention to convey by deed the interest of said City and County of San Francisco in said parts of said public streets so closed and abandoned to the owners of the land fronting thereon, in such manner as this Board deems that equity requires; and

Whereas, The said property owners above referred to have offered to convey to said City and County new streets to be dedicated to public use and convenience, which said new streets are particularly referred to and described in the petition of said property owners praying for the closing and abandoning of said public streets heretofore filed with the Clerk of this Board; and

Whereas, Said new streets so to be laid out and dedicated to public use and conveyed to said City and County and particularly described in said petition on file with the Clerk of this Board are of greater area than the public streets so abandoned by said Resolution No. 14427 (New Series) and a conveyance by said property owners to said City and County of San Francisco of said new streets does constitute full and adequate compensation to said City and County for its deed of the parts of said public streets so closed and abandoned by said City and County by said Resolution No. 14427 (New Series) of this Board; now, therefore, be it

Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute, in the name of the City and County of San Francisco, a deed conveying to Herbert Edward Law, Hartland Law, Virginia Vanderbilt, Adele Lille, A. O. Stewart, Edward G. Ring, Pacific Gas and Electric Company, a corporation, James Moffitt Estate Company, a corporation, and Panama-Pacific International Exposition Company, a corporation, all of the right, title and inter-

est of the City and County of San Francisco, in and to the real property hereinafter described; and be it further

Resolved, That upon receipt of a proper conveyance from the parties last hereinabove named, conveying to the City and County of San Francisco all of the land to be dedicated as and for public streets, as in said petition particularly set forth and described, to which reference is hereby made, the Mayor and Clerk of the Board of Supervisors deliver said deed of said City and County, covering the property described in said Resolution No. 14427 (New Series) to the grantees named in said deed. Be it further

Resolved, That the City Attorney be and he is hereby authorized and directed to prepare the necessary conveyances to carry out the provisions of this resolution and to give the necessary legal supervision to said exchange of instruments so as to insure the vesting of a proper title in said City and County of San Francisco to all lands acquired by it as public streets. Be it further

Resolved, That this Board deems that equity requires that each of the property owners respectively hereinabove named to whom said abandoned public streets as described in said Resolution No. 14427 (New Series) are to be conveyed by the deed hereby authorized to be executed shall therein each be granted and vested with title to that part of said public streets so to be abandoned, to the center line thereof, immediately fronting upon the land now owned in fee by each of the said grantees respectively and fronting upon said abandoned public streets; the respective square areas formed by the various intersections of the said abandoned public streets, embraced within the real property hereinafter described, shall in like manner be granted and conveyed by said deed of said City and County, in four equal parts, to the respective owners in fee of the adjacent corners formed by said intersections of abandoned public streets, each owner to be severally granted the part immediately adjacent to the corner owned by him.

The property to be described in the deed hereby authorized to be executed is all that certain real property situate, lying and being in the City and County of San Francisco, State of California, described as follows, to-wit:

Spur Track Permit.

The following Bill heretofore passed for printing was taken up:

Bill No. 4600, Ordinance No. 4264 (New Series), as follows:

Granting permission to M. J. Brandenstein & Co., its successors and assigns, revocable at will of the Board of Supervisors, to lay down, construct, maintain and operate a spur track over, along and upon the following described route, to-wit:

Beginning on the westerly line of Fourth street near the center of Townsend street; thence easterly on a curve to the left across Fourth street to a point in the easterly line thereof 18 feet more or less northerly from the northerly line of Townsend street; thence on a curve to the left and right across private property to the westerly line of Crook street 251 feet northerly from northerly line of Townsend street; thence continuing easterly across Crook street and Lusk alley to a point in northerly line of Lusk alley 80 feet easterly from westerly line of Crook street; thence across private property to a point in the

westerly line of Ritch street 292 feet northerly from northerly line of Townsend street; thence easterly crossing Ritch street at right angles; thence across private property to a point in the westerly line of Third street 283.53 feet northerly from the northerly line of Townsend street; thence easterly crossing Third street at right angles; thence across private property to westerly line of Stanford street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to M. J. Brandenstein & Co., its successors and assigns, to lay down, construct, maintain and operate a spur track over, along and upon the following described route, to-wit:

Beginning on the westerly line of Fourth street near the center of Townsend street; thence easterly on a curve to the left across Fourth street to a point in the easterly line thereof 18 feet, more or less, northerly from the northerly line of Townsend street; thence on a curve to the left and right across private property to the westerly line of Crook street 251 feet northerly from northerly line of Townsend street; thence continuing easterly across Crook street and Lusk alley to a point in northerly line of Lusk alley 80 feet easterly from westerly line of Crook street; thence across private property to a point in the westerly line of Ritch street 292 feet northerly from northerly line of Townsend street; thence easterly crossing Ritch street at right angles; thence across private property to a point in the westerly line of Third street 283.53 feet northerly from the northerly line of Townsend street; thence easterly crossing Third street at right angles; thence across private property to westerly line of Stanford street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part thereof as completely as though the same were written in this Ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expense connected with the installation of the track, restoration of pavement and any additional requirements for the surface drainage be paid for by M. J. Brandenstein & Co.

Provided, M. J. Brandenstein & Co. shall erect and maintain one all night

lighted arc lamp, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided, no car shall be moved across Third street between the hours of 6 a. m. and 12 m. and between 1 p. m. and 8 p. m.

Provided, M. J. Brandenstein & Co. shall have a flagman stationed at the crossing when cars are moved across the Third street spur track.

Section 2. This Ordinance shall take effect immediately.

The ordinance will permit the operation of cars over Third street between the hours 12 m. and 1 p. m.

Privilege of the Floor.

Robert Troy was granted the privilege of the floor and addressed the Board. He stated that the five-minute switching limit was not in the ordinance as agreed. He declared that the company would use the time to the limit and thereby seriously interfere with traffic.

Supervisor McLeran moved as an amendment that ordinance be amended as agreed.

Supervisor Power raised point of order that ordinance as drawn was in accordance with Ordinance No. 69 and that the adoption of the motion would make the permit invalid.

Final Passage.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Union Iron Works Development in Oakland.

Supervisor Nelson presented:

Resolution No. — (New Series), as follows:

Whereas, it has been reported that the Union Iron Works has received contracts from the United States Government for the construction of thirty or more war vessels, and that it contemplates an expenditure of several millions of dollars in the enlargement of a unit of its shipbuilding plant in Oakland, and

Whereas, this enlargement of the Oakland plant would detract from the commercial development of San Francisco, and deprive her loyal and patriotic citizens of the proud privilege of building for the United States Government a fleet of war vessels certain to equal, if not excel, the historic "Oregon," constructed by them in the local yards of the Union Iron Works.

Resolved, That his Honor the Mayor is hereby respectfully requested to appoint a committee of representative citizens to wait upon the Union Iron Works officials to the end that they amend their reported plans and that the millions for enlargement be spent in this city, which is able to provide all the facilities required—skilled labor, deep water, cheap transportation of material and ample acreage.

Referred to Commercial Development Committee.

Issuance of Permits for Automobile Repair Shops.

Supervisor Nolan presented:

Bill No. —, Ordinance No. — (New Series), as follows:

Providing for the issuance of revocable permits by the Board of Supervisors for the construction and maintenance of automobile repair shops in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful to

construct and maintain an automobile repair shop without a permit therefor from the Board of Supervisors.

Section 2. No permit shall be granted for an automobile repair shop hereafter to be constructed and maintained except on the report of the Board of Fire Commissioners, or other satisfactory evidence, that the proposed place of construction or maintenance of such automobile repair shop is unobjectionable from the point of view of fire hazard to the surrounding neighborhood.

Section 3. A permit granted hereunder is subject to revocation by the Board of Supervisors.

Section 4. No permit shall be refused or revoked by the Board of Supervisors except after a full hearing, and then only in the exercise of a sound and reasonable discretion by said Board.

Section 5. Any person, firm or corporation violating any provision of this ordinance shall be guilty of a misdemeanor, and shall be punishable by a fine of not more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment.

Section 6. All ordinances or parts of ordinances, insofar as they may conflict with the provisions of this ordinance are hereby repealed.

Section 7. This ordinance shall take effect immediately.

Referred to Fire Committee.

City Attorney to Commence Condemnation Proceedings for Sewer Right of Way in Trocadero Gulch.

Supervisor Welch presented:

Resolution No. 14595 (New Series) as follows:

Whereas, the public interest and convenience require the acquisition by the City and County of San Francisco for the uses and purposes of a public sewer the following described sewer right of way and easement: now, therefore, be it

Resolved, That the City Attorney be and he is hereby authorized and instructed to inaugurate condemnation proceedings for the acquisition of the necessary sewer right of way for the Trocadero sewer below Nineteenth avenue, and more particularly described as follows:

Parcel No. 1.

Trocadero Sewer—Description of an Easement Through the Property of Nettie Beckwith and Minnie Clark.

All that piece or parcel of land ten (10) feet in width lying five (5) feet on each side of the following described center line: Beginning at a point on the westerly line of Nineteenth avenue distant thereon three hundred

forty-nine and twenty-two hundredths (349.22) feet measured northerly along said line produced from its intersection with the southerly line of Sloat boulevard; thence south seventy-seven degrees, no minutes and fifty-five seconds (77 deg. 00 min. 55 sec.) west a distance of one hundred and ninety-eight and twenty-three hundredths (198.23) feet; thence nine and sixty-eight hundredths (9.68) feet along a circular curve to the right having a radius of fifty (50) feet; thence south eighty-eight degrees, six minutes and twenty-six seconds (88 deg. 06 min. 26 sec.) west a distance of three hundred eighty and fifty-eight hundredths (380.58) feet to a point on the boundary line between the properties of Nettie Beckwith and Minnie Clark and George W. Greene, said line being the westerly property line of Nettie Beckwith and Minnie Clark, a distance of two hundred ninety-five and seven hundredths (295.07) feet measured northerly along said line produced from its intersection with the southerly line of Sloat boulevard.

Parcel No. 2.

Procedero Sewer—Description of an Easement Through the Property of George W. Greene.

All that piece or parcel of land ten (10) feet in width lying five (5) feet on each side of the following described center line: Beginning at a point on the boundary line between the properties of George W. Greene, Nettie Beckwith and Minnie Clark, said line being the easterly property line of George W. Greene, a distance of two hundred ninety-five and seven hundredths (295.07) feet measured northerly along said boundary line produced from its intersection with the southerly line of Sloat boulevard; thence south eighty-eight degrees, six minutes and twenty-six seconds (88 deg. 06 min. 26 sec.) west, a distance

of four hundred fifty-five and seventy-six hundredths (455.76) feet; thence eighteen and two hundredths (18.02) feet along a circular curve to the right having a radius of fifty (50) feet; thence north seventy-one degrees, fourteen minutes and thirty-one seconds (71 deg. 14 min. 30 sec.) west a distance of one hundred four and thirty-one hundredths (104.31) feet; thence seventy-eight and fifty-four hundredths (78.54) feet along a circular curve to the left having a radius of fifty (50) feet; thence south eighteen degrees, forty-five minutes and thirty seconds (18 deg. 45 min. 30 sec.) west a distance of sixty-two (62) feet to a point on the boundary line between the properties of George W. Greene and the Parkside Realty Company.

That the acquisition by the City and County of San Francisco of the property hereinabove particularly described is hereby declared to be a public necessity required by the public interest and convenience and the said right of way and easement hereinabove described is hereby declared to be necessary, suitable, adequate and convenient for the uses and purposes of a public sewer in and for the City and County of San Francisco.

Resolution No. 14556 (New Series) is hereby repealed.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hilmer, Hocks, Hynes, Kortick, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisors Deasy, Hayden, Lahaney—3.

ADJOURNMENT.

There being no further business the Board at the hour of 4:50 p. m. adjourned.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations

$$\frac{dx}{dt} = f(x, y, z), \quad \frac{dy}{dt} = g(x, y, z), \quad \frac{dz}{dt} = h(x, y, z),$$

where f, g, h are continuous functions of x, y, z and satisfy certain conditions.

2. In the second part, we consider the case where the functions f, g, h are linear in x, y, z .

3. Finally, in the third part, we discuss the problem of the stability of the solutions of the system of equations.

Urging Operation of Municipal Railways on Market Street and Through the Twin Peaks Tunnel, and Protesting Further Privileges to the United Railroads.

Communications—From the Cemetery Employees' Union No. 10,634, Packers' Branch No. 45 of the Glass Bottle Blowers' Association, the Marine Cooks' and Stewards' Association, Cooks Helpers' Union, Local No. 10, and United Laborers, urging Mayor Rolph and the members of the Board of Supervisors to immediately complete the building of the outer tracks on Market street, and that the Municipal Railway be operated the entire length of that street and through the Twin Peaks tunnel, and protesting against any further privileges being granted to the United Railroads.

The above communications were read by the Clerk and referred to the *Public Utilities Committee*.

Also, *Communication*—From R. Spreckels, expressing opposition to the proposed use of the Twin Peaks tunnel by the United Railroads, and that failure to use said tunnel and extend the Municipal tracks down Market street will, in his opinion, result in a great loss to the Municipal Railroad and practically amount to a betrayal of the people's rights and interests.

Ordered referred to the *Public Utilities Committee*.

Objection to Assessment Purported to be Levied for Improvement of Oakdale Avenue Between San Bruno Avenue and Selby Street.

Communication—From the Ocean Shore Railroad Co. appealing from the assessment by the Board of Public Works for the improvement of Oakdale avenue between San Bruno avenue and Selby street.

Read and placed on file.

Relative to Proposed Ordinance Preventing Sand or Dirt Drifting Upon Any Street.

Communication—From the San Francisco Real Estate Board expressing its policy and record with the spirit of the proposed ordinance preventing sand or dirt drifting upon public streets, but not considering it a propitious time in which to enforce the proposed ordinance in its entirety.

Read and referred to the *Street Committee* for consideration with the proposed ordinance.

HEARING OF APPEALS.

Railroad Avenue.

The hearing of appeal of property owners from assessment for improvement of Railroad avenue between Yosemite and Hollister avenues, fixed for hearing at 3 o'clock p. m. this day, was upon motion of Supervisor Brandon laid over until Monday, July 30, 1917, at 3 o'clock p. m.

Sand Drifting Ordinance.

Bill No. —, providing for the prevention of sand or dirt or earth from drifting or being blown or otherwise moved from any lot into or upon any paved, graded or macadamized street, and authorizing and directing the Board of Public Works, in certain cases, to do all and any necessary work in conformity herewith, was upon motion taken from calendar and referred to the City Attorney for legal opinion, and also referred to Street Committee for hearing two weeks from Thursday next.

Adopted.

The following matters were presented, read and adopted by the following vote:

Leaves of Absence.

Resolution No. 14596 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. Guy E. Manning, member of the Board of Public Health, is hereby granted leave of absence for a period of thirty days, commencing July 23, 1917, with permission to leave the state.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Also, Resolution No. 14597 (New Series), as follows:

Resolved, That his Honor James Rolph, Jr., Mayor of the City and County of San Francisco, be and is hereby granted a leave of absence for sixty days commencing August first, 1917, with permission to leave the state.

Ayes—Supervisors Brandon, Deasy,

Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Also, Resolution No. 14598 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. James Woods, Police Commissioner, is hereby granted leave of absence for a period of thirty days, commencing July 28, 1917, with permission to leave the state.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Correcting Extension of Time.

Also, Resolution No. 14599 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted an extension of sixty days' time from and after July 27, 1917, within which to complete contract for the improvement of Balboa street between the easterly line of Twenty-eighth avenue and the easterly line of Twenty-ninth avenue.

This third extension of time is granted upon the recommendation of the Board of Public Works, for the reason that the work done to date consists of grading and the partial construction of curbs and catchbasins. The work is now progressing satisfactorily.

Further Resolved, That Resolution No. 14589 (New Series), approved July 17, 1917, be and is hereby rescinded.

Further Resolved, That the advertising charges on this resolution are hereby remitted.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Appointment of Committee to Hear Matters Relative to Charges Against the Board of Public Works.

Supervisor Wolfe presented:

Resolution No. 14624 (New Series), as follows:

Whereas, During several discussions that have taken place in the Board of Supervisors, statements have been made that the administration of municipal affairs by the Board of Public Works has been conducted in a wasteful and inefficient manner; and

Whereas, The making and publication of such charges are liable to produce friction between the administrative and legislative departments of the city and create distrust in the public mind as to methods of conducting the

affairs of the municipality and an uncertainty as to the truth and merits of the controversy; therefore

Resolved, That a special committee to consist of Supervisors Power, Brandon, McLeran, Gallagher and Hayden be appointed by this Board with authority to hear all matters connected with the charges herein recited, to summon witnesses and take testimony in respect thereto and to submit to this Board its findings and recommendations based upon the testimony so adduced.

Motion.

Thereupon, Supervisor Power moved to amend by increasing the committee to five members, adding thereto the names of Supervisors Hayden and Gallagher. Accepted by Supervisor Wolfe.

Supervisor Nelson Excused From Voting.

The question on adoption of the resolution being called, Supervisor Nelson desired to be excused from voting. Objections to the chair granting Supervisor Nelson the privilege were presented by Supervisor Gallagher, based on rules of order of the Board.

Thereupon a vote was taken on the question of Supervisor Nelson's privilege of being excused from voting, whereupon said privilege was granted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Nolan, Suhr, Walsh—11.

Noes—Supervisors Gallagher, Mulvihill, Power, Wolfe—4.

Excused—Supervisor Nelson—1.

Absent—Supervisors Hayden, Welch—2.

Adopted.

Question on adoption being called, the resolution was adopted by the following vote:

Ayes—Supervisors Deasy, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nolan, Suhr, Walsh, Wolfe—11.

Excused—Supervisors Brandon, Gallagher, McLeran, Nelson, Power—5.

Absent—Supervisors Hayden, Welch—2.

Regulating the Issuance of Permits and Licenses for the Sale of Intoxicating Liquors During the Period of the Present War.

Supervisor Lahaney presented:

Bill No. 4620, Ordinance No. — (New Series), entitled, "An ordinance regulating the issuance of permits and licenses for the furnishing, sale or dispensation of alcoholic and intoxicating liquors during the period of the present war, and providing for the revocation of such permits in certain cases."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. During the period of the continuance of the present war between the United States and Germany no permit or license to engage in business as a retail dealer or to sell, furnish or dispense in any manner alcoholic or intoxicating liquors, except at wholesale by wholesale liquor establishments as the same are defined in Ordinance No. 2569 (New Series), shall be granted or issued except by way of transfer or renewal of a then existing permit or license.

Section 2. During such period of war no transfer or renewal of any such existing permit or license to or at a location within one-half mile of the limits of any military or naval camp, post or reservation of the United States shall be granted or issued.

Section 3. In case of the conviction of the holder of any such permit or license of a violation of any of the provisions of Sections 12 and 13 of the Act of the Congress of the United States approved May 18, 1917, and entitled "An Act to authorize the President to increase temporarily the military establishment of the United States," or of the violation of any rule, order or regulation of the President or Secretary of War of the United States made or issued under said sections of said Act, or in case it appear to the reasonable satisfaction of the Board of Police Commissioners that the holder of any such permit has been guilty of such violation, it shall be the duty of the Board of Police Commissioners, after a hearing, to revoke said permit permanently.

Section 4. During said period of war no permit or license under the provisions of Ordinance No. 626 (New Series), entitled, "An ordinance imposing a license on persons, firms or corporations conducting any exhibition, ball or masked ball, where spirituous, malt or fermented liquors or wines are sold or furnished to be drunk on the premises," shall be granted or issued for any location within one-half mile of the limits of any military or naval camp, post or reservation of the United States.

Section 5. All ordinances and parts of ordinances in conflict herewith are hereby suspended during the period of said war.

Section 6. This ordinance is hereby declared to be enacted in the exercise of the police power of the Board of Supervisors of said City and County and for the purpose of regulating the sale of alcoholic and intoxicating liquors during the national emergency created by said period of war.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Fixing Time for Hearing Appeal from Assessment.

Also, Resolution No. 14615 (New Series), as follows:

Resolved, That Monday, August 20th, 1917, at 3 p. m., in the chambers of the Board of Supervisors, be fixed as the time for hearing the appeal of Cynthia E. Gilman from the assessment issued for the improvement of Jules avenue between De Montford avenue and Holloway avenue, including the intersections of Jules avenue with De Montford avenue, which assessment was recorded on the 13th day of June, 1917, in

Book 13 of Street Assessments, page 291.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Extensions of Time.

Also, Resolution No. 14616 (New Series), as follows:

Resolved, That H. Crummey (Inc.) is hereby granted an extension of ninety days' time, from September 7, 1917, within which to complete the improvement of Newcomb avenue between Lane and Keith streets, under public contract.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that petitioners were delayed in getting together the equipment for this work, which is being done by steam shovel. While it may be possible to complete the work during the life of the present extension of time, there are possibilities of delay due to unforeseen causes.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Also, Resolution No. 14617 (New Series), as follows:

Resolved, That Thomas Hutton is hereby granted an extension of ninety days from August 6, 1917, within which to complete contract for the improvement of the intersection of Bernal avenue and Shotwell street.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that some delay was caused in making the survey for this work, as the proper lines of these streets had to be determined.

The survey was ordered by the contractor on May 14, 1917, and the work diagram was not issued until June 27, 1917.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Also, Resolution No. 14618 (New Series), as follows:

Resolved, That Eaton & Smith are hereby granted an extension of ninety days from July 25, 1917, within which

to complete contract for the improvement of Broad street between Capitol and Plymouth avenues.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor desires to extend the life of this contract until after the time of protest.

The work has been completed and accepted by the Board of Public Works.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Also, Resolution No. 14619 (New Series), as follows:

Resolved, That Federal Construction Company is hereby granted an extension of sixty days' time from August 7, 1917, within which to complete contract for the improvement of Berlin street between Bacon and Silliman streets.

This *first* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that although no work has been done, and while your petitioner gives no reason for not completing this work, it is evident that the contractors are getting ready to commence, as they are working in the immediate vicinity.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Also, Resolution No. 14620 (New Series), as follows:

Resolved, That the Fay Improvement Company is hereby granted the following extensions of time, the same having been recommended by the Board of Public Works in communication filed July 19, 1917:

Ninety days, from August 7th, 1917, within which to complete contract for the improvement of Alabama street between Precita avenue and Norwich street.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the Fay Improvement Company is engaged in constructing the concrete curbs and the catchbasins.

Ninety days, from August 7, 1917, within which to complete contract for the improvement of the intersection of Precita avenue and Alabama street.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is under way, and your petitioner is engaged in the construction of catchbasins and a portion of the curb.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Authorizing Purchase of Rights of Way for Hetch Hetchy Railroad.

Supervisor Wolfe presented:

Resolution No. 14621 (New Series), as follows:

Upon recommendation of the special counsel of the Hetch Hetchy Water Supply, approved by the City Engineer,

It is hereby resolved that the purchase of rights of way necessary for the Hetch Hetchy Railroad and Aqueduct are authorized from the following persons, for the sums respectively set forth opposite their names:

Yosemite Short Line Railway Company\$ 2206.30
M. S. d'Albergaria, entire parcel 75.00
E. Hirschler, entire parcel...	31.00
Estate of Mary Schmidt, two parcels 1000.00
D. Corcoran, entire parcel...	100.00

The special counsel for the Hetch Hetchy Water Supply is authorized to make the above purchases, and superintend the execution of transfers and payment of the purchase price, upon receipt of the proper instruments conveying good title to the City to the lands in question.

Under suspension of the rules the resolution was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Requesting the State Board of Control to Advise the Board of Cost of the Installation of a Uniform System of Accounting.

The Finance Committee by Supervisor Power presented:

Resolution No. 14622 (New Series), as follows:

Whereas, the Mayor and Board of Supervisors have heretofore expressed

themselves in favor of a uniform system of accounting for the various departments of the City and County of San Francisco by entering into a contract with the accounting firm of Klink, Bean & Co., and

Whereas, said firm is nearing the completion of its work, and

Whereas, it is absolutely necessary for the welfare of the City to continue said work, and

Whereas, it has been suggested that the Board of Control of the State of California might well do this work at a very nominal cost; therefore be it

Resolved, that the Board of Supervisors does hereby request the State Board of Control to advise this Board the cost of completing the installation of a uniform system of account in the various departments of the City and County of San Francisco.

Under suspension of the rules the resolution was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

City Attorney Present to the State Railroad Commission an Application for a Reduction in Hydrant Rates.

The Light, Water and Telephone Committee by Supervisor Nolan presented:

Resolution No. 14623 (New Series), as follows:

Whereas, in consideration of the fact that the price paid the Spring Valley Water Company annually for the use of fire hydrants is wholly disproportionate to the use made of such

hydrants by the City; therefore be it

Resolved, that the City Attorney be directed to proceed at the earliest possible date to present to the State Railroad Commission an application for a reduction in hydrant rates to the lowest possible figure commensurate with the service rendered.

Under suspension of the rules the resolution was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Hayden, Welch—2.

Supervisor Nelson presented:

Bill No. 4629, entitled, "Providing for days off duty for members of the San Francisco Police Department,

And upon motion said bill was *referred* to the Police Committee.

Also Bill No. —, Ordinance No. — (New Series), amending section 5 of Ordinance No. 1898 (New Series), regulating rates of fare of public passenger vehicles.

And upon motion was *referred* to Joint Committee on Streets and Police.

On motion of Supervisor Gallagher the Public Utilities Committee was directed to give consideration to the matter of automobile transportation on the ferry boats plying between San Francisco and other places surrounding the bay.

ADJOURNMENT.

There being no further business, the Board at the hour of 3:50 p. m. adjourned.

JOHN S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors August 20, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

The Journals of previous meetings were laid over for approval until a subsequent meeting.

ROLL CALL FOR PETITIONS FROM MEMBERS.

The following was presented and read by the Clerk:

Option on Water Bonds.

Communication—From The Anglo and London Paris National Bank, advising that it is not its intention to exercise the option granted them by Resolution No. 14417 (New Series) until August 1, 1917, to purchase five million dollars, par value, City and County of San Francisco water bonds, on account of present bond conditions and its liability to market at a profit the $4\frac{1}{2}\%$ obligation.

On motion the communication was referred to the Finance Committee and a copy thereof to be forwarded to the Board of Public Works.

Visit to City of Japanese Commission.

His Honor the Mayor announced the expected arrival in the city of a distinguished Japanese Commission on or before August 13th, and asked authority to appoint a committee on reception.

Whereupon, on motion of Supervisor Hayden, the Mayor was authorized to appoint a committee to officially receive and appropriately entertain the gentlemen of the Commission during their stay in our City.

Request for Reconsideration of the Early Closing Ordinance.

Communication—From the San Francisco Grocers' Association, asking for a reconsideration of the early closing ordinance, claiming that it has demoralized the trade. That upon a referendum vote of the grocers it was found that only 275 favored early closing. That from one hundred stores there were received more than five thousand protests.

Upon motion of Supervisor Power the communication was referred to the Police Committee.

Protests Against Privilege to United Railroads to Operate Through Twin Peaks Tunnel.

Supervisor Hayden presented in behalf of various persons numerous communications protesting against privileges being granted to the United Railroads to operate cars through the Twin Peaks tunnel, and urging the immediate completion of the tracks on Market street and the operation of the Municipal Railway the entire length of Market street.

On motion the communications were referred to the Public Utilities Committee.

Exercises to Be Held on Completion of the Church Street Municipal Railway.

Supervisor Wolfe presented:

Resolution No. 14645 (New Series), as follows:

Whereas, The Church street line of the Municipal Railway system has been completed and its formal opening for public use will take place on Saturday, August 11th, and exercises commemorating the event will be held under the direction of the Mission Promotion Association, therefore

Resolved, That this Board of Supervisors attend in a body the exercises to be held as aforesaid, and to take such part therein as may be requested; also that the services of the Municipal Band be reserved for that day and tendered for the occasion.

On motion of Supervisor Wolfe the above resolution was taken up out of order and adopted by the following vote:

Ayes—Supervisor Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks,

Hynes, Kortick, Labaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Amending Salary Ordinance.

Supervisor Power asked for a reading of the report of the Finance Committee and presented:

Bill No. 4630, Ordinance No. — (New Series), as follows:

Amending subdivision (f) of Section 14 of Ordinance No. 3535 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That subdivision (f), Section 14 of Ordinance No. 3535 (New Series) is hereby amended to read as follows:

(f) Nine hostlers, each at a salary of \$1200 a year.

Section 2. This Ordinance shall take effect July 1, 1917.

On motion of Supervisor Power the above bill *passed for printing*.

Sale of Fire Horses, Resolution Repealed.

Supervisor Gallagher presented:

Resolution No. 14641 (New Series), as follows:

Resolved, That pursuant to petition filed by Board of Fire Commissioners, Resolution No. 14593 (New Series), approved July 17, 1917, authorizing the sale of 16 old horses be, and is hereby rescinded; and the said stock be turned over to the City Engineer for use in Hetch Hetchy work.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Mayor to Sell Scrap.**Supervisor Gallagher presented:**

Resolution No. 14642 (New Series), as follows:

Resolved, That the Mayor is hereby authorized and requested, pursuant to petition filed by the Board of Public Works, to sell at public auction the following personal property unfit and/or unnecessary for the use of the City and County of San Francisco, viz.:

Thirty tons scrap brake shoes.

Two tons miscellaneous scrap steel.

Eight tons scrap chilled iron car wheels.

One ton scrap copper, mostly copper wire.

One-half ton scrap brass, mostly trolley wheels and trolley ears.

Two tons sheet iron mudguards.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Extension of Time.**Supervisor Welch presented:**

Resolution No. 14643 (New Series), as follows:

Resolved, That State Improvement Company be granted an extension of 30 days' time from August 1, 1917, within which to complete contract for the improvement of Lane street, between Quesada avenue and Revere avenue, and the crossing of Quesada avenue and Lane street, and Revere avenue and Lane street, under public contract.

This *first* extension of time is granted on the recommendation of the Board of Public Works for the reason that your petitioner states the request is made on account of delay caused by permitting the proper settlement of the sewer trench before paving. The work is completed with the exception of the asphalt covering.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Also, Resolution No. 14644 (New Series), as follows:

Resolved, That Flinn & Treacy be granted an extension of 30 days from August 3, 1917, within which to complete contract for improving Thomas avenue, between Jennings and Lane streets.

This *first* extension of time is recommended by the Board of Public Works for the reason that the contractor was

unable to secure material required to complete work within the time allowed. The work has been partially completed.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Supervisors to Attend Celebration of Completion of Church Street Railway.

Resolution No. 14645 (New Series), as follows:

Whereas, The Church Street Line of the Municipal Railway System has been completed and its formal opening for public use will take place Saturday, August 11th, and exercises commemorating the event will be held under the direction of the Mission Promotion Association; therefore

Resolved, That this Board of Supervisors attend in a body the exercises to be held as aforesaid, and to take such part therein as may be requested; also that the services of the Municipal Band be reserved for that day, and tendered for the occasion.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Completion of Twin Peaks Tunnel.

His Honor Mayor Rolph thereupon directed that City Engineer M. M. O'Shaughnessy be requested to appear before the Board of Supervisors. Upon his coming, the Mayor handed to him the silver spike used to tie down the first rail on the Municipal Railway at the west portal of Twin Peaks Tunnel.

His Honor the Mayor said: "I present to you a token which marks a very important era in the history of municipal railway building in San Francisco. Four million dollars has been sunk in a hole under the peaks, every dollar of which shows in the work."

"This spike was driven at the westerly portal of the tunnel, showing you that the railroad is going right down Market street."

He expressed his complete satisfaction and appreciation of the work done under the supervision of the City Engineer, and congratulated the Board of Supervisors and the people of San Francisco on the success of the project and the promise it held for the growth and future development of San Francisco.

Supervisor Edward I. Wolfe, chairman of the Public Utilities Committee, James E. Power of the Finance Committee and Emmet F. Hayden of the Land and Tunnels Committee, also

addressed the Board on the work of the engineer and his associates in building the tunnel. City Attorney George Lull said that the assessment law prepared to cover this, the largest single project ever undertaken as an assessment project, had caused the enactment of a law which has become a model for use in many cities.

T. P. Robinson, representing the Citizens' Committee in charge of the celebration, also spoke, and *City Engineer M. M. O'Shaughnessy* closed, expressing his appreciation of the honor paid him on this occasion.

Appeal from Street Assessment.

Railroad Avenue.

Hearing of appeal of property owners from assessment issued for street work on Railroad avenue, between Yosemite avenue and Hollister avenue, fixed for 3 p. m. this day.

Re-referred.

Supervisor Power moved that the subject-matter be re-referred to the *Streets Committee*.

Motion carried.

Reconsideration.

The foregoing action was subsequently reconsidered and the hearing proceeded.

Privilege of the Floor.

James Devoto, attorney representing property owners, was granted the privilege of the floor. He declared that the Hunters Point road was a part of the boulevard system and that the

City should bear the expense of the improvement to the amount of approximately \$1100. He declared as his opinion that the assessment was enormous. If the City allows only \$650 it will be a burdensome assessment on those represented by himself.

Adopted.

Whereupon the following resolution was presented and adopted:

Appeal Denied.

Resolution No. 14640 (New Series), as follows:

Resolved, That the appeal of property owners from the assessment issued by the Board of Public Works, and recorded on the 18th day of April, 1917, in Vol. 13, page 43 of assessments for the improvement of Railroad avenue, between the southerly line of Yosemite avenue and a line at right angles to the easterly line of Railroad avenue at its intersection with the southerly line of Hollister avenue, be and the same is hereby denied and the assessment confirmed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch—14.

Absent—Supervisors Hynes, Kortick, Nolan, Wolfe—4.

ADJOURNMENT.

There being no further business, the Board at the hour of 4:30 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors August 20, 1917.

Board of Public Works Estimate of Cost of Proposed School Bond Issue.

The following was read and referred to Finance and Education Committees jointly:

August 6, 1917.

The Honorable, Board of Supervisors, Gentlemen:

By Resolution 54,410, second series, adopted August 6, 1917, the Board of Public Works approved and ordered forwarded to the Board of Supervisors the attached report of the City Engineer dated August 3, 1917, submitting an estimate of the cost of the proposed school bond issue, in accordance with Ordinance 4,247, new series, of the Board of Supervisors.

Very respectfully,

BOARD OF PUBLIC WORKS,
By F. J. CHURCHILL, Secretary.

Estimate of Cost of Schools.

August 3, 1917.

To the Honorable, the Board of Public Works of the City and County of San Francisco.

Dear Sirs:

In accordance with Ordinance No. 4247 (Second Series), requesting from me an estimate of cost for buildings, additions, and lands for schools, I beg herewith to transmit the same, involving an outlay of \$3,500,000.

Very truly yours,

M. M. O'SHAUGHNESSY,
City Engineer.

REPORTS OF COMMITTEES.

The following Committees, by their respective Chairman, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Public Buildings Committee, by Supervisor McLeran, Chairman.

Public Health Committee, by Supervisor Walsh, Chairman.

Report of Public Utilities Committee on Compromise With United Railroads of San Francisco Regarding Four Tracks on Market Street.

The following was presented by Supervisor Wolfe, read by the Clerk and ordered printed in the Journal and Record:

San Francisco, August 6, 1917.
To the Honorable Board of Supervisors of the City and County of San Francisco—
Gentlemen:

Your Committee on Public Utilities, to whom was referred a proposition made to this City and County by the United Railroads on July 2, 1917, looking to a compromise with this City and County so as to have the City refrain from building four tracks on Market street, from Van Ness avenue to Third street, in accordance with the terms of Ordinance No. 4053, passed by this Board of Supervisors, and approved by his Honor the Mayor on February 7, 1917, have had the same under consideration, and beg leave to report as follows:

The communication received by us from the United Railroads was transmitted to the Chief Engineer, M. M.

O'Shaughnessy, for his report. On the 20th day of July the Engineer filed his report, and, while he did not, in terms, recommend either for or against the acceptance of the proposition of the United Railroads, in the judgment of this Committee, the opinion of the Engineer does not favor its acceptance. The matter was also referred to Thomas A. Cashin, the Superintendent of the Municipal System, for his report, and at a public meeting of this Committee, Mr. Cashin advised that we do not accept the proposition of the United Railroads, and favored strongly the construction of the four tracks. Your Committee recognizes that the determination of this question does not settle, by any means, the large and serious problem of transportation, as it affects the whole of our City and County. The development and growth of a community depends, in great measure, upon the character of transportation service afforded to its citizenship, and, confronted, as we are, with the fact that 50,000 or 60,000 people doing business, and working, in San Francisco, daily cross the bay to their homes in another county, it becomes quite evident, that if the number of trans-bay commuters is not to increase, and if we are desirous of having people who work in San Francisco, live in San Francisco, that we must make it as easy for them to come to and from their homes in the remoter sections of the city to the places of their business or employment, as it is for them to get across the bay, if not easier. Market street is the main artery of this city. Into it and from it spread nearly all the important lines of street transportation in this city. That the two tracks on Market street are carrying all the cars they can possibly carry, and more than they should, in order to give a fairly rapid and proper transportation to our people, is self evident. 180 cars per hour go over the Market street tracks. This is more than Bion J. Arnold recommended in his report, and the congestion there during the "peak" hours is such, that it affects the efficiency of the entire system.

We quote from the report of the Chief Engineer: he says in part:

"The inner tracks are now crowded during peak periods to the extent of 180 cars per hour, and very often in the mornings and afternoons congestion takes place, due to the cross traffic over Market street, affecting the efficiency of the system. This condition naturally gives rise to an unwarranted prejudice against the construction of additional tracks among those who do not realize the great additional facility that will be provided by four tracks. The public as a whole do not look kindly upon proposed changes or a

disturbance of existing conditions. However, it is found that when these changes have been made, everybody is satisfied and would not revert to the old conditions."

The completion of the Twin Peaks Tunnel at a cost of four million dollars or thereabouts, 85 per cent of which was borne by the property owners west of the tunnel, has presented a concrete situation to this city which much be met at once. West of the tunnel there is a beautiful residence section of San Francisco, capable of taking care of over 100,000 people. At this time four or five thousand people are residing there. Large sums of money have been spent by the property owners in road construction and other improvements, including the building of many beautiful residences. There is a moral obligation resting upon this city, aside from many other considerations, that makes it our bounden duty to give transportation to the people who pioneered this new territory, who have invested their moneys, and who are encouraging people of small means, as well as those who can afford larger investments, to make their homes there.

The acceptance of the proposition made to us by the United Railroads would mean, that the additional cars necessary to serve this new territory would be operated by the United Railroads through the Twin Peaks Tunnel over their present two tracks on Market street. It also means that the Church street line, which commences operations on the 11th of this month would be compelled to transfer its passengers who desire to go straight down town at Church and Market streets to the cars of the United Railroads, so that, added to the congestion which now exists daily, would be the additional congestion arising from more cars operated through the tunnel, and the cars necessary to care for those who transfer from the Church street line and other lines to the Market street line. This, in the opinion of your Committee, instead of giving to our people the character of transportation that would induce them to build their homes west of the tunnel, and stay in San Francisco, would be unsatisfactory, and would have the effect of driving people into other communities.

If the four tracks be built on Market street, it will mean that the city can operate its own cars on the outer tracks direct to and from the ferry, and, if the city is so disposed, to make an arrangement with the United Railroads as would permit them to route some of their cars, during the rush hours, over the outer tracks so as to give to their patrons, as well as to the city's patrons, more adequate and up-to-date transportation service.

That there is opposition to the four-tracking there is no doubt, and it is entitled to respectful consideration, but your Committee feels that it is based on a misunderstanding as to the plans of this city connected with the four-tracking of Market street. It is feared that there will be greater congestion and greater danger to pedestrians, but we beg leave to submit that, included in the plan of four-tracking Market street is the plan recommended by the Chief Engineer for subway crossings at such points as, say: Montgomery, Kearny, Grant avenue, Stockton and Powell streets, which will make it quite easy and thoroughly safe for our people, both men, women and children at these points.

In addition to this, strict traffic regulations are contemplated requiring pedestrians to cross the crowded points on the whistle of the traffic officer, with separate stopping places for the municipal lines and the United Railroad lines, so as to permit free and unobstructed access to either one of the cars as desired, and every other modern precaution for the safety of our people. It is conceded by every one that the city is neither ready, nor has it the finances for a subway system. It is also conceded that the day for the overhead roads has gone, and, realizing these facts, your Committee can see no other solution of the transportation question as it affects the travel of our people on street cars that use Market street than the four tracks.

There is, of course, confronting us the financial side of this question, which we frankly admit, is worthy of some serious consideration. The life or death of municipal ownership of railroads is not involved in this question. To municipal ownership we are absolutely committed, and that man would be bold indeed who would attempt to go back to the old conditions. If we are desirous of seeing our Municipal Railway System a financial success your Committee, based upon the information of the Superintendent of the roads, believe that the putting down of four tracks on Market street will add greatly to the revenues of the municipal system.

The moneys that will be required to build the tracks from Van Ness avenue to Kearny street will have to be taken from the moneys on hand in the Railroad Funds; in other words, we shall have to borrow from the funds the money necessary for extension purposes, expecting to realize from the investment sufficient to warrant the loan and to provide for its return. The amounts that will be necessary to give transportation to the people west of the Twin Peaks Tunnel will also have to be borrowed from the Municipal Railway funds. It may be neces-

sary, however, to amend the ordinances now in effect concerning the use of Municipal Railway funds, particularly in the depreciation fund. The Chief Engineer estimates that it will take \$400,000 to establish a complete system west of the Twin Peaks Tunnel. If the report of this Committee be adopted by this Board, we shall recommend that the Chief Engineer be requested to give to us his views as to the minimum amount of money that will be required to give service to the people now living west of the tunnel, the extensions to be provided as the demands of the district shall require. Mr. Jos. A. Leonard and Mr. A. S. Baldwin (Baldwin & Howell) have given us their opinion that about \$125,000 expended at this time might meet the needs of the districts west of the tunnel.

Let it be borne in mind that the people who made possible the building of the Twin Peaks Tunnel, who have invested large sums of money beyond the westerly portal thereof, and who are interested in its development, are advocating the building of the four tracks, notwithstanding the solicitude of the opponents of the four tracks in their behalf.

In fairness to the United Railroads it should be said that the proposition of July 2nd came to us at the request of this Committee, and this offer of theirs differs from their former offers in two important points. In one of their former offers they consented to the running of Municipal cars from Church street as well as through the tunnel in limited number on their Market street tracks. In this it is understood that no city cars except those already operating are to go down Market street. The other important feature is the offer of a universal transfer system. That, in some sections this would be a great convenience there is no doubt, but we have been unable to get from either our Chief Engineer or Superintendent of the Municipal Railway a statement to what extent the city would gain by that system.

It must be borne in mind that the question of the right to use Market street, decided in favor of this city by Federal Judge Hunt, is on appeal to the Supreme Court of the United States. There is not contained in the proposition of the United Railroads any agreement to dismiss that appeal. It is argued therefore that it would be unwise for the city to expend 200,000 or 300,000 dollars in building tracks and equipment, the maintenance of which might be in doubt, until the Supreme Court of the United States has spoken. As to that, your Committee begs leave to submit that, in their opinion, the likelihood of a re-

versal of Judge Hunt's decision is very remote, and until the Supreme Court is ready to reverse the principle announced in the Knoxville case, there is very little likelihood of Judge Hunt's decision being reversed; but, even if it should be reversed, it will take two years before the Supreme Court will speak on this question, and by that time if the city takes on only its normal growth, without any aid from its officials, it will be demonstrated beyond the peradventure of a doubt that the four tracks on Market street are absolutely necessary, and in this contingency, it will be very easy to enter into an arrangement with the United Railroads or its successors and assigns for the use of the outer tracks upon proper terms and conditions.

It will not do to consider the suggestion of the United Railroads to re-route cars now running on Market street on to other streets we would have the peoples of the other districts up in arms, and, while we believe that our people have been rather spoiled on the question of all cars going into Market street, yet the difficulty of making a change from that system is not to be overlooked.

We beg leave respectfully to recommend therefore that the proposition made to us by the United Railroads on July 2nd, 1917, be not accepted by this City and County, and that, while we thank them for the same, we feel that we owe it to our people and to the future development and prosperity of the city to recommend the carrying out of the provisions of Ordinance No. 4053, N. S.

We further recommend that the consideration of this report be made a special order for Monday, August 13th, at 3 p. m.

Respectfully submitted,

EDWARD I. WOLFE,
C. J. DEASY,
JOSEPH MULVIHILL,
RICHARD J. WELCH,

Liquor License Ordinance.

Bill No. 4620, Ordinance No. — (New Series). An ordinance regulating the issuance of permits and licenses for the furnishing, sale or dispensation of alcoholic and intoxicating liquors during the period of the present war, and providing for the revocation of such permits in certain cases.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. During the period of the continuance of the present war between the United States and Germany no permit or license to engage in business as a retail dealer or to sell, furnish or dispense in any manner alcoholic or intoxicating liquors, except at wholesale by wholesale liquor establishments as the same are defined in Ordinance No. 2569 (New Series), shall be granted or issued except by way of transfer or renewal of a then existing permit or license.

Section 2. During such period of war no transfer or renewal of any such existing permit or license to or at a location within one-half mile of the limits of any military or naval camp, post or reservation of the United States shall be granted or issued.

Section 3. In case of the conviction of the holder of any such permit or license of a violation of any of the provisions of Sections 12 and 13 of the Act of the Congress of the United States approved May 18, 1917, and entitled "An Act to authorize the President to increase temporarily the military establishment of the United States," or of the violation of any rule, order or regulation of the President or Secretary of War of the United States made or issued under said sections of said Act, or in case it appear to the reasonable satisfaction of the Board of Police Commissioners that the holder of any such permit has been guilty of such violation, it shall be the duty of the Board of Police Commissioners, after a hearing, to revoke said permit permanently.

Section 4. During said period of war no permit or license under the provisions of Ordinance No. 626 (New Series), entitled "An Ordinance imposing a license on persons, firms or corporations conducting any exhibition, ball or masked ball, where spirituous, malt or fermented liquors or wines are sold or furnished to be drunk on the premises," shall be

granted or issued for any location within one-half mile of the limits of any military or naval camp, post or reservation of the United States.

Section 5. All ordinances and parts of ordinances in conflict herewith are hereby suspended during the period of said war.

Section 6. This ordinance is hereby declared to be enacted in the exercise of the police power of the Board of Supervisors of said City and County and for the purpose of regulating the sale of alcoholic and intoxicating liquors during the national emergency created by said period of war.

Section 7. This ordinance shall take effect immediately.

Amendment to Building Law, Plaster Board.

Supervisor Nelson presented:

Bill No. —, Ordinance No. — (New Series).

Amending Ordinance No. 1008 (New Series), approved December 22, 1909, and known as "The Building Law" of the City and County of San Francisco by adding thereto a new section to be known as Section 107A, as added by Ordinance 3697, and which shall read as follows:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 1008 (New Series), the title of which is recited in the caption of this ordinance, is hereby amended by adding a new section thereto to be known as Section No. 107A and to read as follows:

Section 107A. Whenever in this ordinance, which is known as "The Building Law" of the City and County of San Francisco, metal lath is required, there may be used, in lieu

thereof, plaster board composed of pure gypsum, wood and manila fiber, or of other similar materials, but not less than seventy-five per cent (75%) of such composition shall be of non-inflammable material. Excepting that in Class A and B buildings the use of plaster board is prohibited in all elevator shafts, and in the walls and ceilings surrounding staircases in such buildings.

Such plaster board shall be not less than three-eighths inch ($\frac{3}{8}$ ") in thickness and shall be so constructed as to form a mechanical key or bond between the plaster board and the finish plaster. Such mechanical key or bond shall be equally distributed and shall compose at least twenty per cent (20%) of the surface of the plaster board.

On wood joists, furring strips, studding or other wood supports, the plaster board shall be securely fastened by means of nails of such length that the said nails shall extend at least three-quarters inch ($\frac{3}{4}$ ") into the joists, furring, strips, studding or other supports. Such nails shall be spaced or driven not more than six inches (6") apart in one direction and sixteen inches (16") apart in the other direction. Where the furring strips, studs or other supports are of metal, the plaster board shall be securely fastened to same with galvanized iron wire of not less than No. 14 gauge or with metal clips or nails, spaced the same as this section provided for nails. All wire nails used for fastening plaster board shall be at least No. 11 gauge with a flat head not less than three-eighths inch ($\frac{3}{8}$ ") in diameter. All such plaster board shall have applied thereon at least one (1) coat of hard wall plaster, such plaster to be not less than three-eighths inch ($\frac{3}{8}$ ") in thickness.

A plaster board not less than one-quarter ($\frac{1}{4}$) of an inch in thickness and otherwise conforming to the provisions of this ordinance may be used, providing, however, the board is of sufficient strength so as to be handled in lengths up to 12 feet, all such plaster boards shall have applied thereon, at least one coat of Hard-wall plaster, such plaster not to be less than one-half ($\frac{1}{2}$) inch in thickness.

Motion.

Supervisor Nelson moved to recommend to the Public Buildings Committee.

Reports and Communications.

Thereupon the following matters were read by the Clerk at the request of Supervisor McLeran:

Excerpt From Report of Buildings Committee.

"The majority of your Committee recommends the passage of an ordin-

ance amending the Building Ordinance, as amended by Ordinance No. 3697, permitting the use of Plaster Board of 'not less than $\frac{1}{4}$ inch,' provided it is of sufficient strength so as to be handled in lengths up to 12 feet; and to have at least one coat of hard plaster not to be less than $\frac{1}{2}$ inch in thickness.

Report of Chief of Fire Department.

February 5th, 1917.

To the Honorable Public Buildings Committee, Board of Supervisors.

Gentlemen: Your favor of the 20th ult. at hand requesting my opinion as to the fire resisting quality of the Key Hold Lath (Plaster Board) which was recently tested in a lot in the Civic Center.

At the request of Mr. Ralph McLeran, Supervisor, I witnessed the test of the Key Hold Lath partition, or a sample of the same, and on this occasion I failed to see where the Key Hold Lath showed any signs of either being fire-proof or fire-retardant, for when a very light stream of water was applied, this Key Hold Lath and plaster immediately fell from the studding, which left several large openings with nothing at all to prevent a fire communicating to adjoining apartments or between the studding. The pressure was very low and did not exceed 30 pounds.

The fire-resistant qualities of the Key Hold Lath (Plaster Board) did not impress me as worthy enough to advocate the changing of any part of our Building Laws so that the Key Hold Lath (Plaster Board) could be used, if that is what your committee has in mind.

Respectfully,

THOS. R. MURPHY,

Chief Engineer, S. F. F. D.

July 23, 1917.

To the Hon. the Committee on Public Buildings, Board of Supervisors.

Gentlemen: In reply to your favor of the 18th instant wherein your request my opinion relative to a test on the "keyhole lath" held recently at the Civic Center, I beg to advise that I was present during a part of the time of this demonstration but was compelled to leave in response to an alarm of fire before its completion. When I returned from the alarm of fire I found that the structure that was specially built for the demonstration had been torn down, consequently I was unable to determine to what extent the material in question withstood the fire test. Aside from this fact I would not state that the test was a practical one from a fire resistant point of view, as I did not observe any provisions made to determine the amount of heat to which the material was subjected or as to the length of time it was exposed to the heat. Therefore I do not feel that

I am in a position to pass officially on the fire resistant qualifications of this material or of the advisability of amending the Building Law so as to admit of this lath in building construction.

Respectfully yours,

THOS. R. MURPHY,
Chief Engineer S. F. F. D.

Report of Fire Marshal.

San Francisco, January 31, 1917.

To the Honorable Public Building Committee, Board of Supervisors.

Gentlemen: Your favor of the 28th inst. at hand this a. m. requesting my opinion in the matter of the fire resisting quality of the Key Hold Lath (plaster board), which I saw recently tested.

I witnessed the testing of the Key Hold Lath partition. Its fire resisting qualities did not impress me worthy enough to advocate the changing of any part of our Building Laws, if that is what is desired.

My opinion is that a wood lath partition covered with as good a coating of plaster as the Key Hold Lath was at this exhibition, exposed to a 15-minute fire in the open, would show the same result. The wood lath would be as intact from fire as the Key Hold Lath was and would have stayed on the joist or studding much better after being hit with a small stream of water (about 50 pounds pressure) than the Key Hold Lath did.

Respectfully submitted,

CHAS. TOWE,
Fire Marshal.

San Francisco, June 13, 1917.

T. B. McGinnis, Esq., Asst. Clerk,
Board of Supervisors.

My Dear Sir: I find a written request from you coming from Supervisor McLeran to attend a test of the Button Lath Thursday, June 14, 2 p. m.

Kindly inform Supervisor McLeran that it will be impossible for me to attend on that date and hour, as I will be trying an arson case in the Superior Court.

I find that the Board of Supervisors covered the whole matter of Plaster Board construction by adding a new section to the Building Law, numbered Section 107A, approved April 18, 1916; if the Button Lath people or any other plaster board concern complies with that section, there will be no need of a test. This plaster board question was all gone over very thoroughly and the passing of the new Section 107A was the result.

It would be illegal to pass another law especially mentioning the Button Lath or any certain plaster Board. Section 107A now covers this subject in all its phases.

Yours very truly,

CHAS. TOWE,
Fire Marshal.

The following were also read by the Clerk upon the request of John T. Williams, attorney representing the Keyhold Company:

Communications.

San Francisco, July 30, 1917.

Mr. J. T. Williams, Kohl Building, San Francisco, Cal.

Dear Sir: Following are the results of a flame test made on one sample of Keyhold Lath delivered to us July 30th, 1917:

Method of test: Open flame was applied to surface and temperature raised gradually to 1800° F.

Observations and results: Surface cracks began to appear at 1400° F. Held at 1400° F. for 30 minutes, minute cracks appeared in surface and back began to char. Held at 1800° F. for 30 minutes, cracks appeared more numerous in surface and back cracked and charred. Body of sample remained intact and showed no signs of cracking.

Respectfully submitted,

ROBERT W. HUNT & CO.,

By WM. B. GESTER,

Pacific Coast Manager.

August 4th, 1917.

To the Honorable Board of Supervisors, City and County of San Francisco—

Gentlemen:

We are advised that at a meeting of the Building Committee of the Board of Supervisors, held last Tuesday, July 31st, a resolution was passed recommending to the Board of Supervisors, that at their next regular meeting to be held August 6th, an amendment to the Building Laws, affecting plaster-board, be granted as follows:

Amend Ordinance No. 3697, New Series, Section 107A, thereof, adding thereto the following:

"A plasterboard not less than one-quarter ($\frac{1}{4}$) of an inch in thickness and otherwise conforming to the provisions of this ordinance may be used, providing however, the board is of sufficient strength so as to be handled in lengths up to 12 feet, all such plasterboard shall have applied thereon, at least one coat of hardwall plaster, such plaster not to be less than one-half ($\frac{1}{2}$) inch in thickness."

Our Committee on Buildings has looked carefully into the proposed change in the ordinance, as requested, and while in no way favoring any particular material, we approve of the suggested change in the ordinance, as it gives to us and our clients an opportunity of extended competitive bids. There are many kinds of metal lath on the market and we see no reason why a broader expression of plaster board be not granted providing the material keeps within standard bounds as to quality, mechanical key, fire resisting qualities, etc.

Our committee has studied various

points in question in the admission of Keyhold lath by the adoption of the amendment as proposed and finds the material standard particularly in view of the Robert W. Hunt & Company's fire test and furthermore that the board is of sufficient tensile strength to be handled in sheet up to 12 feet in length, making it possible, if desired, to use this lath the same as metal lath horizontally across the studs, at a considerable saving of time and cost over the universally used sizes of plaster board, 32 by 36 inches.

We therefore take this opportunity of suggesting that the amendment be adopted. Yours very truly,

ALBERT SCHROEPFER,

Chairman Building Laws Committee, American Institute of Architects.

San Francisco, Aug. 6, 1917.

To the Honorable Board of Supervisors, New City Hall, San Francisco, Cal.

Gentlemen:

Permit us, in the interest of good building in the City of San Francisco, to appeal to your Honorable Body that you may give to the Keyhold lath the consideration it deserves by justly providing it the means of entry in all city buildings.

In our opinion, based upon tests and investigation, the Keyhold lath is superior to any plaster board in the market and is equal to the metal lath and plaster now in vogue and fully approved by all public bodies and private building concerns.

The mechanical key provided by this Keyhold lath board for the effectual combination of board and plaster is the very best yet devised, excelling in every way the plaster board generally used in this State.

The thickness of the plaster board figures not at all in the minds of well informed and the thinner the board the more perfect is the partition when perfectly set.

The board acting simply as the medium for the application and setting of the plastic substance.

The amount of plaster alone is the test of the best work in partition building.

The Keyhold lath provides greater thickness of plaster than any other type which makes it good construction.

Very respectfully,

FRANK T. SHEA &

JOHN O. LOFQUIST.

Privilege of the Floor.

John T. Williams, attorney representing the Keyhold Lath Company, was granted the privilege of the floor and addressed the Board. He urged the Board not to delay the passage of the bill today, declaring that very important contracts which his firm was

about to close would be lost to it if the bill was not passed today.

Motion Lost.

Whereupon, the question being taken on Supervisor Nelson's motion to recommit, the same was *defeated* by the following vote:

Ayes—Supervisors McLeran, Nelson—2.

Noes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, Mulvihill, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisor Hocks—1.

Passed for Printing.

Whereupon the foregoing bill was *passed for printing* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

No—Supervisors McLeran—1.

Extension of Time, Daniel Webster School.

Supervisor McLeran presented:

Resolution No. 14657 (New Series), as follows:

Resolved, That C. L. Wold Co. be granted an extension of 25 days from July 4, 1917, within which to complete contract for general construction of the Daniel Webster School.

This *second* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that the erection of the steel frame was delayed, the contractor for this work having been unable to obtain his materials on time, on account of the condition of the Eastern steel market.

Advertising fee remitted.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Also, Resolution No. 14658 (New Series), as follows:

Resolved, That James B. McSheehy be granted an extension of 90 days from August 17, 1917, within which to complete contract for the general construction of the southeast wing of the San Francisco Hospital, under public contract.

This *second* extension of time is granted upon the recommendation of the Board of Public Works owing to the delay in the setting of the brick work, caused by the destruction of the terra cotta by fire at the factory.

Advertising fee remitted.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy,

Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

On motion of Supervisor Wolfe:

Resolution No. 14659 (New Series), as follows:

Resolved, That Cyclops Iron Works be granted an extension of seventy days' time from April 15, 1917, within which to complete contract for furnishing and delivering a seven and one-half ton hand-operated crane, Lower Cherry power development contract 23, Hetch Hetchy water supply.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the Cyclops Iron Works was advised by the City Engineer to withhold the shipment of the crane until the conditions were suitable for hauling the crane into the power house site. Delivery of the crane was made on June 25, 1917, immediately following instructions to ship the same.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Extensions of Time.

Supervisor Welch presented:

Resolution No. 14660 (New Series), as follows:

Resolved, That D. J. Counihan, assignee, be granted an extension of 90 days from August 8, 1917, within which to complete contract for the improvement of Beaver street, between Castro and 15th streets and opposite termination of Beaver and Fifteenth streets, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that this contract was assigned to D. J. Counihan by the Federal Construction Co., and work thereunder is approximately 50 per cent complete.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Also, Resolution No. 14661 (New Series), as follows:

Resolved, That D. J. Counihan be granted an extension of 60 days' time from July 25, 1917, within which to complete contract for the improvement of the westerly one-half of Hampshire street, between Mariposa

and Seventeenth streets, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work has been completed and the extension of time is required in order to cover the period in which the acceptance will be issued.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Dedication of Public Street, Hunter's Point Boulevard.

Supervisor Welch presented:

Resolution No. 14662 (New Series), as follows:

Resolved, That the following described property be and the same is hereby dedicated and declared to be a public street of the City and County of San Francisco, said land being described as follows:

All that certain property situated in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Beginning at the point of intersection of the southwesterly line of Evans avenue with the southeasterly line of Alvord street and running thence southwesterly along the southeasterly line of Alvord street two hundred and eighty (280) feet to the southwesterly line of Fairfax avenue produced southeasterly; thence at right angles southeasterly sixteen (16) feet; thence at right angles northeasterly two hundred and eighty (280) feet to the southwesterly line of Evans avenue; thence at right angles northwesterly along the southwesterly line of Evans avenue sixteen (16) feet to the point of beginning, being a portion of South San Francisco Block 109 (Assessor's Block 4612).

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Passed for Printing.

The following bill was *passed for printing*:

Conditional Acceptance, Santa Marina Street.

On motion of Supervisor Welch:

Bill No. 4631, Ordinance No. — (New Series), entitled, Providing for the conditional acceptance of Santa Marina street, between Gladys street

and Elsie street, including the intersection of Prospect avenue; Santa Marina street, between Mission and Gladys streets; intersection of Santa Marina and Gladys streets.

State Building in Civic Center.

Willis Polk was granted the privilege of the floor and addressed the Board. He requested information as to whether or not the decision not to alter the plans of the State Building for the Civic Center is conclusive so far as the Board of Supervisors is concerned. He declared that practically all the best architects here believe the design to be out of harmony with the other buildings of the Civic Center. He requested that the Board use its moral influence with Governor Stephens to have him consent to a review of the decision accepting the design.

Supervisor McLeran advised Mr. Polk that the matter was out of the hands of the Board of Supervisors, but that the Mayor had appointed him to look into the matter and that he expected to report in a few days. A commission, consisting of the Governor, the Attorney-General, Judge Angellotti, State Architect Geo. B. McDougall and one or two others, he said, were in charge of the matter.

The Building Committee, he said, would do what it could in the matter.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Approving Map, West Portal Park.

Supervisor Welch presented:

Resolution No. 14663 (New Series), as follows:

Whereas, The Board of Public Works did by Resolution No. 54382 (Second Series) approve the Map of West Portal Park, San Francisco, Cal., consisting of five sheets; now therefore

Resolved, That Map of West Portal Park, San Francisco, California, consisting of five sheets, is hereby approved in accordance with the provisions of the Charter of the City and County of San Francisco, and in compliance with the provisions of an Act entitled "An Act to amend sections one, two, three, four, six, eight and nine of an Act requiring the recording of maps of subdivisions of lands into lots for the purpose of sale and prescribing the conditions on which such maps be recorded and prohibiting the selling or offering for sale of land by reference to said maps unless the same are recorded." Approved March 15, 1907, and repealing conflict-

ing acts. Approved June 11, 1913, in effect August 10, 1913.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

FRIDAY, AUGUST 10, 1917, 8 P. M.

In Board of Supervisors, San Francisco, Friday, August 10, 1917, 8 p. m.

The Board of Supervisors met in special session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kordick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Chief Engineer M. M. O'Shaughnessy, Superintendent of Municipal Railway Thomas A. Cashin were also present.

The Mayor: Supervisors Welsh and Hocks are excused, both are out of the city, and both gave reasons therefor.

The Clerk: (After roll call) A quorum is present.

Consideration of Proposed United Railroad Compromise in Re Four-Tracking Market Street.

The Mayor: Gentlemen of the Board, and my fellow citizens: We have met tonight in special session for the purpose of giving consideration and hearing from those who desire to express themselves either *pro* or *con* on a proposal made by the United Railroads of San Francisco to the City and County of San Francisco, in connection with the building and the operation of two proposed tracks to be built by the city connecting the municipal railway lines at Van Ness avenue with the municipal railway line at Third and Market streets.

Before proceeding tonight, we are to hear a report from one member of the Public Utilities Committee of the Board, four members of that committee having previously submitted a report in favor of rejecting the proposed compromise with the United Railroads, and recommending that the city proceed, as heretofore directed by resolution of the Board of Supervisors on April 7th last, to the building of the double tracks down Market street. Mr. Andrew J. Gallagher proposes tonight to submit a minority report, and of course before proceeding with the discussion before us this

evening, we would like to hear the report of the minority member of that committee. Mr. Clerk, have you that report?

Supervisor Brandon: I wish to state, Mr. Chairman, that Mr. Gallagher went to dinner about quarter past seven, and said he would be here about eight o'clock. It is just eight, and he will be here in a moment, I think.

Supervisor Hynes: I just received a message over the wire that Mr. Gallagher would be right down immediately.

The Mayor: If there are no objections we will hold up the building of the two extra tracks until Mr. Gallagher arrives. (Applause.)

Supervisor Mulvihill: While we are waiting for Supervisor Gallagher, I find an ordinance on my desk, and I don't know where it came from or who originated it. I would like to ask you, Mr. Mayor, if you know.

The Mayor: I am sorry to say I have been overlooked. I have not a copy of it. Mr. Clerk, do you know where the ordinance comes from?

The Clerk: I do not, except I understand that it is to be presented at some time during the proceedings.

Supervisor Hayden: I do not think there is any need for any undue alarm or worry. We are waiting for Mr. Gallagher to file his minority report, and when he files that report, I shall introduce this as a substitute for the whole. The Supervisors have received copies and the Mayor can receive another copy for his guidance, which will be of information to them when the time comes. I am glad to inform the Supervisor that at the proper time this shall be introduced.

The Mayor: You are sponsor for it?

Supervisor Hayden: I shall introduce it as the father, or sponsor, or directly responsible for it.

Supervisor Mulvihill: The answer of Supervisor Hayden settles it as far as I am concerned. I did not want to go into the reading of a four-page ordinance and resolution, unless I knew where it originated from, and who was responsible for it, because we are often in receipt of communications without any signatures at times. Of course we would like to know where these matters come from and who presents them.

(At this point Supervisor Gallagher

enters the room. Hisses and boos from members of the audience.)

Supervisor Hayden: Mr. President, after the indication and evidence now of approval or disapproval on the part of any citizens or taxpayers in this audience tonight, I am going to request on your part that there be no applause on either side of this question. I think by that we bring about better decorum and more dignity befitting the occasion. I think the first indication that you have noticed now shows to you that it is very necessary to preserve order here, and I make that request—I don't think a motion is necessary—that there be no applause on either side of this question.

The Mayor: I will watch the meeting and keep decorum, Mr. Hayden.

Supervisor Wolfe: I desire to join in the statement just made by Supervisor Hayden that the audience tonight be requested by your Honor to observe proper order and decorum, and to give no exhibition of either liking or disliking individuals or their policies, because men have the right to differ upon questions. Citizens are welcome here so long as they will preserve order and decorum. Your Honor can get that from this audience by a mere statement.

Supervisor Gallagher: I desire to say first the sooner the discussion is under way, I think, the better. As to the approval or disapproval of our friends in the audience, I simply want to pass that over by saying that it is not the first time I have been met by such a reception, and it will probably not be the last time. But I expect to go on being met with whatever receptions meet me, doing my duty as I see it, regardless of approval or disapproval. I file this report with the Board of Supervisors and request that the Clerk read the minority report of the Public Utilities Committee.

The Mayor: Mr. Gallagher, would you like to read the report yourself, and bring out the important points?

Supervisor Gallagher: If the Board will not object, I will read as much of it as I can. But I am satisfied to let Mr. Dunnigan do it.

Supervisor Wolfe: I would suggest that the Clerk read the report.

Supervisor Gallagher: If that is agreeable.

The Mayor: Go ahead, Mr. Clerk.

Supervisor Power: The understanding last Monday was that there would be a copy of the majority report filed with each member of the Board. As yet I haven't received any copy.

The Mayor: Go ahead, Mr. Clerk. It is printed in the "Municipal Record." I saw it.

Minority Report of the Public Utilities Committee on the Twin Peaks Tunnel Railway Matter and the Proposed Compromise Agreement Between the City and the United Railroads.

Whereupon, the following was read by the Clerk:

To the Honorable the Board of Supervisors.

Gentlemen: I desire to dissent from the majority report of your Committee on Public Utilities on the matter of the proposed compromise of car operation on lower Market street, and in so doing point out my reasons therefor.

I am sincerely grateful for the time and opportunity your Board has given me to make a report on this subject. There is no question but what the community as a whole is very much divided upon the question of whether there will be four tracks on lower Market street between Kearny and Van Ness avenue, and that it is a matter of very great importance to the people.

Our first consideration in the premises is transportation for all the people of San Francisco in the most expeditious manner and at the lowest possible cost to them. I will later deal with the subject-matter of municipal ownership as I understand it. And let me state here as plainly as I can that in no sense is there any necessity at this time for the construction of additional tracks on Market street between the points mentioned above, and that, to my mind, insistence upon it represents in one phase a "STRAIGHT OUT BID" for the bankruptcy of the United Railroads.

The majority of the Committee on Public Utilities gives as one of its reasons why the proposed compromise should be rejected the need of greater transportation so that those of our citizens of a mind to make their residence in east bay cities may be induced to remain in San Francisco. If it is the desire to facilitate the east-bay movement, then the thing to do is just what is proposed, namely, construct four tracks on Market street. Surely the more tracks on Market street the easier for east bay travel.

First of all, the purpose for which we sat on this subject-matter was the importance and immediate necessity of providing as much transportation as possible for the district west of Twin Peaks. We found that the tunnel had been built by assessment upon approximately 17,000 property owners which cost over four million (\$4,000,000) dollars, and we found further than 85% of the cost of said tunnel was borne by the district west of the

Peaks. It might be well to remember that these approximately 17,000 property owners made a gift of this tunnel to San Francisco, and they have a right to expect that the question of transportation for them be not subordinated to anybody's desire for revenge on the United Railroads, nor to anyone's notion that it is popular to call attention to the past sins of that corporation and to becloud the issue by matters not germane. Therefore, the pleadings of the West of the Peaks District for a fair deal in the premises are entitled to prime consideration.

Naturally the question of whether the now existing tracks on Market street shall be used or duplicated immediately pressed for solution, and there was presented to us by reference by the Board a proposed compromise through the Civic League of Improvement Clubs of San Francisco, from the United Railroads in which the following essentials appeared. This offer was dated July 2nd, 1917.

1st: That the city permit the use of the Twin Peaks tunnel tracks by the United Railroads, to be paid for on a mileage basis.

2nd: That the United Railroads Company reorganize its Park Side lines as may be necessary to furnish the best service to the Sunset District and make connections with these lines and the tunnel tracks.

3rd: To establish between the city and the company a universal exchange of transfer system AT ALL CONNECTING POINTS.

4th: That the city agree that no further tracks be built on Market street except that portion from Market and Church streets to Van Ness avenue.

5th: That this agreement may be terminated or cancelled by either party on six (6) months' notice.

6th: That should the agreement be cancelled, then the city shall reimburse the company for the cost of the reconstruction of the Park Side lines, as well as connections, on a basis to be agreed upon.

Immediately upon the opening of our hearings we found, with a few exceptions, protestants standing for the proposition THAT THERE SHOULD BE NO COMPROMISE OF ANY KIND WITH THE UNITED RAILROADS. At first the protests seemed mild enough, and there was every indication that your committee looked favorably upon some arrangement, and an avoidance of the four-track problem. Mind you, at this time the committee was met with the straight out statement THAT NO COMPROMISE OF ANY KIND BE ENTERED INTO. In other words, if the United Railroads agreed to

get off Market street entirely and give it to us unreservedly by agreement, the protest was even against that. The committee had before it the precedent set in the lower Market street agreement, and was aware of the fact that although that was also bitterly opposed, the citizenship had approved and had insofar declared for a policy of compromise that protected our interests.

Some of the protestants immediately hit upon the popular statement that the Church street cars and the tunnel cars should operate to the Ferry, and the undersigned is very much inclined to agree with that position, but finds that on February 2nd, 1917, William von Phul, Vice-President and General Manager of the United Railroads in a letter to the City Engineer and the Public Utilities Committee offered in part as follows:

"(b) The City to operate the Park-side lines and give direct service through the tunnel to ferry over the tracks of the United Railroads from the tunnel to ferry on a headway limited to that necessary to serve Park-side, approximately five (5) minutes. The City to also operate the tunnel lines from the West Portal over Ocean avenue to Miramar avenue."

And on the date of March 29th, 1917, in a communication to the Mayor and the Board of Supervisors from Jesse W. Lillenthal, President of the United Railroads, the following is found:

"The Company is further willing that a limited number of Church street cars be operated over the tracks of the United Railroads to the Ferry upon a similar mileage basis; and to make a transfer agreement, on a 50-50 basis, providing for exchange between the Church street line and our Market street lines."

BOTH THESE OFFERS WERE REJECTED BY THE CITY.

It will thus be seen that an opportunity was once offered the city officials to secure the operation of the tunnel cars and particularly of the Church street cars to the ferry, and rejected, and the responsibility of that rejection must rest where it belongs.

We have been accustomed to relying upon the City Engineer for advice and co-operation in these matters, and to the credit of that department may it be said that we have received their co-operation in full and, generally, their advice, except upon this pending subject, on which the City Engineer very properly, in his report to the Board, does not express an opinion and places the question of declaring policy on the matter strictly within your hands.

I find that on examining the record

that on February 1st, 1917, the City Engineer suggested a solution of this problem as follows:

"CITY'S SUGGESTED SOLUTION:
Feb. 1, 1917.

1. Church street to the Ferry, 15 cars at present, more later when Bernal cut is in operation.

2. City to operate ten tunnel cars to Ferry, both tunnel and Church street cars to be on mileage basis to be determined, tunnel cars to be routed on Ocean avenue to Miramar avenue.

3. Full transfers to be put into effect, affecting connecting lines.

4. United Railroads construct tracks on Taraval street from ocean to the tunnel portal with right to operate until 1933, when City will take new tracks at physical value, United Railroads to readjust operation of remaining Parkside lines.

5. City furnish power Church street and tunnel lines with interconnections between both feed systems for emergency.

6. United Railroads to facilitate construction and operation of cross-town tracks by the City on Army street from Church street to Third street (Kentucky street). (This means general exchange of transfers.)

7. Should congestion from proposed arrangements crowd Market street then United Railroads would reroute some of its north of Market street lines down Mission street."

And a proposal for Market street operation by the United Railroads as follows:

"(a) The City to operate the Church street line on Church street from Sixteenth street and on Market street from Church street to Van Ness avenue over the tracks of the United Railroads, and then north on Van Ness avenue.

(b) The City to operate the Parkside lines and give direct service through the tunnel to Ferry over the tracks of the United Railroads from the tunnel to Ferry on a headway limited to that necessary to serve Parkside, approximately five (5) minutes. The City to also operate the tunnel lines from the West Portal over Ocean avenue to Miramar avenue.

(c) United Railroads to make a transfer agreement on a 50-50 basis at Twentieth avenue and Lincoln way and at Miramar and Ocean avenues for Parkside operation, and Church street and tunnel lines on Market street to transfer to connecting municipal lines.

(d) The City to pay for the use of tracks and power of the United Railroads on Parkside lines and on Market and Church streets on a mileage basis at a rate to be agreed upon.

(e) This agreement to continue subject to termination at the option of either party on twelve (12) months' notice."

Again on April 16th, 1917, we find that the City suggested the following solution:

"CITY'S SUGGESTED SOLUTION, as modified April 16, 1917.

1. Church street to the Ferry, 15 cars at present, more later when Bernal cut or other connections are in operation, on mileage basis.

2. City to operate 10 (ten) tunnel cars at present to Ferry, both tunnel and Church street cars to be on mileage basis to be determined, tunnel cars to be routed on Ocean avenue to Miramar avenue.

3. Full transfers to be put into effect affecting connecting lines.

4. United Railroads construct track on Taraval street from ocean to the tunnel and operate through the tunnel on mileage basis over City tracks, with right to operate until 1933, when City will take new tracks at physical value, United Railroads to readjust operation of remaining Parkside lines.

5. City furnish power Church street and tunnel lines with interconnections between both feed systems for emergency.

6. United Railroads to facilitate construction and operation of cross-town tracks by the City on Army street from Church street to Third street (Kentucky street). (This means general exchange of transfers.)

7. Should congestion from proposed arrangements crowd Market street then United Railroads would reroute some of its north of Market street lines down Mission street."

I report these suggested solutions to indicate that not only the Public Utilities Committee, but the City Engineer's Department as well, and the Board of Supervisors were apparently of a frame of mind to settle this controversy along the lines above suggested.

Your committee then directed its chairman, with such members as desired to participate (in conjunction with the City Engineer), to confer with the officials of the United Railroads on the proposition made by Mr. Lilienthal on the date of July 2nd. Such conference was held, the terms discussed in detail, apparently agreed upon and left in the City Engineer's hands to place in shape for presentation to your committee. It was duly filed by the City Engineer with the committee and hearings were again had on the subject. It might be well to note here that the records of the committee will show, besides resolutions and communications on the subject, that the larger part of the opposition came from those persons who

were opposed to any compromise with the United Railroads of any kind whatever. Added to their objections came the objection of the San Francisco Labor Council (of which I have the honor to be a past officer) and whose opinion on this subject is entitled to the greatest consideration and respect. This Council has always stood for the best there is in public life, but in this case, in my judgment, it has committed a grave error. The Labor Council adopted the resolution of protest without knowing what the proposed compromise was, and without hearing both sides of the controversy.

The hearings of the committee were also attended by a large number of employees of the Municipal Railroad, whose officers, in their behalf, had protested the compromise. Thereafter the compromise was also protested by the Public Ownership Association (of which institution the undersigned is a member), and which has not, to his knowledge, held a meeting within the past two years, and which, to the best of his information, has only three or four members.

Supporting the compromise were representatives of the San Francisco Chamber of Commerce, the Civic League of Improvement Clubs, the Market Street Merchants and Property Owners and others. Previous to that time the committee had received requests from the Polk and Larkin District Association approving the universal transfer system, as well as from the Ingleside Terrace Improvement Club and others.

It may be admitted that the clubs which represented the people of the districts which had been assessed for the tunnel appeared before us with considerable weight behind their arguments, and quoting from the Ingleside Improvement Club resolution, I find the following:

"Resolved, That the Ingleside Terraces Improvement Club recommend to his Honor the Mayor and the Board of Supervisors that they make some satisfactory revocable agreement with the United Railroads along the lines proposed by Jesse W. Lienthal, as President of the United Railroads, in his communication of July 2nd, 1917, as modified, for a car service giving adequate transportation to the West of the Twin Peaks District, through the Twin Peaks tunnel and along Market street to the Ferry, with transfer privileges to all intersecting lines.

Respectfully,
(Signed) E. E. BOWLES,
Secretary."

The committee also received a communication from the Twin Peaks Property Owners' Association request-

ing us to permit the use of the tunnel tracks by other than the Municipal Railroad.

It soon developed that the transportation west of the Twin Peaks was being lost sight of and the issue was revolving around the question of additional tracks on Market street. Your committee was aware, of course, that the Board had adopted an ordinance the type and kind of which has not been adopted before by this, and I doubt if by any other Board, which declared:

Bill No. 4397, Ordinance No. — (New Series), Authorizing the Board of Public Works to prepare plans and specifications, advertise, receive bids and contracts for furnishing materials for and the construction of a municipal street railway in Market street from near Third and Geary streets to the Twin Peaks tunnel; and providing for progressive payments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby directed to prepare plans and specifications, and to advertise, receive bids for and enter into contracts for the furnishing of materials for and the construction of a municipal street railway connecting with the present Municipal Railway tracks in Market street near Third and Geary streets and extending westerly along Market street to a connection with street railway tracks to be constructed through the Twin Peaks tunnel, the same to consist of double tracks with necessary crossovers, turnouts, switches and tracks connecting with tracks of the Municipal Railway at Van Ness avenue and at Church street, together with necessary overhead construction, specials and appurtenances.

Section 2. The Board of Public Works is hereby authorized and permitted to incorporate in the contracts for the said furnishing of materials and construction of railway, conditions that progressive payments shall be made in the manner set forth in said specifications and as provided by section 21, chapter I, article VI of the Charter.

Section 3. This Ordinance shall take effect immediately.

The broad powers of this Ordinance, which in my judgment is of doubtful legality, permitted the purchase of all the materials necessary for the building of tracks above referred to, and this material is now on hand. It will be remembered by all who listened to the debate on the subject matter of the Ordinance above referred to that its plain purpose was to put the city in a position where it would not be delayed in the work of construction provided no other solution of the problem could

be found and provided no better offer came from the United Railroads. Such offer did come as referred to above on July 2nd of this year. The committee and the Board were aware that if no chances of settlement of our differences with the United Railroads were forthcoming, that we should proceed. It will be seen, therefore, that all through the actions of the Committee and the Board there was a desire to compromise this situation.

Immediately upon the four track problem taking the center of the stage, the residents of the district west of Twin Peaks became alarmed, and particularly the people of Parkside, who saw that although we had declared for the building of the tracks through the tunnel and to Sloat Boulevard and had also declared for the building of the road connecting with the West Portal, then over Ulloa to Fifteenth avenue, north on Fifteenth avenue to Taraval street, and out Taraval street, that if their needs were not kept uppermost in the mind of the committee, the advantage to the district in having built this tunnel would have been at least delayed and possibly lost. On one side they found practically four new lines of car service in that district, and on the other side one, and they said in a communication under date of July 25th, 1917, referring to the question of car service west of the peaks:

"It is our contention that this question should never have been injected into the Market street question."

Except for the "gallery" attendant at our meetings, as represented by the membership of the Municipal Car Men's Union, and except for the membership of the Labor Council, which is represented by the resolution presented by them, the preponderance of opinion seemed to be for a settlement of the matter, by the medium of compromise. Your committee was aware that when the proposition for the purchase of the Parkside and Sunset lines was up for discussion there were in the main the same objectors and their wishes at that time governed. The undersigned was of the opinion that the time would come (and so stated when the question of purchase of these Parkside and Sunset lines was proposed) when we would wish that we had made that purchase. It must be apparent now that a mistake was made in not attempting to monopolize on behalf of the city the transportation system of Parkside and Sunset. It could have been had then for a reasonable figure; it cannot be had now except at an increased price.

Also before us in person appeared the different representatives of the district west of Twin Peaks. Mr. Joseph A. Leonard was anxious to secure the utmost transportation for his

district but apparently with a changed attitude on the subject of how it should be done. His attention was called to the fact that under date of July 3d, 1917, over his signature the following was received:

San Francisco, Cal., July 3, 1917.
Honorable Edward I. Wolfe, Chairman
Public Utilities Committee of the
Board of Supervisors, San Francisco, Cal.

Dear Sir:

The Twin Peaks Tunnel Property Owners' Association respectfully requests your honorable committee to give favorable consideration to the offer submitted by Jesse W. Lilienthal, president of the United Railroads, to his Honor the Mayor and the Board of Supervisors, dated July 2d, 1917, relating to the operation of cars through the Twin Peaks tunnel.

Unless a temporary arrangement is made with the United Railroads along some lines such as suggested in Mr. Lilienthal's letter, the district west of Twin Peaks would either be left as it is without adequate transportation, or the city would attempt to furnish transportation by building additional tracks on Market street, and terminating the line at the intersection of the Sloat and Junipero Serra boulevards. From this point it would be necessary to operate motor busses throughout the district as feeders to the Municipal line.

This method of serving the district in question would not stimulate or encourage the construction of other homes. On the contrary, we believe it would positively retard the development of that section of the city. In fact, if this is the best transportation which can be provided, we believe the construction of the Twin Peaks tunnel would and should be regarded as a mistake.

The arrangement such as is proposed in the offer of the United Railroads would be of only a temporary nature, and if the Supreme Court of the United States should decide in favor of the city the matter of constructing outer tracks on Market street could be considered and disposed of at that time.

We assume that the offer of the United Railroads contemplates the right of the city to take over the Taraval avenue line from the westerly portal of the Twin Peaks tunnel to the Great Highway at a price to be mutually agreed upon whenever the contract with the United Railroads would be abrogated."

Further on Mr. Leonard in his letter states:

"Under these circumstances the Twin Peaks Tunnel Property Owners' Association feels that it is justified in asking that provision be made for

furnishing transportation to the district west of Twin Peaks without undue delay, which can be brought about by a temporary working agreement between the city and the United Railroads substantially on the lines indicated in Mr. Lillenthal's letter above referred to."

Asked what had been the proportion that the people he represented had paid toward the construction of the Twin Peaks tunnel, Mr. Leonard replied that it was in the neighborhood of \$140,000.00. Also a communication from Mr. Rudolph Spreckels, an advocate of four tracks and an opponent of compromise, stating that he and the real estate interest he represented had contributed \$4,322.00 toward the assessment. Opposed to them and determined that the Taraval street line would not be sacrificed came the Parkside Realty Company, which stated that it had expended in original purchase and improvements more than \$2,000,000; that it had built and dedicated to the city free of coast Sloat boulevard and the land amounting to \$136,000, and that that portion of the Twin Peaks Ridge tunnel assessment known as Parkside and embracing 45,718,748 square feet, had paid the sum of \$1,259,130.84 or more than one-third the cost of the project, and that the assessment against the Parkside Realty Company alone was \$228,000, which they had discharged in one cash payment, and, they state, "as a consequence the district which has paid more than one and a quarter millions of dollars for the construction of the tunnel is left with no provision whatever for transportation from the westerly portal of said tunnel."

Of course, the finances of the road were gone into and I intend to deal with that later and to show that the committee has brought in its report in one place admitting the deeply troublesome financial problems involved, and frankly stating, if not in words (at least inferentially admitting), that it is ignoring the statement of the City Engineer that at least \$400,000 is needed to provide proper transportation west of the Peaks, practically acknowledging that these people who have made this investment and who have presented, by special assessment, this tunnel to the city, are not to have the transportation they are entitled to unless there is another bond issue for that purpose.

The committee then proceeded to throw overboard all negotiations and to reject the child which it had given life and sustenance to by conferences with the United Railroads and by apparent acquiescence at the conference that was held in the City Engineer's office. If this proposed compro-

mise was unsatisfactory to the majority, then why, may I ask, did they proceed to a full and complete hearing on the subject and then determine at one stroke to reject all that had been done and accomplished? There seemed to be on the part of my colleagues a desire for an early decision upon this matter. I am not criticising them for that. Indeed, I wish here to pause long enough to say that our consideration of this subject has always been had in the most cordial and friendly manner, and in these statements my objections are impersonal. In order, however, to attempt to obtain a fuller measure of compromise, I moved in committee that the chairman of the committee be instructed to request the United Railroads to further agree.

1st. To agree to the operation of the Church street cars over their tracks to the ferry.

2d. To agree to the operation of the tunnel cars over their tracks to the ferry.

3d. To dismiss their appeal from the decision of Federal Judge Hunt, now pending before the United States Supreme Court.

THIS MOTION RECEIVED NO SECOND AND WAS DEFEATED. Also, my suggestion that if empowered, I would attempt to secure these additional agreements went unheeded. For these reasons, of course, I could not agree with the committee's actions.

Municipal Ownership not at Stake.

On one point the majority and minority of the committee seem agreed, and that is that the life of municipal ownership is not at stake in this issue. There are those citizens who conscientiously urge the construction of two additional tracks on Market street. To so urge in the face of existing conditions seems to me to do so with an utter disregard to the life and limb of the people, especially the female portion, and to urge for the construction of something the need of which cannot be proved under present circumstances.

Municipal ownership, as I understand it, and I have the honor of being one of its first advocates in San Francisco and a consistent advocate of it ever since, means more transportation for our people. There are some who contend that under no circumstances should we do anything else but build a line from one terminal to the other, and regardless of all other conditions, we should avoid any arrangements of any kind with the United Railroads as we would the plague. There are others who contend that municipal ownership was given birth because of the failures of the United Railroads, and

that therefore the building of municipal lines was to take care of territories which were neglected and unserved by that corporation. There are those who contend that municipal ownership of street railways was for the purpose of reducing the tax rate, but I think after all these are summed up and weighed carefully the proposition of upbuilding our city by the speediest and shortest means of transportation will be found to be the underlying cause of all activities in this regard, as well as, of course, the unanswerable argument that when these utilities are in the hands of the people that only then can they be expected to give the kind and amount of service required. Let me call your attention to a letter which comes out of the past and which is dated May 25, 1915, long before this controversy arose, in which Mr. Henry Meyer of 1797 Tenth avenue, Sunset, calls attention to the dangers then existing on lower Market street. He says:

"And if a patron wishes to ride on cars operated on the inside tracks, he is dangerously hindered by the cars on the outer tracks running parallel with the car he may desire to board and very often is compelled to place his life in jeopardy or miss several cars of the line he travels before he is able to safely board one."

Mr. Meyer did not know then that this condition would arise and yet as early as that he gave evidence of the extreme danger involved in four tracks on Market street. To consider this from the point of danger further, all that is needed, if there be any so unconscious of it as to claim that it does not exist, is for the average citizen to attempt to board a car on the inside tracks at any point between The Embarcadero and Kearny street on Market street. If that evidence is not sufficient, then I desire to quote from an address made by Mr. Max Kuhl, attorney for the Market Street Merchants Association, whose reputation for veracity and responsibility will not be questioned even by the four-track advocates, the following:

"Figures taken from the reports filed with the Railroad Commission by the United Railroads of San Francisco show that in the district in the year 1915,

West of Montgomery street, on Market, there were killed or injured 60 people.

East of Montgomery street, on Market, there were killed or injured 102 people.

In 1916,

West of Montgomery street, on Market, there were killed or injured 55 people.

East of Montgomery street, on Mar-

ket street, there were killed or injured 414 people.

In the first five months of this year up to June 1, 1917,

West of Montgomery street, on Market, there were killed or injured 30 people.

East of Montgomery, on Market street, killed or injured 142 people."

When it is remembered that the length of Market street, east of Montgomery is less than 22 per cent of its entire length, I would like to know how people can successfully contend that in building additional tracks on Market street you are not deliberately bidding for additional work on the part of the Emergency and other hospitals and the morgue. In addition to this, there is given to me from an authoritative source that during the administration of Hon. James D. Phelan as Mayor of this city, after an agitation on the part of the citizenship and particularly the merchants, that on Saturday, July 31, 1898, the Mayor took the law into his own hands, put two hundred men to work and tore up the outer tracks. It is further stated by those familiar with the case, that this action was approved by the citizens and the newspapers generally, and that the Mayor had relieved this street of a very pressing burden. That was nearly twenty years ago. Twenty years after we find officials urging a repetition in the shape of four tracks.

I do not know how you regard the question of life and limb, but my frank opinion is that one life is worth more than twenty lines of tracks on Market street, and that to proceed to disregard the safety of women and children in that thoroughfare when you are fully aware that you do not absolutely need these tracks, seems almost criminal. I call your attention again to the fact that your City Engineer has twice, once on February 1st, and again on April 16th, 1917, proposed,

"Should congestion from proposed arrangements crowd Market street then the United Railroads would re-route some of its north of Market street lines down Mission street."

It is contended that the tracks already existing in Market street are too congested to bear any heavier load and there seems to be something in this argument until it is remembered that the load is heaviest between Kearny and Powell streets. May I submit that if you desire to relieve this congestion that you might permit the use of the outer tracks (since they are already there) from Kearny street to the ferry and thus move our citizenship not only with more speed but with more comfort as well.

Are the people of San Francisco

aware that constructing two additional tracks on Market street means the ripping out of every safety station from Van Ness to the ferry? It means that if you allow vehicles to stand at the curb, and others to operate between the curb and the tracks that there will hardly be standing room for prospective passengers. It will mean the removal of property in the shape of manholes, conduits, etc., of the Western Union Telegraph Company, Pacific Telegraph and Telephone Company, City Electric Company, Independent Gas and Electric Company, Municipal Electric Lighting Company, Universal Electric and Gas Company, Home Telephone Company and City Light and Heat Company. There are over half a hundred manholes alone to remove. Why talk glibly about there being no danger; why not say frankly that you know you are heading straight for legislation that will provide that automobiles and other vehicles will not be allowed to stand at the curb at any hour, and that most of the vehicular traffic must bid goodbye to Market street below Sixth? Why make idle promises of what your excellent traffic squad will be able to do when you know the task of regulation is simply beyond human performance? There will be constant danger, and that fact is known now.

Delay in Construction.

When the report of the majority of the committee was presented to the Board an effort was made by his Honor the Mayor to press the subject-matter to an early conclusion with the frank statement that the undersigned knew that the tracks were going in Market street and that delay was useless. May I remind you and his Honor that in every proposition of building municipal lines there has been much delay; much more in some cases than necessary, and not at all times the fault of the Board of Supervisors? These delays are occasioned, not in an effort to obstruct, but that the questions pending may be settled rightly. I call attention to the fact that the Church street road was delayed for over one year pending decision as to how it should be built, and that instead of costing us \$575,000, as estimated, the said road cost \$641,000 at least, and probably more.

When the question of the outer tracks on Market street, from Van Ness avenue to Church street, was under discussion, the Journal of February 8th shows that the Board of Supervisors adopted a resolution requesting and directing his Honor the Mayor and the City Attorney, in behalf of the City and County of San Francisco, to enter into negotiations

with the United Railroads for the purpose of making an agreement for the joint use of the tracks in Market street and Church street, and that the Mayor and City Attorney be respectfully requested to report to the Board of Supervisors the best terms upon which the United Railroads would consent to such joint use, and that on September 15th of the same year the Clerk of the Board of Supervisors requested his Honor the Mayor to report on the subject-matter. During the period between February 8th and September 12th a few letters passed between his Honor the Mayor and Mr. Lillenthal. I am not criticising the Mayor for this delay, but I call attention to the fact that if there had been no delay we would have proceeded in advance of the decision of Federal Judge Hunt and probably not have done as well as has been done. It is the history of municipal affairs that our decisions take much time. And I submit again that it is better to settle these questions properly than to hasten to wrong conclusions on ill-conceived notions of doing things in a rush.

The United Railroads and Their Sins.

I have not paid much attention to the claims of the United Railroads in this controversy. I have always been of the opinion, however, that any institution or person is entitled to a fair deal, even if that institution or person was not willing to accord it to me. The United Railroads has been unfortunate in its past management, and because of its errors and aggressions it is easy to build up in this community on any question involving it a hastily conceived idea that whatever it wants it shall be denied. The present management of the United Railroads is apparently attempting to do a little better than its predecessors, and for evidence of this I quote from the stenographic report, page 51, of the special meeting of the Board of Supervisors, Saturday, April 7, 1917:

"Mayor Rolph:

"Now, there is no one in this city that has a higher regard for Mr. Lillenthal than I have. He stands among the leaders of our city as a man of highest ideals, a man of noble purposes, and a man sincerely respected * * *

If the United Railroads was all that was to be considered in this controversy we might proceed to this settlement with comparative ease, but, unfortunately, many other elements enter in. We must have in mind the best interests of our people. We must carefully conserve the interests of our Municipal Railway and its advancement, and we must come to the conclusion that either we are to duplicate the street car service al-

ready existing or serve the districts not now served.

We might as well frankly admit that the time is approaching when the citizenship of this city and county must consider seriously the question of the purchase of the entire system of the United Railroads, and treat this as one phase of that question, with that idea clearly fixed.

Funds.

Although there is a difference of opinion as to just what are the financial assets of the Municipal Railways, there apparently is available a sum to exceed \$1,000,000, which may be spent, if the Board of Supervisors is so reckless as to do so. Of this, according to Superintendent Thomas A. Cashin, of the Municipal Railways, only \$423,000 is cash, and \$500,000 is invested in $3\frac{1}{2}$ per cent Library Bonds. Since these Library Bonds were issued, the interest rate has been changed by the citizens to bear at the rate of $4\frac{1}{2}$ per cent. I do not intend to go into figures more than to show that if we proceed with the building of additional tracks in Market street, we do two things: We reduce the state of the funds to a point of danger, and we do not leave sufficient to even begin to take care of the district west of Twin Peaks. It is admitted by the superintendent of the road, and he is my authority for the statement, that the Union street line is just above water; the Stockton street line is not paying, and the Potrero avenue line is losing. He further states that he is opposed to the use of more than \$123,000 of the \$423,000 available cash. In the face of this it is admitted that the proposed Twin Peaks line will not pay, according to the City Engineer, for a period of seven years, except "perhaps if four tracks are built on Market street, the money derived from passengers in the downtown section may pay for the upkeep of the road." It is, therefore, apparent that if we are to follow the recommendation of the City Engineer and listen to the advice of the superintendent of our road that these Library Bonds must be sold to provide the funds necessary for building additional tracks.

Again, your attention is called to the fact that this leaves your Municipal Railway with a very small amount of available cash and with no hope of relief whatever to the other districts clamoring for municipal railway service. In this connection your attention is called to a "Statement of the Reasons Why the Bond Issue is Presented to the Voters," referring to the Union street line, the Stockton street line, the Van Ness and Potrero and Noe Valley and Richmond District, which were incorporated in a

bond issue submitted to the people on August 25, 1913, and which is signed by James Rolph, Jr., Mayor, and by the different Supervisors: Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot and Vogelsang, and in which was stated:

PROFITS—NOT TAXES:

"You have a chance to get these roads WITHOUT PUTTING UP A DOLLAR of your money. You can borrow the cost on the credit of the city and the roads will pay the interest and the entire sinking fund out of the earnings WITHOUT calling on the property owners for one cent of taxes. *They will give a profit which will build more lines.*

"If you were a stockholder in a corporation and such a chance for investment was offered you, you would jump at it without hesitating a minute.

"You are a stockholder in the Municipal corporation of San Francisco. VOTE YES when the question of this investment is put to you at the great stockholders' election of August 26th.

"As directors of your municipal corporation we append a complete statement of the finances of the Municipal Railway for the first seven months of its operation and an estimate of the profits for the present fiscal year based on the month of July, which is the dullest month of the year in street railroad transportation."

As to the wisdom of withdrawing approximately \$500,000 invested in school and library $4\frac{1}{2}$ per cent bonds and putting one-half of it into a non-paying investment, this Board ought to hesitate when a better means is provided. Cyril Williams, chief bookkeeper for the Board of Supervisors, Mr. Leonard Levy, bookkeeper for the Board of Public Works, and Mr. Thomas A. Cashin, superintendent of the Municipal Railways, all differ as to the amount of funds available. A close investigation of the funds indicates that this Board, if it undertakes to spend this money as proposed, might as well admit that a part of the upkeep of the Municipal Railroad must hereafter be taken care of in the tax rate.

The taxpayers must be willing to assume some of this obligation, but I question, in view of the statement above quoted, whether they will believe that their elected officials have kept faith.

That, briefly stated, is the condition of the funds of the Municipal Railway. Superintendent Cashin states that at least \$300,000 must be kept intact for depreciation expenses; \$101,000 will be needed on January 1 or

thereabouts for the redemption of bonds. The City Engineer estimates that the cost of building the tracks from Market and Kearny streets to Van Ness avenue and from Church and Market streets to Seventeenth and Castro streets will be \$221,000; added to that is \$400,000 needed to give proper transportation west of the Peaks. It cannot be denied that the roads have made money, but it is a question whether they will continue to do so and to go so close to the margin of danger is, to say the least, inadvisable financiering.

In this connection your attention is called to the fact that the City Engineer has under consideration and is in favor of a road which will traverse the populous Potrero district, tapping the industrial centers and terminating finally at Hunters Point (except that he recommends that Hunters Point be temporarily served with a bus line). Under date of October 10th, 1916, the City Engineer reports as follows upon the advisability of the construction of a branch of the Municipal Railway system on Army street, from Church street to Third street, along the proposed new road to Hunters Point, and says:

"Army street is destined to be one of the city's main arteries for heavy traffic, offering, as it does, the only practicable direct route south of Sixteenth street and connecting the populous Mission District and the adjacent district south thereof with the water front and the important and rapidly growing manufacturing and industrial district in the Potrero.

"A street railway along Army street, from Church street to Third street, and extended through the industrial district would bring these districts twenty minutes closer to the Mission, thereby stimulating the development of both the industrial and the residential districts of the Mission."

There is also the earnest plea of all that district known as the Pope Tract, and the Ashbury Heights District as well as many other much needed extensions.

It will be seen, therefore, that the expending of funds, unless you contemplate another bond issue, for the unnecessary purpose of more tracks on Market street as above stated denies every other district its fair chance for expansion through the medium of railway service and eliminates the possibility of building any further extensions in the City of San Francisco, except under one or two conditions, namely, an additional bond issue authorized by the people, or profits from these roads sufficient to make these extensions. The latter in the present state of affairs is out of

the question. Whether the people are willing to authorize more bond issues and add to their present financial burdens is also questionable.

I pass over your ability to sell the Library Bonds above referred to by calling your attention to the fact that very recently the Anglo and London Paris National Bank waived its option upon a large amount of Hetch Hetchy Bonds:

Universal Transfers.

Not much consideration seems to have been given to the fact that this offer contains one of the things for which we have contended for years and which we have argued would be a strong financial factor in favor of municipal roads; that is a universal transfer system.

The benefits accruing from the universal transfer system are in my judgment inestimable in the growth of the city. It means, for one thing, that heretofore the average citizen who has paid for these rights out of his taxes and who has suffered our inability to give him free use of the municipal lines, would be thereby permitted to patronize them liberally and to find them accessible from every line which they cross. It would mean, for instance, that citizens residing anywhere within the area traversed by the Van Ness and Potrero lines would be able to reach his destination without the payment of an additional fare. Is there any doubt but what under such circumstances the Van Ness and the Potrero avenue lines, which are now losing, would be benefited? It would permit, in some cases, of a twenty-mile ride for five cents.

Much is made of the fact that the Church street line should run to the ferry direct. Is it forgotten that a short time ago you seriously considered a transfer proposition on a 60-40 basis with that line and the United Railroads lines at Market street, and that you would undoubtedly have accepted it but for the fact that you could not obtain a 50-50 arrangement? Will our fellow citizens, served by the expensive Church street line, say that they who may be slightly inconvenienced by transferring once on their trip downtown might not be fairly asked to make some slight sacrifice so that those residing in the Potrero, the North Beach, the Richmond, the Sunset, South of Market street, Fillmore street, Divisadero, Ocean View, Bay View, San Bruno, and other districts, might have the free use of the municipal lines for which they have paid and the financial burdens of which they are bearing? It seems to me that a give and take spirit in this regard promotes a better community life than a distinctly partisan district attitude thereon.

Six Months the Life.

Is it forgotten that this agreement will provide in express terms that at any time after the first six months of operation either party may, on six months' notice, cancel the same? Is it too much to ask that a six months' trial be given to this arrangement? What is sacrificed by so doing? Nothing that I can see, and much is saved. To the statement that such an agreement once entered into is not easily canceled, I quote the City Attorney in a statement made before the Law and Legislative Committee of the San Francisco Labor Council on this subject to the effect that there was absolutely no danger in this regard, and that, if directed to, he would draw an agreement the provisions of which would be so explicit as to permit of no misunderstanding. So that those who protest so vigorously against this arrangement which would result in so much benefit to the city at large and which would bring about some of the things for which we have fought for years, are unwilling to allow even a six months' or a seven months' trial to interfere with their insistence for immediate four-track building.

You must be further aware of the fact that on the first day after the first six months, if you so care to do, the notice to cancel this agreement may be given to the United Railroads and upon its delivery you can at once commence building the additional tracks if you found that this agreement was not working beneficially; that by the time the six months' notice had run your tracks would be installed and ready for car operation. Asked if he could estimate the benefits to be derived from the universal exchange of transfers, the superintendent of our Municipal Railway replied that he could not, but stated that in his opinion it would be to our advantage.

I call your attention also to a statement contained in a communication from the North Beach Promotion Association under date of July 7, 1917, in part as follows:

"We regard the universal transfer system that has been suggested as one of the utmost importance to the community as a whole * * * and we hereby urge the Board of Supervisors and the Mayor to have that feature incorporated in the proposed compromise or in whatever plan of settlement may be ultimately adopted in the matter."

In a letter of the Park-Presidio Improvement Association to the Board, under date of July 17, 1917, the following statement is made:

"We ask, however, that the city interests be entirely safeguarded and

conserved. In our opinion the four tracks will be extremely dangerous to the public and every possible effort should be made to urge a solution without the placing of the extra trackage."

In a communication from the Polk and Larkin District Association, under date of July 18, 1917, speaking of the proposition of universal transfers, I quote:

"The people will forget the slight loss the municipal railways will suffer through this arrangement long before they forget the inconvenience you are putting them to by not installing the universal transfer system."

Conclusion.

In another form I will submit a table showing the comparative benefits of the two plans, one a compromise arrangement and the other the building of the additional tracks independent of compromise.

It seems to me, gentlemen, that from statements you have made to the voters in urging them to follow your wishes on the subject of getting funds in the shape of authorized bond issues for the building of the municipal railroads has been with the implied pledge that you would make such return as to permit of the further extension of these lines and that you would in your management of the municipal railway so legislate as to return to them a profit on the investment, possibly reduce taxes, and positively have no waste. There may be those within the city government who are not much concerned as to whether or not a great community like ours is stirred up with internal strife and divided into separate camps on great questions pending, but I am one who believes that we make speedier progress by obviating that condition as much as possible. I am further of the opinion that the settlement of these questions by the amount of applause rendered on either side when pending in municipal debates, is a source of annoyance and danger, and I respectfully submit that the practice of inviting particular sides to occupy the chambers and urge them to voice their approval or disapproval is a questionable method of the settlement of our affairs. Neither do I believe that these problems should be settled in a sort of carnival spirit by seeking to take unfair advantage of opponents and by statements the truth of which can be easily questioned. In this connection I refer to opportunities unfairly taken by some officials in the past and by others to seize every occasion to put their views on questions forward, sometimes without the proper regard for the fact that the other side should be heard.

I therefore recommend that the Board of Supervisors do not reject the proposed compromise, especially insofar as it contains the six months provision and the universal transfer arrangement, and that the City Attorney be instructed to draw up an agreement embracing its terms, or that the Board continue negotiations seeking to obtain the further concessions mentioned in the foregoing paragraphs the further effort to obtain which was rejected by the committee.

I further recommend that if the above recommendation is not acceptable, that this question be in some manner submitted to the people for decision.

I submit that you have ample proof that there are large bodies of citizens with opinions on both sides of this question and if it was advisable to submit cemetery removal, and if it was advisable to submit the compromise on lower Market street (not nearly so broad as this in its terms), then I would respectfully suggest that

it is also advisable to permit the citizens of San Francisco to act on this question. This can be done expeditiously and quickly and will be the final decision to quiet us all. Certainly no official who believes in popular government can consistently refuse to submit such a question, especially if there are any number of representative citizens so requesting. To refuse to support such a proposition is tantamount to a declaration on the part of such official that his wisdom is greater than that of the people whom he was elected to serve.

I again thank you for your great courtesy and consideration, and am respectfully,

ANDREW J. GALLAGHER,

Member of the Public Utilities Committee.

Whereupon, the following statement of the comparative merits of the two plans outlined on the blackboard were referred to by Supervisor Gallagher and the discussion proceeded as follows:

*It may be error to consider this as a loss.

Note—\$100,000 is consider as unit for points of loss.

It would appear from the foregoing that if the city owned the whole transportation system of the city there would be no question as to the most advantageous plan. It being that the United Railroads owns existing tracks as a part of Plan I, it is apparent

that said ownership is a potent influencing factor.

The furnishing of service, through the Twin Peaks tunnel, to the district westerly presents two methods of accomplishment, viz.:

PLAN I—The connection of the tunnel tracks with those of the United Railroads now existing—(a) Ocean avenue, (2) Sloat boulevard, (3) Twentieth avenue and (4) by new

construction on Ulloa and Taraval streets, and the running of cars from any one or all of these tracks directly to the Ferry through the tunnel.

Incidentally, transfers would be made at Church street and Van Ness avenue with the Church street and Potrero avenue lines.

Involved also in this plan is the inauguration of a general system of transfers throughout the city at all intersecting points.

PLAN II—The construction of a new line on Taraval street to the ocean; new tracks between east end of tunnel to Church street, and two additional tracks in Market street from Van Ness avenue to Kearny street.

Incidentally, cars of Church street line could run direct to Ferry and transfers made with Potrero line at Van Ness avenue.

For relative advantages and disadvantages, see score card annexed.

Supervisor Gallagher: I should like first to ask the Sergeant-at-arms, or somebody else, to turn that map around that has a diagram on the back of it.

I would move you now, Mr. President, although I realize that no vote will be taken tonight, but I will move you now, in order to make the formal parliamentary motion, that this report be substituted for the report of the majority.

The Mayor: Mr. Wolfe, did you move that the majority report be adopted?

Supervisor Wolfe: The motion made by Supervisor Gallagher having received no second—

Supervisor Power: I second it.

Supervisor Gallagher: It is seconded. I would like, Mr. Mayor—

The Mayor: One moment, Mr. Gallagher.

Supervisor Gallagher: I have not finished by report, so you can discuss the question of the motion later.

Supervisor Wolfe: Are you now addressing yourself to your report, Supervisor?

Supervisor Gallagher: Yes, this is a part of my report.

Supervisor Wolfe: But you have already made a motion.

Supervisor Gallagher: I was holding it until this matter is concluded.

The Mayor: The motion is temporarily withdrawn, then?

Supervisor Gallagher: Yes, if that is agreeable. I would like to call your attention, Mr. Mayor, if I may, as a part of my report, to a plan or a diagram that may, in itself, be rather crude, but I have tried to work it out on the basis of a sort of a scoreboard, and I have tried to set out the points for and against this compromise

clearly in evidence. This plan 1 is the proposed compromise. This plan 2 is the four-track plan, or the rejection of the compromise. The investment in plan 1, the compromise, on the part of the United Railroads is \$100,000. The investment by the city, if the compromise is rejected, is \$600,000, and I have given six points against the rejection on that basis. The return on the investment is recited as follows: west of the tunnel, under the compromise plan, there would be practically no return. On the city's side, if four tracks were built, the compromise rejected, west of the Peaks there will be a loss. East of the tunnel down Market street, I don't think there will be much return to the United Railroads, under the compromise, but I do think that, if the compromise is rejected, that there will be a probable profit to the city on its operation in that district. In other words, I am admitting that, if four tracks are built on Market street, in conjunction with service beyond the Peaks, that there will probably be a profit for the city.

On the Church Street line, I think, if you accept the compromise, that there will be a slight increase in favor of the United Railroads, and if you reject the compromise I think there will be a larger increase in favor of the city, because the line will go then to the Ferry. On the Potrero Avenue line I think there will be a slight increase to the United Railroads, and there will be a corresponding slight increase for the city. You can judge it as you will. I have said a slight increase. I really feel that in the case of the Potrero avenue line the increase, so far as we are concerned would be slight. On the tunnel tracks, so far as the compromise is concerned, there would be for the United Railroads and under the United Railroads plan, interest on the cost of the investment. So far as the city's return is concerned for the tunnel tracks, there will be none. Mind you, I have given you a probable profit down Market street, so therefore I have given you none on the investment in the tunnel tracks.

Now, the service west of the tunnel—and this is the important thing—the service west of the tunnel, if the compromise is accepted, allows for additional lines, Taraval street, Ocean avenue, Sloat boulevard and Twentieth avenue. If the compromise is rejected, and the city builds its own tracks, there is only one new line, Taraval street. East of the tunnel, so far as the compromise is concerned, I don't think there would be an increase. There would be no increase on the compromise, but

so far as we are concerned, there would be an increase.

On Church street, on one side, the compromise side, there would be transfers, and on the other side there would be direct to the ferry service if you reject the compromise. On the Potrero avenue line it would seem to me to be a matter of transfers both ways, and I have not allowed much of a difference there.

To the entire city on the compromise plan, there would be universal transfers, and to the entire city on the rejection of the compromise plan, there would be limited transfers. To the outlying districts, under the compromise plan, there would probably be extensions at least of the municipal line and undoubtedly of the United Railroads line, and if the compromise is rejected, and we build our own tracks, there would be no extensions.

So far as the jitney service is concerned, there will, under the compromise, be no advantage, but if the compromise is rejected, I apprehend there will probably be a movement to remove them, and I should say that they will probably be removed.

So far as the element of danger is concerned, under the compromise plan, there would only be the danger that there is now, perhaps slightly added to. But unquestionably, if the four-track plan is adhered to, there would be greater danger.

Now, I have tried to show the relative merits of the two plans. There will be copies of the map submitted and the members may see them, and I am thankful to the Board for the attention.

Supervisor Mulvihill: Explain the total points there.

Supervisor Gallagher: The total points in favor of the compromise, as summed up here, are 8 with 1 against, leaving 7. The total points in favor of the four-tracks are 5 and $\frac{1}{2}$ with 10 against, making a clear gain in favor of the compromise proposition. Now, as I say this may be crude—

Supervisor Brandon (interrupting): According to your diagram then, the difference between the 10 and 1—there are 5 points in the amount of money invested?

Supervisor Gallagher: There are 6, practically 5, one here.

Supervisor Brandon: There is one on the United Railroads end of it, and six on the other.

The Mayor: Would we get anything for the \$600,000 after we spent it there? (Laughter.)

Supervisor Gallagher: Well, I don't know, if you spend the six hundred thousand dollars—

The Mayor (interrupting): In

other words, have we got any asset after spending the \$600,000?

Supervisor Gallagher: I don't think you have much, I am trying to convince you of that point. I don't know whether the Mayor understands that I am still opposed to this four-track plan, I thought my report pointed that out.

The Mayor: I am trying to understand this plan that you have produced here. You put down \$100,000 to the United Railroads.

Supervisor Gallagher: Yes; that is their new investment if their compromise is accepted.

The Mayor: Yes, and our new investment, if the compromise is rejected, according to the city engineer, is \$600,000, and that is invested in tracks and equipment, and one thing and another.

Supervisor Gallagher: Of course.

The Mayor: Then we have all that besides. (Applause.) I must ask every one to kindly be quiet, because we are trying to approach this in as intelligent a manner as possible, and if every one will kindly refrain from too much approval of what takes place—

Supervisor Gallagher (interrupting): I don't know what point you are trying to make.

The Mayor: Here is the point, Mr. Gallagher: You have made a plan therein which you show an investment of a hundred thousand dollars on the part of the United Railroads.

Supervisor Gallagher: Yes.

The Mayor: Then you show, on the opposite column—it is a debit and credit account, isn't it?

Supervisor Gallagher: I show an investment on the part of the city of \$600,000.

The Mayor: Now, for the expenditure of six hundred thousand dollars, we must have some assets.

Supervisor Gallagher: Well, you will have tracks, but they will not be earning any money.

The Mayor: Oh, that is your idea.

Supervisor Gallagher: I want to say, Mr. Mayor, quite frankly, that I am as thick-skinned as anybody can be, but there are a few things I might say to some snakes that are hissing that might make them hesitate. I am not a bit afraid of snakes that hiss in the grass, let that be understood, and some day the people that are hissing now like snakes may be sorry for the stand they are taking. (Hisses.) The members seem to be concerned as to what is the proper motion to be made. It is my judgment that the proper motion can be made either one of two ways: No. 1, that the report of the minority be substituted for the majority report, or that, as an amendment to the

pending motion, the minority report be adopted. Mr. Hayden hands me a copy of Cushing's Manual on the subject, and it says, "A minority report is not recognized as the report of the committee, or acted upon as such. It is received by courtesy as representing the opinion of the minority, and in order to its being adopted by the assembly it must be moved as an amendment to the report when that comes to be considered." So, of course, I have no objection to whichever way you desire to place the motion. The net result is probably the same.

The Mayor: That is the reason I asked Mr. Wolfe the question whether or not he had made a motion for the adoption of the report of the majority, and he rose to say that he intended to do so before you had made your motion.

Supervisor Gallagher: If he desires, I yield to him now.

Supervisor Mulvihill: That was done on Monday.

Supervisor Power: That motion was pending when we adjourned.

Supervisor Gallagher: Made by some member of the Public Utilities Committee.

The Mayor: I would accept a motion by anybody.

Supervisor Mulvihill: That motion was made on last Monday.

The Mayor: I don't recollect it.

Supervisor Mulvihill: Well, I renew the motion, I move you at this time that the majority report of the Public Utilities Committee be adopted.

Supervisor Deasy: I second the motion.

The Mayor: It is now moved by Supervisor Mulvihill and seconded by Supervisor Deasy that the majority report of the Public Utilities Committee be adopted. I believe there is a pending motion by Supervisor Gallagher, seconded by Supervisor Power, that the report of the majority of the committee be amended by the adoption of the report of the minority. The question before the Board is on the amendment.

Supervisor Hayden: Now, I move to amend by introducing the following resolution and amendment to the amendment.

Supervisor Hilmer: I second the motion.

Supervisor Gallagher: I would like to file with the Clerk of the Board from my seat, a petition containing 20,000 additional names of protestants to the building of four tracks on Market street.

Mr. Troy: I would like to make a statement to the Board regarding these petitions.

The Mayor: I wish to say to all citizens present that you have

gathered here this evening at this special meeting of the Board of Supervisors for the purpose of giving your views on this important question, but, until the proper motions are before the Board, and until the Supervisors have finished submitting whatever data they propose to submit, I must ask you, my fellow-citizens, present to kindly permit the regular routine of business to proceed, and I will give you all an opportunity if it takes all night. Go ahead, Mr. Gallagher. Have you filed those?

Supervisor Gallagher: I have filed them.

Supervisor Hayden: I move that they be received and placed on file.

Supervisor Hilmer: I second the motion.

The Mayor: It is so ordered. It has been moved by Supervisor Hayden, seconded by Supervisor Hilmer, that the following resolution which the Clerk proposes to read, be offered as an amendment to the amendment already before the Board.

Supervisor Wolfe: I do not want to be technical in this matter, but I would call to your attention and to that of the Supervisor who made the motion, that it could hardly be expected that an ordinance could be introduced as an amendment to the report.

Supervisor Hayden: This is a resolution, carrying with it a proposed ordinance. If you give the Clerk a chance to read it, I think it might clear your mind.

Supervisor Wolfe: I have read it.

Supervisor Hayden: I think it would be courtesy for us to have the resolution read, and I think that the Board will be in the possession then of the subject-matter that is embraced in that resolution. I therefore request that the resolution be read.

Supervisor Wolfe: Well, I have no objection to its being read.

Supervisor Hayden's Resolution, Providing for a Referendum.

Thereupon, the following was read by the Clerk:

Whereas, One of the most important problems confronting the people of San Francisco today is that of providing sufficient transportation to the rapidly developing outlying sections of the city; and

Whereas, This problem is one that has given rise to serious differences of opinion on the part of the people of this city generally; and

Whereas, The City of San Francisco by express provision of its Charter is committed to the policy of directly submitting to the people themselves all public questions in which the people are interested; and

Whereas, The Board of Supervisors

of the City and County of San Francisco in pursuance of this policy has established the precedent of submitting such important questions to the direct determination of the people, as, for instance, the submission of the serious controversy concerning the removal of the cemeteries and other matters in which the people as a whole were vitally concerned; and

Whereas, The Board of Supervisors believes that the question for immediate consideration is one of serious moment to the people of San Francisco living west of Twin Peaks, to the merchants of San Francisco and to the public generally who may be benefited by the advantages to be derived by a universal transfer system throughout the city if an offer invited by the City and made by the United Railroads is substantially accepted; and

Whereas, We feel that the fuller development of the city industrially as well as residentially has been much retarded by the present inadequate transportation and by the difficulty of obtaining improvement thereof; now therefore be it

Resolved, That the following ordinances, "A" and "B", be submitted to the electors at the next general municipal election to be held Tuesday, November 6th, 1917; and that the Clerk of this Board be directed to transmit said ordinances to the Board of Election Commissioners of the City and County of San Francisco to be placed upon the ballot in conformity with the provisions of Section 2, Chapter IV, Article XI of the Charter of said City and County:

ORDINANCE A.

Authorizing and directing the Mayor of the City and County of San Francisco to execute, for and on behalf of said City and County of San Francisco, an agreement with the United Railroads of San Francisco providing (1) that said United Railroads shall furnish transportation and direct service from its tracks on Taraval street, Sloat boulevard and Ocean avenue through Twin Peaks tunnel to the Ferry; (2) that compensation shall be paid by the said United Railroads to the City for the use of the Municipal Railway necessary to render the aforesaid transportation service; (3) that universal transfers be exchanged between the Municipal Street Railway system and the United Railroads at all intersecting points; (4) that the agreement may be cancelled by either party on six months' notice; (5) that nothing contained in said agreement shall be held to abridge or restrict any legal right of the City to construct additional tracks on Market street whenever the public necessity may require.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor of the City and County of San Francisco is hereby authorized and directed, for and on behalf of the said City and County to enter into an agreement with the United Railroads of San Francisco wherein it shall be provided:

1. That the United Railroads construct tracks connecting with the tunnel tracks at the west portal of the Twin Peaks tunnel, extending thence along Ulloa street to Fifteenth avenue and thence along Fifteenth avenue to Taraval street and connecting with the existing Taraval street tracks of the United Railroads at Twentieth avenue, and extending out Taraval street to the ocean, the tracks and overhead equipment from the tunnel portal to Twentieth avenue and Taraval street to be constructed complete and ready for service within 180 days after the date of entering into the agreement, construction of the tracks and overhead equipment from Twenty-third avenue out Taraval street to the ocean to be commenced as soon as traffic conditions may warrant, but not later than 18 months after the date of signing the agreement, and completed within 6 months thereafter, tracks to be standard girder rail construction.

That the United Railroads shall connect its tracks on Sloat boulevard and on Ocean avenue with the city's tunnel tracks at the proposed terminus at Sloat boulevard and Junipero Serra boulevard, so as to render possible through service in both directions from Ocean avenue tracks and from Sloat boulevard tracks through the tunnel to the Ferry, and that the company make a connection from its existing Market street tracks to the eastern terminus of the city's proposed tunnel tracks near Castro street; that the United Railroads shall establish a direct service from Brighton avenue, or a point east thereof, along Ocean avenue, through Twin Peaks tunnel, down Market street to the Ferry, and such other direct service to the Sunset and Parkside districts as the growth of traffic may warrant, and that a schedule satisfactory to the Board of Supervisors be maintained on both routes.

2. That the United Railroads pay the city for the use of the city's tracks between the easterly portal of Twin Peaks tunnel and the junction of Sloat and Junipero Serra boulevards the sum of \$1,333.33 per month as a rental to cover use and deterioration of tracks and appurtenances, until such time as the car mileage operated over these tracks shall reach or exceed 750 miles per day on the basis of the established schedule, and there-

after shall pay, in addition to the said sum of \$1,333.33 the sum of one cent per car mile operated over and above 750 car miles per day, said payment to be made on or before the 15th day of the calendar month next following the use of the tracks.

That the United Railroads assume all liability for safe conduct of transportation through the tunnel and over the city's tracks;

That the United Railroads pay for and maintain the illumination of the tunnel and stations;

That the United Railroads maintain the tracks and overhead equipment involved in a constant state of good repair, to the approval of the City Engineer;

That the United Railroads maintain the premises of the tunnel and stations in a clean and orderly condition;

That, should the United Railroads use power from the city's lines, the company reimburse the city for all electric power used by the company from the city's lines at cost to the city.

3. That there be exchanged between the United Railroads and the city transfers at all connecting points, such exchange of transfers to be on a free basis and limited only by such rules as may be necessary to prevent the abuse of the transfer privilege. Such transfer agreement shall supersede all existing transfer agreements between the United Railroads and the city and shall apply to all future extensions of both the United Railroads and the city.

4. The agreement shall remain in full force and effect unless canceled by either party. Cancellation of the agreement shall not become effective until six months after date of notification of intention to cancel, duly delivered to the other party. The United Railroads agrees that in the event that the agreement be canceled by either party, the tracks and overhead construction on Ulloa street, Fifteenth avenue and Taraval street, and the connections between the United Railroads' tracks and the city's tracks at Junipero Serra and Sloat boulevards and the connection at Market and Castro streets to the tunnel tracks shall become the property of the city and the city shall pay to the United Railroads a sum equal to the cost of said construction, less depreciation, and the company agrees in such contingency to either sell to the city the tracks and overhead construction on Taraval street, between Twentieth and Thirty-third avenues, at its physical value as may be agreed upon, or to allow the city to operate its cars over said tracks on a mileage basis deter-

mined by the interest and depreciation charges thereon.

5. That nothing contained in said agreement shall be held to abridge or restrict any legal right that the city and county may have to construct additional tracks in Market street whenever the public necessity may require.

ORDINANCE B.

Directing the Board of Supervisors to expend surplus earnings of the Municipal Street Railway system in the construction of extensions thereof to outlying districts of the City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and directed to expend from time to time all surplus earnings of the Municipal Street Railway system as the same shall have heretofore accrued or as may from time to time hereafter accrue, in constructing extensions of and to the existing street Municipal Railway system to such portions of the city and county as are without sufficient transportation facilities, and such localities as are commonly known as the Sunset District, the Potrero, Hunters Point, Visitation, Bay View and Ocean View. It is hereby declared to be the purpose and policy of the city to utilize the earning power of the Municipal Street Railway system to develop those sections now sparsely populated, and suffering from inadequate transportation.

Section 2. This ordinance shall not be effective unless Ordinance A, herewith submitted, shall be approved by the electors voting thereon.

Discussion.

Supervisor Wolfe: Now, Mr. President.

The Mayor: Mr. Wolfe.

Supervisor Wolfe: I take it that we are here tonight to consider the report of the Committee on Public Utilities, both the majority and the minority report, and that there is nothing to be gained, by either those who represent the majority or the minority, in jockeying for position, parliamentary position, at this time. I say that with all respect, because I do not mean it in an abusive sense. It was agreed in the Board of Supervisors that tonight we should confine ourselves to debate on this question, as to whether or not the majority report of the Committee on Public Utilities should be adopted by the Board of Supervisors. Now, under our rules, it is provided that, when citizens desire to address the Board of Supervisors upon motions, they

may be accorded the privilege of the floor, and that they shall first have their say, and when they are through, that the matter shall then be relegated or go into the hands of the Board of Supervisors, without further interruption. In order that that rule may be carried into effect, and that full and ample opportunity may be given to the proponents and opponents of the majority report to be heard, I now move you, Mr. President, that the privilege of the floor be given to those requesting it, both for the majority report and those favoring the minority report, or whatever attitude they may desire to assume, and that your Honor recognize them as they arise, requesting the privilege of the floor, and that they be admonished to take as little time as is consistent with the presentation of their views.

Supervisor Walsh: I second the motion.

Supervisor Mulvihill: I would like to ask what is the parliamentary situation regarding Supervisor Hayden's amendment to the amendment?

The Mayor: That will be the first vote taken by the Board; it is an amendment to the amendment.

Supervisor Wolfe: While this is not the time to raise the question, I have my doubts, and serious doubts, whether this ordinance can be considered an amendment to the report of the committee. The Supervisor has undoubtedly the right to introduce it at the proper time, and it will be given consideration and acted upon, but it cannot be acted upon as an amendment to the report of the committee. That must be evident. I do not desire to be technical in this matter.

The Mayor: Mr. Mulvihill has the floor. Go ahead, Mr. Mulvihill.

Supervisor Mulvihill: Mr. Mayor, I wanted to clear the situation as far as Supervisor Hayden's amendment is concerned. I agree with Supervisor Wolfe, and as one member of the Board I will object to any member of the Board introducing an ordinance as a substitute for a committee's report. Any Supervisor has the right to introduce an ordinance, resolution or bill in this Board by unanimous consent, and have it acted upon. Otherwise that ordinance, resolution or bill must be referred to the proper committee of this Board.

The Mayor: May I just interrupt you a minute? I would like to proceed so that we may give those present an opportunity to be heard.

Supervisor Wolfe: That is my motion.

The Mayor: From what I see of this resolution—and read it again, gentlemen, between now and Monday

—if passed, you will have a lawsuit on your hands. We fought for ten years for the municipal railway. Are we going to fight for ten years more and find out wherein the public necessity lies for four-tracking Market street? I think between now and Monday you will find what this ordinance means. Why waste the time of the citizens present who have come here to explain themselves on the majority report and the minority report? I admit this is no time and no place to introduce it, but it has been introduced, and it is in order.

Supervisor Brandon: I suggest that this matter be taken up along with the minority report of the Public Utilities Committee. It is nothing more or less than an amendment to the minority report.

Supervisor Wolfe: The first ordinance that is contained in the document introduced by Supervisor Hayden is a replica of the proposed agreement submitted to the Board of Supervisors by the United Railroads, and is therefore involved in the whole subject-matter of the acceptance or rejection of the minority report of this committee. While I do not wish to be understood as offering any objection to the Supervisor having his day in court, or to his right to present this, I take it that the thing to do now is to consider the motion made by me, granting the floor to those who desire to be heard, who are not members of the Board.

Supervisor Gallagher: I second that motion.

Supervisor Hayden: Mr. President, I think that if we are going to be technical, we might as well be technical now. My esteemed colleague apologizes in the direction of not being technical, but I feel that he is exacting the most minute technicality on the point that he is making under these circumstances. I simply ask you now, Mr. President, if you have accepted my amendment to the amendment as being in order?

The Mayor: Yes, I accept it as an amendment to the amendment, and I wish the members of the Board to distinctly understand that it takes a majority vote of the Board to adopt it.

Supervisor Gallagher: Well, there is no news contained in that statement. We know that ourselves.

The Mayor: It is before the Board, and I only ask you—

Supervisor Wolfe (interrupting): I am not going to rise to a point of order at all, I did not want to be technical in the matter, although the gentleman thinks that I am strictly technical when I merely make that suggestion. I thought that I could appeal to his well known parlia-

mentary knowledge and experience, and call to his attention at once the fact that my suggestion was well taken. But, nevertheless, as I did not succeed in doing that, I shall not make a point of order at this time.

Supervisor Hayden: Let me respond to my colleague briefly, and say that, in my experience parliamentarily speaking, I feel that the action I am taking now I must do so to save myself being euchered out of position by my friendly parliamentary brother on this Board.

The Mayor: You have euchered everybody else out of position.

Supervisor Wolfe: Euchre is one game I do not understand. There are other games that I understand much better.

The Mayor: I think I understand the situation.

Supervisor Mulvihill: This is a matter that will be taken up Monday at 3 o'clock, the amendment to the amendment—is that the decision of the chair?

The Mayor: I wish to call your attention, gentlemen, to this: the point has been raised about 3 o'clock Monday. I doubt very much whether you will be in session at 3 o'clock on Monday afternoon.

Supervisor Wolfe: Let us proceed tonight with this matter.

The Mayor: The Supervisor asked the question, and I think you had better leave that matter in abeyance. Are there any citizens present this evening in opposition to the report of the majority membership of the Public Utilities Committee? In opposition.

Mr. Troy: Before you take that matter up—

The Mayor (interrupting): I will give you an opportunity, Mr. Troy.

Supervisor Wolfe: I understand your query to be, Mr. Mayor, Are there any persons present who desire to be heard in opposition?

The Mayor: In opposition to your report.

Mr. Max Kuhl: Mr. Mayor, gentlemen of the Board, and my fellow citizens: I shall accept your Honor's discretion of the order of debate, although I should perhaps have preferred it the other way, inasmuch as Supervisor Gallagher's minority report consumed an hour and a quarter and has just been read, it would seem to me the fair way to the opposition, as well as to myself, to have some reply made to that. All of us present have heard Supervisor Gallagher's report, which, in substance, sets forth more clearly and more logically the argument that I intend to make than I can do myself. Now, I have submitted that for consideration. Yet, notwithstanding that, if your Honor

desires me to proceed, of course I shall do so, but I submit that parliamentary consideration to your Honor that there should be a reply to that argument, because indeed it was an argument rather than a report.

Supervisor Wolfe: Mr. Kuhl, you are equally familiar with the contents of the report of the majority of the Committee.

Mr. Kuhl: I am, Supervisor Wolfe, but I am assuming I was speaking to the Supervisors now who are not upon the Public Utilities Committee, and also to some hundreds of citizens of San Francisco, who probably are not as familiar with the majority report as you, sir, who took a part in the framing of it. Now, I have no criticism to make, and I am perfectly willing to accept the ruling of his Honor on that point, but I submit that, after an hour and a half of argument on one side of the question, it might be wiser to let the other side have an hour and a half, and then permit us to reply.

Supervisor Wolfe: I have no objection myself.

Mr. Kuhl: I have no objection, either way.

Supervisor Wolfe: Do you desire, then, that you be accorded the privilege of the floor later?

Mr. Kuhl: Yes, I should prefer it, Mr. Wolfe.

Supervisor Wolfe: Well, I shall take great pleasure in making that motion for you. You can take your seat, and I can assure you that I shall make the motion that you be accorded the floor when you desire to speak.

Mr. Kuhl: I want to leave that to his Honor. Should he think that the proper order is for me to proceed now, I will do so. There are people who want to be heard, and it is now very near 10 o'clock, and if it is for me at all to enter into the merits of it, it might exhaust their patience if not that of the Board of Supervisors.

The Mayor: I think, Mr. Kuhl, the customary procedure is for the opposition to speak first. You are here in opposition to the report of the majority membership of the Public Utilities Committee; four members of the Committee have filed a report here and there is only one member in opposition to the report, and naturally we are here tonight to hear mainly those opposed to the report of the majority. I think you should proceed.

Supervisor Hayden: To hear both sides of the question.

Supervisor Power: Isn't it well, Mr. Mayor, to state the present situation to those who may wish to speak *pro* and *con* on the entire subject matter? We are here to settle the

entire subject matter, and it is immaterial whether somebody is going to oppose the majority report or the minority report. I think that the motion that Supervisor Wolfe made that all citizens that wished to be heard on this subject matter should be heard is the correct method, rather than to put anybody in the position that they are going to reply to the majority report or the minority report. When they are granted the privilege of the floor, they will have the right and the privilege to go into the entire subject matter. I think that would be the better procedure.

The Mayor: I think everybody present understands that. Go ahead, Mr. Kuhl.

Mr. Kuhl: If that is your pleasure, your Honor, then I shall proceed. And at the outset, let me say again, what I said a moment ago, in entering upon a discussion of this all-important subject, I do not think I can cover the ground in better shape nor give more logically the views we entertain, than has just been done by Supervisor Gallagher, and it puts me now to the distressing necessity of dinning again into the ears of the Board of Supervisors words that have just been said.

I am speaking tonight here as a citizen it is true, but I am also speaking here, as I spoke before the Committee, representing the San Francisco Chamber of Commerce, and representing most of the big men having places of business on Market street, the merchants of Market street who have confronting them what they deem is a grave menace, not merely to the business interests that they possess, but to the life and limb of their patrons. Four tracks on Market street, so far as they are concerned now, deals with that section of Market street running from Kearny to Van Ness avenue, as Bion Arnold has termed it, the hump of Market street, that portion of Market street in which are located the retail stores where the men and women of San Francisco do their shopping, that portion of Market street, which, according to the statistics which are on file in this office, presents the situation of having 13 people making a crossing for every one who makes a crossing down below. I do not want in the brief time that I think I am entitled to on this matter to go into figures which I read before the Committee, and which were taken from official records, but I do want to urge upon the Board of Supervisors this grave danger to the merchants who have suffered in the past and who fear they will suffer again. The men are still able to take care of themselves, although below Montgomery, I am

frank to confess that, when I start to cross Market street, the first thing I do is to button my coat. Now, then, what about the women and the children? We have had presented here certain petitions. I do not know where all of them come from, but I do know this: that the saleswomen in the stores have solicited the signatures in the stores on Market street, and, as they reported to me, in not ten per cent of the cases was there even the indication of a refusal to sign.

Let it not be understood by any one present that in picturing to you the dangers to the patrons of the stores on Market street, or in picturing to you the danger to the business prosperity of the merchants on Market street, we lose sight of the greater problem with which this Board has to deal—the problem of transportation for all the people of San Francisco. If any such proposition as the laying of four tracks on Market street would solve San Francisco's transportation problem, if it would give service to Hunter's Point, to Bay View, to the Mission, to Sunset, and to Parkside, then unquestionably, even the big business interests and the merchants on Market street would of necessity yield. We submit before you two propositions: the one of which means the laying of four tracks on Market street, the financial return of which is not assured, indeed the financial return of which, by the report of the Chief Engineer is not promised for seven years, and you will only have a project which gives you a partial road running somewhere west of the westerly portal of Twin Peaks, down Market street, and having no transfer points except to Kearny street and the Church street line. We submit you have not by that solved San Francisco's transportation needs. As I understand it—and you will pardon me I have not the figures now so closely in mind, indeed my brain is more full of figures of men exempted and discharged for physical disability, having just come from a draft board—but, as I understand, there is available some four or five hundred thousand dollars. If you use this money on Market street and in running the rails through the tunnel, you still would be, as I understand the report and the testimony here before the Committee—and if I am in error I wish the Chief would correct me—you still then would need \$125,000 to connect the rails from the westerly portal and give service to a part of the district west of the Twin Peaks tunnel. That would be a partial service to Parkside, 4000 people living in Parkside. It would be no service

to the 12,000 or 15,000 people living in Sunset proper. What would be the condition of the finances of the city, so far as municipal extensions are concerned? Your funds would be exhausted. You would be put in the position of having the people in the southerly part of the city clamoring for transportation, the people out in the Mission clamoring for transportation, and the people in Sunset proper clamoring for transportation, and all that you would have achieved would be a partial transportation to the Parkside, to Ingleside Terrace, to St. Francis Wood, down Market street, with the sole transfer privilege at Van Ness avenue.

Your Honor probably appreciates as much, if not more than any man present, that in this crisis which is confronting the nation today, San Francisco has been given her first big industrial opportunity. The Government is commencing to expend here millions of dollars where it grudgingly gave thousands some years ago. The Government is committed to the project of the dry docks at Hunters Point. This Board of Supervisors, not more than five or six months ago, indeed, appropriated a fund of money to send a committee to Washington, for what? The Government contemplates the expenditure of some six or eight million dollars in a naval base on the Bay of San Francisco, and when this committee went to Washington, they were asked the question how are they going to afford transportation to the eight or ten thousand mechanics that the Government expects to have employed at that naval base, a naval base, according to the report of that committee, which will exceed in size and in industrial activity Mare Island Navy Yard itself. Today the decision as to where that ten million dollar plant, employing six or eight thousand skilled mechanics, should be located, hangs in the balance between San Francisco and Alameda, and the Government is confronted today with this problem: is San Francisco prepared now, not a year or two or three years from now, is San Francisco prepared now, in the event that the Government prefers the Hunters Point location, to give immediate transportation to the six or eight thousand skilled mechanics who will be employed there, and whose homes will be as they now are, in the Mission district and in the Potrero?

I have here the record of the proceedings of that committee in San Francisco, and I still have ringing in my ears the very eloquent words of your Honor at that time, in which assurance was given to the Rear Admiral that some means of trans-

portation would be provided. Now, I repeat, San Francisco has a chance practically to duplicate Mare Island down in the Potrero District; San Francisco has a chance to hold her own and not let the Government put upon Alameda's shore that which properly belongs on San Francisco's shore. I took the liberty of having a telegram sent to Mr. Ira E. Bennett of the Washington "Post," who has at various times represented the Exposition's interest and San Francisco's at Washington, and this telegraphic reply on the situation was received this morning. I ask permission to read it. "Admiral Helm says any site selected for naval purposes would of necessity require ample transportation facilities, and if these facilities are not available they would have to be provided. This applies to any site. The commission necessarily takes into consideration street car and other transportation facilities already established or provided for. While Admiral Helm did not say so, it is my belief, after talking with him, if adequate street car transportation were provided to Hunters Point, it would have considerable influence with the commission in selecting the site." Signed, "Ira E. Bennett."

Supervisor Brandon: I do not want to interrupt your argument, but what is the date of that telegram.

Mr. Kuhl: This is dated August 10th.

Supervisor Brandon: Do you know that the naval commission was discharged, or their responsibility of selecting a naval site ended, in February of this year.

Mr. Kuhl: I don't know that. (Laughter.) I sent this communication, your Honor—

Supervisor Power: Let me interrupt just a moment. Congressman Nolan can tell us whether or not they have been discharged.

Congressman Nolan: No, they are still in existence.

Supervisor Brandon: The commission asked for an additional appropriation, and it was refused.

Mr. Kuhl: I sent this communication through Robert Newton Lynch, who only the day before yesterday returned from Washington, where he handled this, as well as several other projects that San Franciscans are interested in. Personally, I have no knowledge of the matter, but at his request this was sent to Mr. Ira E. Bennett, who has been the paid representative of San Francisco at Washington for some years.

Supervisor Wolfe: May I ask you a question?

Mr. Kuhl: Surely.

Supervisor Wolfe: Have you a copy

of the telegram which you sent to Mr. Bennett?

Mr. Kuhl: No, it was sent by Mr. Lynch.

Supervisor Wolfe: I would like very much to see it.

Mr. Kuhl: I can get that. I asked Mr. Lynch, who personally knows Mr. Bennett, and who has just returned from Washington, if he knew anything about the situation. He knew about it in a casual sort of a way, and I asked him to send the telegram.

Supervisor Hayden: No trouble about having it here next Monday?

Mr. Kuhl: Not at all.

Supervisor Wolfe: You represent the San Francisco Chamber of Commerce?

Mr. Kuhl: Surely.

Supervisor Wolfe: May I ask you if they have definitely taken a stand as between Alameda and San Francisco in the matter of the selection of a naval base?

Mr. Kuhl: Senator Wolfe, I don't know that. I am only representing the Chamber of Commerce so far as four tracks on Market street is concerned. I know as little about their attitude on that as I do about their attitude on a thousand other questions, just as little as you would know about the views of a client that were never brought to your attention.

The Mayor: About these six or eight thousand men who are going to be employed at the naval base at Hunters Point. Isn't it proposed that they pay a nickel apiece to ride on the railroad.

Mr. Kuhl: Surely.

The Mayor: Then won't it pay to build the railroad?

Mr. Kuhl: That is what I am coming to.

The Mayor: Why shouldn't that be built and Market street, too?

Mr. Kuhl: As I understand the figures which we had before the committee, if you build the Market street tracks, run them through the tunnel, and give Ingleside and Parkside its transportation, as I am informed, there won't be enough money left for the \$265,000 or \$300,000 that will be required to continue these lines.

Chief Engineer O'Shaughnessy: May I correct you; a moment ago you made a statement about the total amount of money available, I think you said five or six hundred thousand dollars.

Mr. Kuhl: Yes.

Chief Engineer O'Shaughnessy: Did you hear Supervisor Gallagher say there was one million dollars available?

Mr. Kuhl: Yes, but you have half a million dollars in library bonds,

which you cannot sell; they are three and a half per cent bonds. How are you going to sell them?

The Mayor: If the \$500,000 library bonds can be sold on a four and a half per cent basis, then you will be in favor of the tracks down Market street?

Mr. Kuhl: Why, no, your Honor, I don't want any misunderstanding on that. I stated my position clearly, and I try to state it frankly that we were, in a sense, selfishly interested in keeping four tracks off Market street. I thought there would be no misunderstanding that. That is what the merchants on Market street are opposed to, and I am representing the merchants on Market street, and the main thing that we are interested in is keeping the congestion off Market street, and I am simply incidentally urging, if there is any other way of solving San Francisco's transportation problem, every other effort should be exhausted before you put those four tracks down. I made myself very plain on that, and I also said that, according to the project which Supervisor Gallagher has thoroughly analyzed, you have by accepting a compromise—I don't say this compromise, nor do we ask for this compromise—but you have an opportunity, by accepting a compromise, of giving service which is the prime consideration, and also keeping four tracks off Market street, that is the point, the crux of my argument. If you can give that service, which is the first consideration, and in giving that service save money to the city and keep the four tracks off Market street, that is what we are here for asking you to do.

Now, this question is a big, broad question; there are lots of people here who want to be heard. I do not feel that the time is ripe for me to go into an analysis of this project. I feel that I owe something—inasmuch as Supervisor Gallagher's report has taken an hour and a half—to the good people who want to be heard upon the other side.

Just one final thought. San Francisco, as I understand it, is today practically the only city, with the exception of Washington, D. C., which has no universal transfer system. Stop and think what that means to the man out in the Mission, out in the Potrero, or out in the Sunset, or anywhere in San Francisco! Today the man who works at the Union Iron Works, or the Sugar Refinery, and takes the municipal car, gets nowhere unless he lives in the Richmond District. If you have this universal transfer system, the man working out there can get his transfer to Mission, Valencia, Castro,

Haight, McAllister, or any of the United Railroad lines, and it makes no difference where he lives, for five cents he can get convenient transportation and in doing that he can get the transportation, in part, from the municipal lines. You would make what I understand is now a losing branch of the line, in my judgment, immediately a profitable branch.

But once again. I do not believe that that is the prime consideration, profit or loss. The first consideration is service. What does it mean to the man who lives out there? It means that he gets service to any part of San Francisco. And the same is true, not merely of the Potrero District, but of any section of San Francisco. At present, I happen to live—and I am very fortunate in doing so—on the municipal line. I can get down to my office. But if I want to go out to the Mission, I have difficulty. I go there about once a week. I have to walk over and take the United Railroads line or pay two fares.

The Mayor: We will take you over on the Church street line tomorrow. (Applause and laughter.)

Mr. Kuhl: Will your Honor also provide me with a bus to Church street and Mission, where I go once a week? If so, you have solved my personal transportation problem. As I said before, the subject has been so thoroughly covered, I simply want to make it plain what our attitude is. We feel that you can get this transportation, get it economically, get it at once, without the necessity of putting those four tracks down on Market street, and we feel that the four tracks on Market street is much more serious than you folks think it is. We had the same problem with the jitneys. Supervisor Gallagher made his valiant fight against us in trying to keep the jitneys on Market street. We feel that with the cars there again we will be confronted with the same situation which compelled us to come to this Board for relief. I thank you.

Mr. Skaller: Mr Mayor, inasmuch as the representative of the Chamber of Commerce has spoken, I am not ready to address you yet. Would you permit somebody who is in sympathy with the report to address the Board, because later we ought to be in a position to answer them, Mr. Mayor, I think, just for the purpose of accomplishing something.

Supervisor Wolfe: You do not desire the floor at this time, I take it, Mr. Skaller?

Mr. Skaller: I am ready to talk if his Honor desires it.

Supervisor Wolfe: You will accord Mr. Skaller the privilege that he asks,

that he be excused now, and speak later. You have been the most consistent opponent of the four tracks that there is in the city.

The Mayor: Is John L. McNab in the chamber?

Mr. Eustace Cullinan: Mr. Chairman, Mr. Kehoe has asked or suggested that I speak first on this subject, and I am going to cover only a detail or two, and then ask the indulgence of the Board for Senator Kehoe who has a more elaborate argument in support of the report of the majority of the committee, and if I may speak now, I will speak ahead of Senator Kehoe.

The Mayor: Go ahead.

Mr. Cullinan: I heard with a great deal of attention the lengthy and carefully prepared report of Supervisor Gallagher on this subject, and I waited to hear his answer on two points which are the vital points in this whole controversy, and which have been ignored in the public advertisements of the Chamber of Commerce, and to my surprise they have been ignored by Supervisor Gallagher.

The first point is this: the opponents of the four tracks and the proponents of the four tracks all agree that the thing that brings this subject forward at this time is the necessity of providing immediate transportation downtown for the district west of the Twin Peaks tunnel, the property owners of that district having paid 85 per cent of the cost of this tunnel. Our main objection and our first objection to the proposed compromise with the United Railroads is that it suggests the throwing upon the inner tracks down Market street, which are already congested beyond their efficient capacity, the transportation for the people west of the Twin Peaks tunnel, by putting more cars on tracks which cannot now accommodate the cars which the United Railroads is attempting to run upon them. (Applause.) Neither the Chamber of Commerce in its eloquent advertisements, nor Supervisor Gallagher in his lengthy report, tells us how you are going to provide transportation for that great district west of the Twin Peaks tunnel, if you don't show us how you can run more cars on the inner tracks on Market street.

Supervisor Gallagher: How many people are there at present in the district west of Twin Peaks?

Mr. Cullinan: There are four or five thousand people.

Supervisor Gallagher: How many people?

Mr. Cullinan: You ask a question, let me answer it. There are four or five thousand people in the district west of the Twin Peaks tunnel, and there are not more because they have

no railroad transportation. (Applause.) Still answering your question, Supervisor Gallagher, the purpose of providing transportation for the people west of the Twin Peaks tunnel is to enable the people of San Francisco to find sites for homes in San Francisco, so that they won't have to go across the Bay, as they do now. (Applause.) Still answering your question, and responding to a suggestion made by Mr. Kuhl, we hope, in the immediate future, to see a great establishment over at Hunter's Point which will employ five, six, maybe ten thousand workingmen—ten thousand workingmen represent families, and a population amounting to maybe forty or fifty thousand people. Where are they going to live? A very large percentage of them are going to live in the district west of the Twin Peaks tunnel. If they do not live there, they will have to live across the Bay, and we hope to provide this transportation so as to get ready for the reception of that addition to the population of San Francisco. (Applause.)

Supervisor Gallagher: Will you yield to a question?

Mr. Cullinan: I will.

Supervisor Gallagher: Is it not a fact that, instead of there being four or five thousand people west of the Twin Peaks that there are actually, and in specific numbers, only thirty-seven hundred? And is it not a fact. (Laughter.)

Mr. Cullinan: I said four thousand, maybe it is only thirty-seven hundred.

Supervisor Gallagher: I rise to a question of order. I submit to your Honor that it is about time that you arrived at the conclusion that certain persons who have come here either exercise decorum and permit a fair presentation of this case, or we quit trying to hear this question in the manner in which it is being heard. Now, I submit to your Honor, it is about time that the order of the Board that there be no demonstration be enforced, or I shall move that the meeting adjourn. One or the other.

The Mayor: I do not think the meeting will adjourn, even if you move it. (Applause and laughter.)

Supervisor Gallagher: I have not relinquished the floor, just a moment. I do not intend to get excited if I can help it. (Laughter.) But I submit when the room is packed at 7:30 with certain persons called here for no other purpose than the thing which they are doing, when in the face of that the Board has made an order calling upon the presiding officer to stop demonstrations, that you are either going to do it, or I will attempt to force an adjournment, and now, you can take your choice.

The Mayor: Let's get down to business, gentlemen.

Supervisor Wolfe: As one who is on the opposite side from Supervisor Gallagher on this subject, I desire to join with him in the request that applause be not indulged in in the discussion by our audience, that men be allowed to speak and be given respectful attention. We will save time, and we will accomplish something. I do not join, however, in the concluding portion of the gentleman's statement, as to the room being packed, or anything of that kind. Of course, I do not know anything about that, but I do join with him in the desire that no demonstrations of applause be permitted, and that we proceed in an orderly and decorous way to consider this question.

Supervisor Hayden: Inasmuch as I made that request at the outset of the meeting, depending upon you as the presiding officer, and notwithstanding the fact that that request was made, disorder has taken place in this room at times when Supervisor Gallagher has taken the floor, I again respectfully request of you that during the further discussion order and decorum be maintained.

Supervisor Gallagher: I have not finished my question to Mr. Cullinan. Whenever you are finished, I shall renew it.

The Mayor: I think if we proceed and waste less time in talking about our fellow-citizens who have gathered here tonight on this important question and remember that we are their servants, and we are here representing the people of San Francisco and that you cannot stop people from expressing themselves in a dignified, decorous way, we will make better progress. I have not seen anything here that justifies any insults being hurled at people present for the purpose of hearing a discussion. I have asked my fellow-citizens if they will be kind enough to be as quiet as possible, so that we can proceed, but to stop an occasional applause on something that is said, is like trying to stop the incoming tide. This matter is of great moment to the people of San Francisco. I don't think this room has been packed. I don't know of a soul that has been invited here tonight. I think everybody has come here tonight because they are personally interested in one of the most important questions that has come before the people of San Francisco. Now, my friends and fellow-citizens, will you endeavor to be as quiet as possible so that we can proceed and get through as quickly as possible? Go ahead, Mr. Gallagher.

Supervisor Gallagher: I desire to again ask Mr. Cullinan if it is not a

fact that there are actually only thirty-seven hundred people beyond and west of Twin Peaks, and if it is not a fact that the United Railroads will take off some of the cars now going to Sunset and to the beach by the roundabout way, and run them through the tunnel, and will not the taking off of the cars be replaced and the thirty-seven hundred people be taken care of by the cars that go through the tunnel? I ask you if it is not a fact that there are not more than thirty-seven hundred people in the whole district which is to be tapped, not one-third of whom will be served by the municipal line, if built?

Mr. Cullinan: My answer is that there are more than thirty-seven hundred people in the territory west of the Twin Peaks tunnel.

Supervisor Gallagher: Please prove it.

Mr. Cullinan: My information is that there are seven hundred people in Parkside and Sunset districts and thirty-four hundred people in the Ingleside district, St. Francis Wood, Forest Hill, and Fairmount Park.

Supervisor Gallagher: Where did you get those figures?

Mr. Cullinan: I got those figures through Mr. Baldwin.

Supervisor Gallagher: What about the cars that are now serving the district by the roundabout way that will be taken off Market street and their place taken by cars that will go through the tunnel?

Mr. Cullinan: What cars are now serving the district by a roundabout way on Market street?

Supervisor Gallagher: Ocean avenue, the Twentieth avenue line.

Mr. Cullinan: How many cars will be taken off there?

Supervisor Gallagher: Just the number that is not needed when the district is supplied direct through the tunnel.

Mr. Cullinan: Those cars at best serve the seven hundred people in the Parkside and Sunset districts.

Supervisor Gallagher: Which cars?

Mr. Cullinan: This car that you refer to, the Twentieth avenue car.

Supervisor Gallagher: It does not do anything of the sort. How does it serve them?

Mr. Cullinan: The car that you are now referring to?

Supervisor Gallagher: Yes.

Mr. Cullinan: Then if it does not serve them, there is no occasion for taking it off, is there?

Supervisor Gallagher: I am not speaking of that line, I am speaking of the Parkside line, and the Ocean avenue line which taps the Ingleside district.

Mr. Cullinan: Do you mean the Mission street line?

Supervisor Gallagher: The one which comes over Onondaga avenue and through the Mission district.

Mr. Cullinan: But that does not come down Market street.

Supervisor Power: The car he refers to is the one that comes down over Nineteenth avenue and then around Twentieth.

Supervisor Gallagher: But that is also served by a jerkwater line.

Mr. Cullinan: Do any of those cars run through on Market street?

Supervisor Power: Yes. The original suggestion of the United Railroads—it is not in this last agreement—but the original suggestion was that they would take off an equal number of cars as we put on through the tunnel line, which would necessarily mean that there would be no more cars on Market street, but there would be a direct service instead of getting it roundabout. They would take off a certain number, I don't know how many.

The Mayor: Cannot somebody tell us why we should put the four tracks down Market street, or why we should not? That is what we are here for.

Supervisor Gallagher: I told you why we should not.

The Mayor: That was only you.

Supervisor Gallagher: I will admit that that don't amount to much.

Mr. Cullinan: The question of Supervisor Gallagher I think deals only with the immediate situation. If we thought the population west of the Twin Peaks tunnel was going to remain anything like what it is now, even for a short while, it would hardly be worth building transportation out there.

Supervisor Gallagher: Will you, while you are answering that question, will you remember that the City Engineer says that for seven years it is likely to remain nearly that way, because the line west of the Peaks won't pay?

Mr. Cullinan: The City Engineer does not say there will be no increased population there for seven years. I think that Mr. Baldwin and I think that the other people interested out there would give up their propositions and close down their enterprises if they thought there was not going to be any more population out there for seven years. After we put the cars through there, why, there will be more population out there in seven months.

Supervisor Wolfe: Is it not a fact that, even though the car line when we build it should not pay immediately, that the city would get an increased revenue by the increase in value of taxable property out there, by people who will go and live there?

Mr. Cullinan: I know, but further than that, Supervisor Wolfe, while the

City Engineer says that the tracks west of the tunnel taken as an entity by themselves and considered as it were as a separate business will not pay, they will be feeders for the outer tracks on Market street, which will be the most lucrative part of the whole system. (Applause.) And the profits from the outer tracks on Market street which will be created by the business poured into them—

Supervisor Gallagher: Will you work that out?

Mr. Cullinan: One second, please—poured into them from the territory west of the tunnel, and from the Potrero line and from the Van Ness avenue line, and from the Church street line, is going to much more than take care of any loss upon the particular line on the other side of the tunnel. In fact, it would be almost impossible to compute whether or not you make a profit on a particular section of track west of the tunnel, when it is an integral part of the whole system, and a feeder for the whole system. How can you tell whether you are making a profit or not on a particular line, or a particular mile of track? You cannot do it.

Supervisor Gallagher: Will you show us how you work out, and what you have to base it on, that there will be enough income from the outer tracks on Market street to pay interest on over \$500,000 that has been put into that line?

Mr. Cullinan: Well, do you contend, Supervisor Gallagher, that the capital of the investment is supposed to be paid back in a year?

Supervisor Gallagher: No.

Mr. Cullinan: Do you deny that lines on the outer tracks on Market street will pay interest on the investment?

Supervisor Gallagher: On the full investment?

Mr. Cullinan: On the investment necessary for this whole enterprise, on the investment in the outer tracks on Market street, the line through the tunnel, and the lines that will be necessary to feed those districts through the tunnel on the west side.

Supervisor Gallagher: There is a very serious question in my mind whether they can bear that load or not.

Mr. Cullinan: There is no question in my mind, and if there was any question about it at all, you would not find the United Railroads fighting the outer track proposition. (Great applause.) The reason—and this is the main reason of this violent opposition to the city getting the use of the outer tracks on Market street and putting the outer tracks on Market street—is that the short haul traffic on Market street is the cream of the whole transportation business in San

Francisco, and nobody knows it better than the United Railroads. (Applause.)

Another matter of great importance in this discussion, which has not been mentioned tonight, is the subways which it is proposed to build under Market street, to relieve the difficulties of some of the pedestrians who desire to cross Market street.

Supervisor Gallagher: Will you explain how that is to be done with the money we have?

Mr. Cullinan: I will. There is plenty of money. But to explain that I am not going to be diverted any further from the line of my argument by a question the answer to which is perfectly obvious.

Supervisor Gallagher: Will you bring it out?

Mr. Cullinan: I will not at this time. I will go on with my argument, if you please. (Applause.) From the beginning of this controversy we have been harrowed with awful tales of the bloody scenes that are going to be enacted on Market street when we get the four tracks there. I will read you a very interesting contribution to the literature of the subject, the eloquent appeal of the Chamber of Commerce, which is always so considerate of pedestrians on Market street. It is the eloquent appeal of the Chamber of Commerce, published in an advertisement.

Supervisor Gallagher: If somebody gives a cheer on the other side, I bet they will be thrown out of the room.

The Mayor: Well, I have been listening to hear one.

Supervisor Gallagher: You will hear one, don't worry, you will hear one.

Mr. Cullinan: Well, this is a quotation from the advertisement of the Chamber of Commerce, and it may possibly gain a cheer.

"With a city of half a million we are congested on Market street"—the United Railroads admits we are congested on Market street—"With a city of a million, of two million, what are you going to do with your wives, your mothers, your sisters, your aged parents when they desire to visit the shopping district? What are you yourself, young and active, going to do, when every one of you knows that you watch your way with extraordinary caution as it is when crossing below Third, where the four tracks now are, and welcome the protection of the traffic officer?" Why, we have seen some very interesting statistics, and some of them were read by Mr. Kuhl, some of them are published by the Chamber of Commerce. I took the trouble to compare the statistics Mr. Kuhl gave. He says that his are from official sources. I haven't any doubt that Mr. Koster, the president

of the Chamber of Commerce, would say that his are from official sources. But the trouble is they did not get them from the same official sources. While I was present when Mr. Kuhl made his very able argument the other afternoon before the Public Utilities Committee, I did not carry his figures in my head, so I have taken his figures from the Chronicle's report of his talk, which seems to be correct. If it is not correct, Mr. Kuhl will correct me. Mr. Kuhl says that in the year 1915 there were killed and seriously injured by car accidents west of Montgomery, 60 people; east of Montgomery, 102 people. The Chamber of Commerce says that in 1915, the same year, there were killed and injured west of Third street—they don't start from the same point, but it is only a block difference—Mr. Kuhl says 60 people. Mr. Koster says 273 people. East of Montgomery Mr. Kuhl says 102 people, Mr. Koster says 318 people. Mr. Kuhl has 63 per cent of the damage done east of Montgomery street; Mr. Koster has 53.8 per cent east of Third street. For 1916, Mr. Kuhl has 55 west of Montgomery, and Mr. Koster has 179.

Supervisor Hayden: Will you just yield for a question? Are not those figures qualified with killed and injured?

Mr. Cullinan: I said killed and injured.

Supervisor Hayden: Isn't that the difference that in one instance they are killed and in another instance they are qualified by killed and injured—that makes the disparity?

Mr. Cullinan: No. Mr. Kuhl's figures were those killed and seriously injured.

Mr. Kuhl: Yes, sir. I told you that they were based in part on the records of the Railroad Commission, and that the rules of the Railroad Commission only required that certain accidents should be reported. I do not know the source of the figures in the advertisement. I gave you those figures as figures which the United Railroads were required to file with the Railroad Commission.

Mr. Cullinan: I am not stating which is correct and which is incorrect. I am only saying that they cannot both be correct. For 1916 Mr. Kuhl's figures for west of Montgomery street are 55 and Mr. Koster's are 179, and for east of Montgomery street Mr. Kuhl's are 414 and Mr. Koster's are only 192. For 1917 Mr. Kuhl's figures are 30 west of Montgomery, and 142 east of Montgomery, as against Mr. Koster's 129 west of Montgomery, and 115 east of Montgomery. And so, as someone said there in the debate before the Utilities Committee, unless we know what these statistics

really represent, unless we know the standard accepted by the statistician, you can draw any inference you want to, and you can dispute any inference that is drawn from any of these statistics.

Mr. Kuhl: Will you permit me to correct you? I know you would not mislead the audience.

Mr. Cullinan: Certainly.

Mr. Kuhl: The larger figures include all kinds of accident. When a car hits an automobile, for instance. The smaller figures which I gave include only accidents in which human beings were injured or killed. That is my recollection of the difference between those figures. In other words, the larger figures would include all manner of accidents. If a car hit an automobile and broke a fender, or knocked the windshield off, that would go down as an accident in one set of figures, whereas in my set, I sought to limit it to injuries to human beings.

Mr. Cullinan: You are wrong about that, because I have here Mr. Koster's advertisement. Mr. Koster's total figures are very much larger than the figures I have given. I have taken out of his itemized statement, only those under these captions: "Total number of persons injured exclusive of fatalities," and "Total number of fatalities," and have added those together. I have omitted this item, for example: "Number of street car accidents, 882; total number of persons treated at emergency hospital, 53; total number of cases reported to Railroad Commission, injured, 50; total number of cases reported to Railroad Commission, fatalities, 1." I have eliminated all those, and taken only those which Mr. Koster himself designates under the head of fatalities and persons injured, exclusive of fatalities. In other words, I have been as careful as possible to make the comparison fair.

The Mayor: Do those figures purport to give the total number of accidents on Market street?

Mr. Cullinan: They purport to give the total number of street car accidents.

The Mayor: Street car accidents.

Mr. Cullinan: Street car accidents, and then they are segregated into these items: "total number of persons injured exclusive of fatalities"; "total number of fatalities"; "total number of persons treated at emergency hospital"; "total number of persons treated at emergency hospital, fatalities". One is injuries and the other is fatalities. But in any event, Mr. Kuhl and Mr. Koster cannot both be right, and the only reason I emphasize the difference between them is to appeal both of these statistics to the

common sense and common experience of the people of San Francisco.

The Mayor: Let me ask you one question: what had the four tracks to do with those accidents?

Mr. Cullinan: I don't know. There is nothing in the record to show what the four tracks had to do. My personal opinion is they had very little to do with it. But the fact is that everybody in this room has been up and down Market street during the past three years, as his business required. How many of you have ever seen anybody killed? How many of you have ever seen anybody injured? How many of you have seen the gutters running with blood, and the sewers choked with mangled remains of pedestrians? Why, as a matter of common sense we all know, no matter what these statistics show, that there is not any serious danger on Market street where the four tracks are now. We all know that anybody with a little care can get across Market street with perfect safety, and we all know that when they build the subways under Market street whatever little danger there is now will be absolutely eliminated.

Mr. Chairman, this whole argument based upon the danger and the increased hazard which will result from improving the transportation facilities on Market street, is on a false basis. The same argument could be used, in fact the same argument was urged, in England, when the first franchise for a steam railroad was proposed. People pointed out the deaths that would be caused by the railroads. They pointed out how many people would be mangled, and they said, "Let us stick to the old system of coaches, don't try any improved method of transportation, because you increase the hazard." And so if this argument has any validity at all, we never should have built the first horse-car line on Market street, because it was safer for pedestrians before there was a horse-car line on Market street, and so we never should have changed the horse-car line to a cable line, because we all know, and doubtless Mr. Koster could produce figures to prove, that a street with cable cars on it is far more hazardous than a street with horse-cars on it, for pedestrians crossing the street. And so we never should have changed from cable cars to electric cars, because Mr. Koster himself has proved how dangerous electric cars are, and therefore we never should have changed to the electric system at all. Why, don't you see, gentlemen and Mr. Chairman, that the modern policy is to accept an improvement, and the four tracks will be an improvement, and then devise ways to minimize the

hazard? We might as well suppress the automobiles, because hundreds of thousands of people—or rather tens of thousands of people are injured every year by automobiles, and if we suppress the automobile entirely, they would not be injured. But we don't do that. We try to devise methods of protecting the people from automobiles, so that the injuries will be diminished, so that the hazard will be decreased. But we do not suppress the automobile. Doubtless more people are injured in textile manufactories now, with their modern machinery than were injured in the days when cloth used to be woven on a loom in the home—when they had the cottage industry system. You are not going to suppress the whole factory system because people get injured in it. Why, no. You adopt safety devices. Our suggestion, therefore, is to put four tracks on Market street and adopt safety devices, adopt strict traffic regulations, put more traffic officers on the street, put the subways under the street for the people who do not dare to cross on the surface, but minimize the hazard and give us a modern system of transportation. (Applause.) These gentlemen do not suggest any solution. They do not show us how we are going to provide transportation for the people west of the tunnel. They ignore the fact. Mr. Kuhl does not ignore it. He mentioned it, but otherwise the fact has been ignored that we are dealing here with a larger question than the question merely of providing transportation for the people west of the Twin Peaks tunnel. That has merely brought the matter to an issue, to a head. We are attempting to solve the problem, the important problem of transportation in San Francisco, and that problem comes down to giving the people better transportation on Market street, and you cannot give them better transportation on Market street, as I said the other night, unless you give them a subway, and the time has not come for a subway. We cannot finance a subway. Or unless you give them some kind of an overhead contrivance which the merchants on Market street would be the very first to oppose, although they might suggest that it go down Mission street, where it would injure somebody else's property. But the overhead is an antiquated device. I think the last overhead railroad has been built in the world. Anyhow, an overhead is pretty near as expensive as a subway, because you have to pay damages to the property owners who are injured by it. Therefore, the only thing left to do is to build four tracks on Market street, and when you build them and try them, you will find that all this

talk about mangling human beings on the street, and all this talk about the danger to your wives and your mothers and your sweethearts is all nonsense, is all imagination, and you will find that the transportation problem on Market street is solved as well as it can be solved, until in the future years we provide a subway for the people of San Francisco. (Applause.)

Supervisor Gallagher: I would like to ask Mr. Cullinan another question. Do you believe that the views of some thirty thousand people—that your particular views should be set up as against the views of some thirty thousand people who have said they believe there will be danger, ninety per cent of whom are women shoppers on Market street? And while you are answering that question—

Mr. Cullinan: If you will let me answer that, first, to avoid confusion. Mr. Gallagher, you have in your hands a petition which doubtless has been signed by twenty thousand people.

Supervisor Gallagher: If you have any doubt about it—

Mr. Cullinan: Have you counted them?

Supervisor Gallagher: I have not counted them.

Mr. Cullinan: Well, say twenty or thirty thousand people have signed them. Mr. Gallagher is too sophisticated himself, too experienced in the ways of public life to set much store by any such petition as that. He knows how easily these petitions can be secured, and he knows that nine people out of ten will sign any kind of a petition you hand them, rather than argue about it. Personally, I do not take these petitions very seriously, and I do not think they are any index of public opinion. I haven't any doubt, but that, if we sent out petitions to get signatures, we could get thirty thousand for every fifteen thousand you could get on your side. (Applause.)

Supervisor Gallagher: Then, in order to take the broad smile off the Mayor's face (laughter), I desire to ask another question. I desire to ask if what Mr. Cullinan says as to these petitions and their value might not also be well applied to the ones furnished by the so-called but defunct Public Ownership Association and filed for the four tracks? So that, the scales being equalled, the petitions ought to be burned up.

Mr. Troy: No, yours are a fraud and ours are not, children signed yours. (Applause.) It has been proved, Mr. Mayor, that children signed that petition.

Supervisor Gallagher: I take occasion to say that as usual, our alphabetical friend is not telling the truth.

Mr. Troy: I have got the proof right here. A lady saw children sign it.

Supervisor Gallagher: I would not believe you on a stack of Bibles as high as the City Hall.

Mr. Troy: If you will permit me, I will just make the statement for a lady who is right here.

Supervisor Hayden: We are not quite through with Mr. Cullinan now, and I would ask Mr. Troy to yield.

Supervisor Gallagher: I desire to ask Mr. Cullinan another question.

The Mayor: I will give you a chance, later on.

Supervisor Gallagher: Yes, give him a chance along about one o'clock. I desire to ask Mr. Cullinan another question.

The Mayor: You will be here then, and if you will not, I will.

Supervisor Gallagher: When Mr. Cullinan says that overhead systems are antiquated and so on, does he place his judgment up above the judgment of the City Engineer, O'Shaughnessy, who says the exact contrary in a report to this Board?

Supervisor Hayden: I was going to ask the same question.

Mr. Cullinan: I have, of course, as has everybody who knows anything about the subject or knows City Engineer O'Shaughnessy, the very highest regard for him, and I would always be willing, in a matter of that kind, to defer to his judgment, but when City Engineer O'Shaughnessy says that an overhead line can be built, of course it can be built. Does he approve it?

Supervisor Gallagher: Yes, he says it can be built to run nearly noiselessly.

Mr. Cullinan: Does he say it can be built for anything within the means of the city?

Supervisor Gallagher: No.

Mr. Cullinan: Then what is the use of discussing it. The fact is that we cannot build either a subway or an overhead line with the money we have. The Chamber of Commerce suggests an overhead line sometime in the future, but very carefully puts it south of Market street. They would not think of putting it north of Market street. They put it south of Market street, and doubtless contemplate that it shall run out through the Mission district.

Supervisor Gallagher: My dear friend, Eustace, is in the position, just as it were by magic wand waving everything aside that disagreed with him, and confidently smiling at everything that agrees with him. That is about the situation. Mr. O'Shaughnessy has said that among the up-to-date methods is the overhead.

Supervisor Wolfe: I do not like to

interrupt, but this is argumentative, and might be included in the argument of Supervisor Gallagher.

Supervisor Gallagher: You are quite right, Senator.

Mr. Cullinan: If I may add one suggestion to the talk which I have made, it is this: I note with the greatest pleasure the very keen interest that the Chamber of Commerce is now taking in Hunter's Point, and in the municipal line to Hunter's Point. But I have been here on the floor of the Board of Supervisors, asking for appropriation in the budget to build roads into Hunter's Point, and to develop the factory districts of San Francisco over in the Mission, and those were critical times for Hunter's Point, those were times when we needed the help of everybody who was interested in the upbuilding of San Francisco, and there was not any representative of the Chamber of Commerce here to help us then get the road into Hunter's Point.

Supervisor Gallagher: That is one point on which we agree. We agree on that.

The Mayor: Senator Kehoe has the floor.

Supervisor Hayden: I would like to ask Mr. Cullinan if his impression is that our Chief Engineer has an idea that the overhead system is impracticable in San Francisco?

Mr. Cullinan: I have not said anything about what Mr. O'Shaughnessy said. It was Supervisor Gallagher who dragged him into the discussion. I was expressing my opinion, not Chief Engineer O'Shaughnessy's opinion.

Supervisor Hayden: I know that the Chief has discussed with me the feasibility of an overhead line.

Supervisor Gallagher: I submit that Supervisor Wolfe's point is well taken, you are arguing.

The Mayor: Cannot we get our of the air?

Supervisor Hayden: You do not object to my asking questions here?

The Mayor: But what has getting up into the air got to do with the matter before us?

Supervisor Hayden: It seems to be the situation tonight that it depends upon who asks the question. I want to emphasize this, before Mr. Kehoe proceeds, that our Chief, a gentleman for whom I have the highest regard, and a man whom I feel has been the best engineer whom San Francisco has ever employed, and we are fortunate in having him in the employ of the city, has discussed with me the feasibility of an overhead line of modern construction, noiseless and economical, such as they have introduced in Chicago. That is the impression I have had, and I am a lay-

man and not an engineer, and I received that from our esteemed Chief Engineer.

Mr. Cullinan: Do you now seriously recommend an overhead line as the solution of the problem we are now trying to solve?

Supervisor Hayden: I am not the Chief Engineer of this municipality, and I am not making any recommendations of that kind, but we are following our Chief Engineer, and he has made that suggestion to me.

Mr. Cullinan: If the Chief Engineer recommends four tracks down Market street, will you follow him?

Supervisor Hayden: I won't say that.

Supervisor Wolfe: I would like to ask Supervisor Hayden if the Chief Engineer, almost in terms, does not recommend the four tracks on Market street?

Supervisor Hayden: No.

Supervisor Wolfe: Well, I will read it to you.

Supervisor Gallagher: And I will read it the other way when you get through.

Mr. William Kehoe: Mr. Mayor, and the members of the Board of Supervisors. At the outset I wish to assure you—

Supervisor Hayden (interrupting): I would like to ask if the Senator is representing Humboldt County on this matter?

The Mayor: What is the difference what he represents? Go ahead, Senator, don't answer the question.

Mr. Kehoe: Mr. President, at the outset I wish to assure the members of the Board of Supervisors that I am going to heed the admonition that was given earlier in the evening to be brief in my remarks. I wish also to state, with reference to the question that has been asked me by the Supervisor from San Francisco, that last fall, while a resident of the First Senatorial District of the State of California, I was elected to serve that district in the Senate of the State.

Supervisor Hayden: What district is that?

Mr. Kehoe: That is the First Senatorial District.

Supervisor Hayden: What counties are in that?

Mr. Kehoe: There is Del Norte, Trinity and Humboldt counties. At the conclusion of the Legislature I came from Humboldt to engage in business in the city of San Francisco, and I am here. I have been accepted by some organizations in San Francisco, and have been invited to participate in their doings. I today received an invitation from the Chamber of Commerce of San Francisco to become one of its members.

Supervisor Gallagher: Are you going to accept that invitation?

Mr. Kehoe: I have come here to be one member of the business life of the city of San Francisco and to take part in the public affairs of this city, and wherever I deem that I can be of any service to the city of San Francisco, I propose to take my part in whatever work it is, regardless of whether at one time I lived in another community, and regardless of the fact that I represent a Senatorial district that is beyond the limits of the city of San Francisco. But so far as my argument is concerned, I cannot see that the force of it can be at all dependent upon the place from which I come. I cannot see that it would make any difference whether I resided south or north of Market street as to what the weight of my argument might be. I think the arguments that I will advance, if any I should put forward, depend upon the reason back of those arguments, rather than upon the particular location in which I happen to live. It might make some difference with some of the Supervisors as to whether or not I am a voter within their particular districts, as to whether they would pay much attention to it, but as to the logic of the situation, the place of my residence has nothing to do with the force of the logic behind the argument that I might present.

Now, with reference to the position in which I am here this evening, I desire to state that I am here representing that Public Ownership Association that has been pronounced defunct by Supervisor Gallagher. And in denial of the statement that was made by the Supervisor, or in other words to set him right upon the question, I want to say that some three weeks ago there was to my knowledge a meeting of that association, and at that time there were some forty or fifty members present. The Supervisor himself was not there, but I do not take it that the absence of the Supervisor left the association defunct, because we did at that time have an election of officers, we did at that time unanimously pass a resolution in opposition to the approval by the Board of Supervisors of the proposed compromise offered by the United Railroads, and the association has certainly shown itself very active in the past three weeks for an association that is defunct.

There is one matter that it seems to me can be stated without any doubt, and that is that the two street railroads, the two rails on Market street, are incapable of taking care of the traffic on that street at the present time. I believe that that is an admitted fact. In fact, the United

Railroads itself has admitted that the two tracks are not adequate to care for the traffic upon that street. Perhaps its officials have not come out and admitted it in so many words, but we were told at one of the recent meetings of the Public Utilities Committee, I think by Mr. Kuhl when he was challenging some of the figures as to the headway there, when somebody had stated that there was a headway of one hundred and seventy-eight cars upon Market street, he challenged the figures and said that there was but one hundred and sixty-two, because sixteen of those cars had been taken off Market street and diverted down Mission street, I believe.

Supervisor Wolfe: They stop at Eddy street.

Mr. Kehoe: During peak hours they were diverted off of Market. Now, why were those cars taken from Market street and diverted to another street during peak hours as Mr. Kuhl says?

Supervisor Gallagher: What cars?

Mr. Kehoe: The Turk and Eddy.

Supervisor Gallagher: They are not diverted, Senator, they are simply turned back at the point of Eddy and Market street, that is where you made your mistake.

Mr. Kehoe: They were diverted to get them off of Market street at that point during the peak hours according to Mr. Kuhl.

Mr. Kuhl: But Supervisor Gallagher, in my opinion quite correctly takes exception to the use of the word "diverted". They stop at Market street and turn back, they never run down Market street.

Mr. Kehoe: They were diverted from Market street.

Supervisor Gallagher: They were taken off.

Mr. Kehoe: They were taken off, and why were they taken off of Market street? Because the traffic was too heavy to permit of their continuance during that time, and therefore I say that by its own action the United Railroads has admitted that the traffic on Market street during the heaviest hours, at any rate, is too great for all of the cars to run upon the street that are necessary there.

Supervisor Gallagher: I don't know where you get your information, but so that the record will be right, and so you will have it right, the resolution of the Board of Supervisors was adopted at one time, quite some time ago, requesting them to divert those cars at that point—to take them off.

Mr. Kehoe: Why?

Supervisor Gallagher: Because there was congestion.

Mr. Kehoe: Yes, because there was congestion; in other words,

then, we not only have the action of the United Railroads in stopping them, but we have the action of the Board of Supervisors of the City and County of San Francisco, requesting them to take that action because the tracks on Market street at the present time are not sufficient to handle the business that at the present time passes over those tracks.

Supervisor Wolfe: And that was in 1910, Senator.

Mr. Kehoe: That was in 1910, since which time the population of San Francisco has grown, the business on Market street has increased. Now, if the tracks are not capable of maintaining at the present time the traffic that has to go over those tracks, then how are you going to improve conditions by putting an additional burden, additional cars upon those tracks that are already overburdened? Now, I know it will be suggested, as was said in the argument, that by taking some of the other cars off of the other lines, that the same number of cars only will be sent down Market street. But the very purpose of running the lines out through the tunnel is to increase the population out in that section, and when that population does increase then more cars will be needed to handle the traffic from that particular section, and your increased burden will be thrown upon Market street, and then when you get your additional cars, it will simply mean either that you will have to send them in a roundabout way or you must take other cars off of Market street and send them to some of the other streets. Are you increasing the service to those other lines by taking their cars from Market and sending them to Mission or some other street? Now, the purpose is to give the best service to all parts of the city, and you cannot possibly give that service by putting certain cars on Market street that are not there now, and taking off of Market street the cars that are now running there, in order to make place for the new cars that you are desirous of putting on Market street. And since you must necessarily decrease the service to other parts of the city by putting on cars that do not at the present time run on Market street, there is only one way, in my judgment, that you can solve the problem. and that is to make additional tracks on Market street—put your four tracks there, then you have the opportunity of accommodating all the cars that will be necessary to handle the traffic at the present time. Now, that the tracks are congested, that they are not capable of handling the traffic that is there at the present time, is apparent when we stop to consider that, ac-

cording to experts, the headway should be not to exceed 128 cars per hour, in order to get the greatest efficiency, and yet until they diverted the sixteen cars per hour in order to relieve the congestion, they were running 178 cars headway per hour, and after taking the sixteen off, they were running 162. Now, you will, simply by putting other cars on Market street, make the situation worse than it is at the present time, and it is certainly deplorable enough now. Therefore, as I say, the Board of Supervisors and the government of the city is up against this proposition: they must either take some of the cars that are running on Market street off of that street and put them on some other street, or they must build additional tracks on Market street in order to accommodate the business. Now, the people of the city of San Francisco are desirous of getting on to Market street, I take it, not for the purpose of going to the ferry, but they are desirous of getting on Market street for the purpose of visiting the stores along Market street to do their purchasing, the largest stores being upon that street. Therefore, when you take a car off of that street, that is running there at the present time, and put it on some other street, you are inconveniencing the people who are using that car for the purpose of getting on Market street.

Supervisor Gallagher: You believe that all the cars then, Senator, must go down one street, and that we must make this a one street town as far as street car service is concerned? Is that the Idea? Don't you think we should spread it?

Mr. Kehoe: No, that is not the idea. If I were handling the street car situation, I would divert all of the cars that I possibly could into Market street, because, by so doing, I would feel that I was giving the best system possible for the accommodation of the people of San Francisco, and if I were building the municipal system of the city of San Francisco, I would most certainly, in giving an efficient system to the people of San Francisco, want a line down Market street, which is the main artery of the business life of the city of San Francisco. If the city goes on and builds itself two additional tracks on Market street, then it will have that main line down the main street, and will give the people a better service than it can give them without the presence of those tracks.

Supervisor Gallagher: You are aware that an officer of your association, Mr. Troy, was before our Public Utilities Committee, requesting

us to force the United Railroads to run more cars out in his district, and therefore down Market street. You are aware of that?

Mr. Kehoe: No, I am not aware of that.

Supervisor Gallagher: The records will show that.

Mr. Kehoe: That may be the fact.

Mr. Troy: Well, I will say the Supervisor is not telling the truth.

Supervisor Gallagher: The Mayor has not had a cheer for a long time. I wanted to help him out.

The Mayor: May I ask you, Senator, if you were a director of the municipal railway line, and not a director of the United Railroads; of course, would you think it would pay to build the double tracks down Market street—looking at it as a director of the municipal railway line?

Mr. Kehoe: If I were a director of the municipal line?

The Mayor: You think it would be a good business proposition?

Mr. Kehoe: I most certainly would vote in favor of building the line down Market street.

Supervisor Gallagher: Of course, that is what the Mayor expected you to answer.

Mr. Kehoe: I take it for granted that the Mayor did expect an answer of that kind.

The Mayor: But you are not a director of the United Railroads, are you, Senator?

Mr. Kehoe: No, I am not. (Applause.)

Supervisor Hayden: He has not been here long enough yet, Mayor.

Mr. Kehoe: If I were a director of the United Railroads, or an individual representing the interests of the United Railroads, I would be here fighting for this compromise. (Laughter and applause.)

Supervisor Gallagher: What would you do, Senator, if you were a member of the Chamber of Commerce, like the Mayor, and also trying to help out the labor societies? How would you do, then?

Mr. Kehoe: If I were a member of the Chamber of Commerce I would work for the interests of the City of San Francisco, and I would vote to put the four tracks on Market street. (Applause.)

Supervisor Gallagher: By the way, can you vote for this if it goes to a vote?

Mr. Kehoe: No, sir.

Supervisor Hayden: Might I ask you a question? You spoke of the Chamber of Commerce. The Chamber of Commerce in their advertisement today are recommending a referendum on this question. Supervisor Gallagher reports 20,000 signatures against the four tracks on Market street.

The Mayor: Have you got through counting them, Supervisor?

Supervisor Hayden: If the Mayor will give me an opportunity—

Supervisor Gallagher: I am counting them, and I am now reading everybody's name, to see how many of your friends are among them. There are a lot of them, too. I see one of your sponsors down here.

Supervisor Hayden: If the Mayor will give me an opportunity, I would like to finish my question. I want to ask a question of Senator Kehoe, without interruption, if you please. I want to ask you this question, Senator Kehoe. Supervisor Gallagher reports 20,000 protestants against the four tracks on Market street. Mr. Troy files 10,000 signatures here—

Mr. Troy (interrupting): We have more, too, genuine.

Supervisor Hayden: Which shows there is a divided opinion on the question of four tracks on Market street, which you will admit. You have had a reputation in the State Legislature, and a good reputation, as a champion of direct legislation, being one of the espousers of the initiative and referendum, and running in company with our esteemed United States Senator Johnson, don't you think that with this divided public opinion that this matter could be referred by the Board of Supervisors to the people, and let the people decide it? Do you think that would be a fair means of settling the matter?

The Mayor: May I interrupt—

Supervisor Hayden: Mr. Mayor, no, please. I wish no interruption.

Supervisor Gallagher: You need not be afraid, the Senator will answer all right.

Supervisor Hayden: Now, I ask your permission, and I put a question to the Senator, and I want to ask it without any help from your esteemed self. I want your answer.

Mr. Kehoe: I am willing to answer.

The Mayor: Will you give me permission to ask him a question?

Supervisor Hayden: After he gets through with his answer to my question.

Mr. Kehoe: I will answer that question.

Supervisor Hayden: You are a champion of direct legislation?

Mr. Kehoe: I stood for the legislation that you call direct legislation. That legislation also provides this, that whenever an ordinance is passed that then, if there are a sufficient number of people in the community who are interested enough in the matter to put the city to the expense of an election, they have a right to do so by circulating a peti-

tion, and submitting that decision to the proper authorities, and thereby getting their election. Now, if I were a San Francisco Supervisor, instead of reading these petitions that are not asking you to call an election, but are asking you to act a certain way, I would vote according to my conviction on the main question itself, and then leave it to the people to say whether or not they wish to be put to the expense of an election instead of imposing that burden upon them. (Applause.)

The Mayor: In other words—

Supervisor Hayden: The petitions on file, under those circumstances, then, if the Board of Supervisors is to be guided by public opinion, from the petitions on file, the views against four tracks on Market street outnumber those favoring four tracks almost two to one right now.

Supervisor Gallagher: The door of initiative and the door of referendum petition are closed by virtue of lapse of time. Now, that being so, here are 20,000 names added to 10,000 already filed, 30,000 people sincerely signing protests with no opportunity for the initiative and the referendum. Do you think that the Board ought to deny the people that right?

Supervisor Hayden: When the Board has the power.

Mr. Cullinan: May I ask the Supervisor a question? Where were these 20,000 people during the statutory period when they had the right to referendum the resolution? They had to be prompted, they had to send men out for these signatures. There wasn't any popular opposition to the ordinance. It had to be drummed up, by advertisements in the paper, and the people were fooled by these advertisements.

Supervisor Gallagher: I will answer that by saying that I am one of the members of this Board, and so did every one of the other eighteen members, who voted in favor of that ordinance, and did so in order to put the city in the strategic position of forcing the hand of the United Railroads. You know that, and every member of the Mission Promotion Association knows it, and you know that the time of negotiation lapsed over the period of time when they could proceed under the initiative and the referendum. I will say one thing more while I have a chance to get a look in. If the proponents of four tracks on Market street were dead on the square, and thought they represented the people, they would not be afraid of a referendum.

Mr. Cullinan: In answer to that, I will say this: we are not afraid of any referendum.

Supervisor Gallagher: Let's have it then.

Mr. Cullinan: The time we hear most about a referendum these days is the time when it is invoked to serve the purpose of a corporation, and to stop the development of the municipality or some public enterprise. (Great applause.)

Supervisor Gallagher: I bet that tickled you to death, Mr. Mayor.

Supervisor Hayden: This question of initiative or referendum, of course, is a very healthy question at this time.

Supervisor Gallagher: Do not forget that Mr. Troy put up the last one.

Supervisor Hayden: I only want to answer Mr. Cullinan in a very respectful way, and remind him of the policy of this administration, of which I am part and parcel, in the case of another public question in which a great deal of interest was aroused, and opposition against and people in favor of,—I mean the question of cemetery removal. What happened?

Mr. Cullinan: I will answer that by calling your attention to this fact: the last referendum we had—

Supervisor Wolfe (interrupting): I rise to a point of order. Senator Kehoe has the floor. If the Supervisor desires to ask him any question, that is within his privilege, but not to make an argument at this time.

Supervisor Hayden: I just wanted to remind Mr. Cullinan that this Board had passed an ordinance on the cemetery removal, and the Mayor signed it, as was his right and prerogative, and he took advantage of the charter provision which allowed him to refer it to the people and let the people decide. Why? Because it was a much discussed question.

Supervisor Wolfe: I renew my point or order.

Supervisor Gallagher: I think the Senator is excited.

Supervisor Wolfe: I renew my point of order, and I ask for a ruling.

The Mayor: Ask him the question, Mr. Hayden.

Supervisor Hayden: I will accept the point of order as well taken.

Supervisor Mulvihill: There are many people here who want to speak on this question. It is 11:15, and the hearing is to close this evening.

The Mayor: They were all here at half-past seven.

Mr. Mulvihill: There are some ladies here that desire to address the Board.

Mr. Kehoe: There is but one other point to which I will call attention, and then I will close.

The Mayor: Mr. Hayden asked you a question, Senator, about what you would do about referring this matter to the people.

Mr. Cullinan: He asked the question of me, and I would like to answer it.

Supervisor Hayden: Senator Wolfe made a point of order.

Supervisor Mulvihill: I rise to a point of order. We should have some order here.

The Mayor: Supervisor Wolfe raised the point of order that Supervisor Hayden was arguing the point. I ruled that the point of order was well taken. Supervisor Hayden asked a question of Mr. Cullinan. Now, he can answer it.

Mr. Cullinan: I will say this, because I was asked the question: the last referendum was the Spring Valley referendum, which was invoked by people who made the very argument that Mr. Hayden is making now.

Supervisor Gallagher: Mr. Troy and myself.

Mr. Cullinan: Mr. Troy was on the other side. I did not agree with him. We could have bought the Spring Valley then for \$34,000,000. We were blocked by the referendum, and the other day the Master of Chancery put a valuation on it of some million dollars in excess of the price for which it was offered to the people of San Francisco. I would like to buy it now for the price we could have got it for then.

Supervisor Gallagher: Would you duplicate the system?

Mr. Cullinan: I do not understand your question.

Supervisor Hayden: I rise to a point of order.

The Mayor: So far as the question of Spring Valley is concerned, I doubt very much whether we should take that up now. We had better stay with this subject, because the Spring Valley was a very sad loss to the City of San Francisco. Of course, Mr. Gallagher, you were the leading spirit in the defeat of Spring Valley.

Supervisor Gallagher: You bet, and I am glad of it.

The Mayor: I am very sorry that it was beaten. Now, tonight you are the leading spirit in the attempted defeat of the four tracks down Market street.

Supervisor Gallagher: I am not the leading spirit, I am simply trying to give you a little wisdom.

The Mayor: I am trying to realize my position as President of the municipal railway line, and trying to build the road for the people, trying to build it down Market street. (Applause.) I only represent one interest when I am sitting here, and that is the people of San Francisco, and the municipal railway line, and no other. (Applause.)

Supervisor Gallagher: You say that you only represent one interest?

The Mayor: I say that right now,

that I represent, seated here, only one interest, the people of San Francisco and the municipal railway line.

Supervisor Gallagher: Let that be admitted. Do you know anybody sitting here in this Board who is not?

The Mayor: I have not accused anybody. Why should you be so touchy about it? (Applause and laughter.)

Supervisor Gallagher: I just wanted to get that admission out of you so that your inference would not be misunderstood, and as for the scab ex-carmen of the United Railroads out there that are howling at me, I am not a bit afraid of them, either. If you are going to permit this sort of thing, I am going to get into it.

The Mayor: I am not permitting anything. I am doing the best I can.

Supervisor Gallagher: Yes you are. You tried to—at least I thought that you did—let's be fair about it—you tried to cast an inference that other people were representing other interests here.

The Mayor: I didn't say so.

Supervisor Gallagher: As long as you have said you didn't accuse anybody here, I am satisfied, and the ex-scab carmen of the United Railroads might take that home with them.

The Mayor: Proceed, Senator Kehoe.

Mr. Kehoe: Mr. Mayor, there is just one point more, as I say, to which I desire to call attention, and then I will yield the floor to someone else. Emphasis has been placed upon the fact that this Board of Supervisors—that this contract provides that it may be terminated at any time by six months' notice to the opposing party, and therefore the suggestion is made to you that no danger can come to you by entering into a contract such as the United Railroads proposes. Now, at the present time, by virtue of a court decision, the city of San Francisco has the right to build its tracks on Market street. At the present time it has the right to build and operate through the Twin Peaks tunnel its own railroad. And yet, with those rights now in the possession of the city of San Francisco, here you are, and here are the citizens of San Francisco, fighting to try to hold in their grasp those rights that they now possess and that they now have in their possession. And if you have to fight so hard now to hold those rights when you have them, how in the name of heaven are you ever going to get them back from the United Railroads if you let them get them in their possession? (Applause.) There is an old saying that possession is nine points in the law. At the present time you have nine points

and the United Railroads has one, and you are fighting as hard as you know how in order to keep the possession with that advantage in your favor. Now, if you turn the possession over to them, and give them nine points, and you have only one, how are you going to get it back? You cannot do it. You will have years of litigation if you ever turn over those rights to the United Railroads. Now, just one point more, and then I will take my seat.

The Mayor: Do not be in a hurry to finish.

Mr. Kehoe: There are two ways of killing off any movement, such as the movement for municipal ownership. One is to give it a death blow, if you can do it, but if you cannot succeed in defeating the movement itself, then the next best thing to do is to retard the movement as long as you possibly can in the hope that some future administration may not be so favorable to the policy of municipal ownership as the present administration is. Now, of course, in view of the sentiment that has been aroused, the United Railroads could not come forward and advocate that this community give up the idea of municipal ownership. They could not hope to win in an open fight of that character, and therefore, not being able to make a fight of that kind, the course of wisdom would suggest to them to adopt a policy to delay the construction of tracks as long as possible, in the hope, as I say, that some succeeding administration might be less favorable to the idea of municipal ownership than the present, and then they might be able to accomplish their purpose, and so under those circumstances the very thing that they would do is the thing that they are trying to do at the present time, to get the city of San Francisco to enter into some kind of an arrangement whereby the work of extending the municipal system will be delayed for the time being. The city should not fall into the trap that they are laying for it. (Applause.)

Supervisor Gallagher: Now, I would like to ask the Senator, Mr. Cullinan the other night—

Mr. Morrissey (interrupting): I have been connected with the improvement clubs of this city for many years, and have been for the up-building of San Francisco, and I say this evening, right here now, there is one thing we should do. We have started a job, let's finish it. It is easily known that the United Railroads have never done anything for San Francisco. They have always done things detrimental to San Francisco. We are 50 years behind the

times due to the actions of the United Railroads, and now that we have the machinery in our hands let us finish the job. It might be said here by Mr. Gallagher in some of his figures in quotations, it might be said that it will not pay. Why should it pay? It is only started. Every business has to be started. Let's finish it. Why it is a shame to think that we should waste our time battling on this proposition. I know how this will be finished. There will be four tracks down Market street, and that is all there is to it, and that is the only way to do the thing properly and right, is to put four tracks down Market street, and finish the job.

Supervisor Gallagher: That is the second time since the hearing commenced that somebody has said that there is danger of the city government not being favorable in future to municipal ownership, as it is now. Does Mr. Kehoe intimate that the good people of San Francisco are going back to the old style of government, that they have learned nothing from the lessons of the past? Is that the faith you have in the electorate of this city and county? You are only a new resident, I will admit. Is that all the faith you have in them?

Mr. Kehoe: Mr. Mayor, I did not make the statement that the city of San Francisco was going to recede from its present position. My statement was this: that the United Railroads, realizing that it had no hope from this administration on the question of municipal ownership, would look to the future, in the hope that then it might be able to get an administration more favorable to it and less favorable to the municipal ownership. (Applause.)

Supervisor Wolfe: I desire to make a motion. It is 11:30. I desire to move that, when any other citizen shall be accorded the privilege of the floor, that it be the sense of this Board that he shall not be interrupted by questions from any one. (Applause.) I desire to make that motion only for the purpose of giving the people a chance.

The Mayor: I will cut it down.

Mrs. Bearwolfe: The Supervisors have held this floor down all evening, and the people and the tax-payers have come here to give their sentiments, but every time a citizen has got up here to speak, he has been called down by this Board. When the people of San Francisco issued bonds for our road, it was an indication that we wanted a road, and today we are confronted by people who tell us that we do not want it, the United Railroads want it and should run it

for us. The little piece of road down there that you are all squabbling about worse than any old woman in her kitchen—I would be ashamed of my daughters if they fought like you have done. We want that little piece of road because it makes San Francisco's municipal roads complete. It is the key to San Francisco, and if the people did not want it they never would have voted the bonds to put any road in San Francisco. It was referred here tonight about the women. This is a woman's reason. We have several. We have the privilege of having several reasons. The first is, you say that it endangers the life of women and children. That has been dwelt on very much tonight. If the women in Europe can go to the ditches to fight for their husbands, the women of San Francisco can take care of their children on Market street. (Applause.) One moment, please.

There is another thing that I want to call your attention to. They have given statistics of people killed in San Francisco. I will bet you ten dollars to ten cents that out of that number there were not five women to fifty men killed, and I defy anybody to show me different. There has been a great many men killed, and perhaps some of these men here can tell us why. The poor men traveling to and from their work have got to hang on by their eyebrows. That is one reason why so many of them get killed. If the United Railroads was so much interested in behalf of the people, they would have given fifty-fifty transfers long ago, and not be hollering at the tenth hour for fifty-fifty transfers, if they were so interested in the welfare of San Francisco.

Furthermore, every step that the city has taken in owning her own tracks has been hampered by the United Railroads. They pretend to tell us that they are so much interested in the poor women and poor children. I can show you fifty places where women and children have been injured and they cheated them out of the doctor bill, and I can prove it. I am getting away from the subject, I will confine myself strictly to the point of getting four tracks down Market street. That street is the key to San Francisco today, and we either put our tracks down, or we give our road to the United Railroads. Are the tax-payers going to throw away the money that we have already invested? Are we going to turn it over to a corporation? Have we not suffered enough from corporations, gas, water and railway? If the city needs more bonds, and you men do your duty and spend our money as we desire it spent, instead of squab-

bling, and look after the people's interests, we will give you money to build whatever roads San Francisco needs. (Applause.)

And what is more, in the days of '49 mother's clothes-line done the work. I don't say where it went, whether it went on the back of the neck, or not, but if we do not get more justice, the days of '49 will be repeated in San Francisco. You might say, "Well, the women did it." A woman raised every one of you, and some of you are a disgrace to the woman who raised you. (Applause.)

Supervisor Power: I would suggest that the last speaker be asked upon whom she casts that last reflection.

Mrs. Bearwolfe: Don't never take a stone unless it hits you. (Applause.)

The Mayor: I must ask you to be quiet.

Supervisor Power: I don't know whether this particular lady has raised any children or not.

Mrs. Bearwolfe: I have three.

Supervisor Power: And I do not know whether the other members of this Board have lost their mothers. But I happen to be one whose mother died years ago.

Mrs. Bearwolfe: This is not an argument of mothers, this is an argument between the United Railroads and the city. Confine yourself to that subject. (Applause.)

Supervisor Power: I think, Mr. Mayor, from the reflection cast upon the members of this Board—

Mrs. Bearwolfe: (Interrupting) If the gentleman takes it as an insult to the Board, I withdraw it for the sake of the argument.

Supervisor Gallagher: For which we thank you, very, very much.

Mr. E. P. E. Troy: Mr. Mayor, and gentlemen of the Board, before I say the very few words that I wish to say myself—and I will do so very briefly—I want to first call to your attention the fact that we have here this evening, Mrs. J. C. Bauer, who is the President of the Ladies' Outdoor League of Glen Park. Mrs. Bauer was in Hales store on last Monday morning, and she found in Hales store a woman at the front door taking names of people to these petitions of the character that Supervisor Gallagher presented here tonight. She also found another woman up in the ladies' waiting room taking names to the same petition. She saw one of those women—and Mrs. Bauer is right here now—she saw one of those women take the signature of a ten-year-old child. Mrs. Bauer spoke to the woman and told her she should not take the signature of children to such a petition, and the woman

said that this child was a patron or a shopper in the store, that the ten-year-old child was a shopper, and could sign it. She also protested to the woman against their duplicating the signatures by taking them at the front door and again in the ladies' waiting room, and her protests were of no avail. So you can see that these petitions are duplicates largely, and are also signed by children.

Supervisor Gallagher: Do you wish the lady to be heard now?

Mr. Troy: This is the lady.

Supervisor Gallagher: I move she be granted the privilege of the floor.

The Mayor: Go ahead, Mrs. Bauer.

Mrs. J. C. Bauer: I have never met Mr. Troy before. This is my first meeting with him. I was in Hales store, not thinking of any petition at all, but I was there on Monday morning at 10 o'clock. The ladies all came in there and took their places, and I don't think they ever had petitions before, and I sat there at least an hour, and saw these same ladies taking the names and asking everybody, from a child up, to sign those papers, and I read on their signs what they were for. I went up to the ladies, and I said, "I guess you have never done work like this before?" and they said, no, that they were hired by the United Railroads to go in there and do that. I told them it was all right them doing that, but they should not take two names at a time from the one party. I also went down to the lady in front of Hales store, and I asked her if she knew that the ladies upstairs were taking the names twice, and that they were taking the names of children. She said no, she did not. I said, "I will advise you to ring in to your headquarters, and get a few orders, whether you are doing right or wrong, because I think your petitions will be thrown out when they go before our Board of Supervisors."

Supervisor Gallagher: Before Mr. Troy proceeds further, I would like to ask him—

Mr. Troy: I desire to talk first, Supervisor Gallagher, and then if you wish to ask me any questions, I will answer any questions that you may ask me. (Applause.)

Supervisor Gallagher: I would ask Mr. Troy to yield while I present Mr. Average Citizen who will testify that the petitions gotten by the association of which Mr. Troy is something or other, were gotten by lies and fraud, and were paid for by a well-known capitalist who would like to grab the United Railroads. Mr. Average Citizen will appear later.

Mr. Troy: What petitions do you refer to, Supervisor Gallagher?

Supervisor Gallagher: Go on now from where you started.

Mr. Troy: If Supervisor Gallagher refers to these petitions that are on the table, I will tell him that he is not telling the truth. The petitions on the table, not one of them were paid for.

Supervisor Gallagher: They were not paid for?

Mr. Troy: Not a petition on that table was paid for.

Supervisor Gallagher: Who paid for your petitions?

Mr. Troy: Not a petition on that table was paid for.

Supervisor Gallagher: Who paid for your printing?

Mr. Troy: The car men themselves got them out.

Supervisor Gallagher: Some of those ex-scabs of the United Railroads—they would not pay for anything. (Hisses.)

A Citizen: I want to know whether you are referring to me as a scab?

Supervisor Gallagher: I don't know you, but I know you have got some ex-scabs among you, I say you have a lot of ex-United Railroads scabs among you.

The Mayor: One minute, until I get order. There is one question I would like to ask, so that this statement about ex-scabs will not be brought up again. If a man once called a scab joins a union, is he then a union man?

Supervisor Gallagher: No, no; a man has got to be a union man at heart, Mr. Mayor, a lot of these fellows—

A Citizen: (Interrupting) What are you now?

Supervisor Gallagher: A lot of these fellows are only union men because it pays them. I know them better than you do, Mr. Mayor.

The Mayor: I have been elected an honorary member of the Carmen's Union, and I do not propose to accept honorary membership in any scab organization. (Applause.)

Supervisor Gallagher: Are you also a member of the Chamber of Commerce?

The Mayor: Yes, I have been for many years.

Supervisor Gallagher: You are now?

The Mayor: Yes, sir.

Supervisor Gallagher: Well, you have got to get out if you are going to be a good union man. The unions stand for the closed shop; the Chamber of Commerce stands for the open shop. If you are a member of both, you have got to get out of one or the other. Which one will it be?

Supervisor Wolfe: I desire to rise to a point of order. I respectfully ask the chair, can we have order?

The Mayor: I am trying to get it as fast as possible.

Supervisor Wolfe: You must get it.

The Mayor: I am doing the best I can, fellow-citizens, to preserve order.

Supervisor Gallagher: You are not making a very good job of it.

The Mayor: I feel that I am making a better job of it than probably Mr. Gallagher would do if he were seated in my place. (Applause.)

Supervisor Gallagher: Let me try it. I will be willing to exchange places with you and see how I do.

The Mayor: No, I would rather have this place than yours. I must ask you, my fellow-citizens, to kindly keep order.

A Citizen: Throw him out.

Supervisor Gallagher: Yes, you come and do it.

A Citizen: I never scabbed a day in my life. I raised a family.

Supervisor Gallagher: I didn't say you, I said they were out there in the audience.

The Mayor: Now, Mr. Gallagher, I must appeal to you. If you will simply preserve order, it will not bring forth replies from your fellow-citizens who are here tonight to speak on this question.

Supervisor Gallagher: But good God, look what they handed me when I came in! I am through.

The Mayor: You have reported a minority report. What can you expect when the majority is against you?

Supervisor Gallagher: Not much.

The Mayor: Why certainly not.

Supervisor Wolfe: As a member of this Board, I am going to once again ask your Honor to preserve order in this room. You are probably doing the best that you can, but if you ask the citizens who are here to maintain order, they will maintain it. We are getting near midnight, and we should not be interrupted any further. Let us proceed in an orderly way to discuss this important question. Will you not please ask this audience to refrain from applauding and to keep order?

The Mayor: I have asked them, Senator Wolfe.

Supervisor Wolfe: Well, ask them once again.

Supervisor Mulvihill: I want to serve notice at this time—we have sat here since eight o'clock this evening—

The Mayor: Half past seven was the hour we should have met.

Supervisor Mulvihill: Well, I was here at 7:30. If there are any more cat-calls, applause or interruptions, I serve notice now I will move for an adjournment of this meeting.

The Mayor: And you might not get a second.

Mr. E. P. E. Troy: We have consumed a great deal of time here, and

one of the members of the Board has done his utmost to arouse the audience so as to create a tumult here that he could use against the four tracks. The very purpose of this gentleman it is quite evident is to injure the four-track movement, so as to raise a row and a fight here, so gentlemen I hope you will keep quiet and not serve his purposes. I want to call your attention also to the fact, Mr. Mayor, that Mr. Johnson, who is representing the San Francisco Labor Council, stated that Supervisor Gallagher has no right to represent labor or the Labor Council here tonight. And I want to call your attention also to the fact—Mr. Johnson just made that statement a few moments ago—and I want to call your attention also to the fact—

Supervisor Gallagher: (Interrupting) I am not trying to represent the Labor Council. I am not representing the Labor Council here.

Mr. Theodore Johnson: I desire to make a statement that Supervisor Gallagher has no right to define the attitude of organized labor with reference to whether a man is entitled to be a member of a union or not.

Supervisor Gallagher: I have not tried to, and I appointed you to your job, and I am satisfied that you can hold it for a long time. Do not forget that, either, while you are on the subject.

Mr. Troy: I want to briefly refer to the insults that have been cast upon the carmen's union; the members of that union; that organization itself is affiliated with the national organization of carmen, the Amalgamated Association. It is also represented in the San Francisco Labor Council, and that body is recognized as a member of organized labor in this city, and the insults that have been cast upon it here by an ex-member of that Council are uncalled for and unwarranted, and they evidently, as you can see, gentlemen, are for the purpose of angering some of the members of the carmen's union, so they would create a row and a tumult that would enable the enemy to injure public ownership, and to injure the laying of the four tracks on Market street. That is quite evident from the frequent and many interruptions that have been made here by Supervisor Gallagher.

I want, also, Mr. Mayor, to answer a few matters that have been brought to your attention by the Chamber of Commerce and Mr. Kuhl. In Mr. Kuhl's argument, he said accidents and deaths on Market street, so as to give the impression here that there were a tremendous, a terrifying sacrifice, of people on Market street. Now, I have been to the Coroner's office. I have examined the record there and I find

that in 1914-1915, the fiscal year, there were two persons killed by United Railroads cars on Market street. In the same year—Market street, as you know, is sixteen thousand feet long. In the same year on Haight street, that is only nine thousand feet long, and there is not one person on that street to where there is a thousand on Market, in the same year on Haight street the United Railroads killed two persons, the same number that they killed on Market street. They also on the Kearny and Third street line killed two persons; on the Howard street line, where there is not one person to a thousand that there is on Market street, they killed two persons; on the McAllister street line they killed three persons, and on the Sutter and Clement street line, four persons; and on the Powell street line two persons. So that you can see that Market street was the least dangerous of all of those streets in that year. Then I have also the records from the Coroner's office for the deaths for the year 1915-16, the following year. In that year there were two persons killed on Market street, the same as the previous year, one of them was in the four-track district and one of them in the two-track district, and in addition, while only two on Market street and one in the four-track district on Market street, there were two; on the Sutter and Clement street line, there were four persons killed, or twice as many as on Market street. On the McAllister and Fulton street line there were three persons killed, to two on the entire length of Market street. On Howard street there were two; on Kearny and Third two, and on the Fillmore line two. So you can see that Market street is one of the least dangerous streets to human life that we have in San Francisco. And yet, Mr. Kuhl, representing the Chamber of Commerce, presented figures here that it was evident on their face their purpose was to deceive this Board of Supervisors and the people of San Francisco, because they classed together the persons injured and the persons killed. These are the accidents, they said. Of the accidents on Market street I have found, in going over the record—although I have not been able to go over it completely—that the majority of them are automobile accidents where an automobile ran in front of the car in a reckless way that the automobiles are operated. Now, Mr. Kuhl, in his argument, which has been referred to here to-night, and Supervisor Gallagher in his argument, has repeated most of Mr. Kuhl's argument and has repeated the arguments that have been made here before this Board of

Supervisors and before the people by the United Railroads and by the Chamber of Commerce and all the enemies of public ownership—Supervisor Gallagher seemed to want to bring into his report every argument that the enemies of public ownership have been making in this city for years. One of the statements made by Mr. Kuhl was that there are not 178 cars operated on Market street today, that the cars on the Eddy and Turk street line were taken off of that street in the congested hours. Mr. Kuhl did not know evidently what Supervisor Wolfe has stated, that that has been done since 1910, and the manager of the United Railroads whom, we may assume, knows how many cars his company operates, stated six months ago before the Public Utilities Committee of the Board of Supervisors, of which Supervisor Wolfe and Supervisor Gallagher are members, and were there present when he made the statement, that he was then running 178 cars. So your statement about there being less than that number, Mr. Kuhl, is in error. I do not say it is a wilful one at all. I believe you try to tell what you know, but as you made your statement here the other day, it showed you don't know the facts, and you are not aware of the street railway conditions in San Francisco.

Also, Mr. Mayor, the bait is held out to us that the United Railroads—and Supervisor Gallagher takes the city of San Francisco by the hand and leads it upon the mountain with the Chamber of Commerce as its companion, and there he tempts the city of San Francisco with this promised land of transfers. Why, ever since the United Railroads and the Chamber of Commerce and all the enemies of public ownership have been fighting us in this city, they have been saying, you won't get transfers if you build a municipal railway. You can ride only on the municipal railway. Give the United Railroads control of transportation, because then you can get transfers. And every time the people voted overwhelmingly in favor of public ownership of the street railroads and rejected the offer of the United Railroads for transfers. You have the record of what the people of this city desire on that question on their votes at the polls. So that this offer now is only the same offer that the Chamber of Commerce and the United Railroads, which Supervisor Gallagher is now repeating and now voicing the offer of the Chamber of Commerce and the United Railroads. This great labor man representing the Chamber of Commerce's argument here on this

Board of Supervisors! (Applause and laughter.)

Supervisor Gallagher: How far are you going to let him go on that track?

The Mayor: I cannot stop a man's argument.

Supervisor Gallagher: You cannot do anything.

The Mayor: Was it not the truth what he said?

Supervisor Gallagher: I don't know just whether it was or not.

The Mayor: You are interfering with the meeting.

Supervisor Gallagher: I don't care whether I am or not, I am going to tell you this: that I do not propose to let Mr. Troy say one word against me without resenting it, and I propose to bring it to his mind what you said about him when he fought the lower Market street compromise. I have fought side by side with Mr. Troy. I have no disrespect, much, for him, but he is not going to pull over stuff on me. Now, if you are going to let him verge on the personal, I am going to get into the argument, that is all.

The Mayor: Did he say anything against you?

Supervisor Gallagher: He did, he said the great labor man representing the Chamber of Commerce.

The Mayor: Isn't that the truth? (Applause.)

Supervisor Gallagher: No. He said another thing, he said I attacked the carmen's union as such. I did not; I said there were some ex-United Railroads scabs in the audience. I am ready to prove that to you. Mr. Troy, they are with you tonight.

Mr. Troy: I want to also call your attention to this argument that Mr. Kuhl has made for the Chamber of Commerce; that 20 years ago Mayor Phelan removed the additional tracks from Market street. The gentleman who makes that statement is not aware of the condition that existed on Market street. The reason why Mayor Phelan removed the tracks there was because the United Railroads would not keep them in repair. There were round cobble stones on the street then. I was driving a horse and buggy on the streets at that time, and did for twenty years, and you could not drive down Market street over those cobble stones that the United Railroads or its predecessor, the Market Street Railway, then maintained on Market street, and that company so aroused the people of this city that Mayor Phelan tore up the tracks, and then for the first time the company put down a decent pavement on Market street. It was not a question of the four tracks, it was a question of the infamous manner in which the street railway com-

pany at that time kept the street pavement. I don't want to say any more. I have said a great deal on this subject at different times, but Mr. Ferguson, who is representing our public ownership association, has some more petitions here of our organizations that have been gathered, and he desires to present them.

Supervisor Hayden: Before Mr. Troy sits down, I would just like to ask him a question. You have always been a very staunch supporter of direct legislation, the initiative and referendum?

Mr. Troy: Yes, I have.

Supervisor Hayden: And I recall that, when this Board of Supervisors of which I am a member, entered into an agreement with the United Railroads for the use of lower Market street, you remember that?

Mr. Troy: Yes, I do.

Supervisor Hayden: Passed by this Board, signed by his Honor the Mayor, a referendum was had on that question at that time under your leadership.

Mr. Troy: I would not say under my leadership, I participated in it.

Supervisor Hayden: So you have proved, then, by your leadership on public questions of this kind, that notwithstanding the policy of the Board of Supervisors, you still did not have confidence enough in that policy, but were willing to have the people settle the question for you once and for all. You brought that question to the people, that agreement with the United Railroads passed by this Board of Supervisors. But the people ratified the agreement. I simply emphasize this for your information, and ask you if you don't think now that you should be in the same frame of mind on a question that is a disputed question, and with testimony here from both sides of the question, both by petitions and otherwise, showing that the people of San Francisco are not decided one way or the other about the thing, but from what evidence we have here from petitions that they are two to one against the four tracks on Market street. Therefore, I say to you, don't you think it is a fair thing for this Board of Supervisors and to the people of San Francisco, to give them the opportunity to decide the question themselves at the polls?

Mr. Troy: Your speech is quite a long one. I will try to answer it, if you will permit me to answer it.

Supervisor Hayden: I just want to say, and I must explain the matter to bring it to your attention, for you have once been a staunch champion of the referendum, especially when Boards of Supervisors have taken action contrary to your opinion.

Mr. Troy: The referendum of the

four-track agreement on lower Market street is justified today, and was justified by the suit and the action which the United Railroads commenced against this city, when they endeavored to put the Mayor in jail. The very arguments that we made against that four-track agreement and against giving that franchise to the United Railroads, was sustained by what followed subsequently. You now ask whether there should be a referendum of this question. You say that you base it upon petitions that are presented here. I say your petitions are fraudulent. I have proven it to you, by the lady who saw it, that they have been signed by persons twice, and deliberately the stores have had people sign at two ends of the very same stores, the same people. They have been signed by children; I have been told also, but I didn't want to bring it before this Board because I didn't have the proper evidence, that they have had people from Petaluma and from all over the country sign these petitions, who do not live in San Francisco, who know nothing at all about conditions here. So your petitions are not genuine, and they are not representative of the wishes of the people. I take, as the wishes of the people of San Francisco, their expression at the polls, when they voted in 1913, by a 4 to 1 majority, in favor of building the tracks on Market street, as well as in other sections of the city, and then the argument that we made and that we have always made in favor of public ownership was that the city would eventually be running its cars the entire length of Market street, and we always told them that they would never have a complete, unified system of municipal railways in San Francisco, until the municipal cars were operating on the principal street of the city. I am surprised that a Supervisor would assume a position in opposition to the city itself operating its cars on its own principal streets so as to allow its people to ride there.

The Mayor: If you were the director of an institution, you would feel you were big enough for the job?

Mr. Troy: Well, I might have that vanity, yes.

Supervisor Hayden: I might say, in answer to you, Mr. Mayor, that Mr. Troy didn't have much confidence in you as President of this corporation.

The Mayor: I did not put it up to the people.

Supervisor Hayden: Because he took your decision and my decision to the people, and the people ratified our decision. I only emphasize this to show that Mr. Troy has been a staunch advocate of the referendum, and has never had any confidence in

any Board of Supervisors that has dealt with questions involving transportation in San Francisco.

The Mayor: You have made two or three personal remarks against a gentleman of great ability, a gentleman from Humboldt County. I am going to ask the gentleman from Humboldt this question: if you were a director of an institution, would you feel that you were big enough for the job?

Mr. Kehoe: I would resign my position if I did not feel so.

The Mayor: That is just about what I would do in any institution that I am connected with, and so far as the reference being made to the fact that you are from Humboldt, San Francisco is glad that a man of your ability with your sterling worth has come down here among us. You have had the highest reputation in the State Senate of the State of California, one of the very best Senates that California ever had.

Supervisor Gallagher: What you said in his favor only goes as long as he stays with you. Remember that, Senator.

The Mayor: I don't measure a man by the test as to whether he is with me or against me.

Supervisor Gallagher: Yes you do.

The Mayor: I do not. I would be a mighty small man if I measured men up in that way. But I do not think it is worthy of a Supervisor of San Francisco to cast insinuating remarks upon a man of Senator Kehoe's character.

Mr. Troy: I want to say for the Public Ownership Association that it is a valid organization. I had intended to refer to people who betray their trust and change their position on public ownership and call them by the name that the Supervisor called some laboring men. But I do not desire to do so. I want to say, however, that the members of the Public Ownership Association were very grateful to Senator Kehoe when he accepted the Presidency of their Association. We desired him to become our President, because we proposed to enlarge our field of activities throughout the State of California, and we know that the people of California have confidence in Senator Kehoe because they know his record. Mr. Murphy, the legislative agent of the San Francisco Labor Council at Sacramento, stated that Senator Kehoe rung true on every labor measure in the Legislature, and not only that but he was true on every question involving the public interest and the service of the people, and because of that we are proud to have him with us. I want to again call your attention to the fact that Mr. Ferguson

has additional signatures to our petition to present to you now.

Mr. Ferguson: Mr. Honorable Mayor and Honorable Board of Supervisors: I have one of the most genuine petitions that has been presented in this argument. I represent, if you please, the merchants of Market street, but not being an attorney-at-law I do not get any remuneration for my labor. Will you permit me to read these names to you: The Sterling Furniture Company, McLoughlin of the tea and coffee department of the Spreckels Market, the Sachs Company, T. Lundy & Company. All of those men are in favor of the four tracks on Market street. When I came into the hall this evening, I was disappointed when I did not see one thing here: I thought I would see the white elephant on exhibition in this chamber. The absence of that beast of the jungle in this controversy is *prima facie* evidence that the municipal railway of San Francisco is successful. There is another beast of the jungle lurking around 68 Sutter street that I intend to speak about his doings before I close my argument. Any of you gentlemen who have ever read Judge Lindsay's book, the Beast of the Jungle, knows what it means. And the tentacles of that beast of the jungle are reaching out tonight to grapple the municipal railway of San Francisco within its power. There is nothing else to it, gentlemen. I am afraid that I lost my notes. I will speak anyway.

The action of the United Railroads of San Francisco by giving poor service to the people forced the municipality to take its transportation into its own hands, and the moment that they assumed that responsibility they became a rival immediately of the United Railroads, and if any of you gentlemen knew of two rival corporations making a present of a right of way worth five or six hundred thousand dollars to its rival, I would like to know where that corporation existed. It did not exist in California. Now, the gentleman, in referring to the four tracks on Market street, stated that he had to button his coat before he crossed the tracks. I know that I have had often to button my coat before I boarded a car in order to save the button. And if I had the value in money that the loss of buttons in boarding the United Railroads cars comes to, I would not care about the extra cost of living. The United Railroads today and their allied interests are making one desperate and supreme effort to stop and pierce the heart of the municipal railway, and under the cloak of the mangled forms of your women and

children. We have approximately 14,000 signatures, *bona fide*, on these petitions, with about 50 Market street merchants between Third and Sixth principally. (Applause.)

Mr. George Skaller: Mr. Mayor, gentlemen of the Board of Supervisors: Senator Kehoe was asked the question by Supervisor Gallagher whether he, as a champion of the rights of the people to express their desire for legislation, would not advocate the referendum on a question on which there seems to be division in the community. Senator Kehoe answered him: I do believe that the people should express themselves on any question where there seems to be division in the community, but it has been provided that in such case if a certain amount of citizens disagree with the legislative board, that they can then go to the people themselves by getting sufficient signatures which then makes it mandatory for the election commission to call such election. Now, I agree with him, and I was the first one, as the chairman of the transportation committee of the Civic League, who has conveyed to you, Mr. Mayor, and to this Board of Supervisors that, if this Board will proceed in constructing double tracks on Market street, which we believe is not the proper policy to pursue, that then in that case we should invoke the right given to us under the charter, and submit it to the people, and after the people have voted upon it, and we are defeated, we will bow our will to the majority. We say today that all good Americans subscribe to this Jeffersonian truth that the majority rules, and no matter how much we may boost a certain issue, that after the majority has determined it, we bow to their will respectfully, and then such is the policy and the law of the community and the state. But, Mr. Mayor, with the City Attorney next to you, you may realize and you may have heard that under these very powers which the State Legislature, with the approval of the charter, passed, that there is unfortunately no provision in the legal machinery whereby we can refer this question to the referendum by obtaining because the charter distinctly provides that only such questions can be referred to the people that contains the purchase of land with an appropriation of \$50,000. This eliminates the referendum. Well, the answer comes back: "You have the initiative, you can prepare an initiative ordinance, and get the necessary signatures and submit it to the people, and if carried by the people it nullifies any ordinance passed contrary to it by the Board of Supervisors." But our lawyers, when we determined to

take the step, advised us that the Supreme Court only about a month ago, rendered a decision in a case over here in Richmond, whereby the Town Trustees intended to construct a town hall, which was opposed by certain citizens in Richmond. The people of Richmond prepared an initiative ordinance trying to stop the construction along these lines. The case was taken to the Supreme Court, and the Supreme Court held that the power of initiative can only be invoked in case of legislative action, and not in case of administrative action, and this is purely an administrative act, because the charter conveys upon you the right to construct street railroads, if you have the money. If you have not got the money, you must go to the people to get the bonds, but when there is money in the treasury you do not need to ask anybody. That right is given to you, and you can proceed with the construction. Now, I say, these very people who have fought for the rights of the people, in case they disagree to the amount of ten per cent of the voting class, so that they might go to the people at the polls, these people we ask now to support, in view of the physical defect found in our charter, we ask them in all fairness now to tell us whether in view of this physical defect, whether with the amount of twice as many signatures as would be necessary to obtain on referendum petitions in case we had the right to go to the people—if it is not morally mandatory upon this Board, in this case of division of opinion, to submit the question to the people themselves?

Now, gentlemen of the Board, I have listened very carefully to the argument of Mr. Eustace Cullinan. I have the greatest respect for him. I have assured him so, but with all deference I must say that his arguments were about as convincing to a man who wants to settle a question without bias, without passion, with prejudice, logically, as my arguments were convincing to the ladies and gentlemen I addressed in the Mission Promotion Association, with this difference, there was no convincing element in this argument of Mr. Cullinan.

The Mayor: Suppose we ask those present?

Mr. Skaller: Will you permit me?

The Mayor: I wanted to satisfy your mind on that point.

Mr. Skaller: You told us before that you did not measure men by the fact of whether they were with you or against you. I hope you apply the same measure toward me.

The Mayor: I am trying to do it, go ahead, Mr. Skaller.

Mr. Skaller: Now, Mr. Cullinan, in

a voice of ridicule, referred to the only point that we, on behalf of the Civic League, had ever made, the point of danger. When you lay the four tracks on Market street, you must remove the safety stations on that street. In other words, by reducing protection by 100 per cent and increasing the hazard by four tracks another 100 per cent. He referred, in a voice of ridicule, to that point that we submitted to you, and I say that my wife in crossing Montgomery and Market again and again tells me that she is afraid—ridicule her, if she is, as you have ridiculed nineteen or twenty thousand women who signed these petitions, of which there might be ten or fifteen per cent (cries of derision from the audience).

Supervisor Hayden: This is disgraceful.

The Mayor: I have seen worse. Why are you doing all the talking? Why cannot you be quiet? I do not propose to sit here and be criticized. I am doing the best I can do to keep order here, and I have seen worse disorder amongst the Supervisors than I have seen here tonight.

Supervisor Hayden: Mr. Mayor, I am going to ask you again, and most respectfully, that respectful attention be given to every citizen who attempts to address this Board.

The Mayor: That is what we are trying to do.

Supervisor Hayden: I implore you most respectfully that Mr. Skaller be given respectful hearing before this Board.

Mr. Skaller: I hope I have not said anything that entitles me to any hissing from the floor.

Supervisor Hayden: They are hissing him.

The Mayor: No, they are not hissing him at all. Proceed, Mr. Skaller.

Mr. Skaller: Let me in a very concrete way submit to you the question from our viewpoint, because we were the first ones that six or seven months ago appeared before your committee in an open way, and asked you to give due consideration to that which we had to say before you finally concluded your policy. It was only later on, within the last four weeks, that the Chamber of Commerce appeared on the scene. I do not agree with the Chamber of Commerce. We do not appear here selfishly in the interests of certain merchants and of others, which naturally ought to be represented by the Chamber. We appear here as representing the same people that you represent. We are sixty-five improvement clubs with a membership of over 18,000 members. Now, there is a division among many in that very league. Every club represented by ten dele-

gates, may not see as we see, but we apply the same principle as is applied everywhere in American government. We bow to the will of the majority, and the majority in our great organization has concluded that the construction of four tracks, with the removal of the safety stations, is a danger to the lives and limbs of the pedestrians who cannot afford to ride in automobiles like members of the Chamber of Commerce, and who cannot afford to stay away because they are employed down town in order to derive their living and support their families, who must get on cars, and we say it is a danger to them. And we have the right to demand from the government of this city and county that no condition shall be created in a desire to foster the municipal railway which we all stand for, but which after all is only an adjunct toward the development of this city, toward its natural development. We have a right to demand that the real interest shall not be sacrificed for a smaller interest, and when Mayor Rolph asked the question whether he, standing as the President of the Board of Supervisors, would do so and so, I will tell him that he also stands here as the Mayor of the City and County of San Francisco, and his duties are manifold, and he must submit, he must exercise his duties or his policies where the majority of interest lies.

Now, we say this to you, gentlemen of the Board: it is not necessary to create such a condition. If you had no other alternative we would be with you because it would be an extreme necessity. We don't give a rap about the United Railroads. We don't care whether they go to the wall, or whether they sustain themselves. The most fortunate thing for San Francisco will be the day when the lines of the United Railroads terminate and its franchises fall in. It will be the most joyous funeral that has ever taken place in any community. But we say, desirable as all this might be, there is a greater interest that appears on the scene. That greater interest has the right of way, and the smaller interest must submit. Now, there are other ways to solve this problem. We have not said that you must allow the United Railroads to go over Market street and through the Twin Peaks tunnel. We came first and asked for some reasonable compromise which might eliminate the danger which we foresaw, and we went to the United Railroads and asked them—we forced them to submit one proposition which, in our judgment, was the most desirable, and even perhaps superior to the last one, and that was to allow the municipal cars to operate over

the tracks behind the Twin Peaks tunnel, through the tunnel and over the tracks of the United Railroads down to the ferry. Then you would have had your municipal cars running down on Market street and making their connections. We said, in addition to that, that is not enough, you must allow the Church street cars to go down over Market street, and after a long argument, and considerable pressure brought upon them, they acceded to that proposition. Why, that was almost exactly what City Engineer O'Shaughnessy demanded, with the exception of one small unimportant point which they were not willing to grant when Mr. O'Shaughnessy made the proposition. Well, the Board turned it down. But why did you turn it down? Let's be honest to ourselves and let's try to be honest with all of you gentlemen. Let us analyze this. Why do we turn down any proposition, no matter in what shape it comes? It is due to the fact that an unfortunate condition exists in this community which resents so strongly anything that the United Railroads is doing, or is not doing, on account of the many wrongs that they have perpetrated in the past, and the desire exists that we must punish them whenever we can. Punish them if you want to, but if by so doing you punish us more, we have a right to call a halt because we have not sinned against you. There is nothing else but that underlying desire, that brings about all the political maneuvering, the desire to punish. I wish you could punish them, but we have not committed anything that we must suffer with them. Now, we say to you to begin with: that you can find a solution if you do not want to accept the compromise tendered to you in the last proposition, get another compromise. And you ought to get one so that it will be possible for the municipal cars to operate on Market street. They have agreed to take some of the cars now on Market street off and operate them on other lines so as to make it practicable to operate municipal cars on Market street.

Now, I have the same respect and the same regard that all of you have expressed for City Engineer O'Shaughnessy. I think his work speaks for him. The very first project which he completed was the one which I, I believe, made possible, and that was the Stockton street tunnel. I believe I have some interest in the Twin Peaks tunnel, too, because it was due to my energy that the legal machinery was put on the statute books whereby you could proceed and construct the Twin Peaks tunnel. I have some right and some interest in this situation and this condition.

Now, I say this to you. I don't agree with Mr. O'Shaughnessy in one part of the report. He claims that there are 180 cars operating on the two tracks on Market street today. Of course that means a headway of 20 seconds. Now, then, he concludes that if you build four tracks you can take these cars, if necessary, and operate them on the outside tracks, which will reduce the headway and therefore reduce the danger. I believe, with all due respect to him, that he comes to the wrong conclusion. I will say to you, that if there were no additional cars on Market street but the 180 cars which are operated today, and you operated these 180 cars alternately from each direction on four tracks instead of two tracks, that you would produce and create a greater element of danger with the operation on four tracks alternating from each direction, that you have today on the two tracks.

Supervisor Wolfe: Are you aware that that is what is recommended by the minority report, that the four tracks already on Market street, be used to accommodate some of the cars of the United Railroads in addition to the city cars?

Mr. Skaller: I have never seen Mr. Gallagher's report until tonight, and it was so exhaustive and so lengthy that I am not in a position to answer it. If he agrees with me, then I am ready to support his argument.

Supervisor Wolfe: He disagrees with you because he recommends routing some of the 180 cars on the outer tracks on Market street instead of keeping them on the inner tracks.

Mr. Skaller: You haven't got any outer tracks on Market street.

Supervisor Gallagher: Below Kearny.

Mr. Skaller: I believe there is a greater danger in the operation of a certain number of cars over four tracks than there is on two tracks. You have got to cross four lines and look in both directions.

Now, gentlemen of the Board, let me say a few words to you from a business viewpoint. Mayor Rolph is a great business man, there is no doubt about it, he has proved it.

Supervisor Gallagher: There is no question about that.

Mr. Skaller: He is, and he has said once before that, from a business standpoint, he agrees with Mr. Skaller that it would be a fine move for the municipal railroad to operate cars on Market street. It is true, and I admit it frankly, no matter what the other gentlemen say. I think it is a body blow to the United Railroads, and I do not stand here to plead for them. I have pleaded with the Mayor, and he recognizes the point that I made. The United Rail-

roads and its officials are not entitled to any sympathy, although President Lilienthal stands high above them. But don't you think, gentlemen, that there are in this city and county people who were induced to invest their savings for which they had worked and for which they had labored, in the bonds of the United Railroads? I can mention several of them to you whom I know, and they don't know any of the officials of the United Railroads, either, but they invested their savings in the mortgage bonds supposed to bring them four per cent. Now, don't you think, and isn't it a fair thing that these people are entitled to the legal protection of the chief executive of this community? Are they going to be sacrificed? Mayor Rolph told me, "There is something in that point which you make." I don't plead for anybody, but I say these men and women who made that investment, I would like to help them out, to secure their protection. They are entitled to protection as well as you.

Now, I say this to you, from a business viewpoint. The whole question arose at the completion of the Twin Peaks tunnel. West of the Twin Peaks tunnel you have a system in operation owned and operated by the United Railroads, and operated at a great loss, the only part of the system which does not produce operating expenses. Now, you desire, in order to connect with your outer tracks on Market street, to duplicate the tracks behind there so that you might operate on your own tracks. If a man is in business on a certain street where he cannot make a living, is it wise that another man must go there on the same street so to help the other man not to make a living, too? That is the method which you apply. You must use the same judgment which the average business man would use. You have a system which is operating at a loss now. Let them operate over this system, and then while you have six or seven months—

Mr. Morrissey (interrupting): Mr. President, will you allow me to interrupt?

Supervisor Hayden: I rise to a point of order.

The Mayor: What is it?

Supervisor Hayden: This Board is the best judge of their membership and the proceedings before the Board. I move that this gentleman be allowed to continue.

The Mayor: Go ahead, Mr. Skaller.

Mr. Skaller: I say to you gentlemen that you have discussed now for seven months—

Mr. Morrissey (interrupting): There are other people to be heard.

The Mayor: Mr. Skaller, proceed.

Mr. Skaller: You have discussed for seven months the advisability of constructing tracks, and you have been made the proposition to enter into some agreement which can be canceled in five or six months. Why don't you try it and find out whether it will work satisfactorily or not? Six months will pass away and you don't need to spend the money which you must spend in order to carry out the policy which you have in mind. I come to this conclusion, gentlemen of the Board—you must recognize the fact that there is division in the community. You cannot determine by the people that are here tonight, and the interest which is shown by one side which side is in the majority. The very fact that you have these conditions here tonight shows the interest that is taken, and there could be nothing fairer than to have you gentlemen say: "Within two months is election. Let us submit it to the people, and let the people decide, and we will abide by the will of the majority." (Applause.)

Mr. Alexander Horr (representing the Jitney Men's Union): Mr. Mayor, and members of the Board of Supervisors: I am a jitney man, representing the jitney men's union of this city. I am not here to represent the Chamber of Commerce. I am not here to represent the United Railroads. I think even the United Railroads, Mr. Mayor, will admit that. We fought the United Railroads from the ferry to Twin Peaks; we fought them from the North Beach down to Hunters Point. I think we spent \$7,000 in a campaign to \$212,000 of theirs, and we got 70,000 votes. Large as the vote was, however, it was not enough to put us back on Market street. It is just a little over a year ago, gentlemen of the Board of Supervisors, that you put the jitneys off of Market street, and now you gentlemen propose to load Market street with the same kind of an incumbrance that you said should be put off of Market street a year ago. I submit that that is not consistent, although I realize that consistency is a rare jewel, indeed. But we come down to this proposition, my union is 98 per cent organized, it consists 99 per cent of registered voters of this city, they are all taxpayers of the City and County of San Francisco.

Supervisor Hayden: What is your membership?

Mr. Horr: Five hundred, going on six hundred. We have got them all. We are organized, not half-organized like the municipal railroad, not ex-United Railroad men, half and half, we are all organized. We are going to stay organized.

A Citizen: We car men are organized.

Mr. Horr: If they are all organized, I would like to say it is done in the last 30 days, to prepare for this particular fight.

A Citizen: We work eight hours; how long do you work?

Mr. Horr: We work much less than you do. But whatever you get we pay for as citizens of the city. Now, the jitney men were put off Market street because of the feeling that there was traffic congestion on Market street. At that particular time we disputed that particular claim. We still dispute that claim, and the basis of our dispute was that the jitney, being an automobile, some of you men know that it is a machine, it can be quickly controlled by the operator. All of you know it, and the engineers here will bear me out that a street car is an antiquated piece of machinery that is not easily controlled, and when you are driving down Market street in violation of the speed laws of this city—and they all do it except jitney men—you are pretty apt to run up a large number of accidents. I am not going to get into a controversy over the relative number of accidents that occur, but there is no question about this, Mr. Mayor, that there are a much larger number of accidents from Kearny street to the ferry, where there are four tracks, than there are from Kearny street out in any other direction in this city. And if that is true, you as members of the Board of Supervisors may as well make up your minds to get ready for a new and modern system of transportation, and that is not in the direction of incumbering the earth with more junk, more street car tracks, but with less junk and less street car tracks. The United Railroads has a franchise for probably twelve more years, and by that time, as sure as there is a sun in heaven, you are going to remove all the tracks from Market street, you are going to have a tunnel under Market street, according to the experience of every city in the United States and in the world. You cannot build transportation facilities too fast for the growth of your population. That is one of the fallacies of all old-fashioned people. The history of New York, which is the best guide in the world, has been that they could not keep up with the transportation demands of the city.

A Citizen: Did they take the surface tracks off Broadway when they put the subway underneath?

Mr. Horr: You have not got four tracks on Broadway in New York City.

A Citizen: We have them on the Bowery, which is just as bad.

Mr. Horr: The Bowery is where the poor people live and anything is good enough for poor people. I am willing to answer all questions, but I can only do one thing at a time. The point of the whole matter, the gist of the whole proposition, is that we have not any issue of municipal ownership, but a particular form of incumbering the earth. If it was a question of municipal ownership, the jitney men are good enough citizens to be willing to make their share of the sacrifice that may be necessary. But everybody knows, and we jitney men know it as well as any one else, that municipal ownership is not involved in building four tracks down Market street. The only question that is involved is to see whether we can protect ourselves from the machinations of the United Railroads. And right here at this point, I was very glad to hear the sweet-tempered method of Senator Kehoe, and I am going to follow his method in this proposition. He is one of the great Senators of this State. I had the pleasure of meeting him in Sacramento, and I am sure that all of you will be glad to know that he is really a municipal ownership man. The trouble is he is new to this city, and he doesn't know all the tricks of the trade as we do. We have been here a long time. The situation is simply this: all the things that the city requires can be obtained through a compromise arrangement with the United Railroads that can only be rejected one hypothesis, which is that you will not compromise with the United Railroads on any terms. Now, it may be that that is the position which we wish to assume. I don't think so. If it were a question in which municipal ownership itself was at stake, then it would be up to the citizenship of this city to go the limit. That is not the case, and I do not believe that we should bite off our nose to spite our face. We are told that these accidents are inevitable on Market street, that it was the same way with the stage coach, the horse cars, and everything else, up to the present time. But if that is true, then the real solution should be more jitneys on Market street instead of more car tracks on Market street. (Applause.) You can see how the street car men are more interested in their particular cars than in my particular type of cars. Inasmuch as they are fighting for themselves irrespective of the interests of the community, you will permit me, Mr. Mayor, and gentlemen of the Board, to do something for my union. We kept loyal to the ordinances that you have passed. We

have enabled traffic on Market street to go along smoothly. We have adjusted ourselves to the new conditions. You put four tracks on Market street, and you know that an agitation will start to put all kinds of vehicles off Market street. Are you going to do that? Are we not entitled to some consideration? If there was a large persistent public demand, naturally we jitney men would have to surrender like anybody else, but I don't think it is fair of the carmen of this city, only organized for this particular movement, in order to meet the situation tonight, to come in here and try to get you to drive us out of the city. Five hundred members means, with five people to a family, 2500 people with the accessories that we have to buy and the materials we have to buy, it means 5000 people.

Supervisor Hayden: Voters?

Mr. Horr: No, not all of them voters, the little ones will be voters in time. We constitute one per cent of the population, and we are entitled to some rights in this matter.

Another consideration that I want to call your attention to, and that is this: some day you will want to buy the United Railroads, whether it is 12 years from now or whether it is 12 months from now is a mere detail. But when that time comes, the question of the value of its stocks and bonds will very largely depend on the jitney competition that will exist. You want to retain the jitney, if for no other purpose, to determine the real value that the junk pile of the United Railroads possesses. You notice that I do not talk about the principle of municipal ownership as much as the other people have done, because we jitney men believe in municipal ownership, and we think we can prove it to you to this extent: that if you think you are prepared to own the jitney lines in this city, we are prepared to surrender any rights which we think we have at any time. But we maintain that the automobile will supersede the municipal street railway. We maintain that if you want progress, you must resort to the automobile, and that there is no sense in wasting the people's money to invest it in old, antiquated street railway systems. While the old junk pile is there, we realize that we have got to meet the situation. You have got a railroad system, the United Railroads claims a fifty million dollar investment. Personally, I think it is nearer fifteen million. But let us grant their claim. Why, for fifty million dollars we could buy enough automobiles to give you a better transportation system ten times over. I don't mean to say that we

would all ride all the time, I am only mentioning the proposition that those who fight this compromise, do it on the ground of progress. Now, if you are going to be progressive, I am going to urge you on, Mr. Mayor, all I can. I have been trying to get the Supervisors and everybody else to be progressive in this transportation business, but your line of development is in the line of automobiles.

Supervisor Gallagher: How about motor busses?

Mr. Horr: Yes.

The Mayor: What do you think about aeroplanes?

Mr. Horr: Aeroplanes will be a good thing about a hundred years from now, when you and I will have passed to a happier land. I don't want to keep you any longer. You have put us off of Market street on account of traffic conditions and congestion. There is no valid economic reason why you should have four tracks on Market street. It is your binding duty, as representatives of the people of this city, to submit to them any radical departure involving the safety and prosperity of any large section of the community, and the jitney men claim that they have enough rights in this controversy, that you should consider us in the matter and ask yourselves, what are you going to do with us? We have a right to make a living on the streets of this city. We have a right to do the work that we have been assigned to do during this common war. We have all got to do our share. We are equipped for it. You cannot put us off Market street and allow the building of four tracks that practically the majority of the people are opposed to. The very least you can do, if you cannot see your way to make the compromise yourselves, is to submit the proposition to a referendum vote. I thank you very much. (Applause.)

Mr. Sharkey: I am no orator, but I am a taxpayer, and I paid my assessment on the Twin Peaks tunnel. I am a resident of Ingleside. You have heard a lot about the car service that the United Railroads have been giving us. I will tell you what they have been giving us. Seventeen minutes up to eight months ago, and then they installed the seventeenth car part of the way. The poorest transportation in the city is west of the Twin Peaks tunnel. Now, I believe the taxpayers, the people who paid for the tunnel, out in that district, they want direct communication with the ferry, that is four tracks. In regard to one of the speakers saying that he is afraid to cross Market street and his wife is afraid, I want to tell you something that happens on Market street. I

have a little daughter who is 2 years old. If a child 2 years old has got enough brains to stand on the street until the traffic officer waves his hand, I think grown people can, and the quicker we lay down the four tracks on Market street the better it will be for the community, and there won't be so many workmen going across the bay and to San Mateo County. They drink our water and they walk our streets. I think it is up to the public to try and help us get the proper car service out there, and the only way we can get it is the four-track system on Market street.

Supervisor Gallagher: I would like to call your attention to that table over there which shows that west of the tunnel you will have four lines under the compromise, and under the four-track system you will have one line. Do you think it would be of more benefit to you—

Mr. Sharkey: Well, in answering your question, I will say this much: that if the United Railroads is fighting the city so hard to try to get the use of the tunnel, it must be some good, and I will put it in a way that you will understand it. A child when it is born grows up. It is the same way with the municipal line. If you lay the main artery down, bye and bye you are going to build up to it, and we are waiting in hopes that some day we will have enough railroads to properly supply the district. If we give up the Market street line, we are giving up the cream.

Supervisor Gallagher: Which do you think would be the better plan of action, an agreement which we can terminate in six months under this arrangement, permitting the district to fill up, and going in there and connecting in due time car lines with the districts that have been built up? Now, which would be the most profitable for us? If you had a chance to get four lines in there with an agreement that you could cancel it in six months if you so desired, and the district would build up by that arrangement, don't you think you would wait before you made an investment, and would allow the district to build a little, and then go in and get it?

Mr. Sharkey: I have already made my investment and got a receipt from the tax clerk's office that I paid for my part of the tunnel. And it was with the understanding that we would have transportation, and I hope the city will back me up. They asked me for my money and they got it. Now, give me what I paid for. (Applause.) I wish to tell Mr. Andrew Gallagher that I have a mortgage on my house, but my Twin Peaks tunnel is paid for.

The Mayor: I understand that property owners like Mr. Sharkey, Mr. Leonard, Mr. John L. McNab, and other men out there in those districts want the four tracks put down on Market street, and I was told that Mr. John L. McNab was to have been here tonight to have spoken for the four tracks on Market street.

Supervisor Gallagher: My report showed what they wanted.

Mr. J. J. Leonard: It was the intention of Mr. McNab to be here this evening, but he was called away, unfortunately, and could not appear. He has been working about 15 or 16 hours a day on this Exemption Board business, and this was the first evening he had off.

The Mayor: He would have spoken for the four tracks on Market street?

Mr. Leonard: In a way, I would say, just as I might say, Mr. Mayor—excuse me, I didn't intend to have anything to say, but since the Mayor has spoken of Mr. McNab, and what he intended to talk about, why, I will say a few words. Some time in 1910, the voters in San Francisco carried an amendment to the charter of San Francisco which made it practically impossible or impracticable for any private corporation to build any more railroads in San Francisco, or for a corporation that was in existence here to make any extensions. In 1913 there was an attempt among a great many citizens, backed up, of course, by the United Railroads, to have that amendment so modified that it would allow the extensions to be made. Remember that, if no more extensions were to be made, we could not get any more transportation than we had already. When that charter amendment was put up it was beaten by 3 to 1.

Supervisor Wolfe: Is that the indeterminate franchise?

Mr. Leonard: Yes, it was beaten by 3 to 1. That made it very plain to all thinking men that the citizens of San Francisco—I don't want to answer any questions, and I am going to be very brief. The fact is that that settled it in my mind that the citizens of San Francisco were in such a frame of mind in regard to municipal transportation that there would never and could never be any amendment made to our Charter that would encourage private corporations to build. Then I became an advocate of municipal ownership. Why? Because San Francisco must have transportation, if it intends to grow. It must have transportation if we expect any success, and there being no other means then we must have municipal transportation.

The next point that I would like to make is that there can be but one

really perfect kind of transportation, and that is by one line or one ownership. We are in a condition so that that ownership must be municipal ownership. It cannot be anything else. A short time since the people west of Twin Peaks, well, I might go a little further and say we began some six years ago, and for three years we tried very hard to get the tunnel started under Twin Peaks. It has been three years in building. It is completed and ready for transportation. We spent some four million dollars for it. The interest on that four million dollars is \$200,000 a year, even at five per cent and most of us are paying six. We are paying into the city treasury something like \$100,000 a year more taxes than we were paying four years ago, because we have made a present of \$4,000,000 for the building of the tunnel and given it to the city. They have done us a kindness and taxed \$100,000 more. So we are in it to the extent of \$300,000 a year, and we feel that we must have transportation. Everybody has agreed that we shall have it.

There is one thing that I think all of you have overlooked, may be two or three points. The one point that you have overlooked, anyhow, is the fact that there is really no question before you gentlemen. Now, you may think that is a very funny remark. But it appears to me to be so. The United Railroads, or Mr. Jesse Lilienthal for the United Railroads, made a proposition to this city. After some considerable conference a plan was made by our worthy City Engineer setting out what that agreement should contain. That plan contained a clause which required the United Railroads to waive all of its rights to damages for what had been done on Market street, if it was carried. I believe that is correct, is it not? Now, I happen to know, and Mr. Von Phul has said so plainly before the Committee on Public Utilities, that the United Railroads would not accept that proposition. That has been said plainly that they would not make any agreement where they waived any rights, and when asked plainly by myself if they meant that they would not accept that clause, he told me that that was what he meant, that they would not waive any rights. Now, if the city has made a plan by which it means to have an agreement, or would make an agreement, or somebody thought they would make an agreement, and the United Railroads said they would not accept it, I don't know what is before you, gentlemen, because you have no proposition from the United Railroads to accept. They will not accept the one

which our Chief Engineer has made. Then we are at a standstill. Then there remains nothing but municipal transportation, and there remains for our Twin Peaks transportation but municipal transportation.

There is one little argument in reference to the merchants down on Market street. I sympathize with those people, but I do not believe that their objections are well taken. I had not noticed that any one has really met the figures. They are running 180 cars an hour. That means a car every twenty seconds. Bion Arnold said that they could not run over about 128. Suppose that we should put a municipal line on the outside and leave the United Railroads on the inside. Is it reasonable to suppose that we could not get a better service and a quicker service if we would run about 100 cars on each road? That would give us 200 cars up and down Market street every hour, making our time between cars thirty-six seconds, instead of twenty seconds. Now, if the two cars are running along side by side, and they are thirty-six seconds apart, is it not possible that a party can cross the street with more ease with cars running thirty-six seconds apart, than they can with them running twenty seconds apart? You will have 200 cars on the tracks, and serving the people better. When 200 cars or any number of cars are running thirty-six seconds apart they will certainly run with more speed. So 200 cars running thirty-six seconds apart will not be as dangerous as 180 cars running twenty seconds apart.

As to the danger, I think the danger is really less running four tracks down Market street under the proper regulations than it is with the two tracks now. I am satisfied that the only thing that you can do—and I want to say that I have the utmost confidence in this Board of Supervisors in wanting to do what ought to be done, and in his Honor the Mayor in doing what he believes ought to be done—and if you gentlemen think that the proper thing to do and that you are serving the best interests of municipal ownership and the best interests of the City and County of San Francisco by putting the four tracks down Market street, I am perfectly willing, on behalf of the people west of Twin Peaks, to say we will place ourselves in your hands, expecting, as we know you will do, the transportation system that we are entitled to.

Supervisor Gallagher: I want to ask Mr. Leonard a question.

The Mayor: He said he did not like to be asked questions.

Supervisor Gallagher: Does the

Mayor quote you correctly in stating that at this time you are an advocate of four tracks on Market street?

Mr. Leonard: I don't see that we can do anything else, and for that reason we should go ahead and build four tracks down Market street.

Supervisor Gallagher: But if the Board would accept this compromise you are in favor of it?

Mr. Leonard: If the Board had accepted the compromise, it would have given us a better transportation than we would get if the Board did not accept the compromise. But our people west of Twin Peaks are broad minded enough not to put themselves in the way of municipal ownership, if the Board of Supervisors thinks that is the best thing for the city.

Supervisor Gallagher: But the whole problem started with giving service to the district west of Twin Peaks, in consideration of your people building us a tunnel. Now, there is not any question of your attitude on July 3d in your letter. You said very plainly that the Twin Peaks property owners—July 3d, 1917, that is very recent—respectfully requests you, the honorable committee, to give favorable consideration to the offer submitted by Jesse Lilienthal. Then you go on and say: "The arrangement such as is provided in the offer of the United Railroads would be of only a temporary nature, and if the Supreme Court of the United States should decide in favor of the city the matter of consideration of outer tracks on Market street could be considered and disposed of at that time." Now, as I understand your attitude, it is this: that in view of the fact that it is probable that the Board of Supervisors may reject the compromise, therefore, of course, build the four tracks. But if they would accept the compromise you would get more service, and you would have been in favor of it instead of the four tracks?

Mr. Leonard: If we could have got a proposition which was satisfactory to the city, one which they would accept, it would have been a better proposition for us out there than the four tracks will be for a long time to come. Ultimately, however, the four tracks will be of greater service.

Supervisor Gallagher: We all agree that ultimately there has got to be four tracks.

Supervisor Wolfe: You concede that?

Supervisor Gallagher: Ultimately.

Supervisor Wolfe: There has got to be four tracks on Market street?

Supervisor Gallagher: I think perhaps in something like twelve years, yes. (Laughter.)

A Citizen: I come from a district this side of the Farallones, known as

Oceanside, immediately on the south side of the Park. We were earnest advocates of the adoption of the bond issue originally for the building of the Geary street road. We carried it out there by the requisite majority, and ever since that time we have been looking for an extension of the Geary street line into our district. We have come before your Honor and before this Board seeking that extension. Now, if this compromise is accepted, inside of twenty-four hours after its acceptance, we will have a new line of cars, and have a connection with the Geary street line. In other words, 5,000 people residing in Oceanside will have access to the Geary street railroad, and by reason of that access they will be able to make Geary and Kearny streets in thirty-two minutes where it takes them now about forty. I make this statement unreservedly that, if you will give us the right to vote on this question, I will guarantee that that little section of San Francisco will vote four to one for the compromise.

Mr. Theodore Johnson: I realize that the time is very late and that we should say as little as possible, and only speak to the point. I would like to say that the report of Supervisor Gallagher is very excellent. It covers every point. But I believe, if you study it carefully, you will find just as many arguments against accepting the compromise as are contained in favor of it. He makes the statement in there—and he mentions the fact that there are some organizations which have gone on record against any compromise whatever with the United Railroads. I do not believe he could have referred to the San Francisco Labor Council.

Supervisor Gallagher: I did.

Mr. Johnson: If Supervisor Gallagher will read that resolution, he will see it states distinctly that the San Francisco Labor Council are opposed to any compromise whereby the city subordinates its rights to the desires of the United Railroads for merely private and temporary advantage.

Supervisor Gallagher: Don't you know that the Labor Council is on record once and in my time as an officer against any compromise of any kind whatsoever with the United Railroads on any terms?

Mr. E. P. E. Troy: Did you support that resolution?

Supervisor Gallagher: Yes, I did; I used to go along with you Civic I. W. Ws. for quite a while, but I got religion.

Mr. Johnson: And he made another statement to the effect that the San Francisco Labor Council did not know what the offer of the United Rail-

roads was. That very offer is contained in the first part of the second paragraph of the resolution, and it was published in the press broadcast in this city a number of days before the public hearing of the Public Utilities Committee. So I believe that in all fairness Supervisor Gallagher will retract those statements and those inferences. Now, with regard—

Supervisor Gallagher (Interrupting): I thought I paid the San Francisco Labor Council a high compliment.

Mr. Johnson: And I pay Supervisor Gallagher the highest compliment I can pay to any Supervisor on this Board, because on hundreds and hundreds of occasions he has stood almost the single champion for the policies of the Labor Council in this Board and for them manfully, and I say that for many of the other Supervisors. There is hardly a single exception where every member of this Board has not done his best to carry out the policies of the San Francisco Labor Council. There is not a single exception, as I say. And there is not a single Supervisor, as far as I know—there may be one or two, possibly—who have not on every occasion supported the policies of the Labor Council—but we have not the least personal antagonism or objection to any member because he differs with us on public questions. He has a right to do it. We recognize that the interests of the citizens of this community are so varied and so different that people must differ on public questions.

Supervisor Gallagher: What do you think of those car men hissing me like they did after I just got them a raise?

Mr. Johnson: You invited that demonstration.

Supervisor Gallagher: This was before I said anything.

A Citizen: At the last meeting of the Supervisors when you said that the carmen, instead of coming here to applaud the Mayor, that they would do well to attend to their business and you would attend to yours, and that is the reason that you got what you got here tonight. And another thing I wish to say, Mr. Rolph—

Supervisor Gallagher (Interrupting): Mayor Rolph.

The Citizen: Well, I will call him "Governor." (Great and prolonged applause.) I would like to state, anyhow, citizens, as far as the carmen are concerned, from the demonstration here this evening you would think that they are all carmen. To my surprise, I thought I would make a little investigation in regard to the statement that was made by Mr. Gal-

lagher at the last meeting, and after going over the crowd, looking them all over, I couldn't see over 25 that I knew.

Supervisor Gallagher: How many of the boys from the Board of Public Works?

The Citizen: And I will tell you the cause of the demonstration now, when Mr. Gallagher came in, shortly after the applause had receded, he went to work, and he made some very radical statements against the municipal carmen.

Supervisor Gallagher: Oh, no, that was a long time after.

The Citizen: Now the people that had come to protest against it, they did not think it was very good etiquette on your part.

Supervisor Gallagher: How about their etiquette?

The Citizen: They were at the last meeting, and this was coming up. But I want the Mayor to understand that there are not as many carmen here as you may think, but that the majority of these people are from all over San Francisco, and they came here to protest against the compromise, and as far as this here delegate from the jitney bus drivers' union is concerned, of course it is only natural that he would be here to oppose municipal ownership. But about a meeting or two back, of the San Francisco Labor Council, the jitney bus union, they asked the Labor Council if they would not rescind their action, and the Labor Council would not go on record to that effect. So they still back up the municipal carmen and the municipal railway. There will be four tracks on Market street. (Applause.)

Mr. Johnson: I will supplement what the member of the carmen's union said. The San Francisco Labor Council took this position some time in 1905, that is our reason for opposing and mistrusting any offer coming from the United Railroads, notwithstanding we have the highest regard for the present president of that organization. We find, however, that during his administration he has not reversed the policy of the United Railroads in regard to its attitude towards organized labor, and as long as the United Railroads does not make its peace—I am only quoting Gallagher's own words—as long as it does not make peace with organized labor, organized labor will always oppose the policies of the United Railroads wherever they conflict with the interests of labor and the interests of the city at large.

Supervisor Hayden: Do you mean to say right there that, if the United Railroads makes its peace with the Labor Council and their carmen, that

you would be in favor of this compromise?

Mr. Johnson: No.

Supervisor Hayden: You said so, almost in those words.

Mr. Johnson: It would have a tendency to favor them a little more, and take a little more favorable view.

Supervisor Hayden: You made a very serious statement and declaration about the policy of the Labor Council. You have intimated here very plainly to those that have ears to hear that, if the United Railroads had agreed with you and your organization, the Labor Council, on organization of its carmen, then you would be in favor of this compromise.

Mr. Johnson: No, but I say other citizens—

Supervisor Hayden (Interrupting): You said if they made peace with you.

The Mayor: Nobody understood you any differently, Mr. Johnson.

Mr. Johnson: It is to recognize and give the right to the employees of the United Railroads to organize and form a labor union.

Supervisor Hayden: And then you would favor the compromise?

Mr. Johnson: No, we would view it with less suspicion. We have a right to look with suspicion on this offer because of the fact that, notwithstanding that you have had all the testimony possible and all the investigators possible to give you all the light upon this question, there is not a single line or statistic as to the effect of the universal exchange of transfers, and you are asked to adopt it simply upon that great advantage to be given to the citizens, and you have no information on the subject; you must do it upon faith alone that that will benefit the city.

Supervisor Gallagher: We have the statement of the superintendent that it will be to our advantage.

Mr. Johnson: He stated this: that he was not able to make any investigation.

Supervisor Wolfe: There is also the statement of the superintendent that he favors four tracks on Market street. (Applause.)

Supervisor Gallagher: From an operative standpoint only, and admits that there will be more danger undoubtedly. Is he here? Put him on the stand. Do I misquote you, Mr. Cashin, when I say that you said you favored four tracks on Market street from an operative standpoint?

Superintendent Thos. A. Cashin: Absolutely I do favor four tracks.

Supervisor Gallagher: Do I misquote you also when I say that you said there would be more danger?

Superintendent Cashin: I said at

the last meeting and I say here tonight that it could not be denied that, as you increase the number of cars on Market street, the element of danger would be increased.

Supervisor Wolfe: However, it can be guarded against?

Superintendent Cashin: Absolutely.

Supervisor Mulvihill: By proper police regulations.

Mr. Johnson: I recognize that politics makes strange bedfellows, and that is the reason why you find today this peculiar combination in favor of the compromise, and another peculiar combination against it. But that is only temporary and because each person serves his own interest on taking sides on that particular question, and that is the reason why some of us agree and stand together on this question, and we may tomorrow differ on some other question, and that is perfectly right and proper that we should do that, each one serving his own best interests as he can see it. But I know this: that there are people in this room who do not take the position of organized labor in this particular fight, but who have just as valid reasons for opposing the compromise as organized labor has. For instance, the people who do not believe that the United Railroads will give service as they promise in this compromise. The people of Parkside know already that the United Railroads does not keep its agreements. The headway they used to give on Ninth avenue was ten minutes. After the United Railroads took it over the headway became twenty minutes. Now, that shows what kind of service the people west of Twin Peaks would get if they accepted this compromise from the United Railroads. The service would depend entirely upon the congestion on Market street. That is the key to the situation, and as long as we want to bring people down town, if that is the object of the transportation system, we must provide facilities, and at the present time there is no question about it that the only way to bring the people down Market street and enable them to do their business is to have four tracks on Market street. (Applause.)

Mr. E. J. Sieben: I want to ask you, Mr. Mayor, you feel kindly disposed toward Mr. Gallagher in every way?

The Mayor: Certainly.

Mr. Sieben: I want to set Mr. Gallagher right before the audience tonight on certain matters.

The Mayor: Don't you think he is able to do that himself? Did he ask you to do it for him?

Mr. Sieben: No, he did not, he is absolutely out of it.

Supervisor Gallagher: I am hav-

ing too much fun to ask anybody to do that for me.

Mr. Sieben: But the time the petition came up, your Honor—and I want to say that personally I am responsible—

The Mayor (interrupting): Thank you, Mr. Leonard. We are always glad to hear from you as a leader out there west of the Twin Peaks tunnel. I have been informed that you and Mr. Baldwin and John L. McNab were in favor of the four tracks down Market street, and that Mr. McNab if he had been here tonight would have spoken for the four tracks down Market street, and Mr. A. S. Baldwin would also have spoken in favor of the four tracks on Market street. You know that, as far as I am concerned, as Mayor, it will be my policy to do everything possible to give you people in that part of the city the very best transportation possible. I know that you want a direct line right straight down to the ferry. I know that is your viewpoint in this matter, and when we get it we will give you transportation. Don't you worry about it.

Mr. Sieben: Now, in regard to these petitions, there was an insinuation made. I want to say, Mr. Mayor, and gentlemen of the Board of Supervisors, in regard to these petitions, when I presented myself before the Public Utilities Committee, I made the statement to the chairman, Senator Wolfe, that I expected to present a large petition, signed by a very large number of women. I had to make that bluff good.

Supervisor Mulvihill: You said 80,000.

Mr. Sieben: I said 80,000, and I tried to get as near to it as I possibly could.

The Mayor: How many were you short?

Mr. Sieben: I was 60,000 short, but I only had four and a half days to do it in. We counted them and they are here for verification. I also wish to state that what Mr. Troy said tonight—

The Mayor (interrupting): As long as you have referred to these petitions, were you responsible for getting them up?

Mr. Sieben: I am personally responsible for those. Someone said here tonight that Mr. Gallagher was in the pay of the Chamber of Commerce or the United Railroads.

Supervisor Gallagher: You bet they did not say that. I want to hear somebody say it.

Mr. Sieben: Well, possibly, that there was some connection or ulterior connection.

Supervisor Gallagher: They always

say that. They said that about the Mayor when he put up that other compromise, but I don't believe it.

Mr. Sieben: There is an idea abroad that, if any man is connected with any corporation of any size in San Francisco, that he is liable to be smeared up. Now, I simply want to relieve the public mind of any connection in regard to these petitions, that they originated from that source. I was personally responsible for them.

The Mayor: Do you think any one around here thought that Mr. Gallagher had anything to do with getting those up?

Supervisor Gallagher: I could not have had.

The Mayor: He has been too busy making up his report.

Mr. Sieben: He didn't even know about it. I selected him to present these petitions. I had in mind giving them to Supervisor Nelson or Supervisor Power.

Supervisor Power: Why pick on me? I have trouble enough to make out a financial statement to show that we are losing money.

Mr. Sieben: I don't know why we always select men in San Francisco that are carrying the heaviest load, and you see these gentlemen were picked by me as being good burden bearers.

Supervisor Power: We have not got over the budget yet.

Mr. Sieben: These petitions really are spontaneous and genuine and clean. With the exception of Mr. Troy's statement—and I believe that lady told the truth, I believe that she did find a ten-year-old girl signing there with some foolish girl that sat up in the rotunda. With regard to the lady from Petaluma, I think she was very welcome to shop on Market street, because the petition states distinctly that it is women shoppers in San Francisco. So there is nothing wrong about that.

I want to say something else. I told you repeatedly on this floor that the women of San Francisco were the biggest tax-payers in this town. I say again and again to you that the women of San Francisco are going to be heard from directly and strongly on this matter. I am not content with these petitions. I am not content with any matter that affects the women adversely. If this four tracks can be proven the correct solution, I certainly am for the four tracks, Mr. Mayor. But I would like a little more consideration from sources of authority. You must admit that there has been a mighty poor bunch, Mr. Mayor, arguing tonight, from a business standpoint or a scientific standpoint, or from an

engineering standpoint, on such an all-important proposition, and that includes my friend Gallagher and myself, too.

The Mayor: I have not started to argue yet.

Mr. Sieben: Now, with regard to our strong man, the best man you have got in the room. I asked him one pointed question. Mr. Eustace Cullinan has been harping on crossing subways, and that is a very serious and important proposition, that is going to involve us in a great deal of money. Chief Engineer O'Shaughnessy, whose opinion I value because its costs money—

The Mayor: But you think he is too highly paid.

Mr. Sieben: No, I don't think so, because in looking into the man's record he is not overpaid.

The Mayor: You made the statement before.

Mr. Sieben: And I apologized for it. I asked the Chief about those subways and he said they represented a serious engineering problem, that they had to be very carefully looked into on account of the difficulties underground, that are under Market street, and that are too lengthy to be discussed. It is a very serious and expensive proposition and must be so considered, and before we would like to say we will have subway crossings, we should have public expression from the Chief regarding them, and I think it is due us at this time.

Supervisor Mulvihill: Why don't you talk on the compromise before us?

The Mayor: Did not the Chief ask the Finance Committee for appropriation in the last budget to build those subways?

Mr. Sieben: I stand corrected, he may have done so.

Supervisor Gallagher: And didn't a lot of other people ask for forty million dollars?

Mr. Sieben: You must understand there are serious financial problems facing the taxpayers of San Francisco. No matter what the Chief has asked for, the Chief is paid to perform services not to raise money.

The Mayor: I am simply answering your question, and telling you that he asked for the money to do it.

Mr. Sieben: If he is able to do it under these adverse conditions, we want to honor him still more, because the question is serious.

Now, in regard to our position as regards the four tracks.

The Mayor: Have you been up to his office to see the designs of the proposed subways?

Mr. Sieben: No.

The Mayor: I would respectfully suggest that you go up and see them.

Supervisor Gallagher: How much will they cost?

The Mayor: About \$75,000.

Chief Engineer O'Shaughnessy: For the first installment, Supervisor.

Supervisor Gallagher: Let's have it all. It means \$200,000 to put subways on the important crossings of Market street.

Chief Engineer O'Shaughnessy: I asked for \$75,000 in the last budget.

Supervisor Gallagher: For what?

Chief Engineer O'Shaughnessy: For about three subways.

Supervisor Gallagher: Then six would be \$250,000. Where are you going to get it?

Chief Engineer O'Shaughnessy: No, I asked \$75,000 for three, and six would be \$150,000.

Supervisor Gallagher: How much would the one cost in front of the Palace Hotel? Can you build it for \$120,000?

Chief Engineer O'Shaughnessy: Oh, yes, that is the easiest of all because there is no sewer on Market street between the Palace and the Crocker building.

Supervisor Brandon: As to a subway, I cross Market street probably 25 times a day, and I cannot see any good of a subway under any circumstances.

Supervisor Gallagher: You are not going to spill the beans for the Mayor, are you?

The Mayor: He is simply answering Mr. Sieben, who said it would be impossible from an engineering standpoint to build these subways on Market street, not exactly in those words, but to that effect.

Mr. Sieben: I said it was a serious engineering problem, but if the chief is able to do that work, so much the better for all of us.

Supervisor Deasy: Do you mean the underground sewer system or the overhead sewer system? (Laughter.)

Supervisor Gallagher: Do you recollect that the Mayor wanted to run busses through the Twin Peaks tunnel.

The Mayor: To run busses through the Twin Peaks tunnel?

Supervisor Gallagher: Why, yes, you told us that.

The Mayor: I have no recollection of that.

Supervisor Gallagher: Of course you told me privately, perhaps you were joshing.

The Mayor: I have always been in favor of the city building its own tracks through the Twin Peaks tunnel, and the question of busses was in reference to the service from the western end of the tunnel in that district until we can solve the question of transportation at the western end, positively.

Supervisor Gallagher: If I prove to you that you agitated for busses in the Board through the Twin Peaks tunnel, will you get me a nice new hat?

The Mayor: If you need a new one, Supervisor, I will get you one without proving it. (Applause.)

Mr. Sieben: I wish to say that from tonight on we are going to present the side of the women who are taxpayers and who own 65 per cent of the property of San Francisco, and this petition here carries the names of thousands of responsible women and is a clean proposition all the way through, and cost such an infinitesimal sum of money that it is simply ridiculous. And I want the Mayor, and I want you gentlemen of the Board of Supervisors, to believe me that this is a genuine petition, and protest, by women shoppers and residents of San Francisco, and possibly a few of them from tributary towns have inadvertently signed them also. I noticed while those petitions were being signed, a very large number of women of advanced years signed them with trembling hands, they signed them earnestly, they meant business when they signed them, and I want everybody in this room to understand that the women that own 65 per cent of this town are going to say something about what is going to be done with their money. Now, the three gentlemen who have the honor of handling the finances of San Francisco will tell you publicly or privately that they have been very hard put to it. We are carrying at the present time about 70,000 people on the assessment roll who are contributing to the finances of San Francisco, and that is in the neighborhood of seven and a half millions of payroll. Now, that payroll will be reduced if our property values are going to be decreased or injured by any attempt made by the administration to try something that they do not know all about. Now, that is all I have to say. I have implicit confidence in the judgment of Engineer O'Shaughnessy. I have implicit confidence in his statements. I like Mayor Rolph personally for the stand he took, and he is to be very much admired, and I want you gentlemen to be fair to Andrew Gallagher, who has put up a pretty good fight against adverse conditions, and I will say tonight that you gentlemen as you acted here tonight again and again, one of the best Supervisors that we have here raised the point and pleaded tonight and other times for order—and remember, gentlemen, tonight that twenty minutes of two New York will know what we are doing

here tonight. We are not playing horse, we are talking business.

The Mayor: How do they know it?

Mr. Sieben: The Associated Press is working overtime.

The Mayor: Do they carry everything that the Board of Supervisors does?

Mr. Sieben: They carry a great deal.

The Mayor: I thought they were too busy about war news.

Mr. Sieben: We have a war right here and lots of it.

The Mayor: They are not very much interested in this.

Mr. Sieben: They were so much interested in us that they were here for our money and we gave it to them cheerfully, and the east is very cheerfully accepting our money in many other ways, and while I hold no brief particularly for the east, the east has trimmed us very conspicuously, but the east is watching us.

The Mayor: Watching us at five in the morning in New York?

Mr. Sieben: Yes, the office of the Associated Press never closes.

Mr. Troy: Those are the Wall street owners of the United Railroads, Mr. Mayor. (Applause and laughter.)

Mr. Sieben: That is all I have to say to you people. You have not acted in the manner that is in the best interests of all concerned. You have made a lot of fun of this proposition, but it is going to come home to you. Those petitions there are the foundation stone upon which we taxpayers of San Francisco are going to work, and take that home, and don't let any small interest obliterate the larger measure of justice to the women taxpayers of San Francisco. I thank you very much for your courtesy, and I want to thank Mr. Gallagher for the fight he has put up alone singlehanded.

A Citizen: Are those signatures all from women?

Mr. Sieben: I wish to tell you, in order to carry out my agreement with Senator Wolfe, a man for whom I have a very high regard, I wanted to put up women alone. I think there are about 65 or 70 per cent of women.

Supervisor Wolfe: When you speak about the agreement with Supervisor Wolfe, you mean the statement that you made here in the open Board?

Mr. Sieben: In the open.

Supervisor Wolfe: That is the only agreement that you had.

Mr. Sieben: Absolutely.

A Citizen: Is it not true that those papers were passed around promiscuously by the wholesale houses of San Francisco, by the employers to their employes and they

were asked to sign, and isn't it possible that many of those who signed that petition signed against their desires, in order not to injure their standing with their employers?

Mr. Sieben: I believe that no coercion was employed.

A Citizen: That is coercion for a man to be asked by his employer to sign a paper.

Mr. Troy: The manager and his assistant in one store signed our petition.

Supervisor Gallagher: What is the name of the store?

Mr. Troy: I am not going to injure that man.

Supervisor Gallagher: I want to say in defense of the petition, that I have examined it, and there are separate signatures, and I should say nearly 80 per cent women, and I will say as for the signatures obtained by the so-called Public Ownership Association that they were obtained by fraud of the worst and deceit of the worst kind.

Mr. Troy: Sir, that is a lie.

The Mayor: I must ask you to withdraw that statement.

Mr. Troy: I beg you pardon, I shouldn't have said that before the Board of Supervisors.

Supervisor Hayden: You apologize?

The Mayor: I am in the chair. I asked Mr. Troy to withdraw it and he has done so, confine your remarks to the Board.

Supervisor Gallagher: I don't care whether he apologizes to me or not. But I repeat, in defense of those petitions, I would not present to this Board a petition which in my judgment was either fraudulently or illicitly obtained, and my best knowledge is that they were honestly and sincerely obtained, and I repeat the statement, and I have as a witness, if you care to have him, a gentleman who will come and say that a man entered his store and asked for signatures for the four tracks, and said two things: one that the poor people of Church street were being denied an opportunity to get downtown, and No. 2, that the Board of Supervisors were a bunch of boddlers, and No. 3, if I am not mistaken, who got out and paid for the circulars distributed broadcast, "Church Street in Danger?"

A Citizen: The Carmen's Union.

Supervisor Gallagher: Well, you have got a pretty fat treasury all of a sudden.

A Citizen: We did not get it through you.

Supervisor Gallagher: Part of it you got through my efforts, and don't forget it. You carmen are like a lot of other fellows, a week ago when you got a raise, I was a hero. Today I don't agree with you and I am

a bum; that is my reward. When I got you the raise only 50 per cent of you were members of the union.

A Citizen: I will contradict you—*Mr. Troy* (interrupting): Do not serve his purpose. Keep quiet; he wants to raise a row—don't let him do it. He has been trying it all night.

Supervisor Gallagher: I make the statement again that they had no treasury, and I make the statement again that only 50 per cent of them were members at the time. I make another statement that 85 per cent of them have come from the United Railroads, and I make another statement that 30 per cent of them scabbed when we had the fight with the United Railroads. Dispute it if you can! I am not through. Now, I say again that the signatures on the petition for four tracks were obtained by fraud and deceit, and I am in a position to prove it, and I do not think, either, if you want to know it, that they were paid for by the Carmen's Union, no matter what they say. I think a little of the dough that goes into this opposition to a compromise comes from a well-known gentleman down on Market street who is very famous for an exchange of letters between yourself and him, Mr. Mayor.

A Citizen: And Mr. Gallagher runs to that same man whenever he wants money, too.

Supervisor Gallagher: You know that is not true.

The Citizen: Where did you get the \$5000 from for the Culinary strike?

Supervisor Gallagher: I did not get a cent in the Culinary strike.

The Citizen: You went after it in your own campaign. You didn't get it.

Supervisor Gallagher: I am not going to listen to any more of this stuff. I must ask you to stop it, Mr. Mayor.

The Mayor: You encouraged it; you simply keep it up. I recognize you as Supervisor, and you keep a cross-fire going, and I cannot stop you.

Supervisor Gallagher: Now, Mr. Chairman, I was busy making some statements which were received with cat-calls, with derision, and with defamatory remarks. I do not know but what I am human and I must respond to them. Here is a man, Tom Zandt, who knows in his heart and soul that, as far as the Spring Valley campaign was concerned, I published where the money came from, made it public, every dollar of it. There is another man, who makes a statement that in the campaign for Mayor I went to Mr. Spreckels

and solicited money from him. He knows that the "Town Talk" published the whole story, and I made it public. Mr. Spreckels offered to put up ten thousand dollars in my campaign so that he could beat you, Mr. Mayor, because he was sore at you, but he did not put up ten cents.

Mr. Troy: He would not put up the money because he had no confidence in you.

Supervisor Gallagher: I am going to defend myself.

The Mayor: I am trying to give you full chance to defend yourself; I am trying to stop everybody from talking except you.

Supervisor Gallagher: I want to say again that Mr. Spreckels refused to contribute to my campaign because I would not agree that, when elected to office, that I would relieve your Police Commission—that is the simple fact of the case. It cost me ten thousand dollars to say no, and I am glad I said it, and I am not on Spreckels' pay roll. I have never been, and I would like you to uncover the pockets of some of the men here and show whose receipts they hold in their pockets. I maintain that my record in this community is just as good as Mr. Troy or Mr. Zandt's. I am of the opinion that it is a little better. I have been in some fights, and I have been abused in my time, but at least my motives were honest.

Mr. Troy: Then you should not betray the people who put you in office.

The Mayor: Mr. Troy, I must ask you not to speak without permission.

Mr. Troy: But when a Supervisor mentions my name here, I ought to have some rights. The Supervisor takes an unfair advantage of his position on this floor.

Supervisor Gallagher: I can only say that I have no objection to Mr. Troy having the floor, but I submit that the things he is saying about me now, he has said about you and others time and time again, and let that fact go in against the truth of his statements. I am sorry that I cannot agree with Mr. Troy and Mr. Zandt and Mr. Johnson and the Carmen's Union, but I submit that because men do not agree with them they should not be permitted to stand up here and call names. I never let anybody get away with that, and I won't start now, and Mr. Troy might as well understand it now as any other time. When he states that I betrayed the people he does not speak by the card, but I submit to you that I think I am perfectly able to stand for all the kind of things that have been pulled here tonight. When I. W. W.-ism of this kind and type enters the Board of Supervisors, I am

going to give it back what it sends. Some of you fellows have been made a little sick at the stomach at the stuff you have got back. Now, take it and keep it. I am satisfied with my end of the quarrel.

Mr. Troy: Will you permit me to reply to the personal attack made on me?

The Mayor: You must get permission from the Board of Supervisors.

Supervisor Gallagher: I move that he be given permission.

Mr. Troy: I will be very brief. I will say this: that Supervisor Gallagher was elected a member of this Board to represent public ownership and to aid public ownership, and to help it out, and he is standing here as the worst enemy of public ownership. He is betraying it. If the United Railroads would pay a man ten thousand dollars, he could not try to do more harm to public ownership than Supervisor Gallagher has been doing right here, not since he got in with the jitney men, Mr. Mayor, but since he was defeated for the office of Mayor. (Applause.)

The Mayor: Who else wishes to speak on the question before us?

Mr. Zandt: I want to say first about these petitions. Last Monday I went up to the desk, after the petitions were filed, and looked over about 12 sheets before the secretaries got through, and I found signatures there addressed from Los Angeles, several from that city, quite a few from Petaluma, and many from Berkeley. In conjunction with that I will say I was in the Emporium yesterday, and I saw a little girl there with dresses not coming down to her knees, yet she was signing the petition. She must have been about 11 years old.

Supervisor Power: What time of day?

Mr. Zandt: It seems to me it was about 11 o'clock.

Supervisor Power: Well, any girl 11 years old belongs in school at that time. There is a law regulating that. She has no business out of school. If you saw a child 11 years old signing a petition she had no business there.

Mr. Zandt: If you will get me a truant officer's badge, I will look after that.

Supervisor Power: I will recommend that you get one from the superintendent of schools.

Supervisor Gallagher: Do you stand by that statement you made a few minutes ago in reference to myself?

Mr. Zandt: I will get to you pretty soon.

The Mayor: I have listened as long as I am going to. I want to know if there is anybody here in this room—never mind the petitions,

never mind all this kind of thing that we have been listening to tonight—I want to know now, whether there is anybody here in this room who has views as to whether the city should accept this proposed compromise or not. That is the question that is before us. Cannot we get some good live common-sense talks here to night as to whether the city shall build the four tracks down Market street, or whether the city shall accept this compromise? Now, if the gentlemen and ladies who are to speak here will confine themselves to those points, we will get somewhere and we will get some enlightenment.

Mr. Zandt: I don't think that the tunnel would have been built if there were no more than four thousand people to be considered in the matter. The 4,000 people have been made the basis of the transportation west of the tunnel here tonight to a very large extent, and if it had been only those 4,000, the tunnel would not have been started yet. It is the prospect of getting 100,000 people west of the tunnel that was the reason and purpose of making the tunnel. Any one knows that you cannot bring 100,000 more people down Market street on two lines of track. Now, it is either put more tracks, or tunnel, or build an overhead, and it is not very hard to figure it out. Now, in my opinion, the worst feature of this proposition is this: one contention is made that we are opposed to the United Railroads on any proposition. The fact is that every proposition that the United Railroads has ever submitted to the people, they got by far the best of it, and the people got the worst of it. As a general proposition, as to any proposition coming from the United Railroads, you can be pretty safe on opposing it. On this particular thing, the worst feature of it all is, if you divide the municipal system by refusing the right to use Market street its full length so as to deposit passengers at any point of Market street that they want to get off at, you isolate Church street, you isolate Potrero avenue to that extent, that neither of them will ever be able to pay interest on the investment, including the car houses. If you make a transfer from Church street on Market street, it would be all right. Remember that Church street has the haul on the hardest grade and Market street on the easiest grade. That easy grade would take less than one-third of the juice to haul the cars. According to the compromise the city would have the expensive haul and the United Railroads would have the cheap haul, both ways. If Church street has the advantage of a direct connection with

Market street, it is my opinion, as far as I am able to figure, that it will be 150 or \$200,000 a year income from the Church street line over and above what it would be if it is isolated, and the transfers would have to be made with the United Railroads. Potrero avenue would be really a much larger income paying road, and by the additional share of the hauls on Market street, it soon would be made to pay. You will have a connection with the main street in the city, and the municipal road will continue to grow, and have receipts that will come from the whole municipal system. There is not a bit of a doubt in my mind that there will be money available to make extensions as the people build houses west of the tunnel, and as you go down south into San Mateo county, and the growth of the city will go in that direction if you have quick and rapid transportation into San Mateo county. It will bring San Francisco and San Mateo county into one much quicker than any other agitation that you can have, and I think for that reason there is no other way that you can settle the matter, except by an overhead or a tunnel that will be too expensive. This method of four tracks on Market street will furnish transportation that will even make business on Market street improve. (Applause.)

Supervisor Power: I move that we adjourn to meet tomorrow at ten o'clock a. m. I do not think that the Board is in any mood to close the debate among themselves tonight.

Supervisor Hayden: Monday at ten?

Supervisor Power: Yes, Monday.

Supervisor Hayden: I second the motion.

Supervisor Gallagher: I don't think there is anything to be gained by that. Is the motion before the house?

The Mayor: If it is moved and seconded, the question is before the house.

Supervisor Mulvihill: I thought it was agreed in the meeting on Monday that, when we adjourned tonight, we adjourned to take up this subject on Monday at three o'clock.

Supervisor Wolfe: Would your Honor ask if there are any other citizens here to be heard for or against this proposition, and then we can determine what our course will be?

The Mayor: That is what I want to do. Are there any other citizens that would like to be heard?

Supervisor Power: Wouldn't it be well to ascertain the probable number of speakers on the subject, and then let us see whether we want to press the motion.

The Mayor: There seem to be four more. Go ahead.

Mr. Davidson: The first thing I want to say is this: that this meeting here tonight is just one more crime added to the long list that the United Railroads has perpetrated upon the people of San Francisco, this keeping us here, a great mass of people here, until two o'clock in the morning, discussing a question that a majority of the people of this city settled long ago. Through their influence financially they get people to come here and excite us and get us started here on another campaign to preserve our municipal railway. The reason that this meeting was held here tonight was given by Engineer O'Shaughnessy before this Board of Supervisors here about three months ago. I happened to be present on that afternoon. He stated to the Board of Supervisors that the city was losing \$1000 a day by reason of the non-operation of the Church street line, and Chief O'Shaughnessy, our engineer, makes generally conservative statements. One thousand dollars a day he stated to this Board was being lost to the city because the Church street line was being held up. If that thousand dollars a day is being lost to the city, who is getting it? The United Railroads, of course, and it is that thousand dollars a day with the proposition of another thousand dollars a day added to it that has brought about this meeting here tonight. They have hopes, through this abominable compromise scheme, of choking and arresting the development of the municipal railways of San Francisco. That is the thing that has caused this meeting here tonight. That is their hope and aim. The Twin Peaks tunnel is not the thing that has brought this about. They know that the people that they would haul through there on this compromise proposition would not not make them any money for some years to come. But they know that, with this compromise in effect, they will still be able to throttle or control 40 or 50,000 people who live in the Noe Valley and who have been denied transportation of any consequence whatever ever since that valley has been settled up. They have an absolute monopoly on that section of the city and have given the rottenest service that any street car company on the face of the earth ever furnished to a public who are lining their pockets with their money as they were doing there. And that is what this thing is all about, to stop those people from coming down Market street on their own line, in one-half of the time that they have always had to contribute to the United Railroads in order to get downtown to their business. The Church street line operating down Market means the

actual bringing of that great valley one-half nearer to the business section of this city than it is at the present, and has always been, and these merchants who have been in this campaign by reason of the influence of the bankers and the people who own the bonds of the United Railroads, to sign petitions and to state that they are opposed to the four tracks are absolutely being coerced in this matter. They know that if this construction goes on as the city has planned and hoped to put it through, that those people, instead of doing their trading out on Twenty-fourth street and out on Mission, and out on Twenty-ninth street and out in those other districts will be enabled to come down to the business section and transact their business and go home again in one-half of the time that it has always taken them to do that.

Now, then, here is the situation, exactly this: the United Railroads with absolutely no character comes here begging the people of San Francisco, who have fought it year in and year out for the last 18 years, comes at the last minute when they see that we are about to throttle it and choke it, they come begging for a compromise. That is what this company does, and I am going to ask you for permission to show, not by what I say, but by what different newspapers in San Francisco have said in regard to them, about the time that our Panama-Pacific International Exposition was to open in this city, I am going to ask you now, seeing as we have spent so much time here tonight, we might just as well spend a little more time longer.

"The United Railroads says fight"—(reading). That was a year ago last February when Judge Sturtevant's famous injunction stopped the "C" and "D" cars from reaching the ferry.

The Mayor: Well, did they stop them?

Mr. Davidson: They stopped it for one week, and owing to your energy it was again started, thank the Lord. (Reading.)

The Mayor: I don't want you to say by my energy, I want you to say by the energy of former Chief Justice Sullivan and of our fine city attorney here, George Lull.

Mr. Davidson: Now, gentlemen, I want to submit to you this fact: that if on a matter concerning a stretch of track that only reached from Kearny street to the Ferry they were able to get enough technical hocus pocus out of it to land the Mayor at the doors of the jail, how much hocus pocus would they get out of a contract

that reached from the Ocean to the Twin Peaks. They would get enough hocus pocus to put the Mayor and all of you gentlemen in jail, and the rest of us in Napa. (Reading from newspaper clipping.)

Supervisor Wolfe: Just a moment. Have you anything to gain by reading any more of these editorials?

Mr. Davidson: Yes, I want to convince you gentlemen that you are maintaining negotiations with the most dangerous kind of a corporation. Chiefly I want to convince Andrew Gallagher, whom I have known for eighteen years past, and many times have been closely associated with him in the labor movement in this city, attended conventions up at the State Federation of Labor with him, and banquets, and dances and other things, and we were quite friendly. I am grieved, beyond any words that I am able to express, at the attitude of Andrew Gallagher in the present emergency, and I hope to prove by these things that he is doing a very dangerous thing for himself and the citizens of San Francisco in making this stand in favor of the compromise with the United Railroads.

The Mayor: I am inclined to think he will change his mind.

Supervisor Gallagher: I do not do that very easily, Mayor, because I do not make up my mind quickly.

The Mayor: I think you will find you are wrong, Andy.

Supervisor Gallagher: Changing my mind is the easiest thing I do.

Mr. Davidson: I will not read all of this, but I will read a few extracts from it. (Reading.)

The Mayor: I hardly think it is necessary to read a lot of editorials or newspaper clippings.

Mr. Davidson: What I want to say is right here, it shows here that the United Railroads absolutely refused to take any steps to furnish—

Supervisor Power (interrupting): I wish we could adjourn this meeting until Monday, and let these other citizens have an opportunity to speak. I would ask to be excused, I do not think I am in shape to stay here all morning, so if the chair does not wish to put the motion, I wish to be excused.

The Mayor: I have to put any motion that is made to adjourn.

Supervisor Gallagher: I submit to you that there are only three or four speakers to be heard, and I submit another thing, Monday, when we meet, unless by majority vote the Board decides otherwise, unless you wish to submit an argument, when we meet we ought to go to a vote, and wind the thing up.

Supervisor Wolfe: I want to have something to say.

Supervisor Gallagher: I have been three days away on this sort of stuff. Why not have it Monday afternoon? I would do this: with the situation that confronts us now, I would by majority vote of the Board considering the fact that the Mayor and Supervisor Wolfe wish to be heard, and probably a few others, I would re-set the time for this for Monday evening at eight o'clock, with a positive limit to take a vote at twelve and not later, or eleven, as you please, and then vote on it by agreement at twelve o'clock, regardless of what stands in the way, unless a majority decides otherwise.

Supervisor Wolfe: I do not want to keep the Supervisors here by my vote any longer than they desire to remain, neither do I like to see a motion to adjourn put while the gentleman still has the floor.

Supervisor Gallagher: I would move you now that the Board now rescind its action in re-setting Monday at three to vote on this, and agree that the further hearing on this matter be set for eight o'clock Monday evening, and determine now that a vote shall be taken not later than twelve o'clock on that evening. Now, I think that ought to cover the situation.

Supervisor Wolfe: I will second that motion with this understanding: there are only two or three citizens who are here tonight who have manifested a desire to address this Board, and I take it that they should be given the privilege of the floor when they present themselves, and thereafter the matter shall be given to the Board.

Supervisor Mulvihill: When the report of the committee was presented to the Board on Monday, the committee recommended that the matter be set for next Monday as a special order for three o'clock for a hearing, for the Board to accept or reject its report. I voted against Supervisor Walsh's motion that we hold a public hearing this evening. I think when the full Board is here—and they are not here now—when the full Board convenes Monday at two o'clock, when the hour of three o'clock arrives the Board will be ready to settle this question. I think we can get to a vote very speedily Monday afternoon on this question. We have heard all the arguments and debate on it, and if there are any other citizens wish to be heard, they should be heard here tonight.

Supervisor Brandon: It is very obvious that the Mayor cannot be here Monday at three o'clock on account of the Japanese Commission.

Supervisor Power: I will withdraw the motion to adjourn, with the consent of the second, and join in the motion of Supervisor Gallagher.

Supervisor Gallagher: I call for the question on my motion.

The Mayor: It has been moved and seconded that the Board do now adjourn, agreeing to meet in special session Monday night at eight o'clock.

Motion carried.

ADJOURNMENT.

Whereupon, the meeting at 2:20 a. m., August 11, 1917, adjourned to reconvene in special session Monday evening, August 13, 1917, at 8 p. m.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Public Buildings Committee, by Supervisor McLeran, Chairman.

Public Health Committee, by Supervisor Walsh, Chairman.

Report of Joint Committee on Finance, Commercial Development and Lands and Tunnels on Reduction of Rincon Hill.

The following report was presented, read and ordered filed:

San Francisco, August 13, 1917.

Board of Supervisors.

Gentlemen:

Your Joint Committee on Finance,

Commercial Development and Lands and Tunnels begs leave to report:

That some time ago it authorized an investigation of the project of regrading Rincon Hill with a view of determining as to its feasibility, whether the benefits that might accrue would be compensated by corresponding benefits, and to present a method of procedure by which the project could be financed and finally accomplished.

The Committee has received reports on this subject that would indicate the desirability of this project and these reports will be published in the Municipal Record next Thursday. We suggest that the members of this Board study these reports and the ordinance accompanying them. The undertaking is one of such consequence that it behooves every member to familiarize himself with its general features and be prepared to take such further action as circumstances may justify.

Particular stress is laid in the report as to the necessity of securing the co-operation of the property owners in the Rincon Hill district, for without such co-operation little beneficial result can be expected.

The Joint Committee, therefore, wishes to announce that a public meeting will be held at an early date at these chambers and the property owners and others interested be notified to appear and voice their opinions upon this subject. All of the members of this Board are invited to be present.

Respectfully submitted,

Liquor License Ordinance.

Bill No. 4620, Ordinance No. — (New Series). An ordinance regulating the issuance of permits and licenses for the furnishing, sale or dispensation of alcoholic and intoxicating liquors during the period of the present war, and providing for the revocation of such permits in certain cases.

Be it ordained by the People of the

City and County of San Francisco as follows:

Section 1. During the period of the continuance of the present war between the United States and Germany no permit or license to engage in business as a retail dealer or to sell, furnish or dispense in any manner alcoholic or intoxicating liquors, except at wholesale by wholesale liquor establishments as the same are defined in Ordinance No. 2569 (New Series), shall be granted or issued except by way of transfer or renewal of a then existing permit or license.

Section 2. During such period of war no transfer or renewal of any such existing permit or license to or at a location within one-half mile of the limits of any military or naval camp, post or reservation of the United States shall be granted or issued.

Section 3. In case of the conviction of the holder of any such permit or license for a violation of any of the provisions of Sections 12 and 13 of the Act of the Congress of the United States, approved May 18, 1917, and entitled "An Act to authorize the President to increase temporarily the military establishment of the United States," or of the violation of any rule, order or regulation of the President or Secretary of War of the United States made or issued under said sections of said Act, or in case it appear to the reasonable satisfaction of the Board of Police Commissioners that the holder of any such permit has been guilty of such violation, it shall be the duty of the Board of Police Commissioners, after a hearing, to revoke said permit permanently.

Section 4. During said period of war no permit or license under the provisions of Ordinance No. 626 (New Series), entitled, "An Ordinance imposing a license on persons, firms or corporations conducting any exhibition, ball or masked ball, where spirituous, malt or fermented liquors or wines are sold or furnished to be drunk on the premises," shall be granted or issued for any location within one-half mile of the limits of any military or naval camp, post or reservation of the United States.

Section 5. All ordinances and parts of ordinances in conflict herewith are hereby suspended during the period of said war.

Section 6. This ordinance is hereby declared to be enacted in the exercise of the police power of the Board of Supervisors of said City and County and for the purpose of regulating the sale of alcoholic and intoxicating liquors during the national emergency created by said period of war.

Section 7. This ordinance shall take effect immediately.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Amendment to Building Law, Plaster Board.

Bill No. 4630, Ordinance No. 4281 (New Series).

Amending Ordinance No. 1008 (New Series), approved December 22, 1909, and known as "The Building Law" of the City and County of San Francisco by adding thereto a new section to be known as Section 107A as added by Ordinance 3697, and which shall read as follows:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 1008 (New Series), the title of which is recited in the caption of this ordinance, is hereby amended by adding a new section thereto to be known as Section No. 107A and to read as follows:

Section 107A. Whenever in this ordinance, which is known as "The Building Law" of the City and County of San Francisco, metal lath is required, there may be used, in lieu thereof, plaster board composed of pure gypsum, wood and manila fiber, or of other similar materials, but not less than seventy-five per cent (75%) of such composition shall be of non-inflammable material. Excepting that in Class A and B buildings the use of plaster board is prohibited in all elevator shafts, and in the walls and ceilings surrounding staircases in such buildings.

Such plaster board shall be not less than three-eighths inch ($\frac{3}{8}$ " in thickness and shall be so constructed as to form a mechanical key or bond between the plaster board and the finish plaster. Such mechanical key or bond shall be equally distributed and shall compose at least twenty per cent (20%) of the surface of the plaster board.

On wood joists, furring strips, studding or other wood supports, the plaster board shall be securely fastened by means of nails of such length that the said nails shall extend at least three-quarters inch ($\frac{3}{4}$ " into the joists, furring, strips, studding or other supports. Such nails shall be spaced or driven not more than six inches (6") apart in one direction and sixteen inches (16") apart in the other direction. Where the furring strips, studs or other supports are of metal, the plaster board shall be securely fastened to same with galvanized iron wire of not less than No. 14 gauge or with metal clips or nails, spaced the same as this section provided for nails. All wire nails used for fastening plaster board shall be

at least No. 11 gauge with a flat head not less than three-eighths inch ($\frac{3}{8}$ " in diameter. All such plaster board shall have applied thereon at least one (1) coat of hard wall plaster, such plaster to be not less than three-eighths inch ($\frac{3}{8}$ " in thickness.

A plaster board not less than one-quarter ($\frac{1}{4}$) of an inch in thickness and otherwise conforming to the provisions of this ordinance may be used, providing, however, the board is of sufficient strength so as to be handled in lengths up to 12 feet, all such plaster boards shall have applied thereon, at least one coat of Hard-wall plaster, such plaster not to be less than one-half ($\frac{1}{2}$) inch in thickness.

Clerk to Advertise for Bids for Printing Municipal Reports.

Supervisor Mulvihill presented:

Resolution No. 14680 (New Series), as follows:

Resolved, That the Clerk of the Board of Supervisors is hereby directed to advertise for proposals for printing and furnishing the "Municipal Reports" for the fiscal year 1916-1917 under specifications to be prepared by the Publicity Committee.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Extensions of Time.

Supervisor Welch presented:

Resolution No. 14681 (New Series), as follows:

Resolved, That State Improvement Company is hereby granted an extension of ninety days' time from August 10, 1917, within which to complete contract for the improvement of Santiago street, between Twenty-third and Twenty-fourth avenues, and the crossing of Santiago street and Twenty-fourth avenue, under public contract.

This fourth extension of time is granted upon the recommendation of the Board of Public Works for the reason that the performance of this work has been subject to the completion of Twenty-fourth avenue, between Santiago and Taraval streets. This street was completed on July 11, 1917, having been delayed by the fact that the Army authorities had requisitioned all work in the district for fortification work.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 14682 (New Series), as follows:

Resolved, That Federal Construction Company is hereby granted an extension of ninety days from August 30, 1917, within which to complete contract for the improvement of Sunny-side avenue, between Baden and Ham-bury streets, under public contract.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is well under

way. The grading is completed and the concrete curbs and concrete base are under construction.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY EVENING, AUGUST 13, 1917,
8:35 P. M.

In Board of Supervisors, San Francisco, Monday, August 13, 1917, at 8:35 p. m.

The Board of Supervisors met pursuant to adjournment.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Quorum present.

His Honor Mayor Rolph presiding.

Proceedings Had Before the Board of Supervisors in the Matter of Four-Tracking Market Street.

Mayor Rolph: Mr. Davidson, you may now proceed.

Mr. Davidson: Mr. Mayor, Members of the Board of Supervisors, Ladies and Gentlemen: Last Friday night a gathering larger than this was held in this room, and we remained here until 20 minutes after 2 o'clock Saturday morning. I was granted the floor about 10 minutes after 2. I spoke about 10 minutes, and on motion the meeting adjourned until tonight at 8 o'clock. The statement which I wished to make last Friday night was this: At that meeting of six or seven hundred citizens gathered here in this room, in the stifling atmosphere that was here, sweating and worrying over a question that has already been settled by the people of San Francisco at the ballot box, I said this is one more crime added to the long list of crimes that have been perpetrated upon the people of San Francisco by the United Railroads, and I want to repeat that statement now: This is one more crime added to the long list perpetrated upon the public of San Francisco by the United Railroads. We sat here listening to what was called the minority report of the Public Utilities Committee, submitted by Andrew Gallagher. It was really a minority report submitted by the United Railroads. Their ob-

ject in submitting this minority report, as you are well aware, is and was for the purpose of injuring, and perhaps destroying, the municipal railways of San Francisco—

Supervisor Gallagher (interrupting): Mr. Mayor, I did not intend to interrupt and I shall try to be as quiet as I possibly can, but if Mr. Davidson is going to indulge in statements that are wide from the mark I will be compelled to. I call your Honor's attention to the fact that Mr. Davidson stated that my minority report was really the report of the United Railroads. Now, Mr. Davidson certainly is not going to switch me up with that corporation. I have sins enough to bear, and troubles enough to bear, and I certainly cannot sit here while that is being added to the sins that I have. It is a little bit wide of the mark, and I think he should be admonished not to indulge in personalities.

Mayor Rolph: Personalities are not to be indulged in by anybody present at this meeting.

Mr. Davidson: Mr. Chairman, Senator Wolfe suggested at the opening of this meeting tonight that more decorum be observed, and that no tantalizing remarks or accusations be passed forth, and I propose, as far as I am concerned, to try to stay within the bounds of courtesy, if possible. I hope that Supervisor Gallagher will not throw out any of his slurs and insinuations that he threw out last Friday night—

Supervisor Brandon (interrupting): I would like to make an inquiry that if the minority report as presented by Mr. Gallagher was presented to him by the United Railroads. I think in fairness to everyone—just a minute—in fairness to any member of the board, unless you feel, unless you believe that is the case, say so. If you don't feel that is the case, you should deny that you maintain Mr. Gallagher's motives in presenting that report was through any connection with the United Railroads.

Mr. Davidson: Mr. Chairman, I want to state this. The Supervisor has asked me to state my honest conviction in the matter of that minority

report, and I shall proceed to do so. I believe, firmly, that that minority report was largely constructed by the United Railroads officials, or some one in their legal department, or something of that sort. That is my honest conviction in the matter.

Supervisor Gallagher: That is your opinion, is it?

Mr. Davidson: That is my opinion.

Supervisor Gallagher: I thank you very much for it.

Mr. Davidson: You are welcome, Supervisor.

Supervisor Wolfe: I suggest Mr. Davidson go ahead with his argument on this question, Mr. Mayor.

Mayor Rolph: Proceed, Mr. Davidson.

Mr. Davidson: I would like to do so, but I would like to have a minute or two for the collection of the thought that I was saying at the time I was interrupted by the Supervisor.

Now, the first statement I want to make is this: That the question of the four tracking of Market street is the one before us, and I want to state that I have had over 25 years practical experience as a street railway man. What I know about street railroading—I mean from actual work—on street cars both as a motorman and as a conductor, and I assure you that in those 25 years I have put in a great deal more than an average of 8 hours a day on the job, including Sundays and holidays. Furthermore, I want to state that my experience was not all had in the city of San Francisco. I have seen and had experience in other cities, and I want to state as my honest conviction, with no prejudice only through self interest in the matter, because I am employed in the municipal railway, that in San Francisco, as it is laid out, it is absolutely necessary for the benefit of this city and the outlying districts such as Twin Peaks, and Noe Valley, and the Richmond District, and those other districts out along the ocean, it is absolutely necessary now, immediately to construct those four tracks down Market street. The way this city is laid out, there is no other way to get over and away from this present congestion that we are now suffering from. It is true that there has been suggested subways and over-heads and so forth, but those things will require time and money that we cannot afford to have or raise at the present time. The situation is acute; people are suffering for transportation. This tunnel district beyond Twin Peaks tunnel has subscribed their money to build that tunnel at an immense cost to themselves. They are now ready and anxious and waiting for transporta-

tion. The only way that transportation can be given to them in the immediate future is by building the four tracks on Market street, running the municipal cars through on those outer tracks from the ferry into that district beyond Twin Peaks tunnel.

This compromise proposition would center all the traffic on the inner tracks, or the inner pair of tracks, whichever way you want to put it, and which everyone of you know, including the honorable Supervisor, are badly blockaded and congested. Those real estate dealers out there have invested millions of dollars in real estate in that section, and they hope to draw a large population out there, and about the only way possible to draw a population is to furnish rapid transit, or something that very nearly resembles rapid transit at least, and there is no immediate possible way at present of furnishing anything that resembles rapid transportation for that territory except to immediately get busy and build four tracks on Market street through the tunnel. We have heard a great deal about the fifty-five or sixty thousand commuters who live across the bay, because, as Mr. Skelly said in this meeting, because of bad transportation facilities on this side of the bay. He stated immediately afterwards that the United Railroads was responsible for the bad transportation facilities that we have enjoyed in this city, or rather have been cursed with in this city. He said the United Railroads were responsible for it. Then he went along and talked about the awful feeling in regard to the danger that might possibly subject our women and children to upon Market street if we had the four tracks constructed through the shopping district. Now, let us see what the four tracks in the shopping district would actually mean. Between the hours, say, of ten o'clock in the morning and four o'clock in the afternoon, which are used by women and children, if the four tracks were built, there would be on the outer track a car run not oftener than 3½ or 4 minutes between 10 o'clock in the morning and 4 o'clock in the evening. Now, a four minute headway on those tracks in the shopping district would mean this: That if you came out of the Emporium and saw a municipal railway car passing the Emporium on the outer track, the next car following it would be up at Van Ness avenue. All that distance between the cars, from Van Ness avenue to the Emporium. Would that look like a very dangerous situation? Mr. Skelly said that if he sent his wife down town shopping, with that added car every four minutes, there,

he would be in a nervous panic for fear something would happen to his wife or to his children. If my wife—if I could not trust my wife to go down town on Market street with another car down there every four minutes, or three and a half minutes, without anybody there to watch her, if I felt that way about it I would keep her home and watch her home. Now, that is the actual situation as to the danger of four tracks on Market street throughout the shopping district. They would try to make you believe that with the additional municipal cars on Market street, and with the United Railroad cars on Market street, that you would have to jump around for fear of your life. That is what the papers are advertising. The merchants are afraid it would destroy their business. Supervisor Gallagher's friend, Mr. Koster, signed those articles and paid for those articles—

Supervisor Gallagher (interrupting): Mr. Chairman, I have stood about all that I am going to stand from Mr. Davidson. I know Mr. Davidson and I know that his antipathy for me is not based upon my advocacy of the four tracks, but largely upon another issue that is far removed from the issue in question, and I am not going to allow Mr. Davidson to stand here upon this floor and talk about me like that. There are limits to everything. I do not know Mr. Koster, and I have never met him that I know of, but I would rather shake hands with him than with Mr. Davidson, because I know Mr. Davidson, and just as soon as he gets through I am going to tell how he happened to become connected with the carmen's union.

Mr. Davidson: All right.

Supervisor Wolf: I would suggest, your Honor, that the speaker refrain from indulging in personalities, and if he cannot do so let him sit down. The question before us is whether or not to four track Market street.

Mr. Davidson: Mr. Chairman, I beg your pardon. I forgot myself when I made mention of Mr. Gallagher's name.

Supervisor Lahancy: He has apologized.

Mr. Davidson: Mr. Chairman, the other night I was digging up ancient history, and it was in regard to the past record and reputation of the United Railroads Company of San Francisco, and it was in regard to the matter of transportation to the Panama-Pacific Exposition.

Mayor Rolph: May I ask not only you, but all persons who address us tonight, to tell us why we should have four tracks on Market street or why we should not have. That is it.

Give us the reason why you think we should have four tracks on Market street, or why we should not have four tracks on Market street. This other gush does not amount to anything at all.

Mr. Davidson: If it is not desired to hear anything about the past record of the United Railroads, if we don't want to dig up anything at all of their past misconduct, I shall certainly agree not to do so, but there is just one sentence in an article here that I dug up that I would like to be permitted to read. It is just one sentence. Now, this is headed "Solution of the tunnel transportation problem." This one sentence I am going to read is this, "United Railroads own street car lines at both ends of the tunnel, but evidently it is not contemplated continuing that through the tunnel, because it brought suit to have the additional assessment annulled." That is the sentence, it brought suit to have its tunnel assessment annulled, and now it asks us to make a present of the Twin Peaks tunnel to it. In this article also it states as part of the solution of the transportation problem, it advocates the laying of four tracks down Market street, and gives many good reasons why they should be laid.

Supervisor Wolfe: What are you reading from?

Mr. Davidson: An editorial article from the "Examiner" about nearly three years ago. It advocates laying four tracks, or outer tracks on either side of the present tracks of that corporation. Now, to get right down to the proposition of the four tracks, as you don't seem to want to bring in ancient history in the matter, why, I will try to confine myself to the present. The reason why I advocate four tracks on Market street is this: That myself and some four or five hundred other street railway men of the Municipal Railway have a hankering towards owning a home, and we read in the street cars, in the Municipal street cars of beautiful advertisements of bungalows beyond in the Twin Peaks District, beautiful bungalows for sale on terms the same as rent, and some of us, since we received a little increase, or a fair increase of wages, have begun to aspire to own our own homes. Of course, you all realize that street railway men the world over have never owned any homes; well, I don't know whether to mention this or not, but I believe there are a thousand or fifteen hundred of them walking the streets tonight, instead of running the cars, and driving the cars, because they, too, have a desire the same as we have, to perhaps sometime own

their own homes. Now, in the case of this four tracks through the tunnel, many of us feel that it was an inducement to us to try to get out in that district and get hold of a bungalow and a little lot, and have a little place that we can call our own, where we may raise our families and children in comparative luxury. Now, without those four tracks that aspiration will be killed. I am satisfied so far as the Municipal Railroad—the five or six hundred Municipal Railway men are concerned. That is a sure thing. Last month—the first month that we received our pay after the increase of wages, I received for 27 days, close application to duty, eight hours and 29 minutes each one of those 27 days, I received \$100.25. That was the first and I think the only time, as a street car employee, ever did receive such a sum as \$100 for a month's work. When I got that check for \$100.25 I went home and threw it over to my wife, and she was astonished. I threw it down, five big yellow twenty-dollar pieces and I kept the 25 cents to blow in myself. And I said to my wife, I said, "Now, what is the matter with us," I said, "They are advertising beautiful bungalows for sale out beyond the Twin Peaks," and I said, "What is the reason that we cannot purchase one of those bungalows on monthly payments." She had just heard of the United Railroads compromise proposition, and she said, if this compromise proposition goes through with the United Railroads, that it will put the Municipal Railroad out of business, she said, "and you will be glad to have a home at the Alms House, that would be the only thing you could get." That is the thing that interests me, with the question of whether this compromise is going through or not. I realize what it means to the Municipal Railway. It means the division of the system into two parts, separated from each other; it means the stopping of all that which the Municipal Railroad has represented to us San Franciscans; that is what this compromise means; that is the reason why I am in favor of the four tracks. It means the stopping of the improvements out in the Noe Valley District. That is what it means to those people out there, and that is what it means to me as an employee of the Municipal Railway. If any of you could have seen that sight yesterday, or today, the crowding of hundreds of people on the Van Ness avenue or the Church street car line, the cars were packed, and they were struggling and swaying to get on the cars to go down town, carried way around in a round-about route, clear out of their way,

refusing to use the United Railroads who have always endeavored to stop the development of the Municipal Railway. It is certainly time to better the conditions existing in this city, so far as street car lines are concerned, and listen to the expression of the will of the people time and again at the ballot box; it is time that we went ahead and constructed those four tracks, and tried to persuade 55,000 commuters from Oakland to live upon this side of the bay, to get in the sunshine and own their own home, and this four-track proposition is the only thing that will bring those commuters across the bay again.

Now, I want to mention another thing: From the operation of your Municipal Railway system we have already invested five hundred and forty-seven thousand dollars profit in that beautiful library that stands right over there. Five hundred and forty-seven thousand dollars of the profits of the Municipal Railroad from the operation of the railroad is invested in that magnificent library. If we go ahead and build the four tracks on Market street, and perfect the Municipal Railway system, there will be other projects of that kind, and there will be moneys, profits from the Municipal Railway operation that can be invested and reinvested here in the city of San Francisco, for the benefit and pleasure of this city. We are now talking of bonding ourselves for public schools. We are short of public schools. If we go ahead and carry out our proposition of the municipal ownership of railways, the profits from those railways will build enough schools for the city continuously for all times to come, and then we will be able to educate the people so that they will understand what democracy means and will fight only as democracy can do now and at all times, instead of allowing autocracy to exist. We have got a great future ahead of us if we take advantage of our opportunities. There was something said last Friday night that hurt me considerably, or rather when I went away and thought over it, it hurt me, and I am disappointed at not being allowed or given an opportunity to answer some of the vile accusations that were made at the Municipal Railway men for the interest that they evinced in this question, and I want to say now that if there is a single organization or body of people in the city of San Francisco who have absolutely the right to be vitally interested in any proposition concerning the Municipal Railway of San Francisco, it certainly is the Municipal Railway employees, the platform men and the operators and

the shopmen of the Municipal Railway; and there isn't a doubt that they would, in any emergency, in any case that threatened in any way to injure the development of the Municipal Railway, they will always be the first on the job, for it is undoubtedly a matter of vital concern to them, and how they could be criticised for their actions and the interest that they take in this matter is something that has hurt me considerably. That is all I will say upon that subject tonight. We will have plenty of opportunities later on to say exactly what we mean, in the near future, in the immediate future, and there won't be any doubt about what they mean.

Another thing I want to call to the attention of the people here tonight is this: When you get on a Municipal Railway car and take a trip on the cars, you don't pay a whole nickel for your ride. You get a rebate on that nickel, but when you get on the United Railway cars, and drop a nickel in the fare-box, you pay more than five cents for your transportation, for the very reason that you are contributing to their financial ability to create more trouble in our city. Do you get that? That is what you are doing. You add to their ability, aid them in obstructing the progress of the Municipal Railway system.

I am going to say this: That I really feel that all of this palaver and talk that we have had here is nonsense, and I believe that the Mayor of the City and County of San Francisco knew what he was saying when he said in this Board of Supervisors hall that the four tracks were going down on Market street. I believe that the Mayor of San Francisco realized that this wonderful Civic Center in which we are now congregated—in a part of it at least—this wonderful Civic Center in the future will be pointed to as a monument to Mayor Rolph. That is what thousands of people in the future will say when it is completed, and I am certain that our Mayor realizes that the four tracks down Market street, the extension that he has outlined, will make an absolute unqualified success of the municipal railways in San Francisco, and that the character of our municipal Civic Center will be a monument of which he will always be given the credit for, and will always, as long as he lives, be proud of. I thank you.

Mayor Rolph: Are there any other citizens present who would like to be heard?

Supervisor Nolan: Mr. Nelson, Fernando Nelson, would like to be heard.

Mayor Rolph: Is Mr. Nelson present?

Supervisor Nolan: Yes, he is coming forward now.

Mr. Nelson: Mr. Mayor, members of the Board of Supervisors and citizens of the City and County of San Francisco: I can say that I have more than ordinary interest in this matter. Thirty-nine years ago I belonged to an improvement club that met in their hall at the corner of Church and Thirtieth streets, and at that early date we discussed the building of a cable line on Church street, and even though a great many years have passed by, it is still incomplete, without a direct route down Market street. We did not think at that time it would be necessary to make a short visit to the neighborhood of Van Ness avenue and Geary street. At that time that was some social center. You will pardon me if I refer to myself, but I am in the business of building houses in this city, in the outlying districts, and trying to keep people on this side of the bay, which has had a great deal to do with bringing me in touch with street car transportation problems. We should be not much concerned in the policy of leniency towards the United Railroads when considering the growth of the city, by building four tracks on Market street. The Twin Peaks Tunnel was built for the sole purpose of affording rapid transportation to the great territory within this county and beyond, where thousands of people of moderate circumstances can make their homes. Rapid transportation is not possible to this district without four tracks on Market street. After the four tracks are laid, if you can compromise with the United Railroads and put express service on the tracks, on the inner tracks, you will have solved the street railway problem for some time to come, not only for the districts west, but east of the Twin Peaks Tunnel as well. You must also consider the building of a spur tunnel, preliminary surveys which have been made, in order to serve the Sunset District proper, with its thousands of population asking for direct transportation down Market street. This spur or branch tunnel with a three per cent grade and 3700 feet long, connected with the main tunnel, will give a direct, or would place, rather, a great amount of tunnel travel on Market street. There is little danger that the stores circulating petitions against the proposition will not remain on Market street, and you Supervisors should act without delay in your official capacity for the best interests of our city. I believe that the fact that the United Railroads asked

for a monopoly of travel through the tunnel should convince you that it will pay immensely. If you have any doubt about it, inquiry will show you that nearly everyone in the city is waiting to ride through the tunnel, and a round trip through the tunnel would mean 1,000,000 fares from this source, without counting the transits or regular patrons. Considerable pressure has been brought upon me to lean towards the United Railroads proposition. I answered them all by paying my tunnel tax in full, and I have got my receipt marked "Paid," which represents nearly one-hundredth of the entire cost of the tunnel. Another thing I might say is that I gave to the city a wide strip of land for the municipal railroad extending one-half of a mile from the west portal of the Twin Peaks Tunnel to the Sloat boulevard, and I consider I am paying my share towards the four tracks.

Gentlemen, play the game square. Don't delay or overlook the fact that the investment possibilities in this matter are splendid. Go ahead and lay the four tracks on Market street. I thank you.

Supervisor Wolfe: Is there any other citizen that desires to speak upon this matter on the question of four-tracking Market street? If so, I ask you Honor that they be given the privilege of speaking at this time.

Mayor Rolph: Are there any other citizens present who would like to be heard?

Supervisor Lahaney: Mr. Zimdars would like to be heard.

Mr. Zimdars: Mr. Mayor, Board of Supervisors, the Mission Promotion Association has already been heard, most eloquently, through our president, Eustace Cullinan, and I think the reason why four tracks are necessary at this time has been placed so thoroughly before you that it is hardly necessary for me to add another word. It seems to me that one thing that might be suggested is this: To a certain extent this situation is psychological. It seems to me that if instead of the proposition having come from the City and County of San Francisco to four-track Market street, that if the proposition had come from the United Railroads, it would come from them with just as much force as it would come from us, because it is of interest to the United Railroads to have more tracks on Market street in order to aid its traffic, as it is to the city, and it is of as much interest to them to protect themselves and their system as it is to the city, and I say if the proposition had come from the United Railroads we would not see the Chamber of Commerce and the big interests on

Market street all in favor of four tracks on Market street.

Mayor Rolph: Are there any other citizens that would like to be heard?

Mr. Ferguson: I would like to file this petition with the Board of Supervisors and also this supplemental petition from the Public Ownership Association which has 692 names attached to it.

Supervisor Mulvihill: I move that they be filed, Mr. Mayor.

Mayor Rolph: No objection. They may be filed.

Supervisor Wolfe: Before this comes up for consideration I desire to ask a question. There is an ordinance introduced aiming to have this proposition submitted to a vote of the people. I wish to ask the proposer of this ordinance if, in his private business, he would enter into a contract with a corporation that is known throughout the city for its failure in keeping contracts, and also cognizant of the fact that that contract would be torn to pieces by either party in six months? If that is the proposition that is going to be submitted to the people of San Francisco you will be subjected to ridicule throughout the United States.

I move that the matter now be submitted to the Board for consideration, and that the hearing of citizens be terminated at this time.

Supervisor Mulvihill: Second the motion.

Mayor Rolph: Before putting the motion, I would like to ask if there are any other citizens who desire to be heard. Is there anyone in the room?

Mrs. C. W. Borden: I would like to say to you that we have been promised a rapid transportation system as long as the United Railroads has served our district, from Noe Valley, 15 minutes, and we never got it. They have always promised to give it to us later. I say that as long as we have paid the money in the tunnel, and that it was put there especially for the purpose of rapid transportation, that we do not give it to the United Railroads at this time. It ought to be given to the city, to the municipal car lines. I say that we ought to go ahead and lay four tracks on Market street and put our own car lines through the tunnel. That looks to me like common sense.

Mayor Rolph: Now, I ask again, are there any other persons who desire to be heard?

Donald Bruce: I would like to be heard, Mr. Mayor.

Mayor Rolph: Very well.

Mr. Bruce: I do not think that this is a matter of intelligence to build our own tracks; we cannot afford to build a railroad and go out

into that district where there are no railroads. We haven't the money to build the railroad without bonding ourselves. It is not right; it is not economic. I have no interest in the United Railroads, but I have an interest in this proposition. There is no economy in building the road by the city.

Mayor Rolph: Is there any other person who would like to be heard? This matter now will be taken up for discussion by the Board.

(Discussion as to absentees.)

Supervisor Gallagher: I presume your Honor will rule that that opens up the whole question. I presume that is the proper thing to do. Beg pardon?

Supervisor Hayden: Will you give the floor to me, Supervisor Gallagher?

Supervisor Gallagher: I have no objection—— Supervisor Hayden asked me to yield the floor. I have never done it before in my life, but I will do it now. I will ask for the floor when Supervisor Hayden is finished.

Supervisor Wolfe: Before Supervisor Hayden takes the floor, I don't want, by my silence, to have it presumed that I am yielding any privilege. The ordinance introduced by Supervisor Hayden, a copy of which I hold in my hand, is really an amendment to the report of the committee, either of the majority or the minority report. I am not going to raise any point of order, because I do not want to be technical in this matter. I think every member of the Board should be allowed the widest latitude and the fullest opportunity to say that which is within him on this question, but I want to preserve at least the right of my own argument, and I do not want to be kept to the proposition that the resolution which offers an ordinance for the submission to the vote of the people clearly within the rights of any who is a member of the Board, can be properly considered as an amendment and a report of that Committee on Public Utilities.

Mayor Rolph: That is, I understand Mr. Hayden has offered a substitute.

Supervisor Wolfe: Aside from that question, Mr. President, there is a privilege involved that I hesitate to invoke, but I want to make this point, that it isn't necessary for the gentlemen of this Board to introduce this resolution in this form as an amendment to our report, either the majority or minority, in order to preserve their legal rights for submission of the question to the people. The charter is so plain that it divides the question of referendum of ordinances into two parts, one permitting submission of ordinances of a majority of the

Board of Supervisors, which can be done according to their pleasure at the general or at a special election; the other permitting a third of the membership of the board to submit such ordinance or any proposition to the referendum to the vote of the people at the next general election. The resolution that I have in my hand introduced by Supervisor Hayden, he has elected to submit it to the vote of the people at the next general election. In my humble opinion, it is unnecessary that in order to have it submitted to the vote of the people that it be submitted by six members of the Board of Supervisors at the next general election, and for that reason I can't see why it should be considered an amendment of the report of the committee, although I don't make a point of order on the question.

Mayor Rolph: Mr. Hayden.

Supervisor Hayden: Mr. Mayor and members of the Board of Supervisors: I appreciate my colleague, Supervisor Wolfe, as a learned practitioner in parliamentary law, but I want to reply to him that in the practice and experience of this Board, and at the time the cemetery ordinance was adopted by this Board, Supervisor Gallagher at that time moved as an amendment that the matter be referred to the people for referendum. That policy was carried out at that time, as within the parliamentary rights of this Board of Supervisors, and at no time can I remember, and his Honor was acting as the presiding official at the meetings, so I think we are merely quibbling here over technicalities, and I do not say that in criticism when I say to all the present members of the Board, and to Supervisor Wolfe, that I appreciate the provisions of the charter referring to the referendum, and particularly that section, section 2 of the charter, article 11 of the charter of the City and County of San Francisco, that prescribes that six members of the Board of Supervisors, at a general election can refer an ordinance, and that ten supervisors can refer it at a special election.

Supervisor Wolfe: Or ten?

Supervisor Hayden: Or ten, which gives us the opportunity at the earliest opportunity. In this instance, Mr. President, and members of the Board, regardless of the question of four tracks, simply as a question of the policy of the Board as embraced in the resolution presented by myself for the purpose of bringing the matter to the point, that if ten members of this Board of Supervisors, Mr. Mayor, should decide on the adoption of this resolution to refer this to the people, it could be brought to the attention

of the people within less than forty days, and the people could apply their own minds, and make their own decision on this very important question of four tracks and further extension of the Municipal Railway system in San Francisco, and that is why, Mr. President, this resolution is prepared, because it is a policy prescribed by a majority of the committee against the compromise of the United Railroads, and brings it to the people, notwithstanding that recommendation of the majority committee, so as the people of this city and county can decide for themselves that this proposition, that this compromise with the United Railroads is not for the best interest of the people of this city and county; allow the people to rule, let the people decide for themselves. That is the situation of this question, Mr. Mayor, and members of the Board of Supervisors, at this time. Now, Mr. Mayor, and members of the Board of Supervisors, we find ourselves in this position. Last February this Board of Supervisors, for strategic purposes, adopted unanimously a proposition for four tracks on Market street. We knew at that time that our public utilities committee offered to deal with the United Railroads for the purpose of bringing about a compromise that would better transportation conditions in the city of San Francisco. That was away back in February. In February—no, in July, the Public Utilities Committee got in touch with the United Railroads. In the meantime this ordinance was signed by the Mayor, and we know the purpose of it. The Public Utilities Committee, of their own initiative, asked the United Railroads for a proposition, for a compromise proposition, and on July 2nd they submitted the proposition of compromise to the Public Utilities Committee, which was discussed by them and by the people of San Francisco who are interested, at several weeks' sessions. Our City Engineer, Mr. O'Shaughnessy took that proposition and revised it and submitted it to our Public Utilities Committee as the proposition revised as he would accept it, if the Public Utilities Committee, in their judgment, saw fit to enter into a compromise, but the City Engineer did not altogether recommend it. He turned this proposition over to the Public Utilities Committee without the particular recommendation, but it was a plan of compromise revised by himself as against the original proposition coming from the United Railroads. Now this referendum proposition that I submitted to you presents to the people of San Francisco the proposition revised by

our City Engineer, as far as the compromise of the United Railroads is concerned, with the addition of this clause, number 5, "That nothing contained in said agreement can be held to abridge or restrict any legal rights that the city and county may have to construct additional tracks in Market street whenever the public may require." I notice another note in the paper that your Honor the Mayor has questioned that clause, as to who will determine the public necessity, and I will assure his Honor, and members of the Board of Supervisors, that the legislative body of San Francisco, this Board, which makes the laws for the people of San Francisco, will determine the public necessity when it may arise.

Supervisor Wolfe: Will the gentleman permit me to ask a question?

Supervisor Hayden: I will.

Supervisor Wolfe: That could be determined by six members of the Board of Supervisors, and then submit that question to the people?

Supervisor Hayden: Yes.

Mayor Rolph: In other words, it never would be built.

Supervisor Hayden: The people, Mr. Mayor, would be the best judge of that. When you refer the question to the people, the people would be the best judge of it, and I think all the members of the Board of Supervisors, even under those circumstances, would have their ears to the ground so close that they would know whether public necessity would require it and that they would take the opportunity before the people would.

Mayor Rolph: Don't you think that some of the members of the Board have their ears pretty close to the ground now?

Supervisor Hayden: I am going to ask the Mayor if he will kindly extend me the courtesy that I have shown him, and the respect to which every member of this Board is entitled.

Mayor Rolph: Well, now, Supervisor Hayden—

Supervisor Hayden (interrupting): Mr. Mayor, I am asking you for that privilege.

Mayor Rolph: But, Mr. Hayden, you asked of me just now about some statement I made in the paper upon that proposition, and I have a right to reply to you about it.

Supervisor Hayden: I appreciate that, Mr. Mayor, and I would also appreciate if I were allowed to go ahead with my argument without interruption. I do not want to be placed in a position of being compelled to ask you to protect me under the circumstances.

Mayor Rolph: I will protect you,

but if you refer to me, I will answer you. Go ahead.

Supervisor Hayden: I request, Mr. Mayor, that I simply be given the privilege that I be allowed to continue with my argument.

Mayor Rolph: Don't mention me and don't argue with me about it.

Supervisor Hayden: I have gone along with you and your policies, Mr. Mayor, and I have made no mistake in doing it. I have respect for you and your administration. I have been a part and parcel of it from the very beginning, and there has been no more a loyal champion in the Board of Supervisors of yours than I have been, and of your policies, and I will—and for that reason I am going to ask that you show me the slightest consideration and courtesy to permit me to continue with my argument at this time without further interruption.

Mayor Rolph: Mr. Hayden, I have respect for the opinion of every member of the Board. Surely you won't deny me the right to answer you if you refer to some statement appearing in the papers emanating from me. I did make that statement. Now, if you wish to discuss that question, if you wish to continue the discussion, I wish you would discuss it in a public way, as a public question, without any personalities being indulged in.

Supervisor Hayden: Very well, Mr. Mayor. Now, Mr. Mayor, and members of the Board of Supervisors, Ordinance "B" provides for the apportionment of the expenses in railway system of the city and county. If the financial statement that is here tonight filed by the chairman of the financial committee means anything it means that after you carry out the policy of the four tracks on Market street and extend it beyond Twin Peaks Tunnel that you have—to meet the interest and redemption of the bonds—you have on the 1st day of July, 1918, a grand total of \$126,171.11 to build out to Hunters Point, the Bay View Districts, Ocean View and in that direction.

Mayor Rolph: Does that include the profits of the railroad between now and that time?

Supervisor Hayden: No, that does not include the profits, because that is problematical, Mr. President, that is problematical. I am taking the statement here from the Finance Committee.

Mayor Rolph: In other words, you would pay out money, but you would not give yourself credit for a five-cent piece coming in.

Supervisor Hayden: I have heard the Superintendent of the Municipal Railway system say the other day,

and I also heard our City Engineer say, that in the operation of the Municipal Railway beyond Twin Peaks that they did not expect those roads to pay for a period of seven years. Is that a correct statement, Chief?

City Engineer O'Shaughnessy: That is the report of the committee.

Supervisor Hayden: And I heard Superintendent Cashin of the Municipal Railway, at a hearing of the Public Utilities Committee the other day, say that the downtown road would not make up the expenses that are necessary to be paid, and that in the case of the system in making the expenses that the taxpayer would be supposed to make up the deficit. Now, Mr. Mayor, we are not in the Municipal Railway business for the purpose of increasing taxes, but to decrease taxes.

Mayor Rolph: May I ask you a question?

Supervisor Hayden: Yes.

Mayor Rolph: (addressing Chief Engineer O'Shaughnessy) How much did the Church Street Railroad make the first day?

City Engineer O'Shaughnessy: \$539.

Supervisor Hayden: That is very interesting, but what has that to do with the question.

Mayor Rolph: The Church street road, from the City Engineer's report, was to make approximately \$500 a day. He tells us that today we earned over \$500, \$539. Of course that was the first day of the road, but it was not running in first-class condition, and there was \$539 taken in.

Supervisor Hayden: I certainly will ask your Honor not to interrupt me again.

Mayor Rolph: I thought I was helping you a little.

Supervisor Hayden: I do not want to enter into controversy like this, because I have a certain statement I wish to make, and I would like to do it.

Mayor Rolph: Go ahead, Mr. Hayden, I won't interrupt any more.

Supervisor Hayden: Very well.

Now, Mr. President and members of the Board, so far as policy is concerned on the referendum question of this Board of Supervisors, and I say this is a question which the public opinion is divided in no uncertain fashion, as there was filed with this Board of Supervisors 20,000 signatures from the merchants on Market street protesting against the building of the four tracks on Market street. There has been another petition filed of some 10,000 or 12,000 from those who are in favor of the four tracks on Market street. I say that to show the public opinion is divided. I ap-

preciate the fact that the Municipal carmen who are here tonight are interested in the Municipal Railroad. I do not blame them for that. I commend them for being interested, because they are part and parcel of a wonderful institution, part of an institution that I have taken part in building up and launching by my voice and vote. I have never hesitated putting my shoulder to the wheel in the cause of the municipal ownership of public utilities in any direction in this City and County of San Francisco, but we have come to the point where we have to pay heed to the situation which is divided. We have here any number of people who are showing, by their wonderful applause, their continued interest in the public questions, which they have a right to do, but I am going to remind them that there are 20,000 people who made up the petition which has been filed here, 20,000 people. The people who are here tonight have a right to be here, and we appreciate that part of it, but you must remember that there are two sides to every question. Now, with the permission of his Honor and members of the Board of Supervisors, I want to show what we have been doing on the question of legislation, so far as the legislation of this Board of Supervisors is concerned, during my administration. A petition was filed on September 25th in favor of the rejection or refusal to accept a gift or donation of the Andrew Carnegie Library. This Board of Supervisors at one time voted to accept \$750,000 from Andrew Carnegie. Mr. Troy and Mr. Gallagher at that time—

Supervisor Gallagher (interrupting): Please mention me separately.

Supervisor Hayden (continuing):—were in favor of referring the matter to the people. The matter was referred to the people and the people ratified the action of the Board of Supervisors.

Supervisor Wolfe: May I ask the Supervisor a question? Was that referred to the people by the Board or by an initiative of the people?

Supervisor Hayden: I am only saying that to illustrate that the people are opposed to this Board of Supervisors and have been before. This question at this time of the four tracks has been under discussion by the Board of Supervisors many times.

Supervisor Wolfe: That was when they exercised their right under the charter.

Supervisor Hayden: Yes.

Mayor Rolph: By the initiative method?

Supervisor Hayden: Yes.

Supervisor Wolfe: They had that right, of course.

Supervisor Hayden: We don't question that at all. That matter was referred to the people and the action of this Board was ratified. The 50-year franchise to the Southern Pacific Company was passed upon by this Board of Supervisors and ratified by the Board of Supervisors and signed by the Mayor. A petition was taken up by Mr. Troy, who is taking a leading part in this proposition here, and the petition filed against it did not contain sufficient signatures and the matter failed. In reference to the matter in which his Honor the Mayor was interested, in regard to the removal of the cemeteries, in January, 1914, the Board of Supervisors passed this ordinance for the removal of the cemeteries. When this matter was passed upon by the Board he said: "This legislation was passed by the Board of Supervisors after two years deliberation, and I feel that the report of the committee is entitled to the greatest weight. No feeling is more honorable or creditable than respect for the dead, and the matter gave me considerable concern at that time. The sentiments connected with the matter touched me deeply." At that time his Honor the Mayor said: "I feel that the importance of this matter justified a submission of the subject to the people. With that consideration I shall, within reasonable time, avail myself of the opportunity given me by the charter and cause to be placed upon the ballot at the next general election in November this question for a full expression of the will of the people." And I will say to you, gentlemen, that his Honor the Mayor was the first officer of this municipality that ever took advantage of that section of the charter, and I regard the provision was put in the charter for the express condition of a situation like this, where the public opinion is so apparently and clearly divided.

Mayor Rolph: Will the Supervisor permit me to ask him a question?

Supervisor Hayden: I would rather not. I would like to finish my argument. We do not get anywhere.

Supervisor Gallagher: You are not afraid, are you?

Supervisor Hayden: We appreciate the interruption, but we are not getting anywhere on the question of this referendum. Permit me to continue my argument. In the case of the removal of the cemeteries his Honor the Mayor appreciated the sentiment of the people, it was so pronounced, notwithstanding the fact he was in favor of the proposition, because I know he was, and referred it to the

people, and the people defeated the removal of the cemeteries.

Mayor Rolph: Defeated the removal of the dead.

Supervisor Hayden: Notwithstanding that, Mr. Mayor, and members of the Board of Supervisors, it was a very live question, and notwithstanding the opinion of the Board of Supervisors unanimously for an ordinance covering the removal of the cemeteries by his Honor the Mayor, the people voted two to one to turn down the Board of Supervisors. That was the experience on the referendum in that case. Now, in this case we feel we should refer this and let the people speak their will. We feel that if ten members support this resolution, it will be brought to the attention of the people in less than 40 days.

We have two very distinguished Senators in the United States Senate, Senator Phelan and Senator Johnson, and they were divided on the question of national prohibition. Senator Phelan was on one side of the question against admitting the constitutional amendment on prohibition and Senator Johnson was on the other side of the question in favor of the submission of the question to the people. Now, we appreciate that the Johnson administration was one of the most progressive administrations that the State of California ever knew. We know that during the administration of Governor Johnson there was more beneficial and beneficent legislation passed than any other legislation passed by the legislature of the State of California, and we know that during the administration of Senator Johnson the direct legislation was adopted by the State Legislature and made a part of the law of the State of California, and we have been working under that legislation ever since, and Senator Johnson, after voting for the referendum on the great question of national prohibition, and after receiving many letters and many criticisms from the people of the State of California, from San Francisco and from other cities, he said, a very few weeks ago, with reference to the experience of California, he said, "In the territory from which I come the question of the right of the people to pass upon any given matter has become fundamental and vital. In 1911, when our political revolution occurred in the State of California, all of us with feverish anxiety turned in every direction to ascertain how we could place in the hands of the people just liberated from a quarter of a century of corporate rule, the weapon by which they might maintain that freedom so hardily and with such difficulty won.

Then, when we turned to find the weapon we found it only by enabling our people, whenever they sought to pass upon any legislation, to have the right to pass upon it whenever they desired; to halt recalcitrant representatives and themselves pass upon their acts. What I do today in regard to this particular amendment is only following that rule, that particular fundamental principle, the right of our people to govern themselves by submitting to them a proposed constitutional amendment in the only manner that is accorded to us under our organic law, and by letting them, and them alone, determine whether or not that which a very large number of our people desire shall become a part of the constitution of the United States.

"I would, indeed, submit any question by constitutional amendment where there was a really considerable number of our people who desired its submission. I expect within the next 24 or 48 hours to ask the chairman of the committee on woman's suffrage why it is that a particular resolution that has been concurred in by every member of that committee is not presented to the Senate of the United States, and by the Senate of the United States presented to the nation for the nation's action, and for the nation's determination of equal suffrage in this land. If there be any other question, economic, ethical or moral, that any really great number of our people wish submitted to the electorate or to the state, I would vote to submit that particular question, no matter what my particular view might be."

That is a statement made by Senator Johnson in the Senate of these United States, for whom we all have the highest admiration. I want to say to you, members of the Board of Supervisors and His Honor, Mayor Rolph, that if you pass the four-tracking of Market street, it wouldn't preclude ten members of this board by petition to place this question on the ballot in forty days, and allow the people to ratify or reject this question, which is agitating the community at this time. I appreciate the fact that a great many people have no confidence in the United Railroads. We all appreciate that the United Railroads has not given the people of San Francisco the service which is coming to them; we appreciate further, Mr. Mayor, and members of the Board of Supervisors, that this Board of Supervisors, and that this administration of the City and County of San Francisco has done wonderfully in helping the people of San Francisco from the standpoint of transportation, and will continue to

help it, but when a large number of people come to you and question your policy—when—I think it is incumbent upon us, particularly when the people are precluded from invoking an initiative petition of their own, that we are the court of the last resort and should give the people a chance to say yes or no on this question. I feel I am offering to you a fair, genuine, sincere proposition, not dictated by the United Railroads or the Chamber of Commerce, or anybody, but I am giving you an amendment, prepared right in this building, and with the assistance of the clerks of the Board of Supervisors, that carries with it a solution—not a solution by myself—but carries a solution for an opportunity to submit the policy in question to the people of San Francisco. But I am satisfied that if ten members of this Board of Supervisors adopted this resolution and submitted it to a vote of the people of San Francisco, the result would be such as the people would determine for themselves, and that is what we want, the will of the people.

Supervisor Brandon: I would like to ask the Supervisor a question.

Mayor Rolph: Proceed, Mr. Brandon.

Supervisor Brandon: If you found only ten votes among the members of the Board of Supervisors, favorable to the compromise with the United Railroads, would you consider that that would be sufficient as indicating the feeling of the members of the Board of Supervisors towards this resolution to submit it to the vote of the people?

Supervisor Hayden: I don't know that, I don't know about that. I will say in answer to you, Mr. Brandon, that the best test of that will be to vote on this resolution. I do not know. I will tell you better after you vote on the resolution.

Mayor Rolph: Mr. Hayden, did you submit those two propositions to the City Attorney?

Supervisor Hayden: I did not, sir. I had advice given to me in this building, and other legal advice, one of the board's clerks.

Mayor Rolph: Would you trust a legal proposition of that magnitude to some clerk of the Board of Supervisors?

Supervisor Hayden: I am satisfied that that paper is prepared in form.

Mayor Rolph: I might say that you are buying a lawsuit, and there is no question about it. It is full of bugs, and it is so ridiculous in form that it is absolutely buying a lawsuit. We have passed through years of litigation through ordinances prepared by clerks for the Board of Supervisors. What is the good of having a

legal department in the city government itself unless these resolutions are passed on by them?

Supervisor Hayden: The gentleman who helped me on this matter is a gentleman among the list of clerks here that has given very valuable advice to the Board of Supervisors on legal matters:

Supervisor Wolfe: On what?

Supervisor Hayden: On legal matters.

Mayor Rolph: Is he a lawyer?

Supervisor Hayden: He is a lawyer and has had a good deal of experience in drawing up those matters, and has advised us and we have found his advice to be sound, and I have found that he is a man to be trusted.

Mayor Rolph: We have found out that it is best for us to seek the advice of City Attorney in matters of this kind, especially in view of the case determined by Judge Hunt. That was an agreement written by some clerk of the Board of Supervisors.

Supervisor Hayden: Mr. President, just one final word. I thought I emphasized the fact the ordinance is the language of the agreement emanating from the Engineer's office. That is not our language. It is identical, word for word, punctuation for punctuation, with the addition of one clause, the last clause.

Mayor Rolph: That is the clause I have referred to?

Supervisor Hayden: That is the clause you referred to, your Honor.

City Engineer O'Shaughnessy: Directing your attention to my report, it says: "In your consideration of any agreement being entered into you should distinctly protect the city from any claim for damages, due to the continued operation of the Church street cars on Market street to serve the public in the remote contingency that the United States Supreme Court should reverse the finding of Judge Hunt in the Market street case."

Supervisor Hayden: That is the record, your Honor.

City Engineer O'Shaughnessy: That is entirely quoted from the report prepared by me.

Supervisor Hayden: In your report, yes, I offer the following on page 5, beginning with number one.

City Engineer O'Shaughnessy: Paragraph 4, you see, you just now quoted.

Supervisor Hayden: Which one was that?

City Engineer O'Shaughnessy: The second paragraph from the bottom.

Supervisor Hayden: It is the United Railroads agreement revised by you for us in your report, and subsequently submitted to the Public Utilities Committee. I have incorporated

it, word for word, as embraced in your report.

City Engineer O'Shaughnessy: Not those five paragraphs. I notice paragraphs numbers 1, 2, 3 and 4. That is all there is to it; there is no paragraph 5.

Supervisor Hayden: Just read that again.

City Engineer O'Shaughnessy: "In your consideration of any agreement to be entered into you should distinctly protect the city from any claim for damages, due to the continued operation of the Church street cars on Market street to serve the public in the remote contingency that the United States Supreme Court should reverse the findings of Judge Hunt in the Market street case."

Supervisor Hayden: That is there, but we took the four propositions as you gave them.

City Engineer O'Shaughnessy: And you omitted the protecting features of the paragraph.

Supervisor Hayden: We took your four propositions, Chief.

Mayor Rolph: Any other Supervisor?

Supervisor Gallagher: Well, your Honor—

Mayor Rolph: Mr. Gallagher.

Supervisor Gallagher: I would like to first of all call attention to the fact that in all my time that I have been a Supervisor I have seen some rather stormy meetings of the Board of Supervisors; I have been at nearly every one of them, I guess, but never have I seen anything like this. I do not intend to judge anyone myself, but I say that in my record as a member of the Board of Supervisors I have never seen a question settled in this manner. It is the wrong way to settle a question. It is wrong for one side or the other to advise their supporters to go to the meeting and to indicate by their applauding their favor or disfavor, and even carrying it to the point of venting their feeling upon individual members of this Board. That won't settle any question but one; and we have settled many a question in this hall of San Francisco's municipal affairs since I have been here. You cannot get men to stand up against it. You cannot get them to vote as their conscience dictates if you do that kind of a thing, and the man that falls down before such a demonstration as we have seen here tonight, and while the people will show their sentiments by applauding the man that will fall down before them, that man is the same type of man that will throw them down when the opportunity is afforded. Now, I do not want to be understood as being in a stubborn attitude. We have sat here hour after hour in this meet-

ing and listened to the arguments—to this man and to that man, and what have we found, we have found men who remained and fought together, and we have found some who came in after the fight was open using almost every term that our language permits against those who oppose them, and saying that those who oppose them—everything about them, almost up to the point of actually selling out, and they would have said that, I think, if they had been permitted. All of them forget the record of this question before. I never was surer of a thing in my life than I am now that the City and County of San Francisco, and its municipal government, is making a mistake. I say I personally was never surer. Of course, the other men will say the same thing, and I do not dispute their right to have their say. It is the first time in my life, but once—well, it is the first time that I can remember when I received such a reception. It brought to my mind old Morosco house. First enters the hero, who receives a wonderful reception from the audience, and then enters the heavy villain and receives the reception that he deserves, I presume. The hero is applauded to the echo, and the heavy villain is hissed to the very same echo. Of course, that might be very fine receiving the plaudits of the crowd, and it might be very fine of the crowd showing their feeling, but they do not settle any question. I want to say right here and now that all that a man has when he is finished with public life is his name and reputation, and I am drawing too near the end of public life to have anybody tell me or threaten me in a manner like that, as I have been accused this evening. While it does not make any difference so far as my vote on this bill is concerned, I intend that there shall be a balancing up of these matters. That will come just as sure as you sit here.

Now, Mr. Hayden spoke about the fact that there was a division. Here is an illustration: Here is a petition against the four tracks and here is a petition for the four tracks. Here is a petition in which, I have been told—I do not know—there are 20,000 or 30,000 names, and upon their own figures—of course, taking their own figures written at the top of the sheets—I do not know that they are correct, except that I checked some of them and found that in many instances they were wrong there on the individual sheets, there is only a total of 14,000 people signing their petition. It is said this contains 20,000 figures. Some of these signatures are from people who live in the city and some of these are not people who live in the city.

Mayor Rolph: One minute. This discussion is before the Board of Supervisors, and you (indicating a man not a member of the Board of Supervisors) will not be permitted to talk unless you have permission from some member of the Board.

Supervisor Gallagher: I have no objection if the gentleman desires to ask a question of me.

Mayor Rolph: Do you wish to ask a question?

The Man: Mr. Gallagher, were there any people from Santa Rosa that signed those?

Supervisor Gallagher: I think there were, sir.

The Man: No, there was not.

Supervisor Gallagher: I think there was.

The Man: Because I prepared that myself.

Mr. Troy: I know that the names are there—

Supervisor Gallagher: I don't propose, and I will not permit an interruption by Mr. Troy. I want nothing to do with Mr. Troy from now on in any way, as I believe Mr. Troy to be as crooked as he thought I was.

Mr. Troy: But my record is clean.

Supervisor Gallagher: Oh, your record is clean, is it, Mr. Troy?

Mayor Rolph: Go ahead, Mr. Gallagher.

Supervisor Gallagher: I will pay no attention to him.

Now, I repeat, that as far as the people who assemble here are concerned, they must know, when they do these things, that they will be repaid for what they are saying here and now. If they come to demonstrate by force that public officers must take a position, whether they like it or not, and if they attempt to bring those public officers in a condition of fear of the result, then you will not be in a position to determine this question as it should be determined.

Now, many statements have been made here, and among them that the tunnel was built for the municipal lines. First of all let me address myself to the Church street question, and let me say that unless it is done by a different method than is contemplated, that the Church street line cannot come down Market street, and I will tell you why: Under the ordinance which was prepared, and under which the people voted the bonds for the Church street line, it is specifically laid out, the route for the Church street line. In discussing that thing with the City Attorney, he said, there might be something in that point, but he believed, and I believed, that the Church street line could not then be allowed to go to the ferry.

City Attorney Lull (interrupting):

Mr. Gallagher, I think you are mistaken.

Supervisor Gallagher: I beg your pardon, Mr. Lull?

City Attorney Lull: I do not recall exactly what I said, but I think I said that undoubtedly there would be some difficulty in building the Church street line as it was contemplated; that after the Church street line was built and the cars were operated, they could be operated up and down Market street as a matter of extension.

Supervisor Gallagher: You don't think that you said there would be difficulty?

City Attorney Lull: No difficulty through the routing of the cars.

Supervisor Gallagher: I can agree with every person in this room that says the Church street cars should go to the ferry, but I am going to tell the people of the Mission District, for whom this Board has spent millions and millions and millions of dollars to help their district, that the City of San Francisco is larger than the Mission District alone, and that I am not representing them alone, but that I am a Supervisor for all the people of San Francisco, and I represent every district alike, and simply because a number of people in one district feel that just what they want shall be done is no reason why I shall forget the fact that every other citizen in every other district is just as good a citizen as they are.

Mayor Rolph: Mr. Gallagher, may I ask you a question?

Supervisor Gallagher: Yes.

Mayor Rolph: Isn't the Municipal Railway owned by all the people of San Francisco?

Supervisor Gallagher: I am coming to that, Mr. Mayor. Undoubtedly it is owned by all the people, and undoubtedly all of the people, if it is possible for it to be done, should have an opportunity to get the utmost service that they can get from it; and the day will undoubtedly come, in my judgment, when you will all either follow your Engineer's suggestions, which will be for a better route, or for some kind of a route on Market street, or some other street, to serve the city of San Francisco. What would happen if this proposition is defeated? It is the death of municipal ownership. Mr. Cullinan says: "How do we know that another boodle Board of Supervisors might get in and the United Railroads be in control?"

Supervisor Wolfe (interrupting): Mr. Gallagher, you will pardon me for interrupting you, but I think you must be mistaken; I never heard Mr. Cullinan make that remark.

Supervisor Gallagher: I won't go any further than to say, Supervisor,

that I did ask Mr. Cullinan that if he didn't think our baptism of fire of the former administration giving away franchises, if he didn't think that the electorate of San Francisco had learned their lesson, and that they would not fall back into the error again.

Supervisor Wolfe: You did ask that question?

Mayor Rolph: Here is Mr. Cullinan now.

Supervisor Gallagher: I have stated what I intended to, unless anybody desires me to repeat it. I thought Mr. Cullinan was in the room and that he heard the remark.

Mayor Rolph: Did you hear the remark, Mr. Cullinan?

Mr. Cullinan: Mr. Mayor, I only heard the end of the statement. The Supervisor did ask me a question, and the record will show that I answered him, but not in the distorted language which the Supervisor has just used.

Supervisor Gallagher: If you have got the official record it will demonstrate to you who is right. I do not take back what I said, and I believe I am telling exactly what was said in this room, or nearly what was said. I have little use for the man who says, "If you don't run four tracks down Market street, why, the whole institution of municipal car lines will fall," and say it, and say it, and say it.

As to the tunnel, this is the situation written in the law of this city and county, "No person, firm or corporation shall ever be granted the exclusive right to operate a street or other railroad, in or under any tunnel, subway or viaduct constructed or acquired under the provisions of this chapter." Now a statement to the effect was made that the tunnel was being given to the United Railroads, was made in ignorance of this law, which has been in the charter of the City and County of San Francisco since it was incorporated. So the United Railroads and no other railroad could be granted the exclusive use of any tunnel built in this city and county. The only way by which they could acquire exclusive use would be by the people themselves. Now the people of the Mission, who are mostly responsible for this agitation for the four tracks, have tied their hopes onto the poor people who paid their money for the tunnel. The people of the Mission, if you please, say that they must have four tracks, they must have it now and they won't take anything else. Well, let's see. The Church street line was to cost originally \$500,000, and before we were finished with it it ran up to a total of \$800,000. When we undertook to build that road it was understood

that the people in and around that district were to build a tunnel for the road, but it developed that they would do nothing of the sort, and so we had to have a new street, and we put through that street, and we made them a present of \$300,000 more than we intended to pay for the Church street line, \$300,000. Those are some of the things that are being done. Let us not deceive ourselves. The men who live in the Mission are perfectly content to transfer and they do not think of the great inconvenience, and as I stated in my report, you would be hog-tied right now to an agreement of fifty-fifty with the United Railroads and the people of the Church street car line would be tickled to death, and were tickled to death to get an agreement of that kind at that time.

Supervisor Wolfe: We could not get them to do that.

Supervisor Gallagher: You could have if you had desired to. Of course, we could not get it, after the City Engineer who told you what he thought ought to be asked, and the United Railroads was told here that unless you give us our right of way from the Church street line down Market street and unless you allow us to run the tunnel cars down Market street, and unless you do the other things mentioned, we are absolutely through, and we are going to put you right out of business.

Supervisor Wolfe: May I ask you a question?

Supervisor Gallagher: One second. The Supervisor will say we did ask that question. One Supervisor said to me, "Well, I have had so many petitions against the United Railroads that I propose to go out and put it out of business." I said, "Well, all right, but who are you hurting when you are doing that. You may be helping sections of the city, but the district in which I live and the district in which you live is entitled to some consideration. You haven't any right to put four tracks down Market street, and say to the people who live in the Haight and Ashbury streets district, and people who live in the other districts, except those who use the car lines in question, 'because you won't come in with us against the United Railroads you have got to take all the chance there is to be taken.' You haven't any right to take the property owner out in the district in which I live and say to him that 'I know you won't be able to get the cars, and I know that you won't be able to reach them from your district, and, therefore, if you want to move out of your district, go ahead, I don't care. I am concerned with putting the United Railroads out of business and I don't care what happens to you, or to any-

body else'." Is that what you call progress? Now comes the Mission Promotion Association, which represents a few thousand people in the Mission, and it proposes, regardless of any other consideration, it proposes that our Board of Supervisors shall bow down and carry out their wishes in this matter. I admire the progressive spirit of the Mission Promotion Association; I admire the splendid manner in which some of its members are able to get improvements made near their property. There are a few of them who are getting a good deal more than their share of improvements in their district. I say I admire that spirit. I was riding by a piece of property out in the Mission District the other day upon which the street work had recently been completed, and I remember that the Board of Supervisors had appropriated \$40,000 or \$50,000 towards the expense, and I asked the gentleman with whom I was riding whose property that was, and he said, "Why, don't you know who owns that?" he said, "so and so owns that." "Oh," I said, "he is one of the leading lights of one of your associations," I said, "we have improved his property wonderfully." Things of that sort are going on all the time, and I know they are and you know they are. But it seems to me that the Mission Promotion Association does not speak for all the people of that district. It seems to me that the position taken by that association is that attitude that it will not rest content until it can enjoy for itself the things it desires, when taken into consideration that 20,000 people have signed a petition against four tracks, I say, that is not the right spirit. Twenty thousand people have signed a petition against the four tracks, and the Civic Improvement League have also filed a petition representing 18,000 people; that is 32,000 people. Then I believe that there is another petition in the chambers signed by 6000 people. Altogether there are 44,000 at least representing by the petition that they are against four tracks. Allowing 15,000 names to the petition filed through the so-called public ownership association, and allowing them probably two or three more, you will see the difference as between the two sides of this question.

Now, they say we are going to build subways. We are going to build subways, but how are they going to build subways at the present tax rate. You know you can't build it because you haven't the money. When you get through paying six or seven hundred thousand dollars necessary to pay the cost of what you are going to build

you won't leave a dime for anything else.

Now, the municipal carmen as an institution. I suppose people will think I am uncharitable if I say something about the municipal carmen. I am going to say just this about them, and that is that 80 or 90 per cent of those have worked upon the United Railroads prior to the time the municipal ownership policy was adopted, and they got their training upon the platform of the cars of the United Railroads. I have nothing against, but only admiration for, the carmen's union, but I have a quarrel with the man who belongs to that organization and tries to come in and call another man names and say things about me, who has fought for the institutions of labor since the time I have been in office. I saw one of the cattle standing in this room, one who sold the carmen's union out during the time of the strike to further his own political purposes, and when I saw him standing out there I wondered whether he was interested in public ownership. He is not. Every place all over the country the carmen's union has been used by the railroads to put the jitney out of business. Every place in the country, right over in the city of Oakland, and down in the city of Los Angeles, where they have been organized they have been used to put the jitney agency out of business, except in San Francisco, and I say quite frankly to you that I believe such an attempt will be made here. There are a number of men of that union whom I highly respect, who are very strong labor unionists, in favor of municipal ownership, but I happen to know that there are a great many more that are nothing of the sort, and I am in a position to prove it at any time anybody challenges the statement.

Now, Mr. Mayor, I want to thank you and all of you for the patience you have had. I tell you, I would like to have gone upon a little celebration last Saturday.

Mayor Rolph: Why didn't you?

Supervisor Gallagher: I didn't know whether my presence was desired. I certainly would like to have been there.

Mayor Rolph: I wish that you could have heard the various remarks about your absence: they were very complimentary. Why didn't you come?

Supervisor Gallagher: I will tell you why I didn't come. I didn't think that the atmosphere was healthy for me. I thought, Mr. Mayor, that so far as I was concerned, I would have been like the skeleton at the table.

Mayor Rolph: Let me say something. I want to say to you right now, Mr. Gallagher, that I heard on

that occasion, and by a great many on the car, that first started and went down Market street to the Ferry and turned around and came back, many complimentary remarks about you and the fight you were making, standing alone as you are. You have fought this fight manfully and splendidly, and I know that you are sincere in your conviction.

Supervisor Gallagher: I really thank you very much, Mr. Mayor, and I believe, so far as you are concerned, that that statement is really sincere, and I am sorry, I am sorrier perhaps more than anybody else, that I was not with you on that ride. I can also state, as honestly as I can say it, that I refused absolutely to permit one official of the United Railroads to discuss this question with me after once it was in the Board's hands for—or rather after once it was in the Engineer's hands. I have talked to a great many people on the question, and I have had a great many letters on the question, and I sincerely believe that you are doing the wrong thing. Now, take a look at this situation this way: You have three lines that are not paying. I am sorry that that is so, but for the present they are not paying. What is to prevent you from forbidding a district to be built up—what is to prevent you from permitting the United Railroads to build up a district, and then you go in and take your share of it when the time is ripe; what is to prevent you people from making your money on your investment when you want to do it? So far as the United Railroads is concerned, it is not good. If I were one of the officials of that railroad, as I told Mr. Von Phul, in the presence of others, that if I were in their position, I would permit the people of San Francisco to go ahead with whatever railroad construction they desired, and allow them to make a great inroad in the stocks and bonds and financial surroundings of that railroad. You are told by either the representative of the United Railroads, or those who are making their fight, that it would be better for you to try something like this in the shape of a compromise arrangement. Why can't the people remember that after all is said and done the United Railroads are not the issue in this situation. It is the whole town that wants this thing settled, and settled right. Now, you mark my word, gentlemen, I say to you that that is my honest conviction, that **this question** has to be settled right. If you decide to build four tracks on Market street, I hope that everything will be as you desire, and that it will be as successful as you want it, but I hope

that you may also see the situation as I have seen it. I thank you, members of the Board of Supervisors, and Mr. Mayor, for your patience.

Report of Chairman of Finance Committee.

Supervisor Powers: Mr. Chairman, I ask the Clerk to read this report, and I would like to have it submitted as part of the record.

(Clerk reads letter and report dated: "San Francisco, August 10th, 1917, signed by James E. Powers, Chairman Financial Committee.")

The Clerk (reading):

"San Francisco, Aug. 10, 1917.

"To the Members of the Board of Supervisors.

"By digesting the financial statement attached hereto, you will note the following facts:

"That in order to contract for the proposed extensions as planned herein and to meet the legitimate charges against the Municipal Railway Fund, all the available cash will be used with the possible exception of \$126,171.

"We will then be confronted with the necessity of rebuilding our finances, so it is well for us to investigate the prospects for doing so.

"It may surprise you to know that the month of June, 1917, showed a deficit of approximately \$2000 after deducting operating expenses and legitimate charges. July will perhaps show the receipts and expenditures about equal.

"The Church street line will be in operation after Saturday, August 11, 1917, and it is doubtful whether or not it will make any money—at least while operating to Market and Van Ness avenue and over Van Ness avenue.

"If the extensions proposed are proceeded with, it will not be possible to have them in operation much before January 1, 1918; hence we will need whatever additional earnings that might accrue from January to July, 1918, to replenish car fund to the extent of \$250,000, in order to have the Depreciation and Insurance funds amount to what they do now. If the road is unable to do this, it means that we will have to go to the taxpayer to raise sufficient money to meet the obligations that will accrue during the year 1918.

"Every member of this Board will undoubtedly realize the seriousness of such a situation, the same as I realize it, and therefore I deem it my duty to submit this statement to you.

"Respectfully submitted,

"(Signed) JAMES E. POWER,
"Chairman, Finance Committee."

Supervisor Wolfe: Mr. President, is there any other member who desires to discuss this question, for I desire to close.

Mayor Rolph: Is there any other member who desires to discuss this question? All right, proceed, Supervisor Wolfe.

Supervisor Wolfe: This is a question upon which the Board has given unselfish consideration, and it is unfair and unjust to reflect upon any member of the Board of Supervisors who does not agree with those who

are in favor of the proposition of putting four tracks on Market street, and I want to say I have been—not wavering, because that is impossible, because when I made up my mind as to my duty upon this question it was settled for me for all times to come, but if it were possible for me to waver in my allegiance to the question of building the four tracks on Market street, the conduct of some of the men who have been here in its advocacy would tempt me

a little to waver, because I have never witnessed such violence before in all the discussions throughout the course of this debate. I am willing, however, to attribute some of it to the enthusiasm of some of these men, and therefore dismiss the remarks from my consideration.

Mr. President, I have had occasion to say upon the floor of this Board heretofore, and I say it here tonight, that I am not blessed with much of this world's goods, but everything that I have or that my family has is in this town, and I have such an interest in its welfare and in this particular proposition to say that I have as much interest as any of my colleagues, associates, or any man within the confines of this city. And you may be assured that it must have been a matter of absolute conviction with me when I made up my mind and recommended the rejection of this report that prompted me to stand for the four tracks rather than a desire on my part to do anything that might injure the growth and the welfare and the prospects of San Francisco. In every question that comes before this Board, Mr. President, the members of the Board are between the upper and middle millstone. Everyone comes to us with their opinions and views, and they think we should follow their suggestions. But after all, the Board is the official judge to determine what is best for the general welfare and good of all of San Francisco. I am for the four tracks, gentlemen, because it is impossible for this city to grow unless we have it. I am for the four tracks because we cannot get any further transportation by the use of the poor traction on Market street. I have no ill feeling towards the United Railroads, and could not have any. As I said before, I determine my duty as I see it in relation to the general welfare of the people of San Francisco, and I say to you, members of the Board of Supervisors, if you desire to increase the population of this city, you must build the four tracks. We cannot afford to build subways and we cannot afford to build the overheads; therefore, we must build the four tracks.

Supervisor Hayden: Will the Supervisor permit me to answer that statement? I have here a statement from City Engineer O'Shaughnessy in regard to that matter.

Supervisor Wolfe: I have studied and investigated the reports from other municipalities and I can answer you that the overhead system is not fitted for San Francisco.

Supervisor Hayden: I have here

some data which shows that the construction of overhead system would apply to San Francisco.

Supervisor Wolfe: We may have subways; overhead system is out of question. It might be possible to put a subway under Market street. In the report that I made I believe I answered the Supervisor's query. After the four tracks are built on Market street, then the question of the schedule of the cars could be very easily determined.

Mr. President, I am not in good physical condition, but I made it necessary that I should be here tonight.

If the four tracks are built on Market street, it will not be so dangerous as we think. We will put in a traffic system that will protect our women and our children and our men. We will have such a regulation on Market street as will protect our citizens thoroughly. If the four tracks are put on Market street it will make the property on Market street increase in value immensely. It will increase our population and make the city hum with industry and hum with business.

Now, as to the question of referendum. Six members of this Board, Mr. President, have the right to present an ordinance, by their signatures, and by the certificate of the secretary, and have it go upon the ballot. The mere presentation of the ordinance with the signatures of six Supervisors presents it to the people for their ratification or refusal. I wouldn't raise a finger to interfere with their rights to bring this question before the people, but I am just as confident as I am that the sun will shine tomorrow, that when it shall be submitted to the people, the people will vote for the four tracks on Market street, and for the growth and prosperity of San Francisco.

A Supervisor: Question?

Mayor Rolph: The question before the Board is the amendment offered by Supervisor Hayden rejecting both the minority and the majority committee reports—

Supervisor Hayden (interrupting): Now, Mr. President—

Mayor Rolph: What is it?

Supervisor Hayden: I want to say this, your Honor. This proposition you are voting upon is an ordinance—that if this resolution is adopted it simply provides that by ten members by petition can refer this question to the people, and before they would do that, Mr. Mayor, they certainly would be guided by the City Attorney and the City Engineer.

Mayor Rolph: But the question is on this amendment to the amendment

offered by Supervisor Hayden. Are you ready for the question?

A Supervisor: Question.

The Clerk: Supervisor Brandon.

Supervisor Brandon: I wish to say to the members of the Board as part of the record in the matter of voting on the resolution of referring this matter to the people, that I believe that the members of the Supervisors should have the first opportunity of saying yes or no on the majority or minority report, on the matter of the four tracking of Market street. I am in favor of the four tracks on Market street and therefore vote no on the amendment.

The Clerk: Supervisor Deasy.

Supervisor Deasy: I wish to vote no on the amendment because I know that the four tracks on Market street are badly needed, and I think they should be laid on Market street and that the down town people should consider it a great deal if they are. I believe in the further extension of municipal ownership and therefore I vote no on the amendment.

The Clerk: Supervisor Gallagher.

Supervisor Gallagher: Aye.

The Clerk: Supervisor Hayden.

Supervisor Hayden: Aye.

The Clerk: Supervisor Hilmer.

Supervisor Hilmer: Aye.

The Clerk: Supervisor Hocks.

Supervisor Hocks: Always no.

The Clerk: Supervisor Hynes.

Supervisor Hynes: No.

The Clerk: Supervisor Kortick.

Supervisor Kortick: No.

The Clerk: Supervisor Lahaney.

Supervisor Lahaney: I want to say, Mr. President, my position in this matter is, and at all times has been in favor of the four tracks, and that I want to say that I have always advocated the four tracks on Market street, and therefore I vote no.

The Clerk: Supervisor McLaren.

Supervisor McLeran: No.

The Clerk: Supervisor Mulvihill.

Supervisor Mulvihill: No.

The Clerk: Supervisor Nelson.

Supervisor Nelson: No.

The Clerk: Supervisor Nolan.

Supervisor Nolan: Aye.

The Clerk: Supervisor Powers.

Supervisor Powers: Aye.

The Clerk: Supervisor Suhr.

Supervisor Suhr: Now, I want to say for all concerned, and I am not going to change my vote either, but I want to say that I have always been of the opinion that the people should have the opportunity of voting upon this question themselves, and I believe they should have the opportunity of doing so. I vote aye.

The Clerk: Supervisor Walsh.

Supervisor Walsh: No.

The Clerk: Supervisor Welch.

Supervisor Welch: No.

The Clerk: Supervisor Wolfe.

Supervisor Wolfe: No.

The Clerk: Twelve noes and six ayes.

Mayor Rolph: The amendment is defeated, so ordered. Now, we are going to vote on the minority report as submitted by Supervisor Gallagher. Are you ready for the question?

A Supervisor: Question.

Mayor Rolph: Call the roll, Mr. Clerk.

The Clerk: Supervisor Brandon.

Supervisor Brandon: No.

The Clerk: Supervisor Deasy.

Supervisor Deasy: No.

The Clerk: Supervisor Walsh.

Supervisor Walsh: No.

The Clerk: Supervisor Welch.

Supervisor Welch: No.

The Clerk: Supervisor Wolfe.

Supervisor Wolfe: No.

The Clerk: Twelve noes and six ayes.

Mayor Rolph: The amendment is defeated. Now the question before the Board is the motion offered by Supervisor Wolfe adopting the committee's report, the majority report of the committee, the Public Utilities Committee, rejecting the compromise. Are you ready for the question?

A Supervisor: Question.

Mayor Rolph: Call the roll, Mr. Clerk.

The Clerk: Supervisor Brandon.

Supervisor Brandon: Aye.

The Clerk: Supervisor Deasy.

Supervisor Deasy: Aye.

The Clerk: Supervisor Gallagher.

Supervisor Gallagher: No.

The Clerk: Supervisor Hayden.

Supervisor Hayden: Aye.

The Clerk: Supervisor Hilmer.

Supervisor Hilmer: Aye.

The Clerk: Supervisor Hocks.

The Clerk: Supervisor McLaren.

Supervisor McLaren: Aye.

The Clerk: Supervisor Mulvihill.

Supervisor Mulvihill: Aye.

The Clerk: Supervisor Nelson.

Supervisor Nelson: Aye.

The Clerk: Supervisor Nolan.

Supervisor Nolan: No.

The Clerk: Supervisor Powers.

Supervisor Powers: Mr. Chairman, I am voting aye in favor of the non-acceptance of the compromise offer of the United Railroads as recommended by a majority of the committee, after having been out-voted by a majority of the members of the Board on the proposal to submit the question to the people, and also the minority report of the committee. My better judgment tells me that in view of the fact that the decision of the lower court in the matter of the city having the right to lay the tracks on Market street has been appealed to, or will be appealed to, the Supreme Court of the United States, and possibly reversed, and, further, that the present financial condition of the Municipal Railway,

(when the obligations during the coming year are to be considered), will be none too good after the proposed extensions are made, that the advisable thing to do was to accept the agreement, at least for the period of a year or two, or until a final decision is rendered by the court. During said period, we could allow our surplus earnings to accumulate or to be used for other necessary extensions. If the final decision is in our favor, we would then have ample money on hand to proceed with the construction of the outer tracks on Market street. In view of the fact that a majority of the Board has expressed itself against both propositions that I favored, I bow to their judgment and vote accordingly, feeling that I have done all that I could do to convince them otherwise. I vote aye.

The Clerk: Supervisor Suhr.

Supervisor Suhr: Aye.

The Clerk: Supervisor Walsh.

Supervisor Walsh: Aye.

The Clerk: Supervisor Welch.

Supervisor Welch: Aye.

The Clerk: Supervisor Wolfe.

Supervisor Wolfe: Aye.

The Clerk: Sixteen ayes and two noes.

Mayor Rolph: The ayes have it and it is so ordered.

ADJOURNMENT.

Whereupon, the Board at the hour of 11:10 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors October 1, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, AUGUST 20, 1917.

In Board of Supervisors, San Francisco, Monday, August 20, 1917, at 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNALS.

The Journals of the meetings of July 16, 23, 30 and August 6 and 13, 1917, were considered, read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

The following was presented and read by the Clerk:

United Railroads Street Car Strike.

The following matters were presented and read by the Clerk:

Communication—From the San Francisco Labor Council, transmitting resolution of that council calling upon city authorities to make a thorough investigation of the new employees of the United Railroads and insist upon the strict observance of law and order on the part of the United Railroads.

Referred to Police Committee.

Public Utilities Committee to Ascertain Whether the Properties of the United Railroads May Be Purchased.

Supervisor McLeran presented:

Resolution No. 14721 (New Series), as follows:

Resolved, That the Public Utilities Committee be requested to ascertain whether the property of the United Railroads can be purchased, if so, upon what terms, and to report the same to this Board.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks,

Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Absence of Supervisor Wolfe.

His Honor Mayor Rolph thereupon announced that he had been informed that Supervisor Wolfe, chairman of the Public Utilities Committee, was so sick that he would have to absent himself from the Board for two or three weeks. The Mayor said that he had some thought on the purchase of the United Railroads and requested that he be consulted when the matter is under consideration.

Jitney Routes Extended During Car Strike.

Supervisor Nelson presented:

Resolution No. 14722 (New Series), as follows:

Whereas, the present lack of normal street car service has caused great inconvenience to the residents of the outlying districts of the city, especially the Potrero, Visitation Valley, Bay View and San Bruno districts, and

Whereas, the only available means of transportation for the people at the present time is by automobile or jitney; therefore, be it

Resolved, That the Board of Police Commissioners, is hereby requested during the continuance of the said shortage of street car transportation, to permit jitney operators to select routes of travel most convenient for the people; to allow persons not now in the jitney transportation business, to operate jitneys without six months' experience, and to sanction the operation of the same jitney by two drivers, working on eight-hour shifts each.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—15.

Excused—Supervisor Gallagher—1.

Absent—Supervisors Welch, Wolfe—2.

Relief for Persons Stricken With Incurable Diseases.

His Honor Mayor Rolph called the attention of the Board to a recent editorial in the "Daily News" containing a letter of one of its subscribers alleging that no provision is made for cases of improvident persons who are stricken with incurable diseases. He declared that if it were the fact as alleged in the letter then it was a deplorable state of affairs and he thereupon requested that the matter be given immediate attention.

Referred to Health Committee.

Visit of Holland Cruiser "Zealandia."

His Honor Mayor Rolph presented A. Van Torchiana, consul for the Netherlands, Captain Fock of the Holland cruiser "Zealandia," Dr. Keeley and M. Watson of Philadelphia.

His Honor the Mayor said in part: We are honored today by visits from several distinguished gentlemen. They called at the Mayor's chambers to pay their respects to the City and as we were about to go into session I invited them to come here and meet the members of the Board of Supervisors.

Mr. A. Torchiana is Consul-General of the Netherlands. As Consul-General of the Netherlands you well know his activities and co-operation in making our Panama-Pacific Exposition such a wonderful success.

Captain Fock is also here in full regalia. He is taking the cruiser Zealandia from Holland, where he has been patrolling the coast since the beginning of the war, to Honolulu, thence to Batavia in Java, one of the Holland possessions. Captain Fock saw the Germans drop tons of dynamite on Zeebrugge during his service off the coast of Europe.

Dr. Keeley and Mr. Watson of Philadelphia are old friends of the Exposition days, who were so impressed with San Francisco that they took the first opportunity to revisit her;

The Mayor thereupon called upon Captain Fock to address the Board.

Captain Fock said in part: It is a very difficult task for a person to speak in public in any language but his own, but I will try to tell you that the few days before coming here we had fine weather and the eight days I have been here we had a fine time. When I leave San Francisco I will feel, too, that it will be a good thing to return here. The people of San Francisco have such a fine way of receiving her visitors.

A. Van Torchiana, Consul-General of the Netherlands, was introduced as one of the very best speakers at the Exposition. He was also asked to address the Board and said in part: I was always sure of two things, one that Mayor Rolph was the best Mayor San Francisco has had for the last twenty-five years; second, that the Mayor was my friend, but as we say in American slang, he has certainly "handed it to me." I am pleased to be able to introduce to

San Francisco the commander of the cruiser "Zealandia" and to say that while Holland is my native county I am glad that I have become and I will always remain an American citizen.

Dr. Keeley also addressed the Board. He said: The kindness of your Mayor and the numerous friends I made here during the Exposition always made me long to come back to San Francisco. My first thought, he said, was to call on the Mayor. He thanked His Honor the Mayor and the members of the Board for the reception to himself and Mr. Watson and said that he was very pleased to be here again in San Francisco.

Supervisor Hayden being called upon by the Mayor to respond said in part: Mr. President, fellow colleagues and distinguished guests: I might say at the outset that there is no program as to the part I might play on the occasion of this visit from the representative of the Navy and the Consul-General of Holland and the distinguished Americans with them.

We well remember the wonderful Exposition and the great joy and pride and satisfaction that it gave us. The Exposition, that so well reflected the spirit of San Francisco, so happily expressed by former President Taft, that San Francisco and the United States "Knows How," was truly wonderful and inspiring, but to bring it about it was necessary to have the hearty co-operation of foreign nations. We all know the able and untiring work of Consul-General Van Torchiana of the Netherlands and his active participation in conjunction with the Mayor during 1915. The Consul now brings the Commander of the good ship "Zealandia" with a message of good will and co-operation to San Francisco and to America. That sentiment is fully reflected here and I believe the day is coming when all nations will sit down in a spirit of co-operation and good will and I sincerely hope that day may be hastened.

Whereupon, on motion of Supervisor Gallagher, as a mark of esteem and respect, the members of the Board arose and remained standing while the distinguished guests were escorted from the chambers to their automobiles by a committee of the Board.

The following resolution was *passed for printing*:

Pipe Line Permit.

On motion of Supervisor Welch:

Resolution No. — (New Series), as follows:

Resolved, That the Royal Insurance Company is hereby granted permission, revocable at will of the Board of Supervisors, to lay down and maintain pipes in Pine street, starting at a point fifty feet (50) west of Sansome street and then running westerly on Pine street to Montgomery street and also, starting at same point fifty feet (50) west of Sansome street and running easterly to Battery street, for the purpose of installing steam service lines.

The said pipes shall be laid to the

satisfaction and under the supervision of the Board of Public Works, in accordance with the provisions of Ordinance No. 2201 (New Series), entitled "Regulating the making and refilling of excavations in the public streets, alleys, sidewalks and other public places."

Extensions of Time.

Supervisor Welch presented:

Resolution No. 14712 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted an extension of 90 days from September 10, 1917, within which to complete contract for the improvement of Thirty-third avenue between Anza and Balboa streets, and crossings of Anza and Balboa streets under public contract.

This *second* extension of time is recommended by the Board of Public Works, for the reason that the excuse for the delay is that the work on a contract with the Federal Government was pressed for completion and other contracts held by petitioner were delayed thereby. Some of the grading has been done and the curbs, catch-basins and culverts constructed under this contract.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Also, Resolution No. 14713 (New Series), as follows:

Resolved, That the Raisch Improvement Company is hereby granted an extension of sixty days' time from September 6, 1917, within which to complete contract for the improvement of Girard street between Burrows and Dwight streets.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that there is a shortage of curb bar in the local market. The grading, concrete curbs and concrete have been completed, and the contractor was delayed on account of inability to obtain the necessary curb bar.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Also, Resolution No. 14714 (New Series), as follows:

Resolved, That J. F. Dowling is hereby granted an extension of sixty days' time from August 31, 1917, within which to complete contract for curb-

ing and paving Twentieth street between Potrero avenue and Hampshire street.

This *third* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that all the work has been completed, the extension of time being merely for the purpose of protecting the contractor in securing an acceptance of the work and the issuance of the assessment.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Also, Resolution No. 14715 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted an extension of fifteen days' time from September 1, 1917, within which to complete contract for the improvement of Balboa street between Thirtieth and Thirty-third avenues, and crossings of Thirty-first and Thirty-second avenues, under public contract.

This *fourth* extension of time is granted upon the recommendation of the Board of Public Works for the reason that all the work has been done under this contract with the exception of covering the base with the asphalt wearing surface.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Fixing August 27, 1917, for Hearing Appeal Against Assessment for Improvement of Broad Street.

Supervisor Welch presented:

Resolution No. 14716 (New Series), as follows:

Resolved, That Monday, August 27, 1917, at 3 p. m., in the Chambers of the Board of Supervisors be fixed as the time for hearing the appeal of W. H. Reynolds Estate from the assessment issued for the improvement of Broad street between Capitol and Plymouth avenues.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Blasting Permit.

On motion of Supervisor Welch:
Resolution No. — (New Series),
as follows:

Resolved, That Eaton & Smith are hereby granted permission, revocable at will of the Board of Supervisors, for a period of ninety days from date of approval of this resolution, to explode blasts for the purpose of grading on Wisconsin street between Twenty-second and Twenty-third streets, provided said permittee shall file a good and sufficient bond in the sum of \$.... as fixed by the Board of Public Works, and approved by his Honor the Mayor, in compliance with Ordinance No. 1204; provided also that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said Smith & Eaton, then the privileges and all rights accruing thereunder shall immediately become null and void.

Revoking Blasting Permit.

Supervisor Welch presented:

Resolution No. 14717 (New Series),
as follows:

Resolved, That the permit heretofore granted to Whitlock & Gorrill by Resolution No. 13784 (New Series) to explode blasts during the installation of High Pressure System be and the same is hereby revoked, the work for which said permit was issued having been completed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Blasting Permit Revoked.

Supervisor Welch presented:

Resolution No. 14718 (New Series),
as follows:

Resolved, That the permit heretofore granted to F. R. Ritchie & Co. by Resolution No. 13179 (New Series) to explode blasts on Sanchez street between Nineteenth and Twentieth streets and on Cumberland street between Sanchez and Noc streets be and the same is hereby revoked, the work for which said permit was issued having been completed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Amendment of Traffic Ordinances.

Supervisor Welch presented:

Resolution No. 14719 (New Series),
as follows:

Whereas, the Streets Committee is considering imposing additional regulations by which traffic on the public streets may be properly safeguarded, and proposes that a public hearing be held at an early date at which suggestions may be presented as to the nature of the regulations to be adopted, and

Whereas, it will facilitate the work of said Committee and will allay public apprehension if the members of this Board will refrain from proposing new traffic restrictions until the date of such public hearing; therefore,

Resolved, That members of this Board be requested to refrain from introducing any amendment to the present traffic ordinances, but instead to communicate any suggestions in respect to such matter directly to the Streets Committee.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Spur Track Permit.

On motion of Supervisor Kortick:

Bill No. 4652, Ordinance No. — (New Series), granting permission, revocable at will of the Board of Supervisors, to Charles A. Carillon, his successors and assigns, to lay down, construct, maintain and operate a spur track as follows:

Beginning in the track of the Western Pacific Railroad Company in San Francisco, known as Track No. 17, in block bounded by Eighth, Ninth, Bryant and Brannan streets; said spur track to cross the southerly line of said Bryant street at a point approximately two hundred and fifty (250) feet east of the easterly line of said Ninth street; thence running northerly across said Bryant street, and crossing the said northerly line of said Bryant street at a point approximately two hundred and thirty-five (235) feet east of said easterly line of said Ninth street; thence continuing northerly across the block bounded by the aforesaid Eighth, Ninth, Bryant and Harrison streets, and across McLea Court in said block, a distance of approximately five hundred and fifty (550) feet to a point on the southerly line of Harrison street, approximately two hundred and seventy-five (275) feet easterly from the said easterly line of Ninth street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Charles A. Carillon, his successors and assigns, to lay down, construct, maintain and operate a spur track as follows:

Beginning in the track of the Western Pacific Railroad Company in San Francisco, known as Track No. 17, in the block bounded by Eighth, Ninth, Bryant and Brannan streets; said spur track to cross the southerly line of said Bryant street at a point approximately two hundred and fifty (250) feet east of the easterly line of said Ninth street; thence running northerly across said Bryant street, and crossing the said northerly line of said Bryant street at a point approximately two hundred and thirty-five (235) feet east of said easterly line of said Ninth street; thence continuing northerly across the block bounded by the aforesaid Eighth, Ninth, Bryant and Harrison streets, and across McLea Court in said block a distance of approximately five hundred and fifty (550) feet to a point on the southerly line of Harrison street approximately two hundred and seventy-five (275) feet easterly from the said easterly line of Ninth street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof, as complete as though the same were written in this ordinance.

Provided, that the said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's Office, and that any and all expenses connected with the installation of the track, restoration of pavement and any additional requirements for the surface drainage be paid for by Charles A. Carillon.

Provided, Charles A. Carillon shall erect and maintain one all-night lighted arc lamp, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided, that no car shall be allowed to stand on McLea Court and block the rear entrance of property facing on Converse street.

Section 2. This ordinance shall take effect immediately.

Award of Contract, Printing.

Supervisor Walsh presented:

Resolution No. 14723 (New Series), as follows:

Resolved, That contracts for furnishing and delivering printing and

blanks for use of the various offices and departments of the City and County for the fiscal year 1917-1918, be and the same are hereby awarded to the following persons, firms and corporations, in strict accordance with the proposal notice inviting bids thereon, and in strict accordance with the specifications prepared therefor; and the amounts of the bonds for the faithful performance of said contracts are hereby fixed in the sums set under the names of the respective bidders to whom the contracts are hereby awarded as per the number and article enumerated and appearing on the schedule of yearly supplies, to-wit:

Special Report Supplies Committee on Neal Publishing Company Violation of Contract.

August 20, 1917.

Thereupon the following report was presented by Supervisor Walsh and read by the Clerk:

To the Hon. Board of Supervisors:
Gentlemen: Your Supplies Committee having under consideration the

Whereas, owing to the short time until the election of that year it was impossible to correct the work and it had to be accepted, and

Whereas, after reporting this violation of contract to his Honor Mayor Rolph, the Election Commissioners saw fit, by resolution of that Board, unanimously adopted, to censure and penalize said firm of Neal Publishing Company and to characterize their action as an unfair and unjust advantage taken of other bidders who doubtless bid with a view to performing their contracts in exact accord with the specifications,

Therefore, in awarding the contract for printing for this year, in justice to reputable firms whose bids are based on considerations of full compliance with our specifications, and in order that such firms may be protected against all unreliable and unscrupulous competitors,

Be it Resolved, That the bids of the Neal Publishing Company on the following items be and they are hereby rejected, and said items are hereby awarded to the following named firms, who are the next lowest bidders, at their bid price, as hereinafter set forth, and in strict accordance with the specifications prepared therefor, and the amounts of the bonds for the faithful performance of said contracts are hereby fixed in the sums set under the names of the respective bidders to whom the contracts are hereby awarded as per the number and article enumerated and appearing on the schedule of yearly supplies, to-wit:

Notice of Reconsideration.

Whereupon, Supervisor Hayden changed his vote from *No* to *Aye* and gave notice that he would move for reconsideration at next meeting.

Book Items Awarded.

Supervisor Walsh presented:

Resolution No. — (New Series), as follows:

Whereas, it appears from the written record of the proceedings of the Board of Election Commissioners that the firm of Neal Publishing Company has flagrantly violated its printing contract with this city by its failure to comply with the specifications for furnishing printed matter for the Charter Amendment election of 1916, for the use of the Department of Elections, and

Whereas, owing to the short time until the election of that year, it was impossible to correct the work and it had to be accepted, and

Whereas, after reporting this violation of contract to his Honor Mayor Rolph, the Election Commissioners saw fit, by resolution of that Board, unanimously adopted, to censure and penalize said firm of Neal Publishing Company and to characterize their action as an unfair and unjust advantage taken of other bidders who doubtless bid with a view to performing their contracts in exact accord with the specifications,

Therefore, in awarding the contract for books for this year, in justice to other reputable firms, whose bids are based on considerations of full compliance with our specifications, and in order that such firms may be protected against unreliable and unscrupulous competitors,

Be it Resolved, That the bids of the Neal Publishing Company on the fol-

lowing items be and they are hereby rejected and said items are hereby awarded to the following named firms, who are the next lowest bidders, at their bid price, as hereinafter set forth, and in strict accordance with the specifications prepared therefor, and the amounts of the bonds for the faithful performance of said contracts are hereby fixed in the sums set under the names of the respective bidders to whom the contracts are hereby awarded, as per the number and article enumerated and appearing in the schedule of yearly supplies, to-wit:

Substitute Defeated.

Whereupon, the question being taken on Supervisor Hayden's substitute, the same was defeated by the following vote:

Ayes—Supervisors Brandon, Hayden, Hilmer, Hocks, McLeran, Power, Suhr—7.

Noes—Supervisors Deasy, Gallagher, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Walsh—9.

Absent—Supervisors Welch, Wolfe—2.

Supervisor Walsh's Resolution Adopted.

Thereupon, the question being taken on Supervisor Walsh's resolution, the same was adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—12.

Noes—Supervisors Brandon, Hayden, Hilmer, McLeran—4.

Absent—Supervisor Welch, Wolfe—2.

Notice of Reconsideration.

Whereupon, Supervisor Hayden changed his vote from *No* to *Aye* and gave notice that he would move for a reconsideration at next meeting.

Rincon Hill Regrading.

Supervisor Power announced a meeting of the Joint Committee on Finance, Commercial Development and Lands and Tunnels to consider Rincon Hill grading project on Tuesday evening at 8 p. m. He requested all interested to attend.

City Planning.

Supervisor Mulvihill announced a meeting of the Public Welfare Committee to consider proposed City Planning Ordinances, Wednesday at 2 p. m. He requested the Mayor and members of the Board to attend.

Appointment of Mayor Pro Tem.

The following resolutions heretofore presented by Supervisors Hayden and Hocks respectively and laid over until this meeting were taken up:

Resolution No. — (New Series), as follows:

Resolved, That Supervisor James E. Power be and is hereby designated and appointed to act as Mayor of the City and County of San Francisco during the absence from said City of the Mayor, James Rolph, Jr.

Resolution No. — (New Series), as follows:

Resolved, That his Honor the Mayor be requested to indicate to this Board the member thereof whom he would

desire should be selected to act as Mayor *pro tem*, during his absence, and when so indicated this Board will approve his choice.

Motions.

Supervisor McLeran moved that Mayor appoint a committee to consider both resolutions and report back in ten minutes. Seconded by Supervisor Hocks.

Supervisor Mulvihill moved as a substitute for the whole that the Mayor appoint a committee for the consideration of both resolutions and report back in one week. No second.

Supervisor Hayden raised point of order, that he intended to call for a division of the question not pressed.

Remarks of Supervisor Power.

Whereupon Supervisor Power addressed the Board as follows:

"Today this Board finds itself confronted with a rather remarkable situation; remarkable principally on account of the lack of judgment and smallness of thought displayed by an official of this municipality from whom the citizens have a right to expect big things, on account of their having honored him with the highest office within their gift.

As every member of this Board well knows, and a great majority of the citizens as well, the Chairman of the Finance Committee has always been selected by the Board to act as Mayor during a temporary vacancy. Such has been the precedent established for at least the past twenty years and perhaps a great deal longer. You are asked to set aside this time honored precedent on this occasion. Why? Simply to co-operate with the Chief Executive of this City in venting his personal feeling and spite on me. You are asked to join in the effort to humiliate the man you had sufficient confidence in to name as Chairman of your Finance Committee, knowing full well when you named him of the prerogatives that went with said position. Let me ask, what have I done, as Chairman, to my colleagues, to warrant any such humiliation and insult? Have I not acted as a gentleman? Have I not endeavored to co-operate in every way with the members of this Board and grant their every wish when possible, and for that I am to be held up to ridicule and scorn in order to satisfy the whims of one individual. I resent the action of the Mayor in this matter because I know full well that if the members of this Board were allowed to use their better judgment there would be no question about the member that would receive the honor. I resent it further, as every member of this Board would resent it, if they occupied my position. I resent it, not because I am in love with the thought

of filling the Mayor's chair, but because I wish to command the respect of those near and dear to me and also my fellow citizens of this city. You have no right to say to those near and dear to me, that your father, your husband, your brother was good enough to be selected as Chairman of the Finance Committee, but he is not fit to receive the honor that heretofore has been conferred on said position. You cannot very well afford to do that, no matter who is asking for it. I have lived a decent life in this community. I have done my part for the elevation of the youth of this city, and for that work I have commanded the respect and admiration of a goodly portion of this community, and I don't think I miss my guess when I say they will join with me in resenting this insult.

I know some may say nothing of the sort is intended, but let me remind you that the Charter compels you to fill the place, not the Chief Executive; therefore, no matter what motives may have prompted you to do it, you are the ones that will be looked upon as responsible.

I have suffered much at the hands of the Mayor—my children have been subjected to insults and ridicule on the streets as a result of his desire to remove me from the Board of Education, and to defeat me for office, and now he asks my colleagues, some of whom were raised with me, some of whom knew my father before me, and one of whom, whose mother journeyed to this City with my mother over fifty years ago, to join with him in saying to my dear children, my wife, my brothers and sister, that "because I differ with your father politically and on policy that he is not fit to occupy the Mayor's chair while I am absent, notwithstanding what the precedent has been." Perhaps he is in a position to get sufficient members of this Board to join with him in offering this, the crowning insult of all. He has handled some members of this Board heretofore as so much putty and I presume he can do it again, but I do not propose to allow it to be done without the members of the Board knowing my feelings in the matter, and further for them to know, that while, in my religion, we are taught to forgive, we are not obliged to forget."

(Thereupon, Supervisor Power presented to the Clerk a typewritten copy of the foregoing remarks and asked that they be inserted in the Journal.)

Remarks of His Honor, the Mayor.

The Mayor then arose and made the following statement in reply to Supervisor Power:

"I did not intend to belittle myself by replying to Supervisor Power, but in view of the fact that he has just presented to the Board a written statement filled with sobbs and vituperations directed at the Mayor, and requested that same be spread upon the minutes of this meeting, I now feel it incumbent upon me, which I would rather not have been called upon to do, to make a contributory statement in defense of my own position, and request that same also be spread upon the minutes of today's meeting.

I have no personal feeling against Mr. Power, nor can I see what his family has to do with the consideration of this public question.

I have been considering for some time the necessity of not only taking a vacation, but attending to matters which require my personal attention outside of the State. I deny in toto the personal charges hurled at me in vituperation by Mr. Power, and I am surprised at the sobbing appeals of Mr. Power to the Board of Supervisors in exhortation to them for their votes to make him Acting Mayor during my absence, should I leave the State. The Charter provides that, in the absence of the Mayor, the Board of Supervisors shall select one of their number to fill the vacancy caused by the absention of the Mayor from the State. The Charter does not in any way provide that the Chairman of the Finance Committee shall be the Acting Mayor during the Mayor's absence. The only precedent I do know of, that has been established is, that the Chairman of every previous Finance Committee has been the right hand man of the Mayor, and in full co-operation with the Mayor in an effort to assist the Mayor in carrying out his administration policies. I have great public responsibilities on my shoulders. I have been elected twice at the primaries the Mayor of this city. I have an administration of which I am proud, and an administration which has done things, and I thank the members of this Board and the preceding Board who have assisted me in accomplishing results. I owe nothing to the Supervisors who have opposed me and the administration in the pursuit of its progress. I have many departments in the city government. I have many commissioners, and am the responsible head of every department of the city government. It is only fair that in the absence of the Mayor the Acting Mayor should be in full accord with the policies of the Mayor; it is only fair that one hostile to the policies of the Mayor; one whose record of votes in the Board of Supervisors was

diametrically opposed to the Mayor, should not sit in the Mayor's chair.

The administration should not be put in the position of permitting an Acting Mayor to oppose the full force and effect of the city administration and thwart its activities during the Mayor's absence. No Mayor would be safe in leaving his chair voluntarily, though I realize that death alone would enable the Board of Supervisors to appoint a Mayor, and thus change the policies of the administration. No Mayor will or should permit one who has opposed his administration to act as his substitute. I call your attention to the records of Mr. Power in this Board which have been almost exclusively opposed to the policies of the Mayor; and I also ask you if it is fair to the Mayor, in view of what has recently transpired in the Board of Supervisors; the antagonisms and hostilities directed against Mr. Sykes of the Fire Commission; to Mr. Gallagher and other members of the Board of Education; to the members of the Board of Public Works in the recent budget hearings; in the turning down of the various departments of the city government and denying them funds absolutely necessary for the purpose of carrying out the needs of their departments; the opposition to the present Church Street Road and to the putting down of double tracks on Market street; the opposition to the purchase of Spring Valley, and a long record of opposition to administration policies, to appoint Mr. Power as his substitute. Have I been opposed to municipal ownership? I ask you gentlemen in fairness. Are the sobs and appeals and tears a matter that should be brought into this question?

As man to man, if I do leave, should I not have some one to take my place who is in full accord with my policies, and is it not reasonable that before I leave, someone friendly to my policies, to my commissioners, to my ALL, be seated in the chair? Are you going to put some one in the chair who by his very votes has opposed my policies ever since he has been on the Board?

Mr. Power has a perfect right to oppose my policies, but you have no right, in my voluntary absence, to place in my chair one who has opposed my policies.

I ask that these extemporaneous remarks of mine be placed on record, following the remarks of Mr. Power.

I say to you now, once again, I would much prefer that, in the spirit of the Charter, you gentlemen select one of your members to occupy my chair, but that one in co-operation

with and friendly to my administration.

It is unfortunate this matter should be brought up here, and I consider it a small piece of business to spring it in here. I ask you gentlemen to rise above the situation or prove to me that Mr. Power ought to be the Acting Mayor. Select one of your members to be Acting Mayor during my absence, but I insist that he be friendly to my policies—not to me personally, but to my policies."

Supervisor McLeran's Substitute Defeated.

Whereupon, the question being taken on Supervisor McLeran's substitute, the same was defeated by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Suhr—8.

Noes—Supervisors Deasy, Hayden, Hilmer, Hocks, Nelson, Nolan, Power, Walsh—8.

Absent—Supervisors Welch, Wolfe—2.

Supervisor Hayden's Resolution.

Thereupon, the question being taken on Supervisor Hayden's resolution, the same was defeated by the following vote:

Ayes—Supervisors Deasy, Hayden, Nolan, Power, Walsh—5.

Noes—Supervisors Brandon, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Suhr—10.

Excused—Supervisor Gallagher—1.

Absent—Supervisors Welch, Wolfe—2.

Supervisor Hocks' Resolution Adopted.

Whereupon, the question being taken on Supervisor Hocks' resolution, the same was adopted as follows:

Resolution No. 14720 (New Series), as follows:

Resolved, That his Honor the Mayor be requested to indicate to this Board the member thereof whom he would desire should be selected to act as Mayor *pro tem.* during his absence, and when so indicated this Board will approve his choice.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Suhr—12.

Noes—Supervisors McLeran, Mulvihill, Walsh—3.

Departure of California's Quota of the Draft.

His Honor, Mayor Rolph, presented a communication from Dr. Edward Robeson Taylor suggesting the propriety of arranging some public farewell demonstration on the occasion of the departure of California troops who,

in answer to their country's call, are to leave this city on or about September 5th and proceed to the front in Flanders to fight in the service of the nation.

Motion.

Supervisor Gallagher moved that the sentiments of Dr. Taylor be endorsed by the Board and that his Honor, the Mayor, appoint a committee to make suitable arrangements for so memorable an occasion.

Motion *carried* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisor Welch, Wolfe—2.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Proposed Purchase of United Railroads.

Supervisor Power presented the following:

Whereas, A great majority of the citizens of this city are inconven-

iened as a result of the car strike, and

Whereas, If satisfactory arrangements could be made for the purchase of the United Railroads by the city, it would undoubtedly relieve the situation; therefore be it

Resolved, That the Board of Supervisors does hereby signify its intention to purchase the properties of the United Railroads, and to make a deposit in the sum of \$50,000 on the purchase price (as may be determined by the Railroad Commission) with the understanding that at the earliest possible moment the operation of said properties be placed under the jurisdiction and control of the Board of Public Works.

Ordered referred to the Public Utilities Committee.

ADJOURNMENT.

There being no further business, the Board at the hour of 7 p. m. adjourned.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, AUGUST 27, 1917.

In Board of Supervisors, San Francisco, Monday, August 27, 1917, at 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNAL.

The Journal of the meeting of August 20, 1917, was laid over for approval until next meeting.

Relative to United Railroads Strike.

His Honor Mayor Rolph, upon the Board going into session, addressed it saying that the most important matter it could take up for consideration at this time was the United Railroads strike situation. He asked the members of the Board and particularly Supervisor Wolfe, chairman of the Public Utilities Committee, if they had any suggestions that would help solve the question of transportation, which was seriously hampered by the strike.

Supervisor Gallagher commended the Mayor's reply to Frederick Koster, chairman of the Chamber of Commerce, and moved that both matters be entered at length in the Journal, which was so ordered.

Privilege of the Floor.

Whereupon, H. J. Mitchell, lieutenant of the Washington Detective Bureau of Chicago, was, on motion of Supervisor Nelson, granted the privilege of the floor. He said that he was employed at Chicago to bring a lot of men to San Francisco. He was hired as a lieutenant and came with seventy-two men, in charge of himself, Spencer and Elkins. The men were gathered, he said, through an insert placed in the Chicago Daily News.

They were given round-trip tickets, with full identification marked upon each ticket. These tickets, he said,

were given by the conductor to the detective heads and were later refused to the men when they quit work.

The witness said that Jack Cohen, Vickery and O'Brien, now quartered at the Palace Hotel, are in charge of the strike. He said that 125 men quit because they could not stand the impositions of what he called the New York gang. This bunch of strike-breakers, he said, were bad characters and browbeat the Chicago bunch. The witness admitted that the Chicago men, being out of work and 2000 miles from home, were liable to do anything and might become dangerous to the community.

Mitchell told of the company breaking its wage agreement and telling the men that they could have only \$3 a day after they had gone to work here. He said that few of the men had ever operated a car before.

The Thiel agency and the Washington agency, he said, had charge of gathering the men and were still in charge of them here.

Though repeatedly questioned, the witness said that he did not know where the men got their weapons, and claimed that he had never seen any.

Edward Rainey, secretary to the Mayor, said that Mitchell had told him that the men from Chicago were many of them bad characters, and such as should not be allowed to roam without employment in this city.

He said that a large percentage of the men out here are subject to the draft, 75 per cent being of the army age. He told of efforts to reach United Railroad officials and of his final appeal to the city for aid. The witness was sent to the Chief of Police, on his own appointment, for further conference.

John O'Connell, secretary of the Labor Council, heartily commended Mayor Rolph for his reply to Koster anent railway strike. He also said that there was no question where the weapons came from, citing sales by the Pacific Hardware and Steel Company to the United Railroads. He said that the property desk of the Police Department has weapons taken from seventy-two men arrested, which constitute a remarkable collection of deadly instruments.

Petition of Residents at Twenty-fourth
and Utah Streets.

Supervisor Charles A. Nelson presented a petition of residents of the vicinity of Twenty-fourth and Utah streets car barn telling of jeers and insults heaped upon their women and children by strikebreakers housed in the barns and asking that the United Railroads be compelled to remove the men.

Referred to Police Committee.

Communication from United Railroads.

The following were thereupon presented and read and referred to Public Utilities Committee:

President's Office, 58 Sutter street.

San Francisco, August 23, 1917.

Hon. Edward I. Wolfe, Chairman,
Public Utilities Committee, Board
of Supervisors of the City and
County of San Francisco, City Hall,
San Francisco.

Dear Sir:

I beg to acknowledge receipt of a certified copy of Resolution No. 14721 (New Series) adopted by the Board of Supervisors on the 20th inst., and enclose herewith copy of a resolution adopted by the Board of Directors of the United Railroads at its meeting this afternoon.

Your very respectfully,

JESSE W. LILIENTHAL,

President.

Whereas, there was received today from the Public Utilities Committee of the Board of Supervisors certified copy of a resolution in the following form:

"Resolved, That the Public Utilities Committee be requested to ascertain whether the property of the United Railroads of San Francisco can be purchased, if so upon what terms, and to report the same to this Board."

Resolved, That during the pendency of the present disorders and until adequate police protection is furnished to prevent them, it would be inconsistent with the interests of the holders of the Company's securities to entertain any negotiation for the purchase of the Company's property.

Correspondence Between His Honor, the Mayor and Frederick J. Koster, President of the Chamber of Commerce.

The following matters, in accordance with motion of Supervisor Gallagher, were ordered spread at length in the Journal:

TELEGRAM.

Received at southeast corner Pine and Montgomery streets, San Francisco.

San Francisco, Calif., 1:10 a. m., August 24, 1917.

As Chairman of the Law and Order Committee I am receiving through our organization reports of acts of violence, assault and murder com-

mitted by uncontrolled strikers in their attacks upon the lives of the employees, and upon the property of the United Railroads, a private corporation undertaking to carry on its business in lawful ways, and asking the protection from the proper authorities to which it is legally entitled. You, James Rolph, Jr., are Mayor of San Francisco, the Chief Executive officer of our City, and clothed with authority and power to protect the lowliest as well as the highest in his lawful pursuit. Appeal has been made to you personally. Appeal has been made to the President of the Police Commission and appeal has been made to the Chief of Police for protection. Appeals which should in no case have been necessary had you and your subordinates performed your duty in accordance with your oaths of office. I have endeavored on behalf of my committee, but without success, to reach you by telephone to make a further personal appeal to you to preserve law and order as you can undoubtedly do if you will, and I now make that unqualified demand of you, and I declare that the dastardly murder which has just been committed would not have been committed had the sworn officers of the law preserved law and order in accordance with their sworn duty. I repeat that, on behalf of the Law and Order Committee, speaking for the law-abiding men and women of San Francisco, I demand of you that you preserve law and order in San Francisco, and that the lives of the employees and patrons of the United Railroads and the property of that corporation be given that measure of protection which every other citizen and corporation has the right to demand. I make that demand in my official position as Chairman of the Law and Order Committee, as a citizen of San Francisco born in this my loved city, as a father requiring the law to protect his wife and children and family, and as a man who demands that you as a man do your sworn duty.

FREDERICK J. KOSTER.

3:10 a. m. Received 4:10 a. m.

August 24, 1917.

Mr. Frederick J. Koster, Chairman of the Law and Order Committee of the San Francisco Chamber of Commerce, Merchants Exchange Building, San Francisco, Cal.

Dear Sir:

Your hysterical telegram dated 1-10 a. m. of August 24, was delivered at my home at 4:20 a. m. of the same day.

Permit me to say, in the first place, that neither you nor the Law and Order Committee of the Chamber of Commerce has earned, by any con-

spicuous devotion to law and order, the right to lecture me or the Police Department.

On the contrary, the attitude and the activity of you and your particular group have done much, in my opinion, to engender the industrial unrest and class hatred, culminating on a few occasions in turbulence and violence, which have lately distressed this community.

I am quite as strongly opposed to lawlessness and disorder as you and your committee can possibly be; and I am, moreover, opposed to every form of lawlessness and disorder, whether committed by a corporation, a striker, or a strike-breaker, and whether that lawlessness take the form of bribery, perjury or any sort of chicanery, or the more violent form of assault and murder.

No one can regret and resent more intensely than I do the murder committed last night or the occasional violence which, in the last few days, has disgraced the street-car strike, and which you say that I, as Mayor, and the Police Department have not done everything in our power to maintain order and prevent violence and crime, and when you intimate that we have not in fact succeeded in preventing violence and crime as well as it can possibly be done under the circumstances, you utter a falsehood which may be based on ignorance or prejudice, but to me appears deliberate.

It is peculiarly difficult for the police to prevent all violence in a street-car strike, a teamsters' strike, a railroad strike or any out-of-doors strike of that character. No police department in any city, so far as I know, has ever succeeded in maintaining perfect order in a bitter and prolonged labor dispute of that kind. No one except a fanatic or a fool would expect such a perfect result.

Since the commencement of this strike the whole Police Department has been doing extra duty and exercising the greatest vigilance and diligence to prevent disorder. Policemen have been recalled from their vacations, a great many of the policemen on special details as clerks in headquarters have been put on patrol duty, and the whole department is working on twelve-hour instead of eight-hour shifts, seven days a week.

Since the beginning of this strike there have been more men on patrol duty in San Francisco by day and night than ever before in the history of the city. The disorders that have occurred have been few in comparison to the disorders in street-car strikes that occurred in former years in San Francisco. Either you know these facts or you refuse to know them.

But no vigilance can prevent sporadic disturbances. The police suppressed the disorder last night as soon as they could, which was immediately. The affair was not in any sense a riot. It is unfair to expect the police to be present in advance at any point where disorders occur, even though the disturbance could not have been anticipated. The police have arrested the men supposed to be guilty of the murder. Two of them were arrested within two minutes after the murder. Doubtless you are disappointed because the police have not yet turned machine guns on crowds in our streets and killed a few dozen strikers, including the customary number of innocent bystanders; but with all respect for your opinion I think the police do well to enforce law and order as firmly as they have done, but without any quick or wanton slaughter of the people. Violent and bloody repression has never maintained law and order so effectively as firmness coupled with moderation and common sense. It is unfortunate that so many persons of your type in this country are so incurably stupid and ignorant about business and industry, the very matters in which you are most concerned and in respect to which you deem yourselves most enlightened. The world is changing all around you and you and your kind don't know it any more than the Czar knew what was happening to him and Russia until it was all over. You still believe in Napoleon's whiff of grape shot. You still think that industrial discontent can be quelled by the policeman's club. Happily the rest of us do not need to take you or your Law and Order Committee as seriously as you take yourselves.

Law and order will be maintained in San Francisco by the Police Department in spite of the bitterness and hatred which have been aroused in this community by the attitude of yourself and your Law and Order Committee.

I have been in constant consultation with the heads of the Police Department since the beginning of this strike. Every member of the department is instructed to suppress violence, no matter who commits it. Both parties to the strike will be treated impartially according to law. No violations of the law on the part of anybody, striker or strike-breaker, will be tolerated. In this respect there will be absolutely no distinction between the strikers, the strike-breakers and anybody else. It is evident to my mind that the United Railroads and you are endeavoring to create in the public mind a false impression that the Mayor and the Police Depart-

ment are winking at acts of violence committed by the strikers. There is absolutely no foundation for that impression and no one knows it better than the officers of the United Railroads, and no one ought to know it better than you as Chairman of the Law and Order Committee of the Chamber of Commerce.

Yours truly,

(Signed) JAMES ROLPH, JR.,
Mayor.

Adopted.

Thereupon, the following resolution was presented by Supervisor Mulvihill and adopted by the following vote:

Arbitration of Car Strike.

Resolution No. 14731 (New Series), as follows:

Whereas, Differences of a serious character exist between the United Railroads of San Francisco and its employees that affects the welfare of all the people of this City; and

Whereas, The good offices of the Mayor and the Public Utilities Committee in adjusting such differences have been declined by the officials of the United Railroads, with the result that the people of the City are suffering from a lack of transportation; therefore

Resolved, That the Board of Supervisors, realizing the immediate necessity of an adequate transportation system for the entire City, earnestly suggests and recommends that the parties to the existing controversy submit to an impartial board of arbitration all of their differences to the end that the present situation may be speedily alleviated.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Investigation of New Employees of United Railroads and Maintenance of Law and Order.

Whereupon Supervisor Lahaney presented with the recommendation of the Police Committee the following resolution:

Resolution No. 14754 (New Series), as follows:

Whereas, Sufficient evidence is accumulating to warrant the conclusion that the officials of the United Railroads, notwithstanding their protests to the contrary, intend to repeat the scenes of riot and protracted disturbances of the peace and intimidation of the people of this city which characterized the strike of 1907; and

Whereas, The striking platform men have demonstrated their sincerity and power to maintain perfect order during the course of this strike and that there is no occasion to fear

any violation on their part of the peace and quiet of the community which would call for the arming of the new employees of the United Railroads; and

Whereas, The importation of strike-breakers and armed guards from the east is a reflection upon this city and its constituted authorities which deserves public rebuke and disavowal by the strict enforcement of all city laws and ordinances regulating the carrying of deadly weapons and the maintenance of law and order; therefore be it

Resolved, That the Mayor, the Police Department and the Grand Jury be respectfully urged to make a thorough investigation of the new employees of the United Railroads, and insist upon the strict observance of law and order on the part of the United Railroads.

Supervisor Hayden's Resolution.

Supervisor Hayden offered the following as a substitute for the foregoing:

Resolution No. 14724 (New Series), as follows:

Whereas, There is pending at this time an unfortunate street car strike in this City, causing paralysis of business and much annoyance to the traveling public and accompanied by riotous disturbances and loss of life; therefore be it

Resolved, That the Mayor, Police Department and Grand Jury be respectfully urged to make a thorough investigation of this trouble and with the aid of the Grand Jury bring about the indictment and prosecution of all parties who are found to be openly violating law and order in this City.

Amendment.

Supervisor Wolfe moved to amend Supervisor Lahaney's resolution by adding the words "and all others" to the last paragraph thereof.

Amendment carried.

Supervisor Lahaney's Resolution Adopted.

Thereupon, Supervisor Lahaney's resolution amended as above was adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Supervisor Hayden's Resolution Adopted.

Whereupon, Supervisor Hayden's resolution was adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

The following was presented, read and ordered spread in Journal:

San Francisco, Cal., August 22, 1917.
Mr. J. S. Dunnigan, Clerk of the Board of Supervisors, City Hall, San Francisco.

Dear Sir:

Please be informed that the Mayor has appointed Supervisors Gallagher, Mulvihill, Hocks, Hilmer and Nelson a committee to take charge of and make all arrangements for a farewell demonstration to the men of San Francisco who are to leave this city on or about September 5, having been selected for the service of their country.

Yours very truly,

EDWARD RAINEY,

Secretary to the Mayor.

Notice of Reconsideration.

The following resolutions, adopted at the last meeting, were taken up on notice given last week by Supervisor Hayden that he would move for reconsideration of vote at this meeting:

Resolution No. — (New Series), as follows:

Whereas, it appears from the written record of the proceedings of the Board of Election Commissioners that the firm of Neal Publishing Company has flagrantly violated its printing contract with this city by its failure to comply with the specifications for furnishing printed matter for the Charter Amendment election of 1916, for the use of the Department of Elections, and

Whereas, owing to the short time until the election of that year it was impossible to correct the work and it had to be accepted, and

Whereas, after reporting this violation of contract to his Honor Mayor Rolph, the Election Commissioners saw fit, by resolution of that Board, unanimously adopted, to censure and penalize said firm of Neal Publishing

Company and to characterize their action as an unfair and unjust advantage taken of other bidders who doubtless bid with a view to performing their contract in exact accord with the specifications;

Therefore, in awarding the contract for printing for this year, in justice to reputable firms whose bids are based on considerations of full compliance with our specifications, and in order that such firms may be protected against all unreliable and unscrupulous competitors, be it

Resolved, That the bids of the Neal Publishing Company on the following items be and they are hereby rejected, and said items are hereby awarded to the following named firms, who are the next lowest bidders, at their bid price, as set forth in the resolution, and in strict accordance with the specifications prepared therefor, to-wit: Buckley & Curtin, Levinson Printing Company, Wilcox & Co., Mitchell & Goodman, International Printing Co., Excelsior Press, Bartow, Wolfe & Hastings, Inc., J. S. Bartow, San Francisco Printing Co.

(See resolution on clip for items above mentioned.)

Also, Resolution No. — (New Series), as follows:

Whereas, it appears from the written record of the proceedings of the Board of Election Commissioners that the firm of Neal Publishing Company has flagrantly violated its printing contract with this city by its failure to comply with the specifications for furnishing printed matter for the Charter Amendment Election of 1916, for the use of the Department of Elections, and

Whereas, after reporting this violation of contract to his Honor Mayor Rolph the Election Commissioners saw fit, by resolution of that Board, unanimously adopted, to censure and penalize said firm of Neal Publishing Company and to characterize their action as an unfair and unjust advantage taken of other bidders who doubtless bid with a view to performing their contracts in exact accord with the specifications;

Therefore, in awarding the contract for books for this year, in justice to reputable firms, whose bids are based on considerations of full compliance with our specifications, and in order that such firms may be protected against all unreliable and unscrupulous competitors, be it

Resolved, That the bids of the Neal Publishing Company on the following items be and they are hereby rejected and said items are hereby awarded to

the following named firms, who are the next lowest bidders, at their bid price set forth in the resolution, and in strict accordance with the specifications prepared therefor: Ed. Barry Company, F. Malloye Company, Levinson Printing Company, J. B. McIntyre, Buckley & Curtin, H. S. Crocker Company.

(See resolution on clip for items above mentioned.)

Reconsidered.

Supervisor Hayden moved that the vote whereby the foregoing resolutions were adopted be reconsidered.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—14.

Noes—Supervisors Gallagher, Lahaney, Nolan—3.

Absent—Supervisor Kortick—1.

Recommitted.

Absent—Supervisor Kortick—1.

Whereupon, on motion of Supervisor Hayden, the foregoing resolutions were ordered *recommitted to the Supplies Committee* by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hayden, Hilmer, Hocks, McLeran, Power, Suhr, Welch, Wolfe—10.

Noes—Supervisors Deasy, Hynes, Lahaney, Mulvihill, Nelson, Nolan, Walsh—7.

Hearing of Appeals.

Jules Avenue.

Appeal of property owners from assessment for street work on Jules avenue, between De Montfort avenue and Holloway avenue, Resolution No. 14615 (New Series), fixed for 3 p. m. this day.

Appeal Denied.

The appellant being called and failing to appear, the following resolution was presented by Supervisor Welch and adopted:

Resolution No. 14725 (New Series), as follows:

Resolved, That the appeal of Cynthia E. Gilman from the assessment issued for the improvement of Jules avenue, between De Montfort avenue and Holloway avenue be and the same is hereby denied and the assessment confirmed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Lyell Alley, Excelsior Homestead.

Order to show cause why report of Board of Public Works showing lands

to be taken and district to be assessed for the opening of an alley 10 feet in width, for drainage purposes, extending from London street to Mission street, 265 feet southerly from and parallel with France avenue in Excelsior Homestead Block No. 6. Hearing 3 p. m.

Report Confirmed.

Announcement being made and no one appearing to show cause why report of Board of Public Works should not be confirmed, the following resolution was presented and *adopted*:

Resolution No. 14726 (New Series), as follows:

Whereas, the Board of Public Works did on the 25th day of June, 1917, file a report and plat of assessment district showing the lots that will be benefited by and assessed for the opening of an alley 10 feet in width, extending from London street to Mission street, 265 feet southerly from and parallel with France avenue, in Excelsior Homestead Block No. 6, and

Whereas, the Board of Supervisors fixed the 20th day of August, 1917, at the hour of 3 p. m., as the day on which all persons interested shall be required to show cause, if any they have, why such report should not be confirmed; now, therefore,

Resolved, That the report of the Board of Public Works, filed on the 20th day of August, 1917, showing the lots that will be benefited by and assessed for opening of an alley 10 feet in width, extending from London street to Mission street, 265 feet southerly from and parallel with France avenue, in Excelsior Homestead Block No. 6, be and is hereby confirmed.

Further Resolved, That the Clerk be directed to forward to the Board of Public Works a certified copy of the report, assessment and plat as confirmed by the Board of Supervisors, San Francisco, California.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Appeal Sustained.

The following resolution was presented by Supervisor Welch and *adopted* by the following vote:

Resolution No. 14727 (New Series), as follows:

Resolved, That the appeal of Wm. H. Reynolds Estate from the assessment issued for the improvement of

Broad street, between Capitol avenue and Plymouth avenue, be and the same is hereby sustained.

Further Resolved, That the Board of Public Works is hereby directed to correct the assessment for the improvement of Broad street, between Capitol avenue and Plymouth avenue, issued to Eaton & Smith, by eliminating the assessment against Lot 1 and by adding the same to Lot No. 5.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and *ordered placed on file*:

Fire Committee, by Supervisor Deasy, Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Streets Committee, by Supervisor Brandon, Acting Chairman.

Auditorium Committee, by Supervisor Brandon, Chairman.

Public Buildings Committee, by Supervisor McLeran, Chairman.

Relative to "Repairs to Schools" Fund of Board of Education.

The following communications and report were presented by Supervisor Power and ordered spread in the Journal:

August 2, 1917.

Hon. James E. Power, Chairman Finance Committee, Board of Supervisors, San Francisco, Cal.

Dear Sir:

I wish to call your attention to Budget Item No. 53, "Repairs to Schools, \$115,000." This appropriation is in the *General Fund* for the fiscal year 1917-18. I have just received a number of salary warrants from the Board of Public Works charged to this appropriation without any resolution authorizing the expenditure from this fund by the Board of Supervisors. I have taken the matter up with the Board of Public Works, and I have been informed by the bookkeeper of said Board that the work is being done under authorization of the Board of Education, which claims that according to its interpretation of the opinion of the City Attorney the consent of the Board of Supervisors is not necessary. It has been customary since the Charter went into effect that all payments made from the General Fund be under authority of the Board of Supervisors.

I will be pleased if you will advise

me whether your Board approves the course of the Board of Education and the Board of Public Works.

Yours truly,

THOS. F. BOYLE,
Auditor.

August 7, 1917.

Thos. F. Boyle, Esq., Auditor, San Francisco, Cal.

Dear Sir:

Your communication of the 2d inst., referring to Budget Item No. 53, "Repairs to School, \$115,000," included in the General Fund for the fiscal year 1917-18, was considered by the Finance Committee at its meeting of August 6th, and I was directed to advise you that, in view of the fact this appropriation is a part of the General Fund, the Committee feels there should be a monthly appropriation; also, that the expenditure should be confined to repairs to buildings only; the construction of buildings being arranged for otherwise.

J. S. DUNNIGAN,
Clerk.

August 7, 1917.

Board of Public Works, San Francisco, Cal.

Gentlemen:

I am directed by the Finance Committee to advise you that the matter of appropriations for repairs to schools was before the Committee on a communication from Thos. F. Boyle, Esq., Auditor of the City and County.

Please be advised that the Committee will be pleased to recognize your recommendations monthly, on a one-twelfth basis, for appropriations.

J. S. DUNNIGAN,
Clerk.

August 21, 1917.

To the Finance Committee of the Honorable Board of Supervisors.

Gentlemen:

I have the honor to advise you that the following resolutions were adopted at a meeting of the Board of Education held this day:

"Resolved, That the attention of the Finance Committee of the Board of Supervisors be called to the opinion rendered by the City Attorney under date of March 15, 1917, declaring that the Board of Education has complete control over its funds and that all funds set aside for school purposes are directly under the sole control of the Board of Education regardless of the titles given to said funds and regardless also of the place in the budget where such appropriations have been made; further

"Resolved, That the Board of Education hereby declares its intention to act in accordance with this opinion and to send requisitions to the Board of Public Works for such repairs and new construction as it may deem best, and pay for same out of funds devoted

to school purposes, in accordance with the law."

Respectfully yours,

M. R. NORRIS,
Secretary Board of Education.

Report of Finance Committee.

San Francisco, August 27, 1917.

To the Honorable Board of Supervisors.

Gentlemen:

In view of the fact that a difference of opinion has developed in the expenditure of Budget appropriation No. 53, designated "Repairs to Schools," your Finance Committee deems it advisable to submit all the facts to the Board for their consideration and action.

On August 2d your Finance Committee received a letter from Hon. Thomas F. Boyle, Auditor, relative to this Budget item, which is hereto attached. Said letter was answered on August 7th, copy of which is also attached, as well as a copy of letter sent to the Board of Public Works upon receipt of letter from the Auditor.

It seems that the Board of Education feels that in keeping with the opinion of the City Attorney they have a right to expend this money as they see fit, basing their contention on the fact that said appropriation is part of the common school fund.

Your Committee in preparing the Budget and also the tax rate, considered this appropriation of \$115,000 as part of the General Fund, and felt that it should be expended for repairs only.

We have no desire to enter into a controversy on the matter, but feel that it is our duty to advise the Board as to what we had in mind when the appropriation was made and to call their attention to the fact that if this money is to be used for other than repairs to school buildings the appropriation will be reduced to practically \$55,000, which will eventually mean that considerable of the work that is very urgent will not be attended to and the working force on school repairs eventually very materially reduced.

Respectfully submitted,

JAMES E. POWER,

E. L. NOLAN,

ANDREW J. GALLGHER,
Finance Committee.

Report of Police Committee on Proposed Amendment to Sealed Package Liquor License.

The following report was presented by Supervisor Lahaney:

San Francisco, August 27, 1917.

Board of Supervisors.

Gentlemen:

Your Police Committee reports as follows:

In favor of granting a masquerade

ball permit to the Esmeralda Club, to be held August 25, 1917, at National Hall.

In favor of resolution* requesting city authorities to investigate importing of strikebreakers.

In the matter of a communication from the Police Commission suggesting a change in the hours of closing of grocery stores and other places where liquor is sold in quantities of one quart or over, your Committee recommends that no change be made in the present ordinance as its operation is satisfactory to a large majority of the dealers and also to the general public.

Other matters were continued for further investigation.

Respectfully,

JOS. F. LAHANEY,

C. J. DEASY,

OSCAR HOCKS,

Police Committee.

Privilege of the Floor.

Eugene Sieben was granted the privilege of the floor and addressed the Board. He said that the people of San Francisco are seriously inconvenienced by the operation of the ordinance as at present on the books and he asked that if a majority of grocers wanted it that the Board permit the question to be reopened.

Adopted.

Whereupon, the question being taken the foregoing report was adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Report of Education Committee on School Bond Election.

Supervisor Power, for the Education, Parks and Playgrounds Committee, reported that after consultation with Registrar of Voters Zemansky, November 27 had been tentatively selected as the date for the School Bond Election, subject, of course, to change if some other date is deemed more desirable.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing, were taken up and finally passed by the following vote:

Salary Increase, School Teachers.

Supervisor Power presented:
Resolution No. 14745 (New Series), as follows:

Whereas, According to the salary schedule adopted by the Board of Education as of May 21, 1917, the proposed increases therein were based on sufficient money being provided in the budget, and

Whereas, The Finance Committee recommended in its report that the sum of \$45,000 be expended from the appropriation allowed the School Department, to increase the salaries of the teachers and other employees of the School Department, and

Whereas, In view of the fact that the teachers and other employees have not received their increases in salaries, it is apparent that the Board of Education does not feel that sufficient money was allowed in the budget, therefore be it

Resolved, That we recommend to the Board of Education that they allow the salaries as intended in their salary schedule, and be it further

Resolved, That we assure the Board of Education that if they have not sufficient money to allow said increases in salary, we hereby pledge ourselves to see that sufficient money will be forthcoming for said purpose.

Adopted by the following vote:
Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill,

Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Passed for Printing.

The following resolutions were *passed for printing*:

Boiler and Oil Permits.

On motion of Supervisor Deasy: Resolution No. — (New Series), as follows:

Resolved, That the following revocable permits are hereby granted: *Boiler.*

New San Francisco Laundry, at 2542 Greenwich street, 80 horsepower, to be used in connection with operation of laundry.

W. R. Grace & Co., on seawall lot No. 25, in block bounded by Second street, King street and the Embarca-

dero, 30 horsepower, to be used in operation of a steam pump.

Oil Storage Tank.

Charles Heller, on east side of Presidio avenue, 100 feet north of Sacramento street, 1500 gallons capacity.

Pope Estate Co., at southwest corner of Montgomery and Summer streets, 1500 gallons capacity.

W. R. Grace & Co., on north side of King street, east of the Embarcadero in seawall lot No. 25, 1600 gallons capacity. Said W. R. Grace & Co. agrees to enclose all oil storage tanks above ground in solid brick or concrete walls, so as to prevent oil flowing to adjoining property in the event of fire.

W. J. Dowling, on east side of Valencia street, 165 feet north of Fourteenth street, 1500 gallons capacity.

The rights granted under this resolution shall be exercised within six months, otherwise said permits become null and void.

Masquerade Ball Permits.

Supervisor Lahaney presented:

Resolution No. 14755 (New Series), as follows:

Resolved, That the Esmeraldo Club is hereby granted permission to hold a masquerade ball at National Hall, Mission and Sixteenth streets, August 25, 1917, without payment of the usual license fee, provided the proceeds from said ball be devoted to charitable and benevolent purposes.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 14756 (New Series), as follows:

Resolved, That the Dreamland Club is hereby granted permission to hold a masquerade ball at Dreamland Rink, Sutter and Steiner streets, September 1, 1917, without payment of the usual license fee, provided the proceeds from said ball are devoted to charitable and benevolent purposes.

Absent—Supervisor Kortick—1.

Extension of Time.

Supervisor McLeran presented:

Resolution No. 14757 (New Series), as follows:

Resolved, That F. Gallagher be granted an extension of 30 days from August 5, 1917, within which to complete contract for the yard work on the Junipero Serra School.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the metal fencing could not be obtained within the time limit, on account of the condition of the steel market.

Advertising fee remitted.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 14758 (New Series), as follows:

Resolved, That California Granite Co. be granted an extension of sixty days from August 3, 1917, within which to complete contract for furnishing and installing the granite balustrade coping around the Civic Center Plaza.

This *first* extension of time is recommended for the reason that the contractor has practically completed those sections of the work for which funds have been appropriated, but this extension is necessary to keep the contract in force until the additional funds required are made available.

Advertising fee remitted.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Extension of Time.

Supervisor Welch presented:

Resolution No. 14747 (New Series), as follows:

Resolved, That H. Crummey Company, assignee, is hereby granted an extension of ninety days' time from September 25, 1917, within which to complete contract for the improvement of Innes avenue between Hawes and Donahue streets and crossings of Griffith, Fitch and Earl streets, under public contract.

This first extension of time is granted upon the recommendation of the Board of Public Works, for the reason that this contract represents a large piece of work, and contractor has a large force of men employed; one block of curb has been completed and the grading and sewer are about 75 per cent completed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hooks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 14748 (New Series), as follows:

Resolved, That D. L. Bienfield is hereby granted an extension of sixty

days' time from and after September 27, 1917, within which to complete contract for construction of sewers and appurtenances in Seventh avenue extended and Dewey boulevard.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor has just started the work, having been delayed by building of the Twin Peaks tunnel, which was in the line of the sewer.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Absent—Supervisor Kortick—1.

Agreement for Sewer Right of Way in Havelock Street.

Supervisor Welch presented:

Resolution No. 14750 (New Series), as follows:

Resolved, That the Mayor of the City and County of San Francisco is hereby authorized and empowered to sign and execute in the name of the City and County of San Francisco an agreement dated June 4, 1917, between the Southern Pacific Company

and the City and County of San Francisco for a sewer easement under right of way of the Southern Pacific Company for the purpose of constructing a sewer in Havelock street.

This agreement, made this fourth day of June, 1917, by and between Southern Pacific Company, a corporation, hereinafter termed licensor, and City of San Francisco, a municipal corporation, County of San Francisco, State of California, hereinafter termed licensee.

Witnesseth that:

Licensor, in consideration of the faithful performance by licensee of all its covenants and agreements herein contained, hereby grants unto licensee the right to construct, reconstruct, maintain and operate 18-inch ironstone pipe hereinafter termed structure, for transporting sewage, said structure to be constructed beneath the property of licensor and its lessors, at or near San Francisco station, County of San Francisco, and State of California, from a point in its westerly right of way line to a point in its easterly right of way line, crossing beneath the tracks at Engineer Station 138X00, said pipe to be laid at least three feet below bottom of ties, as shown in red ink on the blueprint map hereto annexed and made part hereof.

This grant is made upon the following terms and conditions, to-wit:

1. Licensee hereby acknowledges the title of Southern Pacific Railroad Company, and the leasehold estate of the licensor, in and to the premises described in this agreement and agrees never to assail or resist said title or leasehold interest.

2. As and for use of premises of licensor or its lessors, licensee shall pay licensor, on rendition of bill therefor, a rental of one and 0/100 (\$1.00) dollar per year, or fractional part of a year in event of termination as hereinafter provided, payable annually in advance.

3. Licensee agrees to indemnify and save harmless licensor and its lessors from and against any and all loss, damage, liability, cost and expense which it or its lessors may sustain or bear, or to which it or its lessors may be put, resulting in any manner from the location of said structure and its appurtenances on or beneath the premises hereinbefore specified.

4. Licensee and the agents and employees of licensee shall have the privilege of entry on said premises for the purpose of making necessary repairs to or changes in said structure, and licensee agrees to at all times keep said premises in a good and level condition to the satisfaction of licensor.

5. At the expiration of said term or any extension thereof, or upon revocation of the privilege hereby granted, or upon the termination of this agreement, as hereinafter provided, licensee shall, at licensee's own cost and expense, immediately remove said structure and restore said premises, as nearly as possible, to the same state and condition they were in prior to the construction of said structure, failing in which the licensor may perform such work at cost of licensee, which cost licensee agrees to pay on rendition of bills therefor.

6. Licensee agrees that all work upon, or in connection with, said structure shall be done at such times and in such manner as not to interfere in any way whatsoever with the operations of licensor, its lessors or successors, and that the location of said structure and all work in connection therewith shall be done and made under the supervision and to the satisfaction of licensor, its lessors or successors.

7. Should licensor, its lessors or successors at any time require the removal, reconstruction, alteration or changes in the location of said structure, licensee shall, at licensee's own cost and expense, immediately remove, reconstruct, alter, or make changes in the location of said structure upon receiving written notice from licensor, its lessors or successors.

8. This license is personal to licensee, and in case licensee shall attempt to assign or transfer the same, in whole or in part, without the written consent of licensor, or shall for the period of one year continuously fail to use said structure, this license may, by notice from licensor to licensee, be revoked.

9. In the event licensee shall discontinue the use of said structure or shall abandon the same, or shall fail to keep, observe and perform any covenant on licensee's part herein contained, all rights hereby granted shall forthwith cease and determine and licensee shall thereupon remove said structure and restore said premises to their present condition. Should licensee in such event fail, neglect or refuse to so remove said structure and so restore said premises to their present condition, such removal and restoration may be performed by licensor at the expense of licensee, which expense licensee agrees to pay to licensor on demand.

10. If at any time or times any work of any kind or character is to be performed or done by a contractor for licensee, licensor hereby reserves the right to require any such contractor to enter into a written agree-

ment with licensor satisfactory to it and to also require any such contractor to give an indemnity bond in favor of licensor in such amount as licensor shall specify before permitting any such contractor to perform or do any of said work on property of licensor or its lessors.

11. This agreement may be terminated by either party hereto giving thirty days' notice in writing to that effect to the other.

12. Except as otherwise provided herein, the terms and conditions of this agreement shall inure to the benefit and be binding upon the heirs, executors, administrators, successors and assigns of the parties hereto.

In witness whereof, the parties hereto have caused these presents to be executed in duplicate the day and year first herein written.

Communication—From San Francisco Labor Council, transmitting resolution offering solution of problem how to deal effectively with the United Railroads and its opposition to the Municipal Railway and provide a satisfactory street car service south of Market street.

Communication from United Railroads Refusing Arbitration.

San Francisco, August 29, 1917.

Honorable Board of Supervisors of the City and County of San Francisco, San Francisco.

Dear Sirs: The resolution adopted by your Honorable Board on the 27th inst. refers to parties to an existing controversy and recommends that such parties submit their differences to arbitration. We have been urged by you to make some reply to this resolution and accordingly, in order not to appear discourteous by our silence, make answer that there is no controversy to arbitrate. Certain of our employees, without giving any notice or making any complaint, abandoned their cars. We have proceeded to fill their places. With adequate police protection or permitted to provide open armed protection ourselves, we are prepared to operate every car on a normal schedule.

Yours very respectfully,

UNITED RAILROADS OF SAN FRANCISCO.

By JESSE W. LILIENTHAL,
President.

Mission Promotion Association Asks Forfeiture of United Railroads Franchises.

Communication—From Mission Promotion Association, requesting forfeiture of United Railway franchises unless company resumes adequate service or submits to arbitration the demands of its striking employees.

Referred to Public Utilities Committee.

Forfeiture of United Railroads Franchise.

Thereupon Supervisor Walsh presented:

Resolution No. — (New Series), as follows:

Whereas, With contemptuous disregard for the lawful authorities of this City, and in violation of the peace and order of this community, the officials of the United Railroads have gathered from the slums of our large cities, and have armed and quartered, and are harboring in our midst, in violation of the law, hundreds of gunmen, thugs, dope fiends and other disreputable characters, captained by notorious criminals, whose employment here as strike-breakers is of a transient, grossly mercenary and vicious character, and whose ostensible purpose is to operate the

street cars of the United Railroads, but whose real purpose, in order to break the strike, is the intimidation and terrorizing of the law-abiding workmen and citizens, whose homes and whose all are in San Francisco;

Whereas, Despite such severe provocation and with the exception of a few popular demonstrations of public disapproval, improperly termed "riots" by a certain *self-constituted* "Law and Order Committee," the *duly authorized authorities* have had no trouble in maintaining the public peace, and

Whereas, The dangerous, unsatisfactory and generally inadequate service rendered, especially in the outlying districts by the United Railroads' strikebreakers, is a serious violation of the rights of the city under its franchises and a deprivation of proper service to the people of this city which merits the forfeiture of such franchises, and

Whereas, The declaration of the United Railroads officials that it is impossible, notwithstanding that San Francisco is one of the best street railway cities in the United States, to grant the scale of wages and hours that are granted by all other street railway companies in San Francisco, Oakland and the vicinity, is further proof of the present helpless and hopeless condition of the finances of this corporation—the aftermath of its past career of maladministration, corruption and bribery—which in justice to the City of San Francisco and in the interest of its welfare and continued growth and development calls for drastic action, therefore be it

Resolved, That unless the bondholders and stockholders of the United Railroads see fit to relieve this intolerable situation which is inimical to the best interest and welfare of this community by calling for a receiver, then his Honor the Mayor, the City Attorney and the Public Utilities Committee of this Board consider the best manner to proceed and to bring about a forfeiture in whole or in part of the franchises of said United Railroads.

Referred to Public Utilities Committee.

Railroad Commission to Investigate Financial Condition of United Railroads.

Whereupon Supervisor Nelson presented:

Resolution No. — (New Series), as follows:

Whereas, It is incumbent upon the city government in the pending street car strike to exhaust every means within its power to bring about an adjustment of the controversy between the United Railroads and its

employees and restore street car transportation to a normal condition; and

Whereas, The President of the United Railroads, Jesse W. Lillienthal, has made a public statement that the company is unable to accede to the demands of the striking employees for the reason that the income of the company is not sufficient to bear the increased expense which the granting of such demands would entail; therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that the State Railroad Commission be, and is hereby requested to make an investigation into the financial affairs of the United Railroads for the purpose of ascertaining whether or not the refusal of the company to arbitrate or grant the demands of the striking employees is justified on this financial ground; and further ascertain if the operation of the system of the United Railroads would justify the city in giving the same wages and hours as are now maintained on the Municipal Railway, if the city should conclude to buy out the interests of the present stockholders of the United Railroads.

Referred to Public Utilities Committee.

Leave of Absence, Agnes G. Regan.

The following communication was presented and read by the Clerk:

San Francisco, Cal.,
September 4th, 1917.

Honorable Board of Supervisors,
City and County of San Francisco,
City Hall, San Francisco.

Gentlemen:

Application has been made to me by Miss Agnes G. Regan, member of the Board of Education, for leave of absence, with permission to leave the State of California for a period of thirty days, commencing September 5th.

I hereby request that you concur with me in granting said leave of absence.

Yours very truly,

JAMES ROLPH,
Mayor.

Whereupon, the following resolution was presented and *adopted* by the following vote:

Resolution No. 14788 (New Series), as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Miss Agnes G. Regan, member of the Board of Education of the City and County, is hereby granted leave of absence for thirty days commencing September 5th, 1917, with permission to leave the State.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson,

Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Kortick—2.

Invitation to Participate in Demonstration to Departing Soldiers.

Supervisor Mulvihill presented:

Resolution No. 14761 (New Series), as follows:

Whereas, A number of San Francisco's brave and patriotic young men have been selected to compose its quota for the new army of the United States, and will leave this city for their destination at American Lake tomorrow evening, at 8 o'clock, and

Whereas, It is the purpose of the County Council of Defense and Committee of the Board of Supervisors, appointed by his Honor the Mayor to give them a public reception and bestow upon them the honor which is theirs with good wishes and hearty cheer; therefore,

Resolved, That all patriotic citizens be invited to participate in the reception and parade, and particularly that all city officers, employees and all citizens having automobiles to present themselves at the Van Ness avenue entrance of the City Hall at 7 o'clock p. m., there to report to Judge Graham, chairman County Council of Defense, for service in the parade to the ferry.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Kortick—2.

Relative to Payment of Demand for Sheriff's Automobile.

Supervisor Gallagher presented:

Resolution No. 14760 (New Series), as follows:

Resolved, That the Auditor be requested to appear before this Board at 4:30 p. m. to advise the Supervisors as to why he has thus far refused payment of demands for one thousand and for six hundred and twenty-five dollars, respectively, in favor of the Oldsmobile Company for machines furnished Sheriff's department.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Thomas F. Boyle subsequently appeared and declared that he had not time to sufficiently investigate the demands and for that reason was holding them up, on the advice of his attorney.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented re-

ports on various matters, referred, which reports were received, read and *ordered placed on file:*

Fire Committee, by Supervisor Deasy, Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Streets Committee, by Supervisor Brandon, Acting Chairman.

Public Health Committee, by Supervisor Walsh, Chairman.

Report of Public Health Committee on Additional Beds at Relief Home.

The following report was presented, read, adopted and ordered spread in the Journal:

San Francisco, September 4, 1917.
Board of Supervisors.

Gentlemen:—Your Health Committee respectfully submits the following report on the matter of providing additional beds in the infirmary at the Relief Home. After several conferences with Superintendent Broderick of the San Francisco Hospital, Superintendent Wallenberg of the Relief Home and Health Officer Hassler, it was agreed that it would be a mistake to open a full ward in the Relief Home at this time.

The following communication from Dr. Hassler gives in succinct form, the result of our investigations, together with recommendations for alleviating the condition complained of to his Honor the Mayor, and referred by him to the Health Committee for study and report:

"Pursuant to conversation had at the conference in the health office on Friday, August 31st, 1917, the following is the findings of the health officer and the Superintendent of the Relief Home, same being based upon the investigation made into the matter of the need of additional infirmary beds in the Relief Home. In view of the fact that the reports of the Superintendent of the San Francisco Hospital and the Inspector of Indigents on August 1st, 1917, show there were no female patients in the San Francisco Hospital that could be transferred to the Relief Home, and that during the month of August, 1917, the maximum number which the Inspector of Indigents could find as needing infirmary care at the Relief Home was seven, we therefore conclude that it would be a mistake at this time to open a full ward at the Relief Home, first, because it is the mid-summer season, and second, the small number available to fill the ward would not justify the cost.

"I have to recommend that ten beds be the maximum opened at this time in the Annex of Ward A, Relief Home, which will relieve any urgent necessity that may arise between this time and January 1st, 1918, as well

as take care of all known cases up to the present date.

"The Board of Health particularly calls the attention of your committee to the fact that the city should not at this time fill its institutions, particularly the Relief Home, with people who wish to pay \$15, \$20 or \$30 per month; that such cases should be, and have been in years past, taken care of in private institutions but owing to the increased cost of maintenance these private institutions have increased the price to \$50 per month, therefore there seems an apparent increase in the number demanding Relief Home and County Hospital treatment.

"San Francisco today is caring for more indigents with its Relief Home number set at 1400 and its City Hospital at 750 than any other city in the United States of a like population. If it is decreed to accept patients able to pay, then the sum should be fixed sufficiently large to fully cover the maintenance.

"The cost of opening said addition would be approximately as follows:

1 Nurse	\$60 per month
Inmate help	15 per month
Maintenance per patient per day	
60 cents	180 per month

Total for 12 mos. \$3,060"

Inasmuch as the relief would be required for only ten months, two months of the present fiscal year having already passed, the Finance Committee has allowed \$2550 from the "Urgent Necessities" Fund to cover that period instead of \$3060 to cover a full year as recommended by the Health Officer.

Respectfully submitted,
JOHN O. WALSH,
Health Committee.

Joint Report of Committees on Public Utilities and Finance on Transportation to Union Iron Works During Strike.

San Francisco, September 4, 1917.
Board of Supervisors.

Gentlemen: Your Committees on Public Utilities and Finance have been giving consideration to the means necessary to provide transportation to several sections of the City heretofore deprived of traffic facilities.

A means has been found by which employees of the Union Iron Works and neighboring concerns may be transported to and from their work morning and night by means of the tracks of the Ocean Shore Railway and connections of the Southern Pacific Company. The Board of Public Works has entered into a contract with the Ocean Shore Railway by which said company will operate trains night and morning from the

Union Iron Works to Daly City and to Twelfth and Mission streets. The charge for this service is to be \$109 a day plus such switching charge as may be imposed by the Southern Pacific Company. The Ocean Shore Company furnishes full train crews and the City the fare collectors. Transfers are issued to the Municipal Railway at Twelfth and Market streets. The committees recommend the adoption of a resolution confirming this contract.

Your committees also recommend an appropriation of \$5,000 to provide bus transportation to outlying districts now inadequately supplied. Provision has been made for serving the Sunset and Oceanside districts and other districts will be similarly provided for as rapidly as buses may be secured.

Respectfully submitted,

EDWARD I. WOLFE;
RICHARD J. WELCH,
C. J. DEASY,

Public Utilities and Finance Committees.

Report of Public Welfare Committee.

The following report was presented and read by the Clerk:

San Francisco, September 4, 1917.
Board of Supervisors.

Gentlemen: Your Public Welfare and Publicity Committee to which were referred various matters, begs leave to report as follows:

City Planning Ordinance.

Several hearings have been held on the proposed new City Planning Ordinance. The following persons have appeared before the committee in favor of the proposed ordinance: George C. Holberton, Charles F. Cheney, Henry Meyer, Charles Francis Adams, E. A. Walcott, Mrs. Abbie E. Wilkins and Mark C. Cohn, Director of Housing Bureau of the State Housing and Immigration Commission. In addition, many of the Supervisors, other than members of the committee, have attended the meetings and participated in the discussion.

Mr. Cheney and Mrs. Wilkins explained in detail the purpose and scope of the proposed City Planning Commission and informed the committee of the work accomplished by similar commissions in other cities throughout the United States.

Mr. Charles F. Adams, while favoring the general principle laid down in the ordinance as presented by Mr. Cheney, has suggested a number of changes.

Several of the Supervisors feel that the scope of the work of the com-

mission is far reaching and may infringe upon the duties imposed upon boards and commissions provided for in the Charter and that the adoption of the ordinance in its present form would probably lead to friction and antagonisms between the Board of Supervisors, the various boards and commissions and the City Planning Commission.

The proposed ordinance is one of the most important and far reaching pieces of legislation that has ever been proposed and your committee has taken the entire subject matter under advisement, as it feels that the subject matter should be given most earnest and careful consideration before any recommendation is made to the Board.

California Land Show.

Your committee recommends that the invitation of the California Land Show, which is to be held under the auspices of the San Francisco Real Estate Board, October 13th to 28th, 1917, at Market and Eighth streets, be accepted, and that his Honor the Mayor be requested to appoint a committee of seven to take charge of the necessary arrangements. In addition the committee recommends that the various departments of the municipal government be directed to prepare and arrange an exhibit worthy and representative of San Francisco and that \$2000 be appropriated from Budget Item No. 78, "Publicity and Advertising," for advertising, publicity and other work incident to San Francisco's participation in the California Land Show.

The necessary resolutions are on today's calendar.

Emile E. Kahn and A. L. Harrigan appeared before the committee with other representatives of the San Francisco Real Estate Board and explained to the committee the plan and scope of the show and as to just what the various counties of the State of California were planning to do in connection therewith.

San Francisco has been allotted 1440 square feet of floor space free of charge. At the rate of 75 cents a square foot, which is the rate charged private concerns, this represents a donation of \$1180.

Automobiles on Ferry Boats of the Northwestern Pacific Railroad.

By invitation, Mr. J. J. Geary, General Passenger Agent of the Northwestern Pacific Railroad, appeared before the committee and was questioned as to the rule regulating the number of automobiles permitted on the ferry boats of the Northwestern Pacific Railroad. Mr. Geary was asked if it would be possible for the company to permit more than four

automobiles on the lower deck of the boats plying between San Francisco and Sausalito by prohibiting smoking on the lower deck, as the committee had been advised that one of the reasons why the company limited the machines was on account of the danger from smoking. He explained the situation from the company's standpoint and informed the committee that the entire subject matter of transportation of automobiles on the ferry boats of the company was taken up recently with the California Automobile Association, which was interested in securing more liberal arrangements. He promised that he would set forth in writing the situation and the company's attitude concerning the matter.

Respectfully submitted,

JOSEPH MULVIHILL,

JOS. F. LAHANEY,

J. D. HYNES,

E. L. NOLAN,

Public Welfare Committee.

Report of Supervisor McLeran on State Building in Civic Center.

The following was presented and read by the Clerk:

San Francisco, September 4, 1917.
Board of Supervisors.

Gentlemen: I respectfully desire to file with your Honorable Board a report of my efforts to bring about a conference between State and Municipal officials in the matter of the controversy which has arisen regarding the plans for the construction of the proposed State building in the Civic Center, which plans were recently awarded by the State Commission to Messrs. Bliss and Faville, architects.

The controversy arose through criticisms being made by various citizens, civic organizations and architects, that the adopted plans for the building were not drawn to permit of harmony and uniformity in construction with the other public buildings erected in the Civic Center.

His Honor Mayor Rolph referred the subject-matter to me for investigation and particularly for the purpose of soliciting a conference to discuss the merits of the criticisms made.

Pursuant to the request of his Honor I made an engagement with the secretary of Governor Johnson to meet the Governor in his office at Sacramento. I immediately went to Sacramento and was told by Governor Johnson that he was to resign from office in a few days, and requested the State Board of Control to take the matter up with me.

I then called upon the State Board of Control, represented by Mr. John Francis Neylan, to arrange for a meeting between the said board, the

Mayor and officials of this city; the meeting to be held at a time and place to be agreed upon.

Mr. Neylan expressed himself as not being agreeable to such a meeting, feeling that the erection of the State building was a State affair and one in which he thought the City of San Francisco had no interest.

At a later date I conferred with former Supervisor Bancroft, Messrs. George Kelham and Charles Bentley. The said gentlemen went to Sacramento and met with the State Commission for the purpose of bringing about the desired meeting of State and City officials to discuss the subject-matter, or at least agree to submit the whole question to an impartial body for consideration. Upon arriving back in San Francisco the said gentlemen informed me that the State Commission and the Board of Control refused to agree to a conference with City officials to discuss the matter.

On May 15th I addressed a letter to Mr. Neylan, again urging upon him the advisability of taking the question up in detail; that the expense the City and County of San Francisco had gone to in expending nearly nine millions of dollars in the creation of the Civic Center and its buildings was of some moment, and assured him that our only and sole desire was to have, if possible, all buildings now constructed or to be constructed in the Civic Center architecturally harmonious with each other.

I received a letter in reply from Mr. Neylan on May 22 stating that the State Commission met with Mr. Faville, the architect, and also with Messrs. Bancroft, Bentley and Kelham. That after considering the situation the Commission was of the opinion that the State should prosecute the work of constructing the building without delay. That already the rumpus and fuss had put them in a position where the price of material was daily advancing, and that they were unable to award a contract; that the fairness of the competition for the plans no man could challenge, and one of the best firms in San Francisco won it. That the complaint came from losing competitors, for the purpose of advertising whilst the prices of materials have been going up. That as to making the plans over, it is out of the question. That the State Commission takes the view that the State building will be a beautiful building and an asset to the Civic Center and to San Francisco, and thinks it time to get in and aid instead of obstructing.

Early in June, at my request, City

Attorney, Mr. George Lull, took the matter up with representatives of Attorney-General Webb's office, and endeavored to bring about a conference.

On June 6 a letter was received by the Public Buildings Committee of your Board from the State Architect, Geo. B. McDougall, for the State Department of Engineering, requesting certain information with reference to the construction of the State building. I immediately replied to Mr. McDougall advising him that the desired information would be furnished. On my request, the Board of Public Works forwarded the data.

On several occasions I took the subject-matter up with Attorney-General Webb and asked him to arrange for a meeting of State and City officials. He advised me he could see no objections to such a conference, and that he would speak to Judge Angellotti of the State Commission. Later on I met Judge Angellotti, and he told me that he personally could not see that anything could be accomplished by such a conference.

On August 24, I addressed a communication to the State Engineering Department at Sacramento, acquainting the gentlemen with the information that many requests from civic organizations, architects and citizens had been presented suggesting a conference between State and City officials to discuss the matter at issue, and assured the Department that it would be a pleasure for me to arrange such a meeting at any time desired, in the Mayor's office, should it be agreeable. I further addressed a letter to the State Board of Control, Hon. F. M. Angellotti, and Hon. U. S. Webb, respectively, enclosing a copy of the above letter sent to the Engineering Department.

On August 31st I received a reply from the State Engineering Department over the signature of Mr. McDougall, State Architect, advising that the plans for the State Building had been adopted and approved, and that the verdict is closed by the State officials, and that they will proceed with the construction of the building.

I regret very much that the State has taken this position. I was in hopes that the State officials would agree to discuss in a friendly way this very important public question, and for that reason I have refrained from giving the matter publicity, and have requested the Mayor and the San Francisco Examiner and Chronicle to refrain from publishing any articles touching on this question regarding the State Building. This they have kindly done.

I desire to assure his Honor the

Mayor and your Honorable Board that all my efforts in the premises have been conducted absolutely unbiased, having the greatest respect for the character and efficiency of Messrs. Bliss and Faville, who were awarded the plans for the building, but solely for the purpose of weighing the merits of the criticisms in obtaining for our Civic Center, of which we are so justly proud, a harmonious grouping of public buildings.

I feel that my efforts in bringing about the much desired conference on this important matter have been unsuccessful, as the State officials have taken the position that the State Building is a State matter, and one in which the City of San Francisco is not interested.

If the plans for the proposed State Building conform to other buildings in the Civic Center the controversy would materially have come to a close.

The State officials should be willing at least to explain their objections to changing the plans if harmony in architecture does not maintain.

I would therefore respectfully recommend that his Honor the Mayor be authorized to appoint a committee of seven to wait upon the Governor of the State of California with the request that he arrange a conference of State and City officials to discuss the criticisms of architects, citizens and many civic organizations regarding the plans for the construction of the proposed State Building in the Civic Center.

Respectfully submitted,

R. McLERAN,

Supervisor,

Chairman of Building Committee.

Read and adopted.

Willis Polk, upon completion of the reading of the report, apologized to Supervisor McLeran for his statement at a previous meeting indicating a lack of confidence in Supervisor McLeran's efforts to bring about a change in the plans of the State building.

Accepting Deed, Sewer Right of Way, Laguna Honda Tract.

Supervisor Welch presented:

Bill No. 4669, Ordinance No. — (New Series), as follows:

Accepting the deed of Spring Valley Water Company to City and County of San Francisco for a sewer right of way over the Lake Honda Tract of said Water Company.

Be it ordained by the People of the City and County of San Francisco as follows:

Sec. 1. The following deed dated July 24, 1917, of Spring Valley Water Company, a corporation, to City and County of San Francisco, a municipal corporation, conveying a right of way for sewer purposes over the Lake Honda Tract of said Water Company is hereby approved and accepted; said deed being in words and figures as follows:

This indenture, made this 24th day of July, 1917, by and between Spring Valley Water Company, a corporation duly organized and existing under and by virtue of the laws of the State of California, the party of the first part, and City and County of San Francisco, a municipal corporation of said State, the party of the second part,

Witnesseth:

Whereas, the party of the first part is the owner of certain real property situate in the City and County of San Francisco, State of California, known and designated as the "Lake Honda Tract" over, in and along a portion of which tract said party of the second part is desirous of constructing and maintaining a reinforced concrete sewer of dimensions two by three feet, for the purpose of draining the territory southerly from said "Lake Honda Tract," through connecting the existing sewer in Forest Hill Tract with the existing sewer in Seventh avenue, and

Whereas, the construction and efficient maintenance of said sewer will be of mutual benefit to both the first and second parties hereto;

Now, therefore, in consideration of the premises and of the sum of one (\$1.00) dollar, to it in hand paid by the party of the second part, the receipt of which is hereby acknowledged and of the faithful performance

by said party of the second part of the conditions and covenants herein-after contained, said party of the first part does hereby grant unto said party of the second part an easement or right of way in and along the following described center line, for the purpose of enabling said party of the second part to construct and maintain said reinforced concrete sewer and appurtenances, to-wit:

Beginning at a point on the easterly line of that portion of the Lake Honda Tract acquired by the Spring Valley Water Works from the City and County of San Francisco by deed dated August 13th, 1868, and recorded in the office of the County Recorder of the City and County of San Francisco on August 17th, 1868, in Book 453 of Deeds, at page 55, said point being 58.83 feet northerly along said easterly line from the southeasterly corner of said tract; running thence north 39 deg. 34 min. 48 sec. west 47.26 feet; thence on a curve to the right with a radius of 30 feet and central angle 16 deg. 17 min. 50 sec. a distance of 8.53 feet; thence north 23 deg. 16 min. 58 sec. west 655.62 feet; thence on a curve to the left with a radius of 30 feet and a central angle of 47 deg. 52 min. a distance of 25.06 feet to its junction with the existing 4 ft. x 4 ft. 6 in. brick sewer; thence south 71 deg. 08 min. 58 sec. east 26.67 feet; thence on a curve to the right with a radius of 30 feet a distance of 50 feet, more or less, to the existing 3 foot circular brick sewer.

Said grant is made to said party of the second part, subject to the following covenants and conditions, to-wit:

First: Said sewer shall be entirely laid and constructed by said party of the second part, at its own cost and expense.

Second: Whatever manholes, connections or other details which shall in the judgment of said party of the first part be necessary for the practical operation and maintenance of said sewer shall be constructed in said sewer at points to be agreed upon by said parties, by said party of the first part, or by said party of the second part, as said party of the first part may elect, the whole cost thereof, however, to be borne by said party of the second part.

Third: The right at any and all times to use and connect with said sewer is hereby reserved to said party of the first part and its assigns.

Fourth: The said party of the first part shall not be liable for any expense of construction, care, upkeep or maintenance of said sewer and appurtenances and the construction, care, upkeep and maintenance of said

sewer shall be undertaken and borne by the said party of the second part, at its own cost and expense, and if, at any time, for any reason, it shall be necessary for said party of the first part to make any repairs of any kind whatsoever upon said sewer or to care for the overflow of sewage or water therefrom, the entire cost thereof shall be borne by said party of the second part.

Fifth: Said sewer and appurtenances shall be constructed by the party of the second part under the direction of and to the satisfaction and approval of the party of the first part and all damages of any kind whatsoever suffered by the party of the first part, during the construction, operation or maintenance of said sewer, shall be borne and paid for by the party of the second part and said party of the second part shall not, during the construction, operation or maintenance of said sewer, interfere in any manner with the existing conduits, flumes, pipes, ditches, reservoir, fences or other existing works of said party of the first part.

Sixth: The use of the surface of said right of way is hereby reserved to said party of the first part and said party of the second part agrees, and this agreement is one of the conditions upon which this grant is made, that it will maintain and operate said sewer in such manner as never to interfere with the surface of the said lands of the said party of the first part, nor with the use of said lands for the purposes of the said party of the first part, except that said party of the second part may enter upon said lands for the purpose of making necessary repairs to said sewer, but shall be liable for any damages which may be occasioned thereby.

Seventh: The delivery to and acceptance of this instrument by the party of the second part shall be conclusive evidence of the acceptance by said party of the second part, of the conditions and covenants herein contained.

Eighth: It is further understood and agreed that the terms, conditions and covenants herein contained shall bind the parties hereto and their successors and assigns.

In witness whereof, the said party of the first part has caused its corporate name to be signed and its corporate seal to be hereunto affixed by its proper officers thereunto duly authorized on the day and year first herein written.

SPRING VALLEY WATER COMPANY.

By S. P. EASTMAN, Vice-President.
By JOHN E. BEHAN, Secretary.

Sec. 2. The attention of the Board of Public Works, the City Engineer and the Assessor is hereby called to the provisions of this ordinance and the Clerk of this Board is hereby authorized and directed to cause said deed to be placed of record in the office of the Recorder of the City and County of San Francisco.

Sec. 3. This ordinance shall take effect and be in force immediately.

Sand Drifting Ordinance.

Refused Passage.

The following bill laid over from a previous meeting was taken up and on motion *refused passage* by the following vote:

Bill No. 4620, Ordinance No. — (New Series), Providing for the prevention of sand or dirt or earth from drifting or being blown or otherwise moved from any lot into or upon any paved, graded or macadamized street, and authorizing and directing the Board of Public Works, in certain cases, to do all and any necessary work in conformity herewith.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welsh, Wolfe—15.

Absent—Supervisors Hocks, Kortick, Nolan—3.

Passed for Printing.

Whereupon the following bill was presented in lieu of the foregoing and *passed for printing*:

Bill No. 4670, Ordinance No. — (New Series), Providing for the prevention of sand or dirt or earth from drifting or being blown or otherwise moved from any lot into or upon any paved, graded or macadamized street and authorizing and directing the Board of Public Works, in certain cases, to do all and any necessary work in conformity herewith.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation owning any lot of land, or any person having control thereof, to permit any sand or dirt or earth to drift or be blown, or otherwise be moved into or upon any paved, graded or macadamized street.

Section 2. Every person, firm or corporation owning or controlling any premises fronting on any paved, graded or macadamized street must, within sixty days after notice from the Board of Public Works so to do, construct and maintain fences or bulkheads around such premises or lots, and also plant upon the whole area of such lot or premises sea bent grass root, at least ten inches deep and not more than eighteen inches

apart, or spread barley or oats, or some other grain seed upon the whole surface of such lot or premises and cover the same with mulch, straw or manure, the whole being done in such manner as to effectively and permanently prevent sand or dirt or earth from drifting or falling or being blown therefrom into or upon such streets or sidewalks thereof.

Section 3. It is hereby made the duty of the Board of Public Works to enforce the provisions of this ordinance, and said Board of Public Works is hereby authorized and directed to do, or cause to be done, any and all work required by section two (2) thereof, upon the failure of the owner or owners of any lot or premises, or of the person or persons having control of said lot or premises, to comply with the terms of this ordinance; and the cost of the work done hereunder shall constitute and be a first lien on said property.

Section 4. Ordinance 2656, approved March 5, 1914, is hereby repealed.

Section 5. This ordinance shall take effect and be in force immediately.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Kortick—2.

This Indenture, made the sixth day of July, one thousand nine hundred and seventeen, between Edward A. Schumacher, party of the first part, and the City and County of San Francisco, State of California, party of the second part:

Witnesseth: That the said party of the first part, in consideration of the sum of ten (10) dollars, gold coin of the United States of America, to him in hand paid, by the said party of the second part, the receipt whereof is hereby acknowledged, and for the purpose of opening, laying out and dedicating for street purposes in said City and County, does by these presents hereby grant, bargain, sell and convey unto the said party of the

second part, that certain piece or parcel of land situate, lying and being in the City and County of San Francisco, State of California, and bounded and particularly described as follows, to-wit:

Commencing at the point of intersection of the southwesterly line of El Portal way and the westerly boundary line of Claremont Court as per map entitled Claremont Court recorded in the office of the County Recorder of the County of San Francisco, July 24, 1914, in Liber "H" of Maps, at page 24, and running thence southeasterly along the southwesterly line of El Portal way 24.828 feet; thence westerly on a curve to the left, tangent to the last course, radius 20 feet, central angle 54 deg. 27 min. 58 sec., arc distance 19.012 feet to the westerly boundary line of Claremont Court; thence northwesterly along the boundary line of Claremont Court on a curve to the left, the tangent of which deflects 99 deg. 41 min. 16 sec. to the right from the tangent to the preceding course at the last described point, radius 441.667 feet, central angle 1 deg. 33 min. 10 sec., arc distance of 11.970 feet to the point of commencement, being a portion of lot No. 17 of block No. 2979A, Claremont Court.

Together with the tenements, hereditaments and appurtenances thereunto belonging or appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof.

To have and to hold the said premises, together with the appurtenances, unto the said party of the second part, and its successors, forever for the uses and purposes of a public street.

In witness whereof the said party of the first part has hereunto set his hand and seal the day and year first above written.

EDWARD A. SCHUMACHER.

Signed and delivered in the presence of

CHARLES H. HOLCOMB.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Kortick—2.

Extensions of Time.

Supervisor Welch presented:

Resolution No. 14781 (New Series), as follows:

Resolved, That Fay Improvement Company is hereby granted an extension of sixty days' time from September 7, 1917, within which to complete contract for the improvement of Irving street, between Fortieth and

Forty-first avenues, including the crossing of Irving street and Forty-first avenue.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that deliveries of rock from the quarries are uncertain. The work is now 80 per cent completed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Kortick—2.

Also, Resolution No. 14782 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of sixty days from September 18, 1917, within which to complete contract for the improvement of Diamond street, between Surrey street and a line 198 feet southerly therefrom.

This *first* extension of time is recommended for the reason that contractors were delayed in the work on account of shortage of material.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Kortick—2.

City Engineer to Report on Condition of Army Street.

Supervisor Welch presented:

Resolution No. 14783 (New Series), as follows:

Resolved, That the City Engineer be requested to submit a report to this Board on the condition of Army street, between San Bruno avenue and Third street, and as to what means should be taken to make that thoroughfare adapted to its highest commercial use.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Kortick—2.

Award of Contract, Printing and Books.

The following resolutions heretofore adopted and subsequently reconsidered on notice of Supervisor Hayden and recommitment to the Supplies Committee, were returned by said committee with the recommendation that the report of the majority be sustained and the resolutions adopted:

Resolution No. — (New Series), as follows:

Whereas, It appears from the writ-

ten record of the proceedings of the Board of Election Commissioners that the firm of Neal Publishing Company has flagrantly violated its printing contract with this city by its failure to comply with the specifications for furnishing printed matter for the Charter Amendment election of 1916, for the use of the Department of Elections, and

Whereas, Owing to the short time until the election of that year it was impossible to correct the work and it had to be accepted, and

Whereas, After reporting this violation of contract to his Honor Mayor Rolph, the Election Commissioners saw fit, by resolution of that Board, unanimously adopted, to censure and penalize said firm of Neal Publishing Company and to characterize their action as an unfair and unjust advantage taken of other bidders who doubtless bid with a view to performing their contracts in exact accord with the specifications;

Therefore, in awarding the contract for printing for this year, in justice to reputable firms whose bids are based on considerations of full compliance with our specifications, and in order that such firms may be protected against all unreliable and unscrupulous competitors,

Be it Resolved, That the bids of the Neal Publishing Company on the following items be and they are hereby rejected, and said items are hereby awarded to the following named firms, who are the next lowest bidders, at their bid price, as set forth in the resolution, and in strict accordance with the specifications prepared therefor, to-wit: Buckley & Curtin, Levison Printing Company, Wilcox & Co., Mitchell & Goodman, International Printing Co., Excelsior Press, Bartow, Wolfe & Hastings, Inc., J. S. Bartow, San Francisco Printing Co.

Resolution No. — (New Series), as follows:

Whereas, It appears from the written record of the proceedings of the Board of Election Commissioners that the firm of Neal Publishing Company has flagrantly violated its printing contract with this city by its failure to comply with the specifications for furnishing printed matter for the Charter Amendment Election of 1916, for the use of the Department of Elections, and

Whereas, Owing to the short time until the election of that year, it was impossible to correct the work and it had to be accepted, and

Whereas, After reporting this violation of contract to his Honor Mayor Rolph the Election Commissioners saw fit, by resolution of that Board, unanimously adopted, to censure and

penalize said firm of Neal Publishing Company and to characterize their action as an unfair and unjust advantage taken of other bidders who doubtless bid with a view to performing their contracts in exact accord with the specifications;

Therefore, in awarding the contract for books for this year, in justice to reputable firms, whose bids are based on considerations of full compliance with our specifications, and in order that such firms may be protected against all unreliable and unscrupulous competitors,

Be it Resolved, That the bids of the Neal Publishing Company on the following items be and they are hereby rejected and said items are hereby awarded to the following named firms, who are the next lowest bidders, at their bid price set forth in the resolution, and in strict accordance with the specifications prepared therefor:

Ed. Barry Company, F. Malloye Company, Levison Printing Company, J. B. McIntyre, Buckley & Curtin, H. S. Crocker Company.

Action Deferred.

Supervisor Hayden moved that the foregoing resolutions be laid over for two weeks.

Amendment carried.

California Land Show.

Supervisor Mulvihill presented:

Resolution No. 14784 (New Series), Accepting the invitation from the California Land Show requesting the City and County of San Francisco to participate officially in the proposed California Land Show to be held under the auspices of the San Francisco Real Estate Board, October 13th to 28th, inclusive, 1917, at Market and Eighth streets.

His Honor the Mayor is requested to appoint a committee of seven for the purpose of making a municipal exhibit at the said California Land Show.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Korkick—2.

Also, Resolution No. 14785 (New Series), Declaring that about thirty counties of California, through their Boards of Supervisors, have indicated their intention to participate in the California Land Show to be held in San Francisco, October 13th to 28th, inclusive, 1917, as a method of showing to the center of population the resources and opportunities of their various districts, some of these counties appropriating sums of money

ranging from \$4000 to \$1000 for the purpose of making an exhibit, and that the development of the agricultural resources of California is of most vital importance to San Francisco in that it develops the business and commerce of our City,

Wherefore, the Board of Supervisors of San Francisco directs the various departments of this City, particularly the Police and Fire Departments, Department of Electricity, Board of Public Works, Bureau of Architecture, Bureau of Engineering, Park Commission, Playground Commission, Board of Health and Board of Education to get together an exhibit worthy and representative of San Francisco, the same to be placed in the California Land Show in space reserved therein for this purpose.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Korkick—2.

Referred

The following resolution was presented by Supervisor Mulvihill and on motion of Supervisor Power ordered referred to the Finance Committee:

Providing \$2000 for Municipal Exhibit at California Land Show.

Resolution No. — (New Series), Providing that the sum of \$2000 be and the same is hereby set aside, appropriated and authorized to be expended out of Budget Item No. 78, "Publicity and Advertising," for advertising, publicity and other work in connection with the installation of a municipal exhibit by the City of San Francisco at the California Land Show, to be held October 13th to 28th, inclusive, 1917.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Lunch Counter Ordinance.

Supervisor Lahaney presented:

Bill No. —, Ordinance No. — (New Series), Regulating the maintenance of lunch counters and the gratuitous distribution or furnishing of meals or articles of food in connection with the sale of intoxicating liquors by retail liquor dealers, and providing a penalty for the violation thereof.

Referred to Police Committee.

Masquerade Ball Permit.

Supervisor Lahaney presented:

Resolution No. 14786 (New Series), as follows:

Resolved, That the Beaumont Social Clerk is hereby granted permission to

hold a masquerade ball at National Hall, Sixteenth and Mission streets, September 15, 1917, without payment of the usual license fee; provided the proceeds from said ball be devoted to charitable and benevolent purposes.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Kortick—2.

Newspaper Men's "Rodeo."

Supervisor Mulvihill presented:

Resolution No. 14787 (New Series), as follows:

Whereas, The Newspapermen's Club of San Francisco, the only organization of active newspapermen in this city, is to give on September 8, 9 and 10, 1917, an entertainment known as "The California Cowboys' Round-Up," an exhibition of sports in vogue in California in the olden days, which said exhibition will be a clean display and educational in character in its repetition of the incidents of a part of the early history of this commonwealth; and

Whereas, This Board learns that the funds derived from this exhibition are to be devoted to the purposes of this club, providing for the uplift and benefit of its membership, all of which is engaged in the active work of making the San Francisco newspapers substantial journals: be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that this Board recognizes the purposes behind the movement, indorses the plan suggested, believes in the motives prompting it, and urges

the citizens of this and neighboring cities to patronize this entertainment, thus aiding a worthy enterprise and contributing to a movement calculated to keep alive the spirit of the older days, when the foundations of a mighty State were laid here in this great empire of the Pacific Coast.

Resolved, That the Board of Supervisors request all public officials and municipal employes to attend the celebration and render every possible assistance toward making it an assured success.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Hocks, Kortick—2.

Claims of Credit Clearance Bureau.

Supervisor Wolfe called it to the attention of the Board that he, among other members of the Board of Supervisors, had been summoned to appear before Judge Sturtevant in the matter of the payment of certain claims of the Credit Clearance Bureau. He moved that the City Attorney be instructed to represent the City before Judge Sturtevant in the matter.

Motion carried.

Leave of Absence.

The following communication was presented and read by the Clerk:

September 11, 1917.

Hon. James Rolph Jr., Mayor, San Francisco, Cal.

Dear Sir:

I herewith respectfully request permission to leave the State for a period of thirty days.

Respectfully yours,

JAMES E. POWER,
Supervisor.

Leave of Absence, Supervisor Jas. E. Power.

Whereupon, the following resolution was presented:

Resolution No. 14804 (New Series), as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, James E. Power, Supervisor of the City and County of San Francisco, is hereby granted a leave of absence for thirty days from and after September 12th, 1917, with permission to leave the State.

Adopted, under suspension of rules, by the following vote:

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Communication From Board of Education Relative to Proposed Increase of Salary for School Teachers and Janitors.

The following was presented and *referred to the Finance Committee*:

Sept. 8, 1917.

Hon. Board of Supervisors, City and County of San Francisco.
Gentlemen:

At a recent meeting of the Board of Supervisors they adopted a resolution offered by the Finance Commit-

tee pledging the Board to make good any sum of money that the Board of Education would find itself short at the end of the fiscal year if they granted as they asked for in the late budget and are still very anxious to grant, an increase in the salaries of the teachers of the San Francisco School Department, and an advance in the salaries of all janitors and janitresses receiving a salary of \$80.00 or less per month. In this connection the Board of Education wishes to call the attention of your honorable Board to the fact that we have not the money necessary to run this department as it should be run for the coming fiscal year for many reasons, namely: the necessity for extensions to old buildings, the construction of new buildings to house the children in a growing department, and the big advance made in the price of materials and supplies that will be necessary to buy during the current fiscal year. We have as yet been unable to secure a coal contract and know that this commodity alone will cost this department thousands of dollars over our contract of last year. Also, in the furnishing of new buildings and additional furniture for all buildings, we find that prices have greatly advanced.

We therefore feel that it is an unusual request that you ask us to depend on the uncertainties of an appropriation to be made at the end of the fiscal year in order to increase the salaries of teachers and janitors of this department. We now ask that you set aside the sum of \$60,000 to be used exclusively for the purposes mentioned above. Any sum over this amount will be used for a larger increase in the salaries of teachers and janitors of this department.

The Board of Education absolutely believes that the teachers and janitors at the present date are not receiving a just and living wage.

Hoping that the Board of Supervisors may see fit to set aside this money at once, I am,

Very respectfully yours,

GEO. E. GALLAGHER,
Pres. Board of Education.

Motion.

Supervisor Power moved reference to Finance Committee.

Amendment.

Supervisor McLeran moved as an amendment, reference to Finance Committee, with instructions to report an appropriation of \$60,000 at next Monday's meeting.

Amendment to the Amendment.

Supervisor Wolfe moved as an amendment to the amendment that the Finance Committee, after a conference with the Board of Education, re-

port a sufficient amount for the salary increases contemplated.

Amendment to the amendment carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisor Gallagher, Hayden, Kortick—3.

Calling and Providing for School Bonds Election.

Supervisor McLeran presented:

Bill No. 4672, Ordinance No. — (New Series). Calling and providing for a special election to be held in the City and County of San Francisco on the 30th day of October, 1917, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness of said City and County for the acquisition, construction, completion and equipment of permanent buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor.

Whereas, The Board of Supervisors did, on the 10th day of July, 1917, adopt and finally pass Ordinance No. 4247 (New Series), determining and declaring that the public interest requires the acquisition, construction, completion and equipment by the City and County of San Francisco of permanent buildings and improvement to be used by the said City and County for public schools, and the acquisition of necessary lands therefor; that the cost thereof in addition to the other expenses of the said City and County will exceed the income and revenue provided for the said City and County for any one year; and directing the Board of Public Works to procure, through the City Engineer, and file with the Board of Supervisors plans and estimates of the cost of the original construction, completion and equipment of such permanent buildings and improvements; and

Whereas, Pursuant to the direction of said Ordinance No. 4247 (New Series), said Board of Public Works did prepare and on the 6th day of August, 1917, did file with the Board of Supervisors the plans and estimates of cost of original construction, completion and equipment of the buildings and improvements and the cost of the acquisition of necessary lands therefor mentioned in said Ordinance; now therefore

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 30th day of Oc-

tober, 1917, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness for the following purpose, to-wit: The acquisition, construction, completion and equipment by the City and County of San Francisco of permanent buildings and improvements to be used by the said City and County, for public schools and the acquisition of necessary lands therefor.

Section 2. The estimated cost of the acquisition, construction, completion and equipment by the City and County of San Francisco, of permanent buildings and improvements to be used by the said City and County, for public schools and the acquisition of necessary lands therefor is three million five hundred thousand dollars.

That the method and manner of payment of said estimated cost of such buildings, improvements, equipment and lands referred to is by the issuance of bonds to the amount herein-after stated, the sale of the bonds so issued and the application of the proceeds of such sale to the payment of the cost of the acquisition, construction, completion and equipment of buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor. Any excess of cost over and above such cost shall be paid from the annual revenue of the City and County.

Section 3. The special election herein ordered, shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made, and the results thereof ascertained, determined and declared as herein provided and according to the laws of the State of California, providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

MUNICIPAL TICKET.

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated, in such proposition stamp a cross (X) in the blank space to the right of the word "Yes."

To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated in such proposition stamp a cross (X)

in the blank space to the right of the word "No."

Also said ballot shall have printed thereon the following:

Proposition to incur a bonded indebtedness of the City and County of San Francisco, California, to the amount of Three Million Five Hundred Thousand Dollars for the acquisition, construction, completion and equipment by the City and County of San Francisco of permanent buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor. Bonds issued for such purpose shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually.

YES	
NO	

Sample ballots containing the above matter required to be printed thereon shall be supplied to the electors of said City and County by the Board of Election Commissioners, but a failure on the part of any elector to receive such sample ballot shall not be held to invalidate the election or affect in any manner the legality of any bonds that may be authorized thereat.

Section 4. Any qualified elector of the City and County of San Francisco may vote at said special election for or against the proposition herewith submitted. To vote in favor of and authorize the incurring of a bonded debt for the purpose set forth in the proposition herein stated he shall stamp a cross (X) in the square to the right of the word "Yes," printed opposite to the proposition, and to vote against and refuse to authorize the incurring of a bonded debt for the purpose set forth in the proposition herein stated stamp a cross (X) in the square to the right of the word "No," printed opposite the proposition.

Each cross (X) stamped in the square to the right of the word "Yes" shall be counted as a vote in favor of, and to authorize, the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped; and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped.

The election precincts and the numbers, names and boundaries thereof for said special election and the places of voting and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, desig-

nated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at special municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 5. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the building or buildings, improvements or lands specified in such proposition and to the amount stated therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated March 1, 1918; shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually; shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County in the City and State of New York.

Bonds issued for the purpose stated in said proposition shall be called "School Bonds," and shall be numbered from 1 to 3500 inclusive.

Section 6. Said bonds and coupons shall be in substantially the following form:

UNITED STATES OF AMERICA,
STATE OF CALIFORNIA
City and County of San Francisco.
SCHOOL BOND.

No. _____ \$1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of Califor-

nia, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of March, 19—, One Thousand Dollars, with interest thereon at the rate of four and one-half per centum per annum, payable semi-annually March 1 and September 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in Gold Coin of the United States at the office of the Treasurer of said City and County or at the option of the holder at the fiscal agency of the City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and Statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to Ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and to be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or Statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and Statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. Full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter

and from time to time this bond may be transferred by such registered owner in person, or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

IN WITNESS WHEREOF, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor; and has caused interest coupons hereto attached to be signed by the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of March, 1918.

FORM OF REGISTRATION

San Francisco, _____, 19—.

This bond is registered pursuant to the Charter of the City and County of San Francisco, State of California, in the name of _____, and the interest and principal thereof are hereafter payable to such owner.

Treasurer.

Section 7. Said Three Million Five Hundred Thousand Dollars bonds to be issued for the purpose stated herein shall be numbered from 1 to 3500, both inclusive, and shall be payable One Hundred and Seventy-five Thousand Dollars thereof, five years from the date of said bonds, beginning with the lowest numbers, and One Hundred and Seventy-five Thousand Dollars of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 8. The amount of tax levy to be made for the payment of said

Three Million Five Hundred Thousand Dollars bonds issued under said proposition shall be the sum of One Hundred Fifty-seven Thousand Five Hundred Dollars each year for the first five years from date of said bonds to pay the annual interest on said bonds and in season to pay such interest as it becomes due, and for the sixth year after the date of said bonds, the sum of One Hundred Forty-nine Thousand Six Hundred and Twenty-five Dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the One Hundred and Seventy-five Thousand Dollars thereof due five years from their date have been paid, and for the seventh year after the date of said bonds the sum of One Hundred Forty-one Thousand Seven Hundred and Fifty Dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the One Hundred Seventy-five Thousand Dollars thereof due six years from their date have been paid, and so on, a sum each year for eighteen succeeding years and until said bonds are all paid sufficient for interest, and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of Seven Thousand Eight Hundred Seventy-five Dollars by reason of the payment each year, beginning five years from the date of said bonds of One Hundred Seventy-five Thousand Dollars of said bonds and the sum of One Hundred and Seventy-five Thousand Dollars each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for nineteen years until the principal of all of the said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 9. This Ordinance shall be published for at least ten days in the official newspaper.

Section 10. This Ordinance is the second of a series of Ordinances

which will be adopted by the Board of Supervisors under and by virtue of which it is proposed that a bonded indebtedness of said City and County will be incurred for the purposes herein enumerated.

Section 11. This Ordinance shall take effect immediately.

Privilege of the Floor.

Geo. E. Gallagher, President of the Board of Education, was granted the privilege of the floor. He urged that Oct. 30, 1917, be fixed as the date for the proposed School Bonds Election. "I am sorry," he said, "that we could not determine on an earlier date; the sooner it can be held, the better. 'If the issue carries,' he said, 'I do not know where the schools will go. However, they will be placed to the best advantage.'"

Auditorium Committee, by Supervisor Brandon, Chairman.

Report of Finance Committee on Appropriation for California Land Show.

The following report was presented by Supervisor Power, read and ordered filed:

San Francisco, Cal.,

September 11, 1917.

To the Members of the Board of Supervisors.

Gentlemen:

In the matter of the Resolution submitted to the Board on Tuesday, September 4th, by the Public Welfare and Publicity Committee, appropriating \$2000 out of Budget Item No. 78, "Publicity and Advertising," for advertising and publicity and other work in connection with the installation of a municipal exhibit at the California Land Show, October 13th to 28th, 1917, which Resolution was referred to the Finance Committee by the Board, your committee desires to report:

That \$10,000 was set aside in this fiscal year's budget for Publicity and Advertising; subsequent to the adoption of the budget, the Finance Committee notified the Auditor to segregate this fund, as follows: \$7,500 for the Convention League, and, \$2,500 for the Tourist Association of Central California. In view of the fact this segregation has been made, and the Convention League and Tourist Association have assumed obligations covering their respective allotments, your committee cannot recommend an appropriation of \$2,000 out of this particular fund for the purpose of installing a municipal exhibit at the California Land Show.

The participation of the City in the California Land Show was not anticipated when the \$10,000 was set aside in the budget for publicity and advertising purposes; however, the Committee will endeavor, between now and the next meeting of the Board, to find, if possible, some other

fund out of which this appropriation may be made.

Respectfully submitted,
JAS. E. POWER,
EDW. L. NOLAN,
Finance Committee.

Railroad Commission to Investigate Finances of United Railroads.

The following Resolution heretofore presented by Supervisor Nelson and referred to Public Utilities Committee was reported favorably by said committee and adopted by the following vote:

Resolution No. 14805 (New Series), as follows:

Whereas, It is incumbent upon the city government in the pending street car strike to exhaust every means within its power to bring about an adjustment of the controversy between the United Railroads and its employees and restore street car transportation to a normal condition; and

Whereas, The President of the United Railroads, Jesse W. Lillenthal, has made a public statement that the company is unable to accede to the demands of the striking employees for the reason that the income of the company is not sufficient to bear the increased expense which the granting of such demands would entail; therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that the State Railroad Commission be, and is hereby requested to make an investigation into the financial affairs of the United Railroads for the purpose of ascertaining whether or not the refusal of the company to arbitrate or grant the demands of the striking em-

ployes is justified on this financial ground; and further ascertain if the operation of the system of the United Railroads would justify the city in giving the same wages and hours as are now maintained on the Municipal Railway, if the city should conclude to buy out the interests of the present stockholders of the United Railroads.

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisors Gallagher, Hayden, Kortick—3.

(The Clerk was directed to ascertain from the Railroad Commission an estimate of cost of carrying foregoing resolution into effect.)

Ordering Street Work.

Also, Bill No. —, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the people of the City and County of San Francisco as follows:

Sec. 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors September 1, 1917, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the

Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of *Bryant street from the southwesterly line of Sterling street produced to the northeasterly line of Rincon street, including the crossing of Bryant and Rincon streets and that portion of Bryant street opposite the termination of Sterling street*, and excepting that portion of the roadway required by law to be paved by the company having tracks thereon, by the construction of an 8-inch vitrified, salt-glazed, ironstone pipe sewer with 7 Y branches and 1 brick manhole with cast iron frame and cover and galvanized wrought iron steps along the center line of Bryant street from a point 20 feet southwesterly from the southwesterly line of Rincon street produced southeasterly to an existing sewer opposite the termination of Sterling street; by resetting to official line and grade existing curbs and catchbasin; by the construction of granite curbs where not already constructed; by the construction of artificial stone sidewalks of the full official width where artificial stone, asphalt or basalt block sidewalks are not already so constructed; by the construction of 4 brick catchbasins with cast iron frames, gratings and traps and 10-inch vitrified, salt-glazed, ironstone pipe culverts, one at each of the following places: The northeasterly angular corners of Bryant and Sterling streets and of Bryant and Rincon streets and on the northwesterly and southeasterly angular corners of Bryant and Rincon streets; by the construction of a brick manhole with cast iron frame and cover and galvanized wrought iron steps opposite the termination of Sterling street on the existing brick sewer at its junction with the proposed 8-inch sewer, and by the construction of a brick manhole with cast iron frame and cover and galvanized wrought iron steps in the crossing of Bryant and Rincon streets; and by the construction of an asphalt pavement consisting of a 6-inch concrete foundation, a 1½-inch asphaltic binder course and a 2-inch asphaltic wearing surface on the roadway thereof, where an asphalt pavement has not been instructed.

Passed for Printing.

The following bill was passed for printing:

Ordering Street Work.

On motion of Supervisor Welch:
 Bill No. 4676, Ordinance No. —
 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors September 1, 1917, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the the Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of *Redondo street, between Ingerson and Jamestown avenues*, by the construction of an 18-inch vitrified, salt-glazed, ironstone pipe sewer, with 15 Y branches and 2 brick manholes with castiron frames and covers and galvanized wrought iron steps along the center line of Redondo street, between the southerly line of Ingerson avenue and the center line of Jamestown avenue produced westerly.

The improvement of *Newcomb avenue, between Phelps and Quint streets*, by the construction of an 8-inch vitrified, salt-glazed ironstone pipe sewer with 19 Y branches and 4 side sewers and one brick manhole with castiron frame and cover and galvanized wrought iron steps along the center line of Newcomb avenue from a line 20 feet westerly from Phelps street to the existing manhole 300 feet easterly from Quint street.

Extension of Time.

Supervisor Welch presented:
 Resolution No. 14796 (New Series), as follows:

Resolved, That Eaton & Smith are hereby granted an extension of ninety days from and after September 15th, 1917, within which to complete contract for the improvement of Railroad avenue, between Ingerson and San Bruno avenues, under public contract.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work has been com-

pleted, but contractors want to keep contract alive until the time of protest is over.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisors Gallagher, Hayden, Kortick—3.

Also, Resolution No. 14797 (New Series), as follows:

Resolved, That F. S. Buskman is hereby granted an extension of ninety days' time from September 11, 1917, within which to complete contract for grading, sewerage and paving, etc., of Judah street, from the easterly line of Twenty-ninth avenue to the westerly line of Thirty-first avenue.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the grading is about 40 per cent completed, and the sewer is about 90 per cent completed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisors Gallagher, Hayden, Kortick—3.

Also, Resolution No. 14798 (New Series), as follows:

Resolved, That Federal Construction Company is hereby granted an extension of ninety days from and after September 18, 1917, within which to complete contract for the improvement of Clayton street, Corbett avenue and Caselli avenue, as described in Resolution of Award of Contract No. 49,664 (Second Series), adopted December 4, 1916.

This *third* extension of time is granted upon the recommendation of the Board of Public Works for the reason that all of the work has been completed with the exception of the pavement, which has been delayed by the United Railroads of San Francisco in lowering its tracks to accommodate the improvement.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisors Gallagher, Hayden, Kortick—3.

Intention to Change Grades.

Supervisor Welch presented:
 Resolution No. 14799 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to

change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 54878 (Second Series) of the Board of Public Works adopted August 31, 1917, and written recommendation of said Board, filed September 1, 1917, to-wit:

Laura Street.

200 feet southeasterly from Huron avenue, at 295 feet. (The same being the present official grade.)

Northeasterly line of, at Huron avenue, at 283.50 feet.

Southwesterly line of, at Huron avenue, at 282.50 feet.

Huron Avenue.

Farragut avenue, at 285 feet. (The same being the present official grade.)

Laura street, northeasterly line produced, at 283.50 feet.

Laura street, southwesterly line produced, at 282.50 feet.

Laurence avenue, at 277 feet. (The same being the present official grade.)

On Laura street, between Huron avenue and a line parallel with and 200 feet southeasterly therefrom; and on Huron avenue, between Farragut and Laurence avenues, be changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are not existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisors Gallagher, Hayden, Kortick—3.

Adopting Map of Chenery Street Extension.

Supervisor Welch presented:

Resolution No. 14800 (New Series), as follows:

Whereas, The Board of Public Works did by Resolution No. 53982 (Second Series), adopted July 16, 1917, approve the map in two streets showing the extension of Chenery street from its westerly termination near Castro street to its easterly termination near Chilton avenue, and the opening of a portion of Diamond

street between Wilder and Bosworth streets; now therefore

Resolved, That the map in two streets showing the extension of Chenery street from its westerly termination near Castro street to its easterly termination near Chilton avenue, and the opening of a portion of Diamond street between Wilder and Bosworth streets be, and the same is approved and adopted as the official map in two sheets showing the extension of Chenery street from its westerly termination near Castro street to its easterly termination near Chilton avenue, and the opening of a portion of Diamond street between Wilder and Bosworth streets.

Additional Compensation for Police During Strike.

Supervisor Power presented:

Resolution No. — (New Series), as follows:

Whereas, There is pending in San Francisco an industrial dispute between the United Railroads and its officials, on one side, and the platform men of that company upon the other;

Whereas, The community looks to the San Francisco Police Department to maintain peace and quiet and law and order during this industrial dispute;

Whereas, The time of service for each and every member of the Police Department is a period of 8 hours;

Whereas, In order to properly maintain peace and quiet in this city at this time, it seems necessary, under the conditions, that members of the police force shall work from 12 to 18 hours per day;

Whereas, On account of the lack of transportation facilities because of the irregular operation of the railroad cars, members of the force, in order to go and come from their place of detail, have been compelled to purchase transportation at considerable expense to each and every member of the department so detailed;

Whereas, The necessity for the members of the police force performing this extra work is a public emergency and a public necessity; now therefore be it

Resolved, That this Board take such action as will result in a proper compensation to each and every member of the San Francisco Police Department who has rendered such extra and overtime services during the pending industrial controversy.

Referred to Finance Committee.

Accepting Deed, Sewer Right of Way, Laguna Honda Tract.

Bill No. 4669, Ordinance No. 4322 (New Series), as follows:

Accepting the deed of Spring Valley Water Company to City and County of San Francisco for a sewer right of way over the Lake Honda Tract of said Water Company.

Be it ordained by the People of the City and County of San Francisco as follows:

Sec. 1. The following deed dated July 24, 1917, of Spring Valley Water Company, a corporation, to City and County of San Francisco, a municipal corporation, conveying a right of way for sewer purposes over the Lake Honda Tract of said Water Company is hereby approved and accepted; said deed being in words and figures as follows:

This indenture, made this 24th day of July, 1917, by and between Spring Valley Water Company, a corporation duly organized and existing under and by virtue of the laws of the State of California, the party of the first part, and City and County of San Francisco, a municipal corporation of said State, the party of the second part,

Witnesseth:

Whereas, the party of the first part is the owner of certain real property situate in the City and County of San Francisco, State of California, known and designated as the "Lake Honda Tract" over, in and along a portion of which tract said party of the second part is desirous of constructing and maintaining a reinforced concrete sewer of dimensions two by three feet, for the purpose of draining the territory southerly from said "Lake Honda Tract," through connecting the existing sewer in Forest Hill Tract with the existing sewer in Seventh avenue, and

Whereas, the construction and efficient maintenance of said sewer will be of mutual benefit to both the first and second parties hereto;

Now, therefore, in consideration of the premises and of the sum of one (\$1.00) dollar, to it in hand paid by the party of the second part, the receipt of which is hereby acknowledged and of the faithful performance by said party of the second part of the conditions and covenants hereinafter contained, said party of the first part does hereby grant unto said party of the second part an easement or right of way in and along the following described center line, for the purpose of enabling said party of the second part to construct and maintain said reinforced concrete sewer and appurtenances, to-wit:

Beginning at a point on the easterly line of that portion of the Lake Honda Tract acquired by the Spring Valley Water Works from the City and County of San Francisco by deed dated August 13th, 1868, and recorded in the office of the County Recorder of the City and County of San Francisco on August 17th, 1868, in Book 453 of Deeds, at page 55, said point being 58.83 feet northerly along said easterly line from the southeasterly corner of said tract; running thence north 39 deg. 34 min. 48 sec. west 47.26 feet; thence on a curve to the right with a radius of 30 feet and central angle 16 deg. 17 min. 50 sec. a distance of 8.53 feet; thence north 23 deg. 16 min. 58 sec. west 655.62 feet; thence on a curve to the left with a radius of 30 feet and a central angle of 47 deg. 52 min. a distance of 25.06 feet to its junction with the existing 4 ft. x 4 ft. 6 in. brick sewer; thence south 71 deg. 08 min. 58 sec. east 26.67 feet; thence on a curve to the right with a radius of 30 feet a distance of 50 feet, more or less, to the existing 3 foot circular brick sewer.

Said grant is made to said party of the second part, subject to the following covenants and conditions, to-wit:

First: Said sewer shall be entirely laid and constructed by said party of the second part, at its own cost and expense.

Second: Whatever manholes, connections or other details which shall in the judgment of said party of the first part be necessary for the practical operation and maintenance of said sewer shall be constructed in said sewer at points to be agreed upon by said parties, by said party of the first part, or by said party of the second part, as said party of the first part may elect, the whole cost thereof, however, to be borne by said party of the second part.

Third: The right at any and all times to use and connect with said sewer is hereby reserved to said party of the first part and its assigns.

Fourth: The said party of the first part shall not be liable for any expense of construction, care, upkeep or maintenance of said sewer and appurtenances and the construction, care, upkeep and maintenance of said sewer shall be undertaken and borne by the said party of the second part, at its own cost and expense, and if, at any time, for any reason, it shall be necessary for said party of the first part to make any repairs of any kind whatsoever upon said sewer or to care for the overflow of sewage or water therefrom, the entire cost thereof shall be borne by said party of the second part.

Fifth: Said sewer and appurtenances shall be constructed by the party of the second part under the direction of and to the satisfaction and approval of the party of the first part and all damages of any kind whatsoever suffered by the party of the first part, during the construction, operation or maintenance of said sewer, shall be borne and paid for by the party of the second part and said party of the second part shall not, during the construction, operation or maintenance of said sewer, interfere in any manner with the existing conduits, flumes, pipes, ditches, reservoir, fences or other existing works of said party of the first part.

Sixth: The use of the surface of said right of way is hereby reserved to said party of the first part and said party of the second part agrees, and this agreement is one of the conditions upon which this grant is made, that it will maintain and operate said sewer in such manner as never to interfere with the surface of the said lands of the said party of the first part, nor with the use of said lands for the purposes of the said party of the first part, except that said party of the second part may enter upon said lands for the purpose of making necessary repairs to said sewer, but shall be liable for any damages which may be occasioned thereby.

Seventh: The delivery to and acceptance of this instrument by the party of the second part shall be conclusive evidence of the acceptance by said party of the second part, of the conditions and covenants herein contained.

Eighth: It is further understood and agreed that the terms, conditions and covenants herein contained shall bind the parties hereto and their successors and assigns.

In witness whereof, the said party of the first part has caused its corporate name to be signed and its corporate seal to be hereunto affixed by its proper officers thereunto duly

authorized on the day and year first herein written.

Sand Drifting Ordinance.

Bill No. 4670, Ordinance No. — (New Series), Providing for the prevention of sand or dirt or earth from drifting or being blown or otherwise moved from any lot into or upon any paved, graded or macadamized street and authorizing and directing the Board of Public Works, in certain cases, to do all and any necessary work in conformity herewith.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation owning any lot of land, or any person having control thereof, to permit any sand or dirt or earth to drift or be blown, or otherwise be moved into or upon any paved, graded or macadamized street.

Section 2. Every person, firm or corporation owning or controlling any premises fronting on any paved,

graded or macadamized street must, within sixty days after notice from the Board of Public Works so to do, construct and maintain fences or bulkheads around such premises or lots, and also plant upon the whole area of such lot or premises sea bent grass root, at least ten inches deep and not more than eighteen inches apart, or spread barley or oats, or some other grain seed upon the whole surface of such lot or premises and cover the same with mulch, straw or manure, the whole being done in such manner as to effectively and permanently prevent sand or dirt or earth from drifting or falling or being blown therefrom into or upon such streets or sidewalks thereof.

Section 3. It is hereby made the duty of the Board of Public Works to enforce the provisions of this ordinance, and said Board of Public Works is hereby authorized and directed to do, or cause to be done, any and all work required by section two (2) thereof, upon the failure of the owner or owners of any lot or premises, or of the person or persons having control of said lot or premises, to comply with the terms of this ordinance; and the cost of the work done hereunder shall constitute and be a first lien on said property.

Approved by the Board of Supervisors, September 24, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

Resolution No. 14817 (New Series), as follows:

Whereas, Major-General Hunter Liggett has been transferred from his post as Commander of the Western Department of the United States Army to the command of Camp Greene, North Carolina, and is about to depart from this City to his new command; and

Whereas, during the time he has been stationed in this City General Liggett has done much to promote the interests of San Francisco and the territory contiguous thereto, and by his courteous demeanor and unswerving devotion to the country's welfare has

endeared himself to a large number of our citizens and established many enduring friendships; therefore

Resolved, That the Mayor and Board of Supervisors of the City and County of San Francisco voice the sentiment of the people of this community in expressing appreciation of the zeal and spirit displayed by General Liggett and acknowledge the many acts of cordial friendship manifested by him. We express the hope that the bonds of comradeship that have been established during his residence among us will never be severed; that we feel that in the discharge of new duties he will win higher honors and merit his country's greatest approbation. We wish him Godspeed in his mission and a safe return to our City, where he will find a host of friends to give him welcome.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

(On motion of Supervisor Mulvihill, the Clerk was directed to have three engrossed copies of the foregoing made, one for Major-General Liggett, one for the Board of Supervisors and one for the Mayor.)

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters, referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Streets Committee, by Supervisor Brandon, Acting Chairman.

Commercial Development and Streets Committee, by Supervisor Kortick.

Finance Committee Report on Appointment of Assistant Horticultural Inspector.

The following report was presented by Supervisor Gallagher and laid over for consideration until next meeting:

San Francisco, Sept. 17, 1917.
To the Board of Supervisors, San Francisco, Cal.

Gentlemen: Your Finance Committee desires to recommend non-compliance with the communication of the Hon. Dudley Moulton, Deputy Horticultural Commissioner, under date of August 22, 1917, which is as follows: "To the Board of Supervisors, San Francisco, Cal.

"Gentlemen: Under authority invested in me by law, Section 2322b, Political Code, I am today designating the wholesale fruit market of San

Francisco as a 'district,' and am appointing Mr. Wm. J. Burke of 103 Cortland avenue, as an inspector for this district.

"I deem it my duty to enforce new horticultural laws which were enacted by the last session of the legislature and also to advise you of this appointment that you may make provision for the additional expense.

"Yours very truly,

"(Signed) DUDLEY MOULTON,
"Horticultural Commissioner."

We desire to have this appointment contested because there is a vital issued of government wrapped up in said appointment by Deputy Commissioner Moulton.

While expressing a high regard for Mr. Moulton and for his new appointee, Mr. Wm. J. Burke, we desire to say that this is the same position, or nearly so, which we sought to create in the present budget; the amount set aside for this sort of position was vetoed by his Honor the Mayor, and his veto was sustained by you.

Further than that, we question the wisdom of allowing any state official, or for that matter any Federal official to serve notice that he has made an appointment, and without further ado compel the people to pay for said position.

We feel that conference might have been had and you would have been fully advised of the situation. This Board sits as the voice of the people of San Francisco and has, in their name, refused to make this appointment, even though the law was then (except for the Governor's signature) as it is now; we feel that we must out of protection to the funds placed in our care resist emphatically any assumed right by those not qualified under the Charter to descend upon the public treasury, and by such *ipse dixit* tell the people of this City and County that they must and shall pay, whether they consent or not.

Respectfully,

ANDREW J. GALLAGHER,
E. L. NOLAN,

Finance Committee.

Report of Special Committee on Garbage Disposal.

The following report was presented, read and ordered placed on file:

San Francisco, September 17, 1917.
Honorable Board of Supervisors.

Gentlemen: The special committee appointed to consider the question of garbage disposal begs leave to report that it has held its preliminary meeting, and there were present the following:

Hon. M. M. O'Shaughnessy, City Engineer; Hon. Wm. C. Hassler, Health Officer; Supervisors Edward I. Wolfe, Joseph Mulvihill, Andrew J. Gallagher.

The committee discussed at length the different phases of the problem as they presented themselves to us.

Dr. Hassler gave a very splendid outline of what he thought ought to be the scope of the study of the committee on the subject, which briefly stated was outlined as follows:

1st. A decision on the subject of proper disposal—whether by incineration or other method.

2nd. The possible segregation of the garbage.

3rd. Collection of the garbage.

4th. The possible avenues of revenue open to the city in the proper solution of all of the above named ideas.

It was, after discussion, agreed, that the Clerk of the Board would collate and epitomize for the perusal of the committee all the data heretofore gathered on the subject and present it to the Board.

The City's Engineer's office was to also place before us in abbreviated form all data in possession of that office, brought up to date, and not heretofore in the possession of the Board, and the Health Department was to communicate with the cities of the country, and to prepare for us the health enactments and actions had in dealing with this subject.

Your committee begs leave to say that the task before us is no small one, but we are determined to expedite a decision at the earliest possible moment, and can only trust to the patience of the Board while we are reaching a decision, which we hope will be the best solution for our City and County.

Respectfully submitted.

ANDREW J. GALLAGER,

Chairman.

JOSEPH MULVIHILL,

M. M. O'SHAUGHNESSY,

Special Committee on Garbage Disposal.

Finance Committee Report on Municipal Railway Funds.

Supervisor Power reported orally for the Finance Committee that it was impossible to have for this meeting the resolutions and ordinances relative to Municipal Railway funds for tracks on Market street and west of Twin Peaks. The following matters were passed for printing:

Sonora Abstract Co. to Exchange Property with U. S. Government to Satisfy Claims for Timber Cut in Hetch Hetchy Valley.

On motion of Supervisor Gallagher: Resolution No. — (New Series), as follows:

Whereas, By Resolution No. 13295 (New Series) the Board of Supervisors directed the Sonora Abstract and Title Company to hold in trust subject to the orders of the City and County of San Francisco certain property therein described as having been acquired from W. H. Dudley, in order to facilitate the possible exchange of said property for certain remittances of charges and claims of the United States Government against the City and County of San Francisco for the value of timber cut and to be cut on the Hetch Hetchy reservoir site, and

Whereas, The City Engineer now reports that the Government of the United States is ready and willing to remit all of said timber charges in consideration of receiving a deed to the property in question containing a reservation to the grantor of the right to cut 4,000,000 feet of lumber from trees four feet in diameter or less situated on said Dudley property, and

Whereas, The value of the land, with such reserved privilege to the City, does not exceed the amount of timber charges which the Government proposed to remit, now, therefore, be it

Resolved, That the Sonora Abstract and Title Company is hereby authorized, requested and directed to convey to the Government of the United States, free of all trusts, the said Dudley property, the deeds therefor to contain a reservation of the right to cut 4,000,000 feet of lumber from trees four feet in diameter or less on said property; be it further

Resolved, That the said Sonora Abstract and Title Company are hereby authorized, requested and directed to convey to the City and County of San Francisco the said reserved right to cut 4,000,000 feet of lumber from trees four feet in diameter or less situated on said Dudley property, said deeds, when executed, to be in form satisfactory to the special counsel for the Hetch Hetchy project, and delivered to him for exchange with the Government upon receipt of the proper receipts remitting the charges for cut-

Absent—Supervisors Welch, Wolfe—2.

Extension of Time.

Supervisor Walsh presented:

Resolution No. 14825 (New Series), as follows:

Resolved, That Thomas Gallagher is hereby granted an extension of ninety days' time from September 18, 1917, within which to complete contract for improvement of Harper street between Laidley and Randall streets, and intersection of Harper and Randall streets.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work has been delayed on account of the shortage in cars to haul the necessary brick to complete the work. The concrete curb and the concrete base have been constructed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy,

Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh—16.

Absent—Supervisors Welch, Wolfe—2.

Action Deferred.

The following Bill was presented and on motion *laid over one week:*

Spur Track Permit.

Supervisor Kortick presented:

Bill No. —, Ordinance No. — (New Series), as follows:

Granting permission to Coast Smelting & Refining Company, its successors and assigns, revocable at will of the Board of Supervisors, to lay down, construct, maintain and operate a spur track along and upon the following route, to-wit:

Beginning at a point in the center of the westerly track of Illinois street double track; 100 feet more or less northerly from northerly line of Nineteenth street; thence southerly on a curve to the right a distance of 138.5 feet to a point; thence southwesterly to a point in the southerly line of said Nineteenth street 4.5 feet more or less westerly from westerly line of Illinois street; thence continuing southerly on private property.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Coast Smelting and Refining Co., its successors and assigns, to lay down, construct, maintain and operate a spur track, over, along and upon the following described route, to-wit:

Beginning at a point in center of the westerly track of Illinois street double track, 100 feet more or less northerly from northerly line of Nineteenth street; thence southerly on a curve to the right a distance of 138.5 feet to a point; thence southwesterly to a point in the southerly line of said Nineteenth street 4.5 feet more or less westerly from westerly line of Illinois street; thence continuing southerly on private property.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as completely as though the same were written in this Ordinance.

Provided, that the said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expense connected with the installation of the track,

restoration of pavement and any additional requirements for the surface drainage be paid for by the Coast Smelting & Refining Co.

Provided, Coast Smelting & Refining Co. shall erect and maintain one all night lighted arc lamp, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This Ordinance shall take effect immediately.

Award of Contracts, Printing and Books.

The following resolutions heretofore adopted and subsequently reconsidered on notice of Supervisor Hayden and recommitted to the Supplies Committee, were, on September 4, returned by said Committee with the recommendation that the report of the majority be sustained and the resolutions adopted. On motion of Supervisor Hayden said resolutions were laid over two weeks and are up today for consideration:

Resolution No. — (New Series), as follows:

Whereas, It appears from the written record of the proceedings of the Board of Election Commissioners that the firm of Neal Publishing Company has flagrantly violated its printing contract with this city by its failure to comply with specifications for furnishing printed matter for the Charter Amendment election of 1916, for the use of the Department of Elections, and

Whereas, Owing to the short time until the election of that year it was impossible to correct the work and it had to be accepted, and

Whereas, After reporting this violation of contract to his Honor Mayor Rolph, the Election Commissioners saw fit, by resolution of that Board, unanimously adopted, to censure and penalize said firm of Neal Publishing Company and to characterize their action as an unfair and unjust advantage taken of other bidders who doubtless bid with a view to performing their contracts in exact accord with the specifications;

Therefore, in awarding the contract for printing for this year, in justice to reputable firms whose bids are based on considerations of full compliance with our specifications, and in order that such firms may be protected against all unreliable and unscrupulous competitors,

Be it Resolved, That the bids of the Neal Publishing Company on the following items be and they are hereby rejected, and said items are hereby awarded to the following named firms, who are the next lowest bidders, at their bid price, as set forth in the resolution, and in strict accordance with the specifications prepared therefor, to-wit: Buckley &

Curtin, Levison Printing Company, Wilcox & Co., Mitchell & Goodman, International Printing Co., Excelsior Press, Bartow, Wolfe & Hastings, Inc., J. S. Bartow, San Francisco Printing Co.

Resolution No. — (New Series), as follows:

Whereas, It appears from the written record of the proceedings of the Board of Election Commissioners that the firm of Neal Publishing Company has flagrantly violated its printing contract with this city by its failure to comply with the specifications for furnishing printed matter for the Charter Amendment Election of 1916, for the use of the Department of Elections, and

Whereas, Owing to the short time until the election of that year, it was impossible to correct the work and it had to be accepted, and

Therefore, in awarding the contract for books for this year, in justice to reputable firms, whose bids are based on considerations of full compliance with our specifications, and in order that such firms may be protected against all unreliable and unscrupulous competitors,

Be it Resolved, That the bids of the Neal Publishing Company on the following items be and they are hereby rejected and said items are hereby awarded to the following named firms, who are the next lowest bidders, at their bid price set forth in the resolution, and in strict accordance with the specifications prepared therefor:

Ed. Barry Company, F. Malloye Company, Levison Printing Company, J. B. McIntyre, Buckley & Curtin, H. S. Crocker Company.

Privilege of the Floor.

W. B. Kohlmeier, representing Neal Publishing Company, addressed the Board. He explained the law regarding the use of the label on city printing and what constituted a reliable and responsible bidder.

F. Barbrack, representing the Allied Printing Trades Council, also addressed the Board urging the adoption of the majority committee's report.

H. Zcmansky, Registrar of Voters, also addressed the Board as to the responsibility and reliability of the firm of Neal Pub. Co.

Amendment carried.

Minority Recommendation.

Thereupon, Supervisor Gallagher presented the following resolution as a minority report:

Resolved, That contract for furnishing and delivering printing books for the use of the various offices and departments of the City and County for the fiscal year 1917-1918 be awarded to Neal Publishing Company, in strict accordance with the proposal notice inviting bids thereon, and in strict accordance with the specifications prepared therefor, and the amount of the bond for the faithful performance of said contract is hereby fixed in the sum set under the name of the bidder to whom contract is hereby awarded, as per the number and article enumerated and appearing on the schedule of yearly supplies.

Jitney Ordinance Amendment.

The following bill was presented by Supervisor Nelson and *passed for printing* under suspension of the rules:

Bill No. 4686, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 3212 (New Series), entitled "Regulating the use of the streets of the City and County of San Francisco by self-propelled motor vehicles carrying passengers for hire, and providing for the licensing of such vehicles and for a penalty for the violation of this Ordinance," by adding thereto a new section to be numbered Section 21a.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A new section is hereby added to Ordinance No. 3212 (New Series), the title of which is recited in the title of this Ordinance, to be numbered Section 21a and to read as follows:

Section 21a. During any period of emergency, strike or other impairment or lack of street car transportation affecting the entire city or any part thereof, the Chief of Police shall have authority to issue permits for the operation of vehicles to transport passengers for a fixed charge of not more than ten (10) cents between certain definite points or termini. Such permits shall be granted upon the following conditions:

1. Each applicant shall comply with the provisions of Section 3 of this Ordinance, excepting subdivisions (g) and (i).

2. Each operator of such vehicle shall be required to file with the Chief of Police a bond of the character prescribed in Section 4 of this Ordinance.

3. The designated route and price

to be charged for transportation shall be specified in the permit.

4. Persons operating under such permits shall not use any other route signs than those issued to them by the Chief of Police.

5. Persons operating under such permits shall observe all the traffic provisions of this and other ordinances, except in such particulars as may be inconsistent with the provisions of this section.

Ocean Shore Temporary Permit.

Supervisor Gallagher presented:

Resolution No. 14830 (New Series), as follows:

Resolved, That the Ocean Shore Railroad be and is hereby granted a temporary permit covering a period of thirty days, commencing September 18, 1917, to run steam locomotives from its shops located at Army and Kansas streets to Potrero avenue and Army street for the exclusive purpose of hauling the Municipal Special Train.

The advertising fee on this Resolution is hereby remitted.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, SEPTEMBER 24, 1917, 2 P. M.

In Board of Supervisors, San Francisco, Monday, September 24, 1917, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNALS.

The Journals of the meetings of September 11 and September 12, 1917, were presented and approved.

Message from Mayor Relative to Purchase of Properties of United Railroads.

The following communication was presented by his Honor the Mayor, read by the Clerk, referred to the Public Utilities Committee and ordered spread at length in Journal:

San Francisco, Cal., Sept. 24, 1917.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: Since your honorable body at a recent meeting adopted a resolution as to the desirability of the purchase by the City, on equitable terms, of the properties of the United Railroads, there has been much discussion of the subject-matter, and citizens, representing every occupation, have called upon me, as Mayor, and expressed the hope that some such purchase might be effected, and this problem, which is interfering with the growth and development of San Francisco, be settled.

As a result of this expression of opinion, which appeared to be general in its character, I, informally, have assembled a number of representative citizens in my office to discuss some method of placing this matter before the public.

It was the consensus of opinion, without difference or division, of these many representative men, that circumstances demanded immediate action.

Representatives of these citizens were invited by me to inquire of the committee having charge of the reorganization of the United Railroads' properties, whether they thought the owners of the properties were in a receptive mood and willing to entertain negotiations with the City for the sale of these properties on an equitable basis.

These gentlemen approved the suggestion in the following language:

"September 19, 1917.

"The Reorganization Committee is unanimously of the opinion that it would be appropriate for the Company to sell to the City, and would use all of its influence to bring about that result. The committee has not given any consideration to the details but is willing to co-operate to bring about a sale on equitable terms."

On the receipt of this communication, I invited these gentlemen to meet a representative committee in my office to see whether the matter could be brought to a point sufficiently definite to justify my sending a communication to you, the legislative body of this city.

I am satisfied, after hearing the discussion of the representatives of all elements, in which it was unanimously agreed that it was advisable that the purchase of these properties should be made as soon as possible on terms equitable to all concerned, that the Board of Supervisors of San Francisco should proceed with plans and negotiations for the purchase by the City of the United Railroads' properties.

I am, therefore, sending you this message, with that recommendation.

Respectfully,

JAMES ROLPH, JR.,

Mayor of the City and County of San Francisco.

His Honor the Mayor declared that in case the Public Utilities Committee arrived at a decision at its meeting tomorrow that he would call the Board in Special Session Thursday to consider its report.

Report of Finance Committee on Increases in Salary for School Teachers and Janitors.

The following was presented:

San Francisco, September 24, 1917.

Honorable Board of Supervisors.

Gentlemen:

On August 27th your Finance Committee reported to you, and recommended its adoption, the following resolution:

Salary Increase, School Teachers.

Supervisor Power presented:

Resolution No. 14745 (New Series), as follows:

Whereas, According to the salary schedule adopted by the Board of Education as of May 21, 1917, the proposed increases therein were based on sufficient money being provided in the budget, and

Whereas, The Finance Committee recommended in its report that the sum of \$45,000 be expended from the appropriation allowed the School Department, to increase the salaries of the teachers and other employees of the School Department, and

Whereas, In view of the fact that the teachers and other employees have not received their increases in salaries, it is apparent that the Board of Education does not feel that sufficient money was allowed in the budget, therefore be it

Resolved, That we recommend to the Board of Education that they allow the salaries as intended in their salary schedule, and be it further

Resolved, That we assure the Board of Education that if they have not sufficient money to allow said increases in salary, we hereby pledge ourselves to see that sufficient money will be forthcoming for said purpose.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Said resolution was unanimously adopted.

When your Finance Committee recommended the adoption of said resolution, they knew that provision has been made in the tax rate for \$31,000 more for school purposes than was anticipated in the budget, and we therefore recommended that it be used to increase the salaries of the teachers and other employees of the School Department.

On September 6th, ten days after the adoption of the above resolution, the Board of Education sent a circular letter to the teachers and janitors of the department, advising them that they intended to grant the increases in salaries notwithstanding their difficulty in caring for the needs of the department.

On September 5th the Board of Education advised the Board of Supervisors that \$60,000 would be needed to grant the increases in salaries. Said recommendation was referred to the Finance Committee of your Board. On September 14th the Board of Education advised that the exact amount needed was \$57,696. This communication was also referred to your Finance Committee.

A conference was held with the Board of Education, and also representatives of the Teachers' Association, and the situation in the matter of fixing the tax rate was explained to them. It was pointed out to the Board of Education that they have at least \$68,000 available more than was allowed in the budget, made up as follows:

Budget allowance	\$2,385,000
Excess receipts 1916-17.	37,000
Additional allowed from taxes	31,000
Total amount available.	\$2,453,000

Notwithstanding the funds available, the Board of Education still feels that they should have additional funds to pay the increases in salaries.

Your Finance Committee fully realizes the difficulty that the teachers, janitors and other employees are laboring under, on account of the increased cost of living, and we therefore recommend, notwithstanding the fact that we feel that we have already made provision for an additional \$31,000, that the sum of \$60,000 be transferred from the General Fund to the School Fund, in accordance with the attached resolution.

It might be well for the Board to know that the appropriation for the maintenance of the School Department for the year ending June 30, 1914, was \$1,868,280, and the funds available for the maintenance of the department for the year ending June 30, 1918, is \$2,453,000, an increase of \$584,720.

In recommending this appropriation it is understood that we wish to provide for said increases dating from July 1, 1917.

Respectfully submitted,

JAMES E. POWER,
E. L. NOLAN,
Finance Committee.

Resolution Presented by Supervisor Power.

Also, Resolution No. — (New Series), as follows:

Resolved, That the sum of sixty thousand (60,000) dollars be and the same is hereby set aside and appropriated out of the General Fund, 1917-1918, to the credit of the Common School Fund, 1917-1918; said sum to be expended for the purpose of raising the salaries of the teachers and a further increase in the salaries of the janitors, to the extent of ten per cent as provided in the report of the Finance Committee accompanying the budget of 1917-1918; and be it further

Resolved, That if the Board of Education finds it has a surplus in the above appropriation after granting the increases proposed in its salary schedule, that part of said surplus be used to grant an increase in salary to night school teachers and other teachers not provided for in the present salary schedule.

Minority Report by Supervisor Gallagher.

San Francisco, September 24, 1917.

To the Honorable,
The Board of Supervisors.
Gentlemen:

I desire as a member of the Finance Committee, dealing with a part of the resolution presented by Supervisor Ralph McLeran, committing the Board to an appropriation of \$42,000 for teachers' salaries, to submit the following recommendation:

As first presented to me the Chairman of the the Finance Committee requested my approval of a resolution allowing the sum of \$30,000 for said purpose. Thereafter under date of September 8, 1917, the Board of Education requested the sum of \$60,000, and as stated above, at the last meeting of the Board of Supervisors, Supervisor McLeran introduced a resolution on the subject.

At first I felt that \$30,000 was sufficient for the present, and intended to stand upon that amount.

On Saturday morning at 12 m. a committee of teachers appeared before the committee and I was surprised to learn from them that their salaries had not been raised in ten years.

Impressed by that statement, as well as the fact that almost every wage earners had had their incomes increased, and believing after a more thorough understanding that \$3.00 a month is indeed a small sum for employees who have the training of our coming citizenship under their care, I believe that so long as the funds are available, a salary increase within decency should be allowed.

Therefore, I recommend that that part of the resolution submitted by Supervisor McLeran dealing with the ap-

proprietion for teachers' salaries be approved, but that the sum set aside be \$100,000, and that the resolution formerly adopted by the Board on this subject be rescinded to permit this action.

ANDREW J. GALLAGHER,
Minority Member of Finance
Committee.

Action Deferred.

Supervisor Gallagher moved that the foregoing matters be laid over one week and made a Special Order of Business for 3 p. m.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Suhr, Walsh, Welch—13.

Noes—Supervisors Hayden, McLeran, Power, Wolfe—4.

Absent—Supervisor Nolan—1.

(*Supervisor Suhr explained his vote by saying delay might result in a larger increase.*)

Report of Finance Committee on Financing Municipal Railway Extensions.

The following report and resolutions were presented by Supervisor Power and on motion laid over until next meeting; copies to be furnished members:

To the Board of Supervisors, City and County of San Francisco.
Gentlemen:

Your Committee on Finance has given consideration to the matter of making appropriations for the construction of extensions of the Municipal Railway in Market street from Van Ness avenue to Kearny street, and from the Twin Peaks tunnel along Ulloa and Taraval streets to Twentieth avenue. The estimated cost of these extensions not already provided for and for the completion of the line between Church street and the tunnel, as furnished by the Board of Public Works, is the sum of \$311,000.

The Committee presents two resolutions, one reciting the policy of the Board in making such appropriations, and one formally transferring the sum of \$311,000 from the Municipal Railways reserve funds to the Municipal Railway Fund. From the latter appropriations may be made from time to time as required.

Upon investigation we find that the reserve funds contain a cash balance sufficient to warrant these transfers without interfering with the policy of this Board in setting aside a definite sum monthly to provide for replacements. The so-called depreciation fund will continue to receive the usual percentage of gross earnings and by the time the proposed extensions are completed the cash balance will be nearly as large as now.

It will not be necessary at this time

to consider the sale of Library Bonds, in which over half a million of dollars in the reserve fund have been invested, and the city will continue to receive over \$20,000 a year from the interest thereon.

The payment of the principal of the Geary Street bonds next July will not be jeopardized by these transfers, as over \$100,000 still remains unaffected.

Respectfully submitted,

JAMES E. POWER,

E. L. NOLAN,

ANDREW J. GALLAGHER,
Finance Committee.

Resolutions of Policy.

Resolved, That it is the intention and declared to be the policy of this Board in making appropriations for the construction of extensions of the Municipal Street Railway to set aside from the Municipal Railway Fund such sums as may be required to provide for all contracts as the same are entered into; that in the event that insufficient money remains in the Municipal Railway Fund to meet such appropriations and to enable the Auditor to endorse the contracts as required by the Charter, transfers will be immediately made to cover such deficiency from the existing reserve funds of the Municipal Railway; such transfers shall be considered as a loan to be retransferred at such time as the surplus shall be accumulated in the Municipal Railway Fund.

Transfer of Funds.

Resolved, That the Auditor and Treasurer be directed to transfer to the Municipal Railway Fund the following sums: From the Accident Fund of the Municipal Railway, the sum of \$50,000; from the Depreciation Fund the sum of \$260,000; said sums to be hereafter retransferred whenever any unexpended surplus arises from the operation of the Municipal Street Railway.

Finance Committee's Report on Assistant Horticultural Inspector.

The following report and communication, laid over from last week, was taken up and again laid over one week:

San Francisco, Sept. 17, 1917.

To the Board of Supervisors, San Francisco, Cal.

Gentlemen: Your Finance Committee desires to recommend non-compliance with the communication of the Hon. Dudley Moulton, Deputy Horticultural Commissioner, under date of August 22, 1917, which is as follows:

"To the Board of Supervisors, San Francisco, Cal.

"Gentlemen: Under authority invested in me by law, Section 2322b, Political Code, I am today designating the wholesale fruit market of San Francisco as a "district," and am appointing Mr. Wm. J. Burke of 103

Cortland avenue, as an inspector for this district.

"I deem it my duty to enforce new horticultural laws which were enacted by the last session of the legislature and also to advise you of this appointment that you may make provision for the additional expense.

"Yours very truly,

(Signed) "DUDLEY MOULTON,
"Horticultural Commissioner."

We desire to have this appointment contested because there is a vital issue of government wrapped up in said appointment by Deputy Commissioner Moulton.

While expressing a high regard for Mr. Moulton, and for his new appointee, Mr. Wm. J. Burke, we desire to say that this is the same position, or nearly so, which we sought to create in the present budget; the amount set aside for this sort of position was vetoed by his Honor the Mayor, and his veto was sustained by you.

Further than that we question the wisdom of allowing any State official, or, for that matter, any Federal official to serve notice that he has made an appointment, and without further ado compel the people to pay for said position.

We feel that conference might have been had and you would have been fully advised of the situation. This Board sits as the voice of the people of San Francisco, and has, in their name, refused to make this appointment, even though the law was then (except for the Governor's signature) as it is now; we feel that we must, out of protection to the funds placed in our care, resist emphatically any assumed right by those not qualified under the Charter to descend upon the public treasury, and by such *ipsi dixit* tell the people of this City and County that they must and shall pay, whether they consent or not.

Respectfully,

ANDREW J. GALLAGHER,
E. L. NOLAN,

Finance Committee.

Communication From State Commissioner
of Horticulture.

September 20, 1917.

The Honorable Board of Supervisors,
San Francisco, City and County
of San Francisco, California.

Gentlemen: The Fresh Fruit Standardization Law, Chapter 595, Political Code of California, provides for a standard packing of fresh fruits, free from insects and fungous diseases, and also for the appointment of proper officials to enforce the provisions of this law.

In Section 14 the Board of Supervisors of a county is empowered to make the appointment of such officials, and in Section 16 the right is given

to the Board to remove such appointees for cause. Section 15 provides what must be done by the State Commissioner of Horticulture in case such an appointment is not made by a Board of Supervisors.

In the City and County of San Francisco fruits and vegetables and vegetable products are received and offered for sale at all times of the day, and as it is one purpose of the law to protect the consumer from the receipt of all kinds of inferior, wormy, or decaying fruits and vegetables, it is necessary that the County Commissioner of Horticulture of San Francisco should be provided with at least one deputy inspector of fresh fruits to prevent unscrupulous shippers and growers from making the City and County of San Francisco the dumping ground of fruit culls and vegetable refuse.

San Francisco is entitled to the same grade of sound, properly graded and properly packed fruits and vegetables as are offered for sale to the consuming public in other markets of the State, and for this purpose I respectfully request you, the Honorable Board of Supervisors of the City and County of San Francisco, to appoint such a deputy inspector of fresh fruits for the wholesale fruit district of San Francisco. By so doing you will protect your own purchasing public and compel the negligent and careless producer of fruits and vegetables to market only his grade of products in your City and County, keeping the inferior grades at home to be used as by-products.

I sincerely trust that you will appreciate the great need of proper market inspection and will make the necessary appointment of a deputy inspector of fresh fruits to assist your County Horticultural Commissioner, which I am sure will result in great improvement in the produce now consumed in your City and County. I believe your wholesale commission men and produce dealers will unanimously support a strict inspection service.

Very respectfully yours,

G. H. HECKE,

State Commissioner of Horticulture.

Report of Finance Committee on Appropriation of \$392,000 Received From Sale of South Beach Blocks to Southern Pacific.

Supervisor Power presented the following report and resolution and moved their adoption:

San Francisco, Sept. 24, 1917.

To the Board of Supervisors, City and County of San Francisco.

Gentlemen:

In keeping with your action of May 25th, 1917, relative to the receipt of \$392,000 from the Southern Pacific Company for sale of lands, your Finance

Committee wishes to advise that said \$392,000 has been paid into the treasury of the City and County; and we recommend that of said sum of \$392,000, the sum of \$300,000 be set aside and appropriated for the purpose of constructing school buildings and for the purchase of necessary lands for same,—especially the Monroe School; and that the sum of \$92,000 be set aside and appropriated for the improvement and construction of an aquatic park.

JAMES E. POWER,
E. L. NOLAN,
Finance Committee.

Resolution.

Resolved, That of the sum of \$392,073.30 paid into the treasury of the City and County by the Southern Pacific Company on account of sale and exchange of lands, the following amounts be and the same are hereby set aside, appropriated and authorized to be expended for the following purposes, to-wit:

For the construction of school buildings and the purchase of necessary land for same, especially the Monroe School, the sum of \$300,000.

For the improvement and construction of an Aquatic Park the sum of \$92,000.

Action Deferred.

Supervisor Brandon moved as an amendment that the foregoing matters be laid over until next meeting.

Calling and Providing for School Bond Election.

Bill No. 4672, Ordinance No. 4326 (New Series). Calling and providing for a special election to be held in the City and County of San Francisco on the 30th day of October, 1917, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness of said City and County for the acquisition, construction, completion and equipment of permanent buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor.

Whereas, The Board of Supervisors did, on the 10th day of July, 1917, adopt and finally pass Ordinance No. 4247 (New Series), determining and declaring that the public interest re-

quires the acquisition, construction, completion and equipment by the City and County of San Francisco of permanent buildings and improvement to be used by the said City and County for public schools, and the acquisition of necessary lands therefor; that the cost thereof in addition to the other expenses of the said City and County will exceed the income and revenue provided for the said City and County for any one year; and directing the Board of Public Works to procure, through the City Engineer, and file with the Board of Supervisors plans and estimates of the cost of the original construction, completion and equipment of such permanent buildings and improvements; and

Whereas, Pursuant to the direction of said Ordinance No. 4247 (New Series), said Board of Public Works did prepare and on the 6th day of August, 1917, did file with the Board of Supervisors the plans and estimates of cost of original construction, completion and equipment of the buildings and improvements and the cost of the acquisition of necessary lands therefor mentioned in said Ordinance; now therefore

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 30th day of October, 1917, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness for the following purpose, to-wit: The acquisition, construction, completion and equipment by the City and County of San Francisco of permanent buildings and improvements to be used by the said City and County, for public schools and the acquisition of necessary lands therefor.

Section 2. The estimated cost of the acquisition, construction, completion and equipment by the City and County of San Francisco, of permanent buildings and improvements to be used by the said City and County, for public schools and the acquisition of necessary lands therefor is three million five hundred thousand dollars.

That the method and manner of payment of said estimated cost of such buildings, improvements, equipment and lands referred to is by the issuance of bonds to the amount herein-after stated, the sale of the bonds so issued and the application of the proceeds of such sale to the payment of the cost of the acquisition, construction, completion and equipment of buildings and improvements to be used by the said City and County for public schools and the acquisition of nec-

essary lands therefor. Any excess of cost over and above such cost shall be paid from the annual revenue of the City and County.

Section 3. The special election herein ordered, shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made, and the results thereof ascertained, determined and declared as herein provided and according to the laws of the State of California, providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

MUNICIPAL TICKET.

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated, in such proposition stamp a cross (X) in the blank space to the right of the word "Yes."

To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated in such proposition stamp a cross (X) in the blank space to the right of the word "No."

Also said ballot shall have printed thereon the following:

Proposition to incur a bonded indebtedness of the City and County of San Francisco, California, to the amount of Three Million Five Hundred Thousand Dollars for the acquisition, construction, completion and equipment by the City and County of San Francisco of permanent buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor. Bonds issued for such purpose shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually.

YES	
NO	

Sample ballots containing the above matter required to be printed thereon shall be supplied to the electors of said City and County by the Board of Election Commissioners, but a failure on the part of any elector to receive such sample ballot shall not be held to invalidate the election or affect in any manner the legality of any bonds that may be authorized thereat.

Section 4. Any qualified elector of the City and County of San Francisco may vote at said special election for

or against the proposition herewith submitted. To vote in favor of and authorize the incurring of a bonded debt for the purpose set forth in the proposition herein stated he shall stamp a cross (X) in the square to the right of the word "Yes," printed opposite to the proposition, and to vote against and refuse to authorize the incurring of a bonded debt for the purpose set forth in the proposition herein stated stamp a cross (X) in the square to the right of the word "No," printed opposite the proposition.

Each cross (X) stamped in the square to the right of the word "Yes" shall be counted as a vote in favor of, and to authorize, the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped; and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped.

The election precincts and the numbers, names and boundaries thereof for said special election and the places of voting and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at special municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 5. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the

electors, and bonds will be issued to defray the cost of the building or buildings, improvements or lands specified in such proposition and to the amount stated therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated March 1, 1918; shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually; shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County in the City and State of New York.

Bonds issued for the purpose stated in said proposition shall be called "School Bonds," and shall be numbered from 1 to 3500 inclusive.

Section 6. Said bonds and coupons shall be in substantially the following form:

UNITED STATES OF AMERICA,
STATE OF CALIFORNIA
City and County of San Francisco.
SCHOOL BOND.

No. _____ \$1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of March, 19—, One Thousand Dollars, with interest thereon at the rate of four and one-half per centum per annum, payable semi-annually March 1 and September 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in Gold Coin of the United States at the office of the Treasurer of said City and County or at the option of the holder at the fiscal agency of the City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and Statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to Ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and to be performed precedent to and in the issuance of this bond

have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or Statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and Statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. Full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person, or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

IN WITNESS WHEREOF, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor; and has caused interest coupons hereto attached to be signed by the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of March, 1918.

Sonora Abstract Co. to Exchange Property with U. S. Government to Satisfy Claims for Timber Cut in Hetch Hetchy Valley.

Resolution No. 14841 (New Series), as follows:

Whereas, By Resolution No. 13295 (New Series) the Board of Supervisors directed the Sonora Abstract and Title Company to hold in trust subject to the orders of the City and County of San Francisco certain property therein described as having been acquired from W. H. Dudley, in order to facilitate the possible exchange of said property for certain remittances of charges and claims of the United States Government against the City and County of San Francisco for the value of timber cut and to be cut on the Hetch Hetchy reservoir site, and

Whereas, The City Engineer now reports that the Government of the United States is ready and willing to remit all of said timber charges in consideration of receiving a deed to

the property in question containing a reservation to the grantor of the right to cut 4,000,000 feet of lumber from trees four feet in diameter or less situated on said Dudley property, and

Whereas, The value of the land, with such reserved privilege to the City, does not exceed the amount of timber charges which the Government proposed to remit, now, therefore, be it

Resolved, That the Sonora Abstract and Title Company is hereby authorized, requested and directed to convey to the Government of the United States, free of all trusts, the said Dudley property, the deeds therefor to contain a reservation of the right to cut 4,000,000 feet of lumber from trees four feet in diameter or less on said property; be it further

Resolved, That the said Sonora Abstract and Title Company are hereby authorized, requested and directed to convey to the City and County of San Francisco the said reserved right to cut 4,000,000 feet of lumber from trees four feet in diameter or less situated on said Dudley property, said deeds, when executed, to be in form satisfactory to the special counsel for the Hetch Hetchy project, and delivered to him for exchange with the Government upon receipt of the proper receipts remitting the charges for cutting timber on the Hetch Hetchy reservoir site, as aforesaid.

Jitney Ordinance Amendment.

Bill No. 4686, Ordinance No. 4331 (New Series), as follows:

Amending Ordinance No. 3212 (New Series), entitled "Regulating the use of the streets of the City and County of San Francisco by self-propelled motor vehicles carrying passengers for hire, and providing for the licensing of such vehicles and for a penalty for the violation of this Ordinance," by adding thereto a new section to be numbered Section 21a.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A new section is hereby added to Ordinance No. 3212 (New Series), the title of which is recited

in the title of this Ordinance, to be numbered Section 21a and to read as follows:

Section 21a. During any period of emergency, strike or other impairment or lack of street car transportation affecting the entire city or any part thereof, the Chief of Police shall have authority to issue permits for the operation of vehicles to transport passengers for a fixed charge of not more than ten (10) cents between certain definite points or termini. Such permits shall be granted upon the following conditions:

1. Each applicant shall comply with the provisions of Section 3 of this Ordinance, excepting subdivisions (g) and (i).

2. Each operator of such vehicle shall be required to file with the Chief of Police a bond of the character prescribed in Section 4 of this Ordinance.

3. The designated route and price to be charged for transportation shall be specified in the permit.

4. Persons operating under such permits shall not use any other route signs than those issued to them by the Chief of Police.

5. Persons operating under such permits shall observe all the traffic provisions of this and other ordinances, except in such particulars as may be inconsistent with the provisions of this section.

Passed for Printing.

The following matters were *passed for printing*:

Oil and Boiler Permits.

On motion of Supervisor Deasy:

Resolution No. — (New Series), as follows:

Resolved, That the following revocable permits are hereby granted:

Oil Storage Tank.

Mae B. Wascowitz, at 550 Baker street; 1500 gallons capacity.

Boiler.

G. H. Roberts, at 136 Fifth street; 4 horsepower to be used in furnishing steam for cooking.

The rights granted under this resolution shall be exercised within six months; otherwise said permits become null and void.

Blasting Permit.

On motion of Supervisor Deasy:

Resolution No. — (New Series), as follows:

Resolved, That D. J. Counihan is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts while grading property situate at the northeast corner of Tennessee and Twenty-second streets, provided said permittee shall execute and file a good and sufficient bond in the sum of \$5000, as fixed by the Board of Public Works and approved by his Honor the Mayor in accordance with Ordinance No. 1204; provided also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said D. J. Counihan, then the privileges and all the rights accruing thereunder shall immediately become null and void.

The rights granted under this resolution shall be exercised within six months; otherwise said permit becomes null and void.

Denying Automobile Supply Station Permit.

Resolution No. — (New Series), Denying Standard Oil Company permission to maintain an automobile supply station at the southwest corner of Steiner and Pine streets.

Privilege of the Floor.

Eugene Conlin, representing the Dominican Fathers, was granted the privilege of the floor and addressed the Board. He declared that the recommendation of the Fire Committee denying this permit was unjust to the applicant and was based on the alleged fact that a similar permit had been denied the Shell Oil Co., which, in

turn, had been denied for the reason that a previous application of the present applicant had been denied. The fact is, he said, that the original application of my client was not denied. It was withdrawn by Father Rice in order that Mr. Mehegan, who is in the garage business in the vicinity, might not be injured. Since our previous application we have learned that he will not be materially injured and since it cannot be denied that the committee's recommendation denying the present application is based on an erroneous idea of the original action, the present application should be decided on its merits and not on any other consideration.

Wm. R. Hagerty, representing Mr. Mehegan, stated that his client has been in business in the vicinity for forty years and would be materially injured. He claimed that there was a protest of 160 residents of the district against the application.

Wm. Scott, representing the Old Peoples' Home, said the protest was signed by 120 people in that institution, that they were opposed to the application on the ground that an oil station in that vicinity would make it dangerous to life and limb.

Messrs. Daniels and Keegan and Mrs. Scannell, parishioners of St. Dominic's, declared that practically all of the property owners were in favor and urged the granting of the application.

Action Deferred.

Whereupon, on motion of Supervisor Wolfe, the foregoing resolution was *laid over one week* by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hayden, Hynes, Lahaney, Mulvihill, Nolan, Power, Walsh, Welch, Wolfe—11.

Noes—Supervisors Deasy, Hilmer, Hocks, McLeran, Nelson—5.

Absent—Supervisors Kortick, Suhr—2.

Stable Permit.

Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Alva W. Shellgrain to maintain a stable for four horses at 235 Scott street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Privilege of the Floor.

W. E. Hitman, representing property owners, addressed the Board in opposition to the proposed permit.

Passed for Printing.

THURSDAY, SEPTEMBER 27, 1917,
2 P. M.

In Board of Supervisors, San Francisco, September 27, 1917, 2 p. m.

The Board of Supervisors met in Special Session pursuant to call of his Honor the Mayor.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Excused—Supervisor Hynes—1.

His Honor Mayor Rolph announced that Supervisor Hynes was excused from attendance at this meeting as he is attending to official business in Santa Rosa Convention of League of California Municipalities.

Message From Mayor.

The following message from his Honor the Mayor was presented, read and ordered spread in the Journal:

San Francisco, Cal., Sept. 25, 1917.

Mr. J. S. Dunnigan, Clerk Board of Supervisors, San Francisco.

Dear Sir: In accordance with Section 5 of Chapter 1 of Article IV of the Charter of the City and County of San Francisco, permit me, through you, to call a special meeting of the Board of Supervisors for Thursday, September 27th, 1917, at 2 p. m., in the chambers of the Board of Supervisors.

The above, for the purpose of considering a resolution unanimously recommended by the Public Utilities Committee relative to the acquisition and purchase of the properties of the United Railroads.

JAMES ROLPH, JR.
Mayor.

Report of Public Utilities Committee on Purchase of Properties of United Railroads.

Whereupon, the following report was presented by Supervisor Wolfe and approved by the following vote:

San Francisco, September 27, 1917.
Board of Supervisors.

Gentlemen: Your Public Utilities Committee begs leave to report that by a unanimous vote it recommends the adoption of the attached resolution favoring the acquisition and purchase of the properties of the United Railroads on equitable terms, and authorizing the City Engineer to confer with

a representative of the United Railroads for the purpose of arriving at a basis of valuation, and to report said valuation to the Board at an early date.

Respectfully submitted,
EDWARD I. WOLFE,
C. J. DEASY,
ANDREW J. GALLAGHER,
JOSEPH MULVIHILL,
RICHARD J. WELCH,
Public Utilities Committee.

City Engineer to Confer With United Railroads' Representative for the Purpose of Arriving at a Basis Valuation for Purchase of Property.

Thereupon the following resolution was presented by Supervisor Wolfe, seconded by Supervisor Suhr, and adopted by the following vote:

Resolution No. 14852 (New Series), as follows:

Resolved, That it is for the best interests of the people of the City and County of San Francisco that the City and County acquire all of the properties of the United Railroads if said properties can be purchased upon equitable terms.

Resolved Further, That the City Engineer be and is hereby authorized to confer at once with a representative of the United Railroads for the purpose of arriving at a basis of valuation and that he report at an early date to this Board.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hynes.

Explanation of Vote.

Supervisor Power explained his vote by saying he voted in favor of the resolution, but would not be committed in any wise to the purchase of the properties unless it is demonstrated that it will be a paying investment for the city.

Relative to Iron Workers' Strike.

His Honor, Mayor Rolph, requested the Board not to overlook, at next Monday's meeting, to express its appreciation of the efforts of the public-spirited citizens who are working assiduously for the settlement of the ironworkers' strike.

His Honor the Mayor also expressed the hope that the Board would not fail, at its next meeting, to express its appreciation of the splendid achievement of Clerk Jno. S. Dunnigan in retaining Camp Fremont in Palo Alto.

JOHN S. DUNNIGAN, Clerk.

THURSDAY, SEPTEMBER 27, 1917.

Approved by the Board of Supervisors October 8, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

BOARD OF SUPERVISORS

MONDAY, OCTOBER 1, 1917, 2 P. M.

In Board of Supervisors, San Francisco, Monday, October 1, 1917, 2 p. m.
The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Welch—16.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Power was called to the chair.

READING THE JOURNALS.

The Journals of the meetings of August 10, 13 and September 17, 1917, were presented and on motion of Supervisor Mulvihill laid over for approval until next meeting.

Presentation of Lauren A. Hanley of Los Angeles.

Supervisor James E. Power, presiding in the absence of Mayor Rolph, introduced Lauren A. Hanley of Los Angeles. Hanley, who is president of the Board of Public Works at Los Angeles and who was last week made president of the California League of Municipalities, made a neat address in which he said that "the Civic Center is not only a glory to your city, but an honor to the entire State." The speaker disclaimed jealousy on the part of Los Angeles, and said that San Francisco is working out great problems which the whole State is watching with interest and which other cities will in time adopt. Supervisor John D. Hynes, who nominated Hanley to head the California League, responded, paying high compliment to the ability and standing of the visitor. City Auditor John Myers of Los Angeles also made a brief address.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Protest Against Strike Violence.

The following was presented and read by the Clerk:

Communication — From California

Club, protesting against violence attending street railway strike and requesting that a unanimous demand be made for the enforcement of law and order.

Referred to the Public Welfare Committee.

Leave of Absence, Supervisor Jos. F. Lahaney.

The following was presented and read by the Clerk:

San Francisco, Cal., Oct. 1st, 1917.

Hon. Board of Supervisors, City Hall, San Francisco, Cal.

Gentlemen:

Application having been made to me by Hon. Joseph F. Lahaney, member of the Board of Supervisors, for leave of absence for thirty days, commencing October 1st, 1917, with permission to absent himself from the State of California, I hereby request that you concur with me in granting such leave.

Yours very truly,

JAMES ROLPH,
Mayor.

Whereupon the following resolution was presented:

Resolution No. 14854 (New Series), as follows:

Resolved, That in accordance with the recommendation of His Honor the Mayor, Joseph F. Lahaney, Supervisor of the City and County of San Francisco, is hereby granted a leave of absence for thirty days from and after October 1st, 1917, with permission to leave the State.

Adopted by the following vote:

Communications.

The following communications were presented by Supervisor Hayden, read and ordered spread in the Journal:

August 30, 1917.

Neal Publishing Co., 66 Fremont street, San Francisco, Cal.

Dear Sirs:

Following the action of the Board of Supervisors last Monday, August

27th, by which the matter of printing awards on different items on which you were low bidder for the fiscal year 1917-1918, were referred back to the Supplies Committee on my motion. I represented to the Board at that time I thought it was possible to bring about a reconciliation of differences existing between the Supplies Committee and your firm on account of labor difficulties during the last four years.

I have practically assumed the role of mediator in this instance, and beg leave to request of you, if possible, to place your firm in the position of having your employees identified with the various crafts in the printing trades unions.

I understand that your firm has only two or three non-union men employed, and it seems to me that the misunderstanding existing could be very easily remedied in the manner hereinbefore mentioned.

Hoping to have a prompt reply, I am,

Yours very truly,

J. EMMET HAYDEN,
Supervisor.

San Francisco, Aug. 30, 1917.

Hon. J. Emmet Hayden, 34 Market street, San Francisco, Cal.

Dear Sir:

To your letter and our conversation of even date, regarding the differences existing between the Supplies Committee and the Neal Publishing Company, I have the honor to reply.

You state: "I have practically assumed the role of mediator in this instance and beg leave to request of you, if possible, to place your firm in the position of having all your employees identified with the various crafts in the printing trades unions."

I will say that the same proposition has been placed before me on several other occasions, but I have not found myself in a position to honorably give favorable reply thereto.

I appreciate your attitude and the position you have placed yourself in through your endeavors to see justice done me and therefore I feel compelled to give your suggestion most serious consideration. I find that within a period of not more than sixty days I can be in a position to have none but union people in my employ, and that without doing an injustice to any of my present employees.

Under these circumstances I am willing to promise that I will comply with your suggestion within that period, provided that such action on my part will settle the controversy and that no publicity be given this promise.

Thanking you for your good offices in this matter, and assuring you that my promise will be faithfully complied with, I am,

Yours very sincerely,

NEAL PUBLISHING CO.,

G. A. NEAL, President.

Discussion.

Supervisor Walsh, being asked if he would still insist on the motion to adopt the majority recommendation in the event that Neal Publishing Company would comply with all union requirements replied: Absolutely, yes. My objection is based chiefly on the inferior character of the work.

Report of Finance Committee on Appropriation of \$392,000 Received From Sale of South Beach Blocks to Southern Pacific.

Supervisor Power presented the following report and resolution and moved their adoption:

San Francisco, Sept. 24, 1917.

To the Board of Supervisors, City and County of San Francisco.

Gentlemen:

In keeping with your action of May 25th, 1917, relative to the receipt of \$392,000 from the Southern Pacific Company for sale of lands, your Finance Committee wishes to advise that said \$392,000 has been paid into the treasury of the City and County; and we recommend that of said sum of \$392,000, the sum of \$300,000 be set aside and appropriated for the purpose of constructing school buildings and for the purchase of necessary lands for same,—especially the Monroe School; and that the sum of \$92,000 be set aside and appropriated for the improvement and construction of an aquatic park.

JAMES E. POWER,

E. L. NOLAN,

Finance Committee.

Resolution.

Resolved, That of the sum of \$392,073.30 paid into the treasury of the City and County by the Southern Pacific Company on account of sale and exchange of lands, the following amounts be and the same are hereby set aside, appropriated and authorized to be expended for the following purposes, to-wit:

For the construction of school buildings and the purchase of necessary land for same, especially the Monroe School, the sum of \$300,000.

For the improvement and construction of an Aquatic Park the sum of \$92,000.

Action Deferred.

Supervisor Brandon moved as an amendment that the foregoing matters be laid over until next meeting.

Motion carried.

Point of Order.

Supervisor Gallagher raised to a point of order declaring that the Finance Committee had no right to bring in a report on the subject. The Board had not directed it.

Chair ruled point of order not well taken.

Appeal From the Decision of the Chair.

Supervisor Gallagher appealed from the decision of the chair. Whereupon,

Supervisor Mulvihill was called upon to preside and the chair was *sustained* by the following vote:

Supervisor Gallagher moved as an amendment that report and resolution be referred to Education, Health and Finance Committees, with instructions to report back next Monday.

Point of Order.

Supervisor Power raised question that amendment was out of order. Whereupon, the amendment was withdrawn.

Action Deferred.

Whereupon, Supervisor McLeran's motion to lay over one week was put and *carried*.

Report of Finance Committee on Increases in Salary for School Teachers and Janitors.

The following report and resolution of the Finance Committee and the minority report of Supervisor Gallagher, laid over from last meeting, was taken up:

San Francisco, September 24, 1917.

Honorable Board of Supervisors.
Gentlemen:

On August 27th your Finance Committee reported to you, and recommended its adoption, the following resolution:

Salary Increase, School Teachers.

Supervisor Power presented:

Resolution No. 14745 (New Series), as follows:

Whereas, According to the salary schedule adopted by the Board of Education as of May 21, 1917, the proposed increases therein were based on sufficient money being provided in the budget, and

Whereas, The Finance Committee recommended in its report that the sum of \$45,000 be expended from the appropriation allowed the School Department, to increase the salaries of the teachers and other employees of the School Department, and

Whereas, In view of the fact that the teachers and other employees have not received their increases in

salaries, it is apparent that the Board of Education does not feel that sufficient money was allowed in the budget, therefore be it

Resolved, That we recommend to the Board of Education that they allow the salaries as intended in their salary schedule, and be it further

Resolved, That we assure the Board of Education that if they have not sufficient money to allow said increases in salary, we hereby pledge ourselves to see that sufficient money will be forthcoming for said purpose.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Said resolution was unanimously adopted.

When your Finance Committee recommended the adoption of said resolution, they knew that provision has been made in the tax rate for \$31,000 more for school purposes than was anticipated in the budget, and we therefore recommended that it be used to increase the salaries of the teachers and other employees of the School Department.

On September 6th, ten days after the adoption of the above resolution, the Board of Education sent a circular letter to the teachers and janitors of the department, advising them that they intended to grant the increases in salaries notwithstanding their difficulty in caring for the needs of the department.

On September 5th the Board of Education advised the Board of Supervisors that \$60,000 would be needed to grant the increases in salaries. Said recommendation was referred to the Finance Committee of your Board. On September 14th the Board of Education advised that the exact amount needed was \$57,696. This communication was also referred to your Finance Committee.

A conference was held with the Board of Education, and also representatives of the Teachers' Association, and the situation in the matter of fixing the tax rate was explained to them. It was pointed out to the Board of Education that they have at least \$68,000 available more than was allowed in the budget, made up as follows:

Budget allowance	\$2,385,000
Excess receipts 1916-17.	37,000
Additional allowed from taxes	31,000

Total amount available. \$2,453,000

Notwithstanding the funds available, the Board of Education still feels that they should have addi-

tional funds to pay the increases in salaries.

Your Finance Committee fully realizes the difficulty that the teachers, janitors and other employes are laboring under, on account of the increased cost of living, and we therefore recommend, notwithstanding the fact that we feel that we have already made provision for an additional \$31,000, that the sum of \$60,000 be transferred from the General Fund to the School Fund, in accordance with the attached resolution.

It might be well for the Board to know that the appropriation for the maintenance of the School Department for the year ending June 30, 1914, was \$1,868,280, and the funds available for the maintenance of the department for the year ending June 30, 1918, is \$2,453,000, an increase of \$584,720.

In recommending this appropriation it is understood that we wish to provide for said increases dating from July 1, 1917.

Respectfully submitted,
JAMES E. POWER,
E. L. NOLAN,
Finance Committee.

Resolution Presented by Supervisor Power.

Also, Resolution No. — (New Series), as follows:

Resolved, That the sum of sixty thousand (60,000) dollars be and the same is hereby set aside and appropriated out of the General Fund, 1917-1918, to the credit of the Common School Fund, 1917-1918; said sum to be expended for the purpose of raising the salaries of the teachers and a further increase in the salaries of the janitors, to the extent of ten per cent as provided in the report of the Finance Committee accompanying the budget of 1917-1918; and be it further

Resolved, That if the Board of Education finds it has a surplus in the above appropriation after granting the increases proposed in its salary schedule, that part of said surplus be used to grant an increase in salary to night school teachers and other teachers not provided for in the present salary schedule.

Minority Report by Supervisor Gallagher.

San Francisco, September 24, 1917.
To the Honorable,
The Board of Supervisors,
Gentlemen:

I desire as a member of the Finance Committee, dealing with a part of the resolution presented by Supervisor Ralph McLeran, committing the Board to an appropriation of \$42,000 for teachers' salaries, to submit the following recommendation:

As first presented to me the Chairman of the the Finance Committee

requested my approval of a resolution allowing the sum of \$30,000 for said purpose. Thereafter under date of September 8, 1917, the Board of Education requested the sum of \$60,000, and as stated above, at the last meeting of the Board of Supervisors, Supervisor McLeran introduced a resolution on the subject.

At first I felt that \$30,000 was sufficient for the present, and intended to stand upon that amount.

On Saturday morning at 12 m. a committee of teachers appeared before the committee and I was surprised to learn from them that their salaries had not been raised in ten years.

Impressed by that statement, as well as the fact that almost every wage earners had had their incomes increased, and believing after a more thorough understanding that \$3.00 a month is indeed a small sum for employes who have the training of our coming citizenship under their care, I believe that so long as the funds are available, a salary increase within decency should be allowed.

Therefore, I recommend that that part of the resolution submitted by Supervisor McLeran dealing with the appropriation for teachers' salaries be approved, but that the sum set aside be \$100,000, and that the resolution formerly adopted by the Board on this subject be rescinded to permit this action.

ANDREW J. GALLAGHER,
Minority Member of Finance Committee.

Motions.

Supervisor Brandon moved that action on the foregoing reports and resolution be *postponed one week*.

Supervisor Power moved that Mr. Altman, representing the Board of Education, be granted the privilege of the floor.

Motion carried by the following vote:

Ayes—Supervisors Deasy, Hayden, Hynes, Kortick, McLeran, Mulvihill, Nelson, Power, Walsh, Welch—10.

Noes—Supervisors Brandon, Gallagher, Hocks, Lahaney, Nolan—5.

Absent—Supervisors Hilmer, Hocks, Wolfe—3.

Privilege of the Floor.

Whereupon, Mr. Altman, representing the school teachers, was granted the privilege of the floor and addressed the Board. He said that the teachers were anxious to know whether they were to get their increase or not, and urged that there be no further delay in the matter.

Action Deferred.

Whereupon, the question being taken on Supervisor Brandon's mo-

tion, the same was *carried* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Walsh, Welch—11.

No—Supervisor Power—1.

Absent—Supervisors Hayden, Hilmer, Kortick, Nolan, Suhr, Wolfe—6.

Finance Committee's Report on Assistant Horticultural Inspector.

The following report and communication, laid over from last week, was taken up:

San Francisco, Sept. 17, 1917.

To the Board of Supervisors, San Francisco, Cal.

Gentlemen: Your Finance Committee desires to recommend non-compliance with the communication of the Hon. Dudley Moulton, Deputy Horticultural Commissioner, under date of August 22, 1917, which is as follows:

"To the Board of Supervisors, San Francisco, Cal.

"Gentlemen: Under authority invested in me by law, Section 2322b, Political Code, I am today designating the wholesale fruit market of San Francisco as a "district," and am appointing Mr. Wm. J. Burke of 103 Cortland avenue, as an inspector for this district.

"I deem it my duty to enforce new horticultural laws which were enacted by the last session of the legislature and also to advise you of this appointment that you may make provision for the additional expense.

"Yours very truly,

(Signed) "DUDLEY MOULTON,
"Horticultural Commissioner."

We desire to have this appointment contested because there is a vital issue of government wrapped up in said appointment by Deputy Commissioner Moulton.

While expressing a high regard for Mr. Moulton, and for his new appointee, Mr. Wm. J. Burke, we desire to say that this is the same position, or nearly so, which we sought to create in the present budget; the amount set aside for this sort of position was vetoed by his Honor the Mayor, and his veto was sustained by you.

Further than that we question the wisdom of allowing any State official, or, for that matter, any Federal official to serve notice that he has made an appointment, and without further ado compel the people to pay for said position.

We feel that conference might have been had and you would have been fully advised of the situation. This Board sits as the voice of the people of San Francisco, and has, in their name, refused to make this appointment, even though the law was then (except for the Governor's signature) as it is now; we feel that we must,

out of protection to the funds placed in our care, resist emphatically any assumed right by those not qualified under the Charter to descend upon the public treasury, and by such *ipsi dixit* tell the people of this City and County that they must and shall pay, whether they consent or not.

Respectfully,

ANDREW J. GALLAGHER,

E. L. NOLAN,

Finance Committee.

Communication From State Commissioner of Horticulture.

September 20, 1917.

The Honorable Board of Supervisors, San Francisco, City and County of San Francisco, California.

Gentlemen: The Fresh Fruit Standardization Law, Chapter 595, Political Code of California, provides for a standard packing of fresh fruits, free from insects and fungous diseases, and also for the appointment of proper officials to enforce the provisions of this law.

In Section 14 the Board of Supervisors of a county is empowered to make the appointment of such officials, and in Section 16 the right is given to the Board to remove such appointees for cause. Section 15 provides what must be done by the State Commissioner of Horticulture in case such an appointment is not made by a Board of Supervisors.

In the City and County of San Francisco fruits and vegetables and vegetable products are received and offered for sale at all times of the day, and as it is one purpose of the law to protect the consumer from the receipt of all kinds of inferior, wormy, or decaying fruits and vegetables, it is necessary that the County Commissioner of Horticulture of San Francisco should be provided with at least one deputy inspector of fresh fruits to prevent unscrupulous shippers and growers from making the City and County of San Francisco the dumping ground of fruit culls and vegetable refuse.

San Francisco is entitled to the same grade of sound, properly graded and properly packed fruits and vegetables as are offered for sale to the consuming public in other markets of the State, and for this purpose I respectfully request you, the Honorable Board of Supervisors of the City and County of San Francisco, to appoint such a deputy inspector of fresh fruits for the wholesale fruit district of San Francisco. By so doing you will protect your own purchasing public and compel the negligent and careless producer of fruits and vegetables to market only his grade of products in your City and County, keeping the inferior grades at home to be used as by-products.

I sincerely trust that you will ap-

preciate the great need of proper market inspection and will make the necessary appointment of a deputy inspector of fresh fruits to assist your County Horticultural Commissioner, which I am sure will result in great improvement in the produce now consumed in your City and County. I believe your wholesale commission men and produce dealers will unanimously support a strict inspection service.

Very respectfully yours,

G. H. HECKE,

State Commissioner of Horticulture.

Communication.

Relative to Appointment of Horticultural Inspector.

The following was presented, read and ordered filed:

October 1, 1917.

To the Honorable Board of Supervisors.

Gentlemen:

I hand you herewith a copy of an opinion from the Attorney-General, relative to the appointment of a Horticultural Inspector, which is self-explanatory.

Respectfully yours,

DUDLEY MOULTON,

Horticultural Commissioner.

San Francisco, October 1, 1917.

Hon. G. H. Hocke,

State Commissioner of Horticulture,
Sacramento, California.

Dear Sir:

I have before me your communication of the 11th inst., enclosing a copy of a letter received by you from Mr. Dudley Moulton, County Horticulture Commissioner of San Francisco, wherein he requests an opinion as to his authority to divide that city and county into districts and appoint local inspectors therefor under section 2322b of the Political Code. In your communication you request the opinion of this office upon the subject matter of his inquiry.

I have also before me your communication of the 20th inst., wherein you request an opinion as to your authority to appoint a deputy inspector of fresh fruits, in case the Board of Supervisors of a county, or city and county, fails to do so. As these two matters are somewhat co-related, I shall deal with both thereof in this opinion.

Section 2322b of the Political Code empowers a County Horticultural Commissioner to divide the county into districts, and appoint for each district a local inspector to hold office at the pleasure of the County Horticultural Commissioner. The salary of such inspector is fixed by section 2322d at \$3.50 per day and is payable by the county.

In the exercise of its power to

regulate and protect the horticultural interests of the State, and to insure the people of the State a supply of food products, sufficient both in quantity and quality, the Legislature may create the office of Horticultural Commissioner in each county, or city and county, in the State and provide for the appointment by such commissioner of local district inspectors, making the compensation thereof a county charge. In the exercise of this power, the Legislature is exercising governmental functions pertaining to the State at large, and is not merely regulating municipal or county affairs.

A city or county, or city and county, may, it is true, under section 11 of article XI of the Constitution, enact its own regulations upon such matters, but these are by that section subordinate to and controlled by general laws. It is competent for a city and county, in its charter framed pursuant to section 8½ of article XI of the Constitution, to provide the manner in which, or the method by which, the several county officers and employees, whose compensation is paid by such city and county, shall be elected or appointed, and for their compensation and for the number of deputies, clerks and other employees each shall have and for the compensation and method of appointment thereof. This, however, does not preclude the Legislature from providing for other officers, or deputies, or clerks, or employees therefor, whose duties are to be the enforcement of general laws passed in the regulation of governmental affairs of the State at large or in the exercise of those police powers of the State which are something distinct from the general political functions of counties and cities and the general scheme of county or municipal government. (Scott vs. Boyle, 164 Cal. 321, 326; Boss vs. Lewis, 24 Cal. App. Dec. 935.)

Especially would this be true if the charter of such city and county did not provide for such officers or their deputies, clerks or employees, or though it contained a provision therefor no action had been taken thereunder. (Nicholl vs. Koster, 157 Cal. 416.)

Whether the Charter of the City and County of San Francisco permits the appointment of such local inspector by the Horticultural Commissioner of that county, or whether the Board of Supervisors of that city and county has, by ordinance, authorized such appointment, are matters which we shall not here pass upon, believing as I do that this is a matter upon which the Horticultural Commissioner of that city and county should in the first instance obtain the opinion of his local adviser, the City Attorney.

But however such questions may be decided, I am of the opinion that irrespective of such Charter, or anything that may be done thereunder, the Legislature in the exercise of its power to prescribe the powers and duties of a county officer in the exercise and enforcement of a State law passed in the interests of the entire State, may authorize the appointment by the Horticultural Commissioner of a city and county, or of a county, of local inspectors, fix the compensation thereof and make the same a county charge. In such matters the State has not surrendered to any of its political subdivisions the sole power to provide for the enforcement of such a general law.

As to your second question, section 15 of the Act approved May 24, 1917 (Stats. 1917, p. 109), commonly known as "The Fresh Fruit Standardization Law," provides that in case the Board of Supervisors of any county, or city and county, shall fail or neglect for thirty days after receipt of a written request from the State Commissioner of Horticulture to appoint an inspector of fresh fruits, or necessary deputy inspectors thereof, the State Commissioner of Horticulture shall forthwith assign to said county, or city and county, one or more Deputy State Commissioners of Horticulture, and that such deputy or deputies shall perform all of the duties to be performed by an inspector of fresh fruits; and that the actual cost of services rendered by an inspector or deputy inspector assigned as aforesaid, together with his necessary traveling expenses, shall be a county charge and paid in the same manner as other claims against the county.

This law is likewise one which the Legislature had power to pass in the exercise of its general police powers for the welfare of the entire State, and what has been heretofore said with respect to your first question applies likewise to this matter.

I am of opinion therefore that in the event of the failure on the part of the Board of Supervisors to appoint as in that section stated, you have the power to act as therein provided, and the actual cost of the services rendered by such deputy or deputies assigned by you to perform the duties of a fresh fruit inspector, together with the necessary traveling expenses hereof, are proper county charges.

In connection herewith I would refer you to opinion No. 3452, heretofore rendered you by this office under date of August 14, 1917, wherein the constitutionality of section 2322 of the Political Code is discussed and upheld. In that opinion this office expressed the view that it was within the power of the Legislature to provide for the

appointment by the State Board of Horticultural Commissioners of a County Horticultural Commissioner, in a case where the Board of Supervisors of the county neglected or refused to appoint such commissioner, and that the Legislature might properly make the compensation of such commissioner so appointed a county charge and payable out of county funds.

Very truly yours,

U. S. WEBB,

Attorney-General.

By ROBERT W. HARRISON,
Deputy.

Privilege of the Floor.

William Burke, assistant horticultural inspector, being present, was called upon and addressed the Board as to his duties as assistant horticultural inspector and as to his qualifications for that position.

Refused Adoption.

Whereupon, the question being taken, the foregoing report was refused adoption by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hayden, Hocks, Kortick, Nolan—6.

Noes—Supervisors Deasy, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Power, Walsh, Welch—9.

Absent—Supervisors Hilmer, Suhr, Wolfe—3.

Explanation of Vote.

Supervisor Kortick explained his vote by saying that this was not same position as that provided for Mr. Hoey.

Supervisor McLeran explained his vote by saying that he wanted Mr. Moulton to make application to the Board for an additional assistant before acting.

Recess.

Thereupon, the Board at the hour of 7:30 p. m. took a recess until 2:30 p. m. tomorrow.

JNO. S. DUNNIGAN, Clerk.

Water Service in Newcomb Avenue.

The following was presented, read and referred to *Water Rates Committee*:

San Francisco, Cal., Oct. 2, 1917.

To the Honorable Board of Supervisors of the City and County of San Francisco—

Gentlemen:

Referring to Resolution No. 14802 (New Series), passed by your Honorable Board on September 11th, 1917, and correspondence exchanged in relation thereto, permit to quote, for your information, a letter addressed to me by Mr. John E. Behan, Secretary and Assistant Manager of the Spring Valley Water Company, dated September 27th, 1917:

"In further relation to your request of the 13th instant that water service be given several householders residing in the upper portion of Newcomb avenue, near Keith street, this City, we beg to advise you that upon application being made to the company by the prospective consumers residing in the upper portion of the block for service, that such service will be given.

"Instructions will be given our Engineering and Water Sales Departments to make the necessary arrangements."

Respectfully,

JAMES ROLPH JR., Mayor.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Brandon, Acting Chairman.

Auditorium Committee, by Supervisor Brandon, Chairman.

Police Committee, by Supervisor Lahaney, Chairman.

Supplies Committee, by Supervisor Walsh, Chairman.

Report of Finance Committee on Financing Municipal Railway Extensions.

The following report heretofore presented by Supervisor Power and on motion *laid over one week*, was ordered filed and action on the accompanying resolutions *postponed one week*:

To the Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Committee on Finance has given consideration to the matter of making appropriations for the construction of extensions of the Municipal Railway in Market street from Van Ness avenue to Kearny street, and from the Twin Peaks tunnel along Ulloa and Taraval streets to Twentieth avenue. The estimated cost of these extensions not already provided for and for the completion of the line between Church street and the tunnel, as furnished by the Board of Public Works, is the sum of \$311,000.

The Committee presents two resolutions, one reciting the policy of the Board in making such appropriations, and one formally transferring the sum of \$311,000 from the Municipal Railways reserve funds to the Municipal Railway Fund. From the latter appropriations may be made from time to time as required.

Upon investigation we find that the reserve funds contain a cash balance sufficient to warrant these transfers without interfering with the policy of this Board in setting aside a definite sum monthly to provide for replacements. The so-called depreciation fund will continue to receive the usual percentage of gross earnings and by the time the proposed extensions are completed the cash balance will be nearly as large as now.

It will not be necessary at this time to consider the sale of Library Bonds, in which over half a million of dollars in the reserve fund have been invested, and the city will continue to receive over \$20,000 a year from the interest thereon.

The payment of the principal of the Geary Street bonds next July will not be jeopardized by these transfers, as over \$100,000 still remains unaffected.

Respectfully submitted,

JAMES E. POWER,

E. L. NOLAN.

ANDREW J. GALLAGHER,
Finance Committee.

Resolution of Policy.

Resolved, That it is the intention and declared to be the policy of this Board in making appropriations for the construction of extensions of the Municipal Street Railway to set aside from the Municipal Railway Fund such sums as may be required to provide for all contracts as the same

are entered into; that in the event that insufficient money remains in the Municipal Railway Fund to meet such appropriations and to enable the Auditor to endorse the contracts as required by the Charter, transfers will be immediately made to cover such deficiency from the existing reserve funds of the Municipal Railway; such transfers shall be considered as a loan to be retransferred at such time as the surplus shall be accumulated in the Municipal Railway Fund.

Transfer of Funds.

Resolved, That the Auditor and Treasurer be directed to transfer to the Municipal Railway Fund the following sums: From the Accident Fund of the Municipal Railway, the sum of \$50,000; from the Depreciation Fund the sum of \$260,000; said sums to be hereafter retransferred whenever any unexpended surplus arises from the operation of the Municipal Street Railway.

Report of Finance Committee on Extra Pay for Policemen During Street Railway Strike.

The following report was presented and *ordered filed*:

San Francisco, October 1, 1917.

Hon. Board of Supervisors—
Gentlemen:

We, your Finance Committee, respectfully recommend the adoption of the resolution submitted by Supervisor Power relative to pay for extraordinary services rendered by the Police Department during the present industrial disputes.

The necessary resolution is herewith presented.

Respectfully yours,

JAMES E. POWER,
ANDREW J. GALLAGHER,
E. L. NOLAN,

Finance Committee.

SPECIAL ORDERS.

3 p. m.

Laundry Ordinance.

Bill No. 4699, Ordinance No. — (New Series), as follows:

Regulating the indiscriminate handling of laundry or clothes before or after laundering, by dealers in foodstuffs, or those conducting second-hand or misfit clothing stores, hat or clothing renovatories, cleaning and dyeing establishments and shoe repair shops.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation, to maintain any device for receiving soiled clothing for the purpose of being laundered, or to conduct any office or place for the collection of soiled clothing for laundering purposes, or for the

distribution of clothing after laundering, within any building, room, apartment, dwelling, basement or cellar where foodstuffs are sold, offered for sale, prepared, produced, manufactured, packed, stored, or otherwise disposed of or in any premises wherein the business of second-hand or misfit clothing, hat or clothing renovating, cleaning and dyeing and repairing of shoes is conducted.

Section 2. Any person, firm, company or corporation violating any of the provisions of this Ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not more than five hundred (500) dollars or by imprisonment in the county jail for a period not exceeding six months, or by both such fine and imprisonment.

Section 3. This Ordinance shall be in force and take effect immediately.

Motion.

Supervisor Hayden moved to postpone two weeks.

Amendment.

Supervisor McLeran moved as an amendment that bill be postponed one week and be the first matter taken up after Standard Oil Company's oil station application.

Amendment *lost* by the following vote:

Ayes—Supervisors Brandon, Hayden, McLeran, Power, Welch—5.

Noes—Supervisors Deasy, Gallagher, Hocks, Hynes, Lahaney, Mulvihill, Nelson, Nolan, Suhr, Walsh—10.

Motion.

Whereupon, Supervisor Hayden moved that *Dr. Hassler* be sent for.

Motion *carried* by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hayden, Hocks, Hynes, McLeran, Power, Suhr, Welch—9.

Noes—Supervisors Deasy, Lahaney, Mulvihill, Nelson, Nolan, Walsh—6.

Absent—Supervisors Hilmer, Kortick, Wolfe—3.

Privilege of Floor.

Dr. Hassler, representing the Board of Health, upon his appearing before the Board, was granted the privilege of the floor, and addressed the Board in favor of the ordinance.

Walter McGovern, attorney representing the protestants, also *M. Wheatley*, *Jos Brockman* and *M. Morrison*, opposed the ordinance in its application to clothing renovatories, and urged that it be amended by the elimination of reference in the ordinance to such establishments.

F. L. Rosener, representing the laundry interests, spoke in favor of the ordinance.

(See transcript of proceedings on

file in Clerk's office for full discussion.)

Amendment.

Supervisor Hayden moved to amend by inserting words, "until said premises have been properly inspected by the Board of Health and permit granted for the conduct of said business" at the end of the first section.

Amendment lost by the following vote:

Ayes—Supervisors Hayden, Power—2.

Noes—Supervisors Brandon, Deasy, Gallagher, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch—13.

Absent—Supervisors Hilmer, Kortick, Wolfe—3.

Passage to Print.

Whereupon, the question being taken, the foregoing bill was passed for printing by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—14.

No—Supervisor Hayden—1.

Absent—Supervisors Hilmer, Kortick, Wolfe—3.

Notice of Reconsideration.

Whereupon, Supervisor Hayden changed his vote from No to Aye and gave notice that he would move for a reconsideration of the foregoing vote at next meeting.

UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for printing, were taken up and finally passed by the following vote:

The attention of the Auditor and Treasurer of the City and County is hereby directed to the provisions of the foregoing.

Report of Supervisor Gallagher on Appropriation of \$60,000 for Street Work.

Thereupon, the following report and resolution was presented by Supervisor

Gallagher and on motion of Supervisor Brandon *laid over one week*: San Francisco, September 28, 1917.

To the Honorable Board of Supervisors—

Gentlemen:

As a member of the Finance Committee, I deem it my duty to report to you that at the meeting of the Finance Committee on Friday, September 21st, we had before us a communication from the Board of Public Works making a very urgent request for an additional appropriation in the sum of \$100,000 for the purpose of repairs, reconstruction and paving of streets.

Mr. James McElroy, the newly appointed Superintendent of Street Repairs, was before us, and stated that at present his fund was somewhat overdrawn, and to such an extent was that true that he felt compelled to seriously consider the laying off of additional men in order that they would not be drained to a point of danger. He earnestly pleaded with your committee for the appropriation named above, and stated that it was his intention, if he received our co-operation, to put not only the streets on the Board of Public Works' list in shape, but give a great many other streets that were now in very bad shape, much needed attention at once, and, if given it, would remain good for years, but which, if neglected, would go into very bad condition and require a great deal of additional funds for their reconstruction.

I have not changed my views on the subject-matter of the sum allowed in the Budget to the Board of Public Works, and am of the opinion that, with the exercise of rigid economy, there is a sufficient fund there to meet the ordinary needs of the department. However, it has become apparent to me that, while the Board of Public Works may do all the work contemplated by your Finance Committee, there would still remain, above and beyond that consideration, a street condition which is a source of annoyance, complaint and, in part, even danger.

I also feel that Mr. McElroy is entitled to a fair opportunity to show the people of San Francisco his worth, and is entitled at the hands of this Board to a chance to make a showing worthy of the position which he holds. I do not think there is any member of the Board but what has great confidence in his ability, and shares the belief in the above statement. There will be funds sufficient on hand to meet this situation; at least, I am of the opinion that there will be a sum nearly equal to the amount asked by the Board of Public Works, and, while

it is impossible to meet their wishes fully in the matter, I think it proper to respectfully recommend that the Board of Public Works be allowed the sum of \$60,000 additional (which, I think, will fairly meet the situation) for the item of repairs, reconstruction and paving of streets. While it may not be possible to appropriate this money at once, still, I think, if the Board of Public Works is guaranteed the sum, this Board of Supervisors will have cause to congratulate itself upon giving Mr. McElroy a full and fair opportunity.

Respectfully submitted,

ANDREW J. GALLAGHER,
Member of the Finance Committee
of the Board of Supervisors.

Oct. 2, 1917—Over one week for consideration.

Providing \$60,000 for Street Work.

Resolution No. — (New Series),
as follows:

Resolved, That the sum of sixty thousand dollars (\$60,000) be and the same is hereby set aside and appropriated out of General Fund, 1917-1918, to the credit of Budget Item No. 387, for repairs, reconstruction and paving of streets.

The following resolution was passed for printing:

Permits.

Supervisor Deasy presented:

Resolution No. — (New Series),
as follows:

Resolved, That the following revocable permits are hereby granted:

Laundry.

Laurent Rey, at 3193 Mission street.

Dyeing and Cleaning Works.

City French Cleaning & Dyeing Works, at 3034 Seventeenth street; also to maintain four cleansing tanks and one tank of 300 gallons capacity for the storage of gasoline or benzine.

Oil Storage Tank.

J. Friedman, at 576 Guerrero street; 1500 gallons capacity.

Hind Co., at 635 Sutter street; 1500 gallons capacity.

Boiler.

Marathon Rubber Heel Co., at 45 Tehama street; 6-horsepower, to be used in furnishing power for manufactory.

Julius Levin Co., at 44 Beale street; 3-horsepower, to be used in furnishing hot water.

Laurent Rey, at 3193 Mission street; 35-horsepower, to be used in furnishing steam and hot water for laundry.

The rights granted under this resolution shall be exercised within six months; otherwise said permits become null and void.

Denial of Supply Station Permit.

The following resolution, laid over from a previous meeting, was taken up:

Resolution No. — (New Series), Denying Standard Oil Company permission to maintain an automobile supply station at the southwest corner of Steiner and Pine streets.

Substitute Resolution.

Whereupon, Supervisor McLeran offered to present a resolution granting a permit on the opposite corner of the property.

Privilege of the Floor.

Eugene Conlin and Mrs. Scannell, representing the Dominican Fathers, urged the granting of the permit at the location applied for; the other corner, they said, would necessitate the removal of a heavy foundation at a great cost. Moreover, it was intended to utilize this foundation for the new church.

Wm. R. Haggerty, representing protestants, also addressed the Board, opposing the granting of the permit.

Mr. Mahagan also protested the granting of the permit, declaring that it would seriously interfere with his business.

Action Deferred.

Whereupon, on motion of Supervisor Welch, the foregoing matter was laid over one week, and made a Special Order of Business for 2:30 p. m., by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, McLeran, Nelson, Nolan, Power, Welch—12.

License Tax Ordinance, Trucks and Wagons, Etc.

Bill No. 4695, Ordinance No. — (New Series), as follows:

Amending Section 61 of Ordinance No. 3361 (New Series), entitled, "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 51 of Ordinance No. 3361 (New Series) is hereby amended to read as follows:

Trucks and Wagons.

Section 61. Every person, firm or corporation owning any truck, box wagon, hay wagon, or other vehicle, whether drawn by horses, propelled by motors or used as a trailer, shall pay a license therefor as follows:

For each truck, box wagon, tank wagon, hay wagon, lumber truck or trailer drawn by two horses, or auto truck or wagon or trailer capable of transporting one ton and not more than two tons, five (5) dollars per annum.

For each truck, box wagon, tank wagon, hay wagon, lumber truck or trailer drawn by more than two horses, or auto truck or wagon or

trailer capable of transporting more than two tons, ten (10) dollars per annum.

For other kinds of vehicles drawn by more than one horse and auto vehicles capable of transporting less than one ton and not otherwise licensed, two and 50/100 (2.50) dollars per annum.

Private carriages, private automobiles, hearses, dead wagons and vehicles excepted from license fee by the provisions of Section 26 of this ordinance shall not be required to pay any vehicle license under the provisions of this section.

Any person, firm or corporation owning or using any vehicle licenseable under the provisions of this section, shall have attached to the right-hand side of such vehicle a metallic plate to be furnished by the Tax Collector without any additional charge therefor except the license fee. Each plate shall bear a different number, specify the year for which it is used and shall have stamped or printed on its face the word "Right." The same design shall not be used for two succeeding years. The said plate shall be affixed to the right hand side of the seat of the driver or motorman of such vehicle, in such conspicuous manner as to be always exposed to view for the inspection of Tax Deputies or Police Officers. When so affixed said plate shall not be removed during that calendar year, except upon the authorization of the Tax Collector or his deputies. Number plates must not be attached to the harness.

It shall be unlawful for the owner or person having charge or control of any vehicle licenseable under the provisions of this section to paint on said vehicle or affix thereon, or cause or permit to be used or painted or affixed thereon, any number or number plate except the one assigned and issued by the Tax Collector. No painted number shall ever be used as a substitute for the metallic plate number provided for in this section.

The license required by this section shall become due and payable on the first day of January of each year, and shall be issued for one year from the aforesaid date. Each month or fraction of a month that a license shall remain delinquent there shall be added to the whole amount of such license the sum of twenty-five cents as a penalty for such delinquency. The Tax Collector shall collect such penalty in addition to the license fee before issuing any license.

Section 2. This ordinance shall take effect immediately.

Also, Bill No. 4696, Ordinance No. — (New Series), as follows:

Amending Section 52 of Ordinance

No. 3361 (New Series), entitled, "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 52 of Ordinance No. 3361 (New Series) is hereby amended to read as follows:

Section 52. Every person, firm or corporation owning any cart or other vehicle used for the purpose of removing or collecting any garbage, house refuse, butchers' offal, putrid animal or vegetable matter, ashes or refuse of any character shall pay a license fee as follows:

For each cart or other vehicle drawn by one horse, one and 50/100 (1.50) dollars per annum.

For each cart or other vehicle drawn by two horses, or each auto truck or wagon capable of transporting one ton or less, two and 50/100 (2.50) dollars per annum.

For each cart or other vehicle drawn by more than two horses, or each auto truck or wagon capable of transporting more than one ton, ten (10) dollars per annum.

Every person, firm or corporation owning or using any scavenger vehicle upon which a license tax is imposed by this section shall have attached to the right-hand side of such vehicle a metallic plate to be furnished by the Tax Collector, without any additional charge except the license fee. Each plate shall bear a different number, specify the year for which it is used, and shall have stamped or printed upon its face the word "RIGHT." The same design shall not be used for two succeeding years. The said plate shall be fixed to the right-hand side of the seat of the driver or motorman of such vehicle in such conspicuous manner as to be always exposed for the inspection of deputies or officers interested in the collection of license fees. When so affixed said plate shall not be removed during the calendar year, except upon the authorization of the Tax Collector or his deputies. Number plates must not be attached to the harness.

It shall be unlawful for the owner or person having charge or control of any scavenger vehicle as above described to paint thereon or affix thereon, or cause or permit to be used or painted or affixed thereon, any number or number plate except the one assigned and issued by the Tax Collector or the one issued as a permit by the Board of Health. No painted number shall ever be used as a substitute for the metallic plate number used for license purposes.

The owner of each vehicle used or intended to be used for the purposes hereinabove specified shall within a period of thirty (30) days from and after the passage of this ordinance obtain a permit, as required, from the Board of Health, and shall, within such period have the words "Scavenger Vehicle" painted on both sides of such vehicle in letters not less than four (4) inches in height. This permit shall be renewed annually between the 1st day of January and the 31st day of January of each succeeding year.

When any person, having a license under the provisions of this section, shall be convicted of any violation of any sanitary law or ordinance relative to the collection, removal or disposition of the materials or substances hereinabove enumerated, the permit and the license so issued shall both stand revoked; and the person so convicted, before again resuming business, must make application as a new applicant and procure a new license and permit. The District Attorney shall furnish the Tax Collector and the Board of Health with the name and address of each person so convicted, within forty-eight hours following said conviction.

All licenses issued under the provisions of this section shall date from the first day of January of each year, and shall be issued for one year from the aforesaid date. For each month or fraction of a month that a license shall remain delinquent, there shall be added to the whole amount of such license the sum of twenty-five (25) cents as a penalty for such delinquency. The Tax Collector shall collect such penalty in addition to the license fee before issuing any license.

Section 2. This Ordinance shall take effect immediately.

Notice of School Bond Election

On motion of Supervisor McLeran:

Bill No. 4697, Ordinance No. — (New Series), Giving notice of a special election to be held in the City and County of San Francisco on the 30th day of October, 1917, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness of said City and County for the acquisition, construction, completion and equipment of permanent buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Notice is hereby given that pursuant to the laws of the State of California, the Charter of the City

and County of San Francisco, and the provisions of Ordinance No. 4326 (New Series) of the Board of Supervisors, passed and approved September 24, 1917 (reference to said Ordinance for further particulars being here made), a special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 30th day of October, 1917, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness for the following purpose, to-wit: The acquisition, construction, completion and equipment by the City and County of San Francisco, of permanent buildings and improvements to be used by the said City and County, for public schools and the acquisition of necessary lands therefor.

Section 2. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the building or buildings, improvements or lands specified in such proposition and to the amount stated therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated March 1, 1918; shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually; shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County in the City and State of New York.

Bonds issued for the purpose stated in said proposition shall be called "School Bonds," and shall be numbered from 1 to 3500 inclusive.

Section 3. Said bonds and coupons shall be in substantially the following form:

UNITED STATES OF AMERICA,
STATE OF CALIFORNIA
City and County of San Francisco.
SCHOOL BOND.

No. _____ \$1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of March, 19—, One Thousand Dollars, with interest thereon at the rate of four and one-half per centum per annum, payable semi-annually March 1 and

September 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in Gold Coin of the United States at the office of the Treasurer of said City and County or at the option of the holder at the fiscal agency of the City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and Statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to Ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and to be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or Statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and Statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. Full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person, or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a simi-

lar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

IN WITNESS WHEREOF, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor; and has caused interest coupons hereto attached to be signed by the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of March, 1918.

San Francisco. _____, 19—.

This bond is registered pursuant to the Charter of the City and County of San Francisco, State of California, in the name of _____, and the interest and principal thereof are hereafter payable to such owner.

Treasurer.

Section 4. Said Three Million Five Hundred Thousand Dollars bonds to be issued for the purpose stated herein shall be numbered from 1 to 3500, both inclusive, and shall be payable One Hundred and Seventy-five Thousand Dollars thereof, five years from the date of said bonds beginning with the lowest numbers, and One Hundred and Seventy-five Thousand Dollars of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 5. The amount of tax levy to be made for the payment of said Three Million Five Hundred Thousand Dollars bonds issued under said proposition shall be the sum of One Hundred Fifty-seven Thousand Five Hundred Dollars each year for the first five years from date of said

bonds to pay the annual interest on said bonds and in season to pay such interest as it becomes due, and for the sixth year after the date of said bonds, the sum of One Hundred Forty-nine Thousand Six Hundred and Twenty-five Dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the One Hundred and Seventy-five Thousand Dollars thereof due five years from their date have been paid, and for the seventh year after the date of said bonds the sum of One Hundred Forty-one Thousand Seven Hundred and Fifty Dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the One Hundred Seventy-five Thousand Dollars thereof due six years from their date have been paid, and so on, a sum each year for eighteen succeeding years and until said bonds are all paid sufficient for interest, and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of Seven Thousand Eight Hundred Seventy-five Dollars by reason of the payment each year, beginning five years from the date of said bonds of One Hundred Seventy-five Thousand Dollars of said bonds and the sum of One Hundred and Seventy-five Thousand Dollars each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for nineteen years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 6. The special election, notice of which is hereby given, shall be held and conducted and the votes thereat received and canvassed and the returns thereof made, and the results thereof ascertained, determined and declared as herein provided and according to the laws of the State of California, providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain

open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

MUNICIPAL TICKET.

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated, in such proposition stamp a cross (X) in the blank space to the right of the word "Yes."

To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated in such proposition stamp a cross (X) in the blank space to the right of the word "No."

Also said ballot shall have printed thereon the following:

Proposition to incur a bonded indebtedness of the City and County of San Francisco, California, to the amount of Three Million Five Hundred Thousand Dollars for the acquisition, construction, completion and equipment by the City and County of San Francisco of permanent buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor. Bonds issued for such purpose shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually.

YES	
NO	

Sample ballots containing the above matter required to be printed thereon shall be supplied to the electors of said City and County by the Board of Election Commissioners, but a failure on the part of any elector to receive such sample ballot shall not be held to invalidate the election or affect in any manner the legality of any bonds that may be authorized thereat.

Section 7. Any qualified elector of the City and County of San Francisco may vote at said special election for or against the proposition herewith submitted. To vote in favor of and authorize the incurring of a bonded debt for the purpose set forth in the proposition herein stated he shall stamp a cross (X) in the square to the right of the word "Yes," printed opposite to the proposition, and to vote against and refuse to authorize the incurring of a bonded debt for the purpose set forth in the proposition herein stated stamp a cross (X) in the square to the right of the word "No," printed opposite the proposition.

Each cross (X) stamped in the square to the right of the word "Yes"

shall be counted as a vote in favor of, and to authorize, the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped; and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped.

The election precincts and the numbers, names and boundaries thereof for said special election and the places of voting and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at special municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. This Ordinance shall be published for at least fourteen days in the official newspaper.

Section 9. This Ordinance is the third of a series of Ordinances which will be adopted by the Board of Supervisors under and by virtue of which it is proposed that a bonded indebtedness of said City and County will be incurred for the purposes herein enumerated.

Section 10. This Ordinance shall take effect immediately.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That for the purpose of carrying into effect the regulations of the President of the United States and the acts of Congress prohibiting the selling, providing, bartering or furnishing any officer or member of the military or naval forces of the United States during the present war between the United States and her enemies, it is hereby declared to be unlawful for any person, firm or corporation to sell, offer for sale, deliver, provide, furnish, barter or give away, directly or indirectly, either alone or with any other article, any alcoholic liquor, including beer, ale or wine, to any officer or member of the military or naval forces of the United States, while in uniform.

Section 2. Any person violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon a conviction thereof shall be punished by a fine of not more than \$500 or by imprisonment in the county jail for not more than six months; or by both such fine and imprisonment.

Section 3. This Ordinance shall take effect immediately upon its passage and shall be in force only during the period of the present war between the United States and her enemies.

Motion.

Supervisor Power moved reference to Police Committee.

Motion *lost* by the following vote:

Passed for Printing.

Whereupon the foregoing bill was

passed for printing by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—15.

Absent—Supervisors Hilmer, Kortick, Wolfe—3.

Explanation of Vote.

Supervisor Power declared that in voting *Aye* he reserved the right to change his vote on final passage if further investigation warranted.

Extension of Time.

Supervisor Welch presented:

Resolution No. 14870 (New Series), as follows:

Resolved, That A. E. Buckman is hereby granted an extension of ninety days' time from and after October 10, 1917, within which to complete contract for the improvement of Judah street between the easterly line of Forty-first avenue and the westerly line of Forty-third avenue, including the crossings.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that some delay was experienced on this work at the beginning, but since then petitioner has stated that he has made fair progress and completed 70 per cent of the grading.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—15.

Absent—Supervisors Hilmer, Kortick, Wolfe—3.

Boiler Permit.

Supervisor Deasy presented:

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted Frank Schaumleffel to maintain a boiler of 35 horsepower at 139 Spear street, same to be used in furnishing power for operation of steam hammer.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Passed for printing under suspension of the rules.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, OCTOBER 8, 1917, 2 P. M.

In Board of Supervisors, San Francisco. Monday, October 8, 1917, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch,

Quorum present.

His Honor Mayor Rolph presiding.

Visit of Committee From Parliament of Japan.

Mayor Rolph—Gentlemen of the Board of Supervisors, I wish to present to you a distinguished delegation from Japan. These gentlemen are a committee from the Parliament of Japan. They come clothed with official sanction to study conditions in the United States and convey to the people of the United States the friendly feeling which Japan has toward the United States and to promote that friendly feeling and regard.

Dr. Masao, on my right, is the chief of this special mission from the House of Representatives of Japan. He is a graduate of Yale University of the United States. He has been special adviser to the King of Siam and has spent seventeen years in that country. He is now a member of the House of Parliament of Japan. He is chairman of this committee of statesmen of Japan which he brings to the United States.

Gentlemen, I want you to meet Dr. G. Etsujiro Uychara, member of the House of Parliament of Japan. He was stationed in San Francisco during the P. P. I. Exposition.

I also want to introduce you to Mr. Kotaro Mochizuky, member of the House of Parliament of Japan. Dr. M. Yanaiye, also a member of Parliament of Japan. Mr. T. Humada, also member of Parliament of Japan. Mr. Konosuke Moriya, member of Parliament of Japan and now in charge of the railroads of Japan.

Gentlemen, *Dr. Masao*, Vice-Consul

of Japan. We will hear a few words from him.

Dr. Masao: Your Honor Mayor Rolph, Gentlemen, Members of the Board of Supervisors, Ladies and Gentlemen: You are doing us a very high honor in inviting us to this session of this honorable Board of Supervisors and giving us an opportunity of saying a few words. First of all, I want to thank you for the courtesies that have been shown us in San Francisco; also to thank you for the appreciation of San Francisco shown to the mission of our Viscount Ishi. The whole nation of Japan is grateful to San Francisco for the welcome you gave to our mission lately. The United States and Japan are now allies in the great war. Both are situated on the Pacific and are next-door neighbors. In such circumstances it is well that both should endeavor to become familiar with the thoughts, wishes and ambitions of the other and there was never a more opportune time for such an endeavor as now and that is why we five members of the Parliament of Japan have been sent over here. We are the first official mission from the Japanese Parliament to be sent to the United States and our mission is to convey the greetings of Japan to the United States and the study of conditions of things in the United States as created by the state of war in Europe. We are charged with the duty of getting better acquainted with you and understanding you better. We are conveying the greeting of the whole of Japan's people to you. There is nothing like getting acquainted with each other under favorable circumstances. If we study each other under such circumstances we will finally arrive at a fair knowledge of each other. Such knowledge means mutual respect and harmony.

There is no reason why Japan and the United States should not always be friends—always the best of friends; and if in the past there has been anything lacking in mutual knowledge or mutual confidence or mutual respect, I hope our association here may soon improve our knowledge of each under the present conditions that we may always be

the best of friends, always allies in peace as well as in war.

In this city of San Francisco, where thousands of our countrymen obtain their living, they owe the protection of their lives and properties to you, for which we are grateful to you. Their fidelity to the country of their birth is a well-known characteristic, but I don't see why this characteristic should make them unfaithful to you in time of need. Perhaps you know that in Canada they have been making use of Japanese volunteers in this time of need.

Since our departure from Yokohama we have learned that scores of these Japanese of Canada have laid down their lives for their adopted country. I don't see why our countrymen in San Francisco and California should not do the same when called upon. Those of you who have read history of Japan will realize that there is nothing that Japan values more highly than her honor. No inheritance is higher, no possession is greater, no acquisition is more worthy to be maintained than her sense of honor, and I assure you that Japan will always be faithful to you.

The entry of the United States into the war has touched the heart of every Japanese. The words of President Wilson which have taken as deep an impression in the Japanese heart as in the American are as follows: "For us there is but one choice and we have made it. Woe be to the man or group of men that seek to stand in our way in this day of high resolution."

Gentlemen, the Japanese government is determined to work together with you in this great war to the last. We will not stop until the monster named Germany, the pirate of the seas, the assassin of the air, the violator of human *decencies* on land has been thoroughly crushed. When this monster has been completely broken down then and then only there will be lasting peace. I thank you, ladies and gentlemen, for your attention. I thank you for the high privilege of addressing you.

His Honor the Mayor then called upon Dr. Uyehara, who addressed the Board as follows:

"I never thought his Honor the Mayor would call upon me. We have our official chief who has already spoken to you. I never expected to say anything. But when Mayor Rolph you give me this valuable opportunity to speak I will try to say a few words. As your Mayor stated to you I stayed here for ten months during the Exposition as special commissioner. During that time the Japanese people said of me that I was like Mark Hanna, who was so prominent

here during President McKinley's administration. We are grateful for the kindness, courtesy and hospitality which you and also the people of San Francisco showed us during the entire Exposition and we are thankful for this opportunity of expressing our gratitude for what you did for us during the Exposition. Now as our chief, Dr. Masoa, said, we came here to study conditions in the United States as affected by the war in Europe. For this reason we are very much interested in the United States, particularly at the present time. That is partially due to your efforts and a great deal is due to your efforts shown during the Exposition. Now we are particularly interested in the United States for the reason that you people of the United States are taking the same side with us in this great war. Another reason is, we are firmly *convinced* that the participation of the United States is not caused by selfish desires but for the liberty of small nations and for humanity. When this war is over you will be the first to disarm and enter the parliament of peace. On behalf of the Japanese people we are here to discuss the conditions. I thank you, people of San Francisco, the Mayor and city officials, for the honor of addressing you."

Mr. Kotaro Mochizuky, being called upon, declared that the mission to the United States was for the purpose of promoting more cordial and friendly relations with the United States and of studying conditions in this country.

Supervisor Brandon responded to the distinguished representatives of Japan, bidding them welcome on behalf of the people of San Francisco, wishing them a pleasant sojourn in the United States and a successful fulfillment of their mission.

Judge Graham, who was in charge of the party, thanked the Board for its reception.

Whereupon, his Honor the Mayor appointed a committee of the Board which accompanied the distinguished guests to their automobiles.

Automobile Supply Station Permit.

The following resolution was presented by Supervisor Deasy as a substitute for the pending resolution denying a permit and the same was *voted for printing* by the following vote:

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted Standard Oil Company to maintain and operate an automobile supply station at the southwest corner of Steiner and Pine streets; also, to store not to exceed 1200 gallons of gasoline on the premises.

The rights granted under this reso-

lution shall be exercised within six months, otherwise said permit becomes null and void.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch —16.

Absent—Supervisors Hayden, Wolfe —2.

Passed for Printing.

Whereupon, the following resolution was taken up and on motion of Supervisor Power *passed for printing*:

Salary Increase, School Department.

Resolution No. — (New Series), as follows:

Providing the sum of sixty thousand (60,000) dollars out of the General Fund, 1917-1918, to the credit of the Common School Fund, 1917-1918; said sum to be expended for the purpose of raising the salaries of the teachers and a further increase in the salaries of the janitors, to the extent of ten per cent as provided in the report of the Finance Committee accompanying the Budget of 1917-1918; and be it further

Resolved, That if the Board of Education finds it has surplus on the above appropriation after granting the increases proposed in its salary schedule, that part of said surplus to be used to grant an increase in salary to night school teachers and other teachers not provided for in the present salary schedule.

Adopted.

The following resolution was presented by Supervisor Power and *adopted* by the following vote:

Investment of Government Bonds.

Resolution No. 14871 (New Series), as follows:

Whereas, The Government of the United States has invited subscriptions from the people of this country for \$3,000,000,000 of the 10-25 year 4 per cent Convertible Gold Bonds of an issue authorized by Act of Congress approved September 24, 1917; and

Whereas, It is the duty of all people, individually and collectively, to purchase of said bonds offered an amount equal to their ability to pay therefor; and

Whereas, The City and County of San Francisco, California, has in its custody and control the sum of \$700,000 represented by unexpended and unappropriated balances in the several funds in the treasury of the City and County; therefore

Resolved, And it is hereby declared, that the said sum of \$700,000 remaining unexpended and unappropriated as aforesaid is not required for the immediate necessities of said City and County and constitute surplus money as that term is used in Chapter 73 of the Statutes of the State of California for the year 1913; also,

Resolved, That the Treasurer of the City and County of San Francisco be and he is hereby authorized to subscribe for and to purchase bonds of the United States of America offered and to be issued under the Act of Congress herein recited to the amount of \$700,000, and the Auditor of the City and County of San Francisco is hereby authorized and directed to draw his warrant upon the treasury for said sum and for such additional sum as may be required to pay accrued interest on the bonds purchased at the time of the delivery thereof, and said sum shall be paid from the Investment Fund No. 2 (as created by Resolution No. 14399—New Series); that all details respecting the purchase and delivery of the bonds herein authorized be arranged by the Mayor, Auditor, Treasurer and Chairman of the Finance Committee of the Board of Supervisors.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch —16.

Absent—Supervisors Hayden, Wolfe —2.

ADJOURNMENT.

Whereupon, the Board adjourned at 3 p. m. out of respect to the memory of the firemen who lost their lives in the recent fire disaster on Third street.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Relative to Conference for Settlement of Street Railroad Strike.

The following matters were presented by Supervisor Mulvihill, read by the Clerk and referred to the Public Utilities Committee:

October 6, 1917.

Jesse W. Lilienthal, Esq., President
United Railroads of San Francisco,
58 Sutter street, San Francisco, Cal.

Dear Sir: There is pending before the Public Utilities Committee of the Board of Supervisors a resolution authorizing said committee to arrange a conference with the representatives of the United Railroads to discuss a possible settlement of the controversy between the platform men and the United Railroads. The Public Utilities Committee desires to hold said conference with you and the Board of Directors of the United Railroads and see if an effort cannot be made looking toward the restoration of adequate street car service in this city.

I have been authorized as a member of the committee to request such conference with you and the directors of the United Railroads. Will you please endeavor to arrange a meeting of your directors at which the Public Utilities Committee may be present?

Trusting that such a meeting will be agreeable to you and your associates and hoping that such conference may be held in the immediate future, I am,

Respectfully yours,

JOS. MULVIHILL,
Supervisor.

Communication from United Railroads.

San Francisco, October 6, 1917.

Hon. Joseph Mulvihill, Supervisor,
Room 235 City Hall, San Francisco.

Dear Sir: I have your favor of the 6th inst., requesting me to arrange a conference between the Public Utilities Committee and the directors of the company for the purpose, as stated by you, of discussing "a possible settlement of the controversy between the platform men and the United Railroads."

I presume that this refers to the former employees of the company who, without notice, complaint or demand of any kind whatever, abandoned their cars in the streets and thereby temporarily interrupted the service which the company owes to the public.

The company has not, as stated by you, any controversy with the men who voluntarily left its service and whose places have been filled, and the Board of Directors has already definitely resolved that there should be no conference with the men who quit or with anyone, mediating on their behalf; such a conference only tending to create among these men the wrong impression that their demands might in time be granted in whole or in part.

Respectfully,
JESSE W. LILIENTHAL,
President.

Relative to Refusal of Hetch Hetchy Data,
to Municipal Research Bureau.

The following was presented, read and spread in Journal:

October 3, 1917.

Hon. James Rolph, Jr., Mayor, San Francisco, Cal.

Your Honor: I am in receipt today of a letter from Mr. W. B. Holton, Jr., director of the San Francisco Bureau of Governmental Research. This letter requests:

"1. Detailed estimates of cost of the more important structures—the dam at Hetch Hetchy, the tunnels, and the pipe-line across the San Joaquin Valley.

"2. Diamond-drill and other borings at the dam site, with a plat showing their precise location and a contour map of the dam site.

"3. Diamond drill borings along the tunnel lines.

"4. The proposed section of the dam at Hetch Hetchy, with information as to the assumptions made in the design."

The results of the diamond drill borings along the tunnel-aqueduct Mr. Holton can secure by taking out a copy of our specifications for the Mountain Division of the Hetch Hetchy Aqueduct which contain all available information on that subject.

The results of diamond drill borings at Hetch Hetchy dam site will be incorporated in the plans and specifications for the Hetch Hetchy dam now in course of preparation.

I very seriously question the wisdom of furnishing at the present time data which is now being compiled on this project until the same is available to the general public. My reasons for this recommendation are as follows:

First: The gentleman assigned by Mr. Holton to investigate the Hetch Hetchy project is Mr. Robert G. Dieck, who was defeated in a recent election in Portland, Oregon, for the position of Commissioner of Public Works, and was subsequently employed by the San Francisco Bureau of Governmental Research. I have instituted inquiries as to Mr. Dieck's work with the City of Portland and quote from a letter received from A. L. Barbour, now Commissioner of Public Works in that city. Mr. Barbur says:

"I have found the system of bureaus established by Mr. Holton and continued by Mr. Dieck during his four years as Commissioner of Public Works, as too elaborate for a city the size of Portland, and soon after taking charge of the department made a reduction of 40 per cent of the employees carried on the pay roll of this department, incidentally eliminating several bureau chiefs; and insofar as I can see we are carrying on the work as effectively as before with a pay roll reduction of over \$4000 per month."

I do not consider it consistent with the dignity of the Bureau of Engineering of San Francisco to turn over for criticism to a man of Mr. Dieck's very limited experience in hydraulic problems all of the data now being compiled on the Hetch Hetchy project.

Second: On the establishment of the Bureau of Governmental Research in San Francisco, on the representations of Mr. Holton that the purpose of the Bureau was to study public business, cooperate with officials and specifically work for economy and efficiency in municipal affairs, I gladly turned over to him all of the information at my disposal as to the various municipal work now being done in the City of San Francisco under my supervision. Mr. Holton thereupon, after a very cursory study, published statements regarding this bureau which were inaccurate and in several instances untrue. I do not believe that his previous attitude entitles him to any further special consideration.

Third: The San Francisco Bureau of Governmental Research is a branch of the Bureau of Municipal Research of New York City, which bureau is partially financed by the Rockefeller Foundation.

The general tendencies of the Rockefeller Foundation were very ably expounded in the United States Senate on February 8, 1917, by Senator Chamberlain of Oregon. Senator Chamberlain was protesting against the interference by the Rockefeller Foundation and the Carnegie Foundation with the educational facilities of the Government and their general interference in functions which belong exclusively to the Government. Mr. Chamberlain states:

"I do not pretend to say what the purpose of these Foundations is. I have sometimes thought it was a desire for posthumous fame. We do know that the men who are connected with these great Foundations do not stand in the highest estimation of the present generation. * * * The country knows what Mr. Rockefeller means by 'A combination to do business.' In the Standard Oil Company's dialect that phrase has meant to destroy all others engaged in the oil business and then do as you please with the oil market.

"Mr. President, I, for one am going to continue to protest against this practice and I shall do it in the face of the admission here in the Senate of the United States that these Foundations have done vast good. I realize—nobody else realizes better than I—that they extend their activities in certain directions where the Government is unwilling to extend its activities, but what I am objecting to is that they shall use their activities in connection with the Government,

thereby giving the Government stamp of approval to things which the Standard Oil Company, or Mr. Rockefeller as the great type of the Standard Oil Company, or Mr. Carnegie as the representative of the steel trust, wish to have done in an educational way in this country."

As you are well aware, Mr. Mayor, no institution founded by John D. Rockefeller can be expected to look with favor or impartiality on municipal ownership or any project connected therewith. You know of the overt attacks on the Hetch Hetchy System by "unscrupulous malefactors of great wealth," by power companies, by so-called nature lovers, by irrigationists, by competing water companies and by other interests opposed to this great project.

It is, therefore, my recommendation that the request of the director of the San Francisco Bureau of Governmental Research be refused and that he and his assistants be accorded only the same courtesies as are shown to every other citizen of San Francisco.

Respectfully,
M. M. O'SHAUGHNESSY,

City Engineer.

Read and ordered *spread in Journal*.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports which were read and ordered *filed*:

Fire Committee, by Supervisor Deasy, chairman.

Supplies Committee, by Supervisor Walsh, acting chairman.

Commercial Development and Streets Committee, by Supervisor Kortick, chairman.

Health Committee, by Supervisor Walsh, chairman.

Streets Committee, by Supervisor Welch, chairman.

Report of Finance Committee on Financing Municipal Railway Extensions.

The following report, presented by Supervisor Power and *laid over* from last meeting, was taken up:

To the Board of Supervisors. City and County of San Francisco.

Gentlemen:

Your Committee on Finance has given consideration to the matter of making appropriations for the construction of extensions of the Municipal Railway in Market street from Van Ness avenue to Kearny street, and from the Twin Peaks tunnel along Ulloa and Taraval streets to Twentieth avenue. The estimated cost of these extensions not already provided for and for the completion of the line between Church street and the tunnel, as furnished by the Board of Public Works, is the sum of \$311,000.

The Committee presents two resolutions, one reciting the policy of the

Board in making such appropriations, and one formally transferring the sum of \$311,000 from the Municipal Railways reserve funds to the Municipal Railway Fund. From the latter appropriations may be made from time to time as required.

Upon investigation we find that the reserve funds contain a cash balance sufficient to warrant these transfers without interfering with the policy of this Board in setting aside a definite sum monthly to provide for replacements. The so-called depreciation fund will continue to receive the usual percentage of gross earnings and by the time the proposed extensions are completed the cash balance will be nearly as large as now.

It will not be necessary at this time to consider the sale of Library Bonds, in which over half a million of dollars in the reserve fund have been invested, and the city will continue to receive over \$20,000 a year from the interest thereon.

The payment of the principal of the Geary Street bonds next July will not be jeopardized by these transfers, as over \$100,000 still remains unaffected.

Respectfully submitted,

JAMES E. POWER,

E. L. NOLAN,

ANDREW J. GALLAGHER,

Finance Committee.

Adopted.

Whereupon, the following resolutions were presented and adopted:

Resolution of Policy.

Resolution No. 14902 (New Series), as follows:

Resolved, That it is the intention and declared to be the policy of this Board in making appropriations for the construction of extensions of the Municipal Street Railway to set aside from the Municipal Railway Fund such sums as may be required to provide for all contracts as the same are entered into; that in the event that insufficient money remains in the Municipal Railway Fund to meet such appropriations and to enable the Auditor to endorse the contracts as required by the Charter, transfers will be immediately made to cover such deficiency from the existing reserve funds of the Municipal Railway; such transfers shall be considered as a loan to be retransferred at such time as the surplus shall be accumulated in the Municipal Railway Fund.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—17.

Absent—Supervisor Wolfe—1.

Transfer of Funds.

Resolution No. 14903 (New Series), as follows:

Resolved, That the Auditor and Treasurer be directed to transfer to the Municipal Railway Fund the following sums: From the Accident Fund of the Municipal Railway, the sum of \$50,000; from the Depreciation Fund the sum of \$260,000; said sums to be hereafter retransferred whenever any unexpended surplus arises from the operation of the Municipal Street Railway.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—17.

Absent—Supervisor Wolfe—1.

City Planning Ordinance.

The following report and ordinances were presented and, on motion, *laid over* until October 22, 1917, and made a Special Order of Business for 3 p. m. that day:

San Francisco, October 8, 1917.

Board of Supervisors.

Gentlemen: Your Public Welfare and Publicity Committee begs leave to report that several conferences have been held with the persons interested in the new City Planning Ordinance. These meetings have been attended by many members of the Board in addition to the members of the committee. The subject-matter has been most carefully considered and as a result of an analysis of several ordinances that have been suggested, a majority of the committee has recommended to the Board an ordinance proposed by Supervisor Mulvihill, establishing a City Planning Commission.

The committee has directed the Clerk to send a copy of this proposed ordinance to all members of the Board, and suggests that action upon the same be postponed for two weeks from today.

Supervisor Nolan is submitting another ordinance as a minority report. This ordinance will also be sent to the members of the Board for their information.

Respectfully submitted,

JOSEPH MULVIHILL,

JOS. F. LAHANEY,

Public Welfare and Publicity Committee.

Majority Bill.

Bill No. —, Ordinance No. — (New Series), as follows:

An ordinance establishing a City Planning Commission, prescribing the number and qualifications of its members, and the duties to be performed by the commission.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of subdivision 42, Section 1, Chapter II, Article II, of the Charter of the City and County of San Fran-

cisco, there is hereby established a City Planning Commission.

Purpose.

Section 2. In order to recommend plans for the future growth, development and beautification of San Francisco, the City Planning Commission is hereby established.

Appointment and Term of Office.

Section 3. The City Planning Commission shall consist of the Mayor, the City Engineer, the City Architect, the Chief Building Inspector, the Public Health Officer, the City Attorney, two members of the Board of Supervisors, and four other members to be appointed by the Mayor. The members appointed by the Mayor must be residents and electors of the City and County of San Francisco. Of the four members of the Commission appointed, the Mayor shall designate one to serve for one year, one for two years, one for three years and one for four years; and the Mayor, the City Engineer, the City Architect, the Chief Building Inspector, the Public Health Officer, the City Attorney and the two members of the Board of Supervisors shall serve during their tenure of office. Each year after the first year the Mayor shall appoint one member to serve for four years, as the successor of the Commissioner whose term of office expires that year. Should a vacancy occur in the appointed membership of the Commission, the Mayor shall appoint a member to fill the unexpired portion of the term.

President.

Section 4. At the first meeting of the Commission, after the adoption of this ordinance, the Commission shall appoint a President and Vice-President, who shall be members appointed by the Mayor, and who shall hold office during the pleasure of the Commission.

Members Shall Receive No Compensation.

Section 5. Ex-officio members of the Commission shall receive no compensation in addition to that attached to their respective offices, and the members appointed by the Mayor shall receive no compensation whatever.

Secretary.

Section 6. Upon the request of the Commission, the Mayor may designate one of the deputies or clerks of the Board of Supervisors as Secretary of the Commission, and to perform clerical and other duties under its direction. The compensation of such deputy or clerk shall not be increased by reason of additional services rendered by him as such Secretary.

Quorum.

Section 7. Five members of the Commission shall constitute a quorum, provided, however, that at least three

members appointed by the Mayor shall at all times constitute a part of such quorum.

Office and Meetings of the Commission.

Section 8. The Board of Supervisors shall assign to the Commission an office, or headquarters, in the City Hall, in which the Commission shall hold its meetings and transact its business. The Commission shall meet at least once a month.

Rules and Regulations.

Section 9. The Commission may make and alter rules and regulations for its government and procedure, consistent with the laws of the State of California and the Charter and ordinances of the City and County of San Francisco, provided such rules shall not be effective until approved by said Commission.

Powers and Duties of the Commission.

Section 10. It shall be the duty of the Commission to make suggestions and propose ordinances to the Board of Supervisors concerning the laying out, widening, extension, parking and beautification of streets, sidewalks and boulevards; the location of public improvements, the relief of congestion, the improving of housing and sanitation conditions, the establishing of industrial zones, and in general to suggest the facilities necessary to provide for the logical and natural growth, development and beautification of San Francisco, and such other ordinances as may be advisable for the promotion of public interests, health, morals, safety, comfort, convenience and welfare.

Copies of Bills, Ordinances and Resolutions.

Section 11. The Clerk of the Board of Supervisors shall upon introduction and upon the passage to print, and final passage, furnish to the City Planning Commission for its consideration a copy of all bills, ordinances and resolutions relating to any of the matters and subjects mentioned in the last preceding section. The Commission may make reports or suggestions in relation to such ordinances, bills and resolutions to the Board of Supervisors. All such reports and suggestions shall be in writing, and shall be delivered to the Clerk of the Board of Supervisors, and shall be for the information of the public as well as of the Supervisors.

Plans, Plots or Re-Plots of Lands to Be Submitted.

Section 12. All plans, plots or re-plots of lands laid out in building lots, and the streets, alleys, or other portions of the same intended to be dedicated to public use, or for the use of purchasers or owners of lots fronting thereon or adjacent thereto, and located within the city limits, shall be

submitted by the Board of Public Works to the City Planning Commission, who shall report upon them in writing to the Board of Supervisors.

Recommendations to Be Made to Public Authorities, Corporations and Individuals.

Section 13. The Commission may make recommendations to any public authorities, or any corporation or individuals, with reference to the location of any buildings, structures or works to be erected, constructed or ordered by them, provided, however, such recommendation shall not have the force or effect of any law or ordinance.

Commission May Be Called Upon for Reports.

Section 14. Any department or board of the city government, or any private person, firm or corporation, having charge of the construction, placing or designing of buildings or other structures, or objects of art, may call upon the Commission for a report thereon.

Appropriations.

Section 15. The Board of Supervisors shall make appropriations from the General Fund, or from the Urgent Necessity Fund, from time to time, of such amounts as may be required by the Commission to properly carry on its work and defray its expenses incurred in the performance of its duties.

Donations May Be Received and Expended.

Section 16. The Commission is hereby authorized to accept donations or moneys or other properties to enable it to carry on its work, and shall have the right to expend such money and dispose of such property so accepted.

The Commission shall make semi-annual reports to the Board of Supervisors showing the amount of all such moneys expended or received, and the character and value of all such property received or disposed of.

Meetings and Reports.

Section 17. Said Commission shall meet and reports its recommendations to the Board of Supervisors at least once a month, and shall make a complete and detailed report to the Mayor on or before the 30th day of June of each year.

Section 18. Ordinance No. 2711 (New Series) is hereby repealed.

Section 19. This ordinance shall take effect immediately.

Minority Bill Presented by Supervisor Nolan.

Bill No. —, Ordinance No. — (New Series), establishing a City Planning Commission.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. As provided by Subdivi-

sion 42, Section 1, Article II of the Charter of the City and County of San Francisco, a City Planning Commission is hereby established.

Section 2. Such Commission shall consist of the Mayor, City Engineer, City Attorney, City Architect (if there be one) and three members of the Board of Supervisors to be designated by such Board. In addition the Mayor shall appoint qualified electors and residents of the City and County who shall serve during his pleasure.

Section 3. Such Commission shall have such authority, exercise such powers and perform such duties as the Board of Supervisors may direct. It shall appoint a President or temporary President and such employees as the Supervisors may provide for. The Supervisors may assign any assistant clerk of the Board to act as Secretary without additional compensation. It shall make such rules for its government as may be necessary and fix the number necessary for a quorum to transact business.

Section 4. The Superintendent of the City Hall shall assign a room in the City Hall for the use of the Commission and the Supervisors may make such appropriations as may be necessary for its support.

Section 5. The commission is authorized to accept donations of moneys and other property, to enable it to carry on its work, and shall have the right to expend such moneys and dispose of such property so accepted, without authority from the Board of Supervisors or other department of the city government. It shall, however, annually report to the Board of Supervisors the amount of all such moneys and the character and value of all such property expended and disposed of.

Section 6. This ordinance shall take effect immediately.

Laundry Ordinance.

The following ordinance heretofore passed for printing was taken up:

Bill No. —, Ordinance No. 4352 (New Series), Regulating the indiscriminate handling of laundry or clothes before or after laundering, by dealers in foodstuffs, or those conducting second-hand or misfit clothing stores, hat or clothing renovatories, cleaning and dyeing establishments and shoe repair shops.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation, to maintain any device for receiving soiled clothing for the purpose of being laundered, or to conduct any office or place for the collection of soiled clothing for laundering purposes, or for the distribution of clothing, after

laundering, within any building, room, apartment, dwelling, basement or cellar where foodstuffs are sold, offered for sale, prepared, produced, manufactured, packed, stored, or otherwise disposed of; or in any premises wherein the business of second-hand or misfit clothing, hat or clothing renovating, cleaning and dyeing and repairing of shoes is conducted.

Section 2. Any person, firm, company or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not more than five hundred (500) dollars or by imprisonment in the county jail for a period not exceeding six months, or by both such fine and imprisonment.

Section 3. This ordinance shall be in force and take effect immediately.

License Tax Ordinance, Trucks and Wagons, Etc.

Bill No. 4695, Ordinance No. 4348 (New Series), as follows:

Amending Section 61 of Ordinance No. 3361 (New Series), entitled, "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 51 of Ordinance No. 3361 (New Series) is hereby amended to read as follows:

Trucks and Wagons.

Section 61. Every person, firm or corporation owning any truck, box wagon, hay wagon, or other vehicle, whether drawn by horses, propelled by motors or used as a trailer, shall pay a license therefor as follows:

For each truck, box wagon, tank wagon, hay wagon, lumber truck or trailer drawn by two horses, or auto truck or wagon or trailer capable of transporting one ton and not more

than two tons, five (5) dollars per annum.

For each truck, box wagon, tank wagon, hay wagon, lumber truck or trailer drawn by more than two horses, or auto truck or wagon or trailer capable of transporting more than two tons, ten (10) dollars per annum.

For other kinds of vehicles drawn by more than one horse and auto vehicles capable of transporting less than one ton and not otherwise licensed, two and 50/100 (2.50) dollars per annum.

Private carriages, private automobiles, hearses, dead wagons and vehicles excepted from license fee by the provisions of Section 26 of this ordinance shall not be required to pay any vehicle license under the provisions of this section.

Any person, firm or corporation owning or using any vehicle licensable under the provisions of this section, shall have attached to the right-hand side of such vehicle a metallic plate to be furnished by the Tax Collector without any additional charge therefor except the license fee. Each plate shall bear a different number, specify the year for which it is used and shall have stamped or printed on its face the word "Right." The same design shall not be used for two succeeding years. The said plate shall be affixed to the right hand side of the seat of the driver or motorman of such vehicle, in such conspicuous manner as to be always exposed to view for the inspection of Tax Deputies or Police Officers. When so affixed said plate shall not be removed during that calendar year, except upon the authorization of the Tax Collector or his deputies. Number plates must not be attached to the harness.

It shall be unlawful for the owner or person having charge or control of any vehicle licensable under the provisions of this section to paint on said vehicle or affix thereon, or cause or permit to be used or painted or affixed thereon, any number or number plate except the one assigned and issued by the Tax Collector. No painted number shall ever be used as a substitute for the metallic plate number provided for in this section.

The license required by this section shall become due and payable on the first day of January of each year, and shall be issued for one year from the aforesaid date. Each month or fraction of a month that a license shall remain delinquent there shall be added to the whole amount of such license the sum of twenty-five cents as a penalty for such delinquency. The Tax Collector shall collect such penalty in addition to the license fee before issuing any license.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—17.

Absent—Supervisor Wolfe—1.

Bill No. 4696, Ordinance No. 4349 (New Series), as follows:

Amending Section 52 of Ordinance No. 3361 (New Series), entitled, "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 52 of Ordinance No. 3361 (New Series) is hereby amended to read as follows:

Section 52. Every person, firm or corporation owning any cart or other vehicle used for the purpose of removing or collecting any garbage, house refuse, butchers' offal, putrid animal or vegetable matter, ashes or refuse of any character shall pay a license fee as follows:

For each cart or other vehicle drawn by one horse, one and 50/100 (1.50) dollars per annum.

For each cart or other vehicle drawn by two horses, or each auto truck or wagon capable of transporting one ton or less, two and 50/100 (2.50) dollars per annum.

For each cart or other vehicle drawn by more than two horses, or each auto truck or wagon capable of transporting more than one ton, ten (10) dollars per annum.

Every person, firm or corporation owning or using any scavenger vehicle upon which a license tax is imposed by this section shall have attached to the right-hand side of such vehicle a metallic plate to be furnished by the Tax Collector, without any additional charge except the license fee. Each plate shall bear a different number, specify the year for which it is used, and shall have stamped or printed upon its face the word "RIGHT." The same design shall not be used for two succeeding years. The said plate shall be fixed to the right-hand side of the seat of the driver or motorman of such vehicle in such conspicuous manner as to be always exposed for the inspection of deputies or officers interested in the collection of license fees. When so affixed said plate shall not be removed during the calendar year, except upon the authorization of the Tax Collector or his deputies. Number plates must not be attached to the harness.

It shall be unlawful for the owner or person having charge or control of

any scavenger vehicle as above described to paint thereon or affix thereon, or cause or permit to be used or painted or affixed thereon, any number or number plate except the one assigned and issued by the Tax Collector or the one issued as a permit by the Board of Health. No painted number shall ever be used as a substitute for the metallic plate number used for license purposes.

The owner of each vehicle used or intended to be used for the purposes hereinabove specified shall within a period of thirty (30) days from and after the passage of this ordinance obtain a permit, as required, from the Board of Health, and shall, within such period have the words "Scavenger Vehicle" painted on both sides of such vehicle in letters not less than four (4) inches in height. This permit shall be renewed annually between the 1st day of January and the 31st day of January of each succeeding year.

When any person, having a license under the provisions of this section, shall be convicted of any violation of any sanitary law or ordinance relative to the collection, removal of disposition of the materials or substances hereinabove enumerated, the permit and the license so issued shall both stand revoked; and the person so convicted, before again resuming business, must make application as a new applicant and procure a new license and permit. The District Attorney shall furnish the Tax Collector and the Board of Health with the name and address of each person so convicted, within forty-eight hours following said conviction.

All licenses issued under the provisions of this section shall date from the first day of January of each year, and shall be issued for one year from the aforesaid date. For each month or fraction of a month that a license shall remain delinquent, there shall be added to the whole amount of such license the sum of twenty-five (25) cents as a penalty for such delinquency. The Tax Collector shall collect such penalty in addition to the license fee before issuing any license.

Section 2. This Ordinance shall take effect immediately.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—17.

Absent—Supervisor Wolfe—1.

Notice of School Bond Election.

Bill No. 4697, Ordinance No. 4350 (New Series), Giving notice of a special election to be held in the City and County of San Francisco on the 30th day of October, 1917, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness of said City and County for the acquisition, construction, completion and equipment of permanent buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Notice is hereby given that pursuant to the laws of the State of California, the Charter of the City

and County of San Francisco, and the provisions of Ordinance No. 4326 (New Series) of the Board of Supervisors, passed and approved September 24, 1917 (reference to said Ordinance for further particulars being here made), a special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 30th day of October, 1917, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness for the following purpose, to-wit: The acquisition, construction, completion and equipment by the City and County of San Francisco, of permanent buildings and improvements to be used by the said City and County, for public schools and the acquisition of necessary lands therefor.

Section 2. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the building or buildings, improvements or lands specified in such proposition and to the amount stated therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated March 1, 1918; shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually; shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County in the City and State of New York.

Bonds issued for the purpose stated in said proposition shall be called "School Bonds," and shall be numbered from 1 to 3500 inclusive.

Section 3. Said bonds and coupons shall be in substantially the following form:

UNITED STATES OF AMERICA,
STATE OF CALIFORNIA
City and County of San Francisco.
SCHOOL BOND.

No. _____ \$1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of March, 19—, One Thousand Dollars, with interest thereon at the rate of four and one-half per centum per annum, payable semi-annually March 1 and

September 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in Gold Coin of the United States at the office of the Treasurer of said City and County or at the option of the holder at the fiscal agency of the City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and Statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to Ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and to be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or Statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and Statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. Full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person, or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a simi-

lar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

IN WITNESS WHEREOF, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor; and has caused interest coupons hereto attached to be signed by the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of March, 1918.

San Francisco. _____, 19—.

This bond is registered pursuant to the Charter of the City and County of San Francisco, State of California, in the name of _____, and the interest and principal thereof are hereafter payable to such owner.

Treasurer.

Section 4. Said Three Million Five Hundred Thousand Dollars bonds to be issued for the purpose stated herein shall be numbered from 1 to 3500, both inclusive, and shall be payable One Hundred and Seventy-five Thousand Dollars thereof, five years from the date of said bonds beginning with the lowest numbers, and One Hundred and Seventy-five Thousand Dollars of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 5. The amount of tax levy to be made for the payment of said Three Million Five Hundred Thousand Dollars bonds issued under said proposition shall be the sum of One Hundred Fifty-seven Thousand Five Hundred Dollars each year for the first five years from date of said bonds to pay the annual interest on

said bonds and in season to pay such interest as it becomes due, and for the sixth year after the date of said bonds, the sum of One Hundred Forty-nine Thousand Six Hundred and Twenty-five Dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the One Hundred and Seventy-five Thousand Dollars thereof due five years from their date have been paid, and for the seventh year after the date of said bonds the sum of One Hundred Forty-one Thousand Seven Hundred and Fifty Dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the One Hundred Seventy-five Thousand Dollars thereof due six years from their date have been paid, and so on, a sum each year for eighteen succeeding years and until said bonds are all paid sufficient for interest, and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of Seven Thousand Eight Hundred Seventy-five Dollars by reason of the payment each year, beginning five years from the date of said bonds of One Hundred Seventy-five Thousand Dollars of said bonds and the sum of One Hundred and Seventy-five Thousand Dollars each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for nineteen years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 6. The special election, notice of which is hereby given, shall be held and conducted and the votes thereat received and canvassed and the returns thereof made, and the results thereof ascertained, determined and declared as herein provided and according to the laws of the State of California, providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

MUNICIPAL TICKET.

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated, in such proposition stamp a cross (X) in the blank space to the right of the word "Yes."

To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated in such proposition stamp a cross (X) in the blank space to the right of the word "No."

Also said ballot shall have printed thereon the following:

Proposition to incur a bonded indebtedness of the City and County of San Francisco, California, to the amount of Three Million Five Hundred Thousand Dollars for the acquisition, construction, completion and equipment by the City and County of San Francisco of permanent buildings and improvements to be used by the said City and County for public schools and the acquisition of necessary lands therefor. Bonds issued for such purpose shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually.

YES	
NO	

Sample ballots containing the above matter required to be printed thereon shall be supplied to the electors of said City and County by the Board of Election Commissioners, but a failure on the part of any elector to receive such sample ballot shall not be held to invalidate the election or affect in any manner the legality of any bonds that may be authorized thereat.

Section 7. Any qualified elector of the City and County of San Francisco may vote at said special election for or against the proposition herewith submitted. To vote in favor of and authorize the incurring of a bonded debt for the purpose set forth in the proposition herein stated he shall stamp a cross (X) in the square to the right of the word "Yes," printed opposite to the proposition, and to vote against and refuse to authorize the incurring of a bonded debt for the purpose set forth in the proposition herein stated stamp a cross (X) in the square to the right of the word "No," printed opposite the proposition.

Each cross (X) stamped in the square to the right of the word "Yes" shall be counted as a vote in favor of,

and to authorize, the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped; and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped.

The election precincts and the numbers, names and boundaries thereof for said special election and the places of voting and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at special municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. This Ordinance shall be published for at least fourteen days in the official newspaper.

Section 9. This Ordinance is the third of a series of Ordinances which will be adopted by the Board of Supervisors under and by virtue of which it is proposed that a bonded indebtedness of said City and County will be incurred for the purposes herein enumerated.

Section 10. This Ordinance shall take effect immediately.

Spur Track Permit.

Bill No. 4708, Ordinance No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Mary E. Carter, her successors and assigns, to lay down, construct, maintain and operate, a spur track as follows:

Beginning at a point on Vallejo street at a spur track of the Southern Pacific Company, immediately east from the east line of Front street; thence by a turnout and curve to the right, on and over a part of Vallejo street and crossing on and over Front street to a point in the west line of Front street approximately 124 feet, more or less, south from Vallejo street to the property of your petitioner, Mary E. Carter, to a point near the easterly line of Battery street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Mary E. Carter, her successors and assigns, to lay down, construct, maintain and operate a spur track as follows:

Beginning at a point on Vallejo street at a spur track of the Southern Pacific Company immediately east from the east line of Front street, thence by a turnout and curve to the right, on and over a part of Vallejo street and crossing on and over Front street to a point in the west line of Front street approximately 124 feet, more or less south from Vallejo street to the property line of your petitioner, thence on and over the property of your petitioner, Mary E. Carter, to a point near the easterly line of Battery street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof, as complete as though the same were written in this ordinance.

Provided, That the said spur track shall be laid under the supervision and

to the lines and grades as furnished by the City Engineer's Office, and that any and all expenses connected with the installation of the track, restoration of pavement and any additional requirements for the surface drainage be paid for by Mary E. Carter.

Provided, Said Mary E. Carter shall erect and maintain one all night lighted arc lamp, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Refusal of Hetch Hetchy Data to Municipal Research Bureau.

The following resolution heretofore presented by Supervisor Brandon and referred to the Public Utilities Committee was returned by said committee with the recommendation that the same be *adopted*:

Resolution No. — (New Series), as follows:

Whereas, A request has been made to the City Engineer by the Director of the San Francisco Bureau of Governmental Research for estimates of cost of various units of the Hetch Hetchy project; also for a drawing of the proposed section of the Hetch Hetchy dam with information as to the assumptions made in its design; and for other engineering data on said project with a view to passing on the merits thereof; and

Whereas, The City Engineer has referred the said request to the Mayor and Board of Supervisors with a recommendation that it be refused; and

Whereas, the Board of Supervisors recognizes the ability of the City Engineer as displayed in the construction of the Municipal Railways, the boulevard systems, the Twin Peaks and Stockton street tunnels and the development of the Hetch Hetchy project; while the motives and ability of some of the officials of the San Francisco Bureau of Governmental Research are at least questionable; now therefore be it

Resolved, That the Board of Supervisors and the Mayor concur in the recommendation of the City Engineer and hereby refuse to the Director of the San Francisco Bureau of Municipal Research any data on the Hetch Hetchy project until the same is published in the next annual report of the City Engineer.

In Memory of Hon. John T. Fogarty.

The following was presented, read and *adopted* by the following vote:

Resolution No. 14901 (New Series), as follows:

The members of the Board of Supervisors of the City and County of San Francisco would express their sincere respect for the character and services of Fire Commissioner John T. Fogarty, whose sudden death comes as a sad shock to the entire community.

Mr. Fogarty was one of our foremost and most enterprising citizens. A man of attractive personality, genial and witty, he gained a large circle of intimate friends. He was always ready to do his part in any matter of interest to San Francisco.

He was greatly trusted and respected by all, as a type of sterling manhood and good citizenship.

In expression of our sympathy and of our regard for him as a citizen and public official, be it

Resolved, That when we adjourn it shall be in respect to his memory.

In Memory of Firemen Lost in Recent Disaster.

The following was presented, read and *adopted* by rising vote:

Resolution No. 14906 (New Series), as follows:

Whereas, We are called upon to write "Death in the discharge of his duty" as the fate meted out to Timothy J. Collins, a member of Truck Company No. 1, San Francisco Fire Department, and these words convey a tribute none others can express,

Therefore, Resolved, By the Board of Supervisors of the City and County of San Francisco, that in chronicling the fact we do so with a feeling of profound sadness, mindful of the great loss which a community sustains when a public servant gives up a precious life in the performance of his duty. Deeply as we may deplore the fate befallen, we commend the devotion displayed and give honor to him who made the sacrifice. We tender our sincerest sympathy to those who have been left to mourn, and express the hope that comfort may come to them in the thought that a Just Father will surely find some recompense for him whom He has taken.

Resolution No. 14904 (New Series), as follows:

Whereas, We are called upon to write "Death in the discharge of his duty" as the fate meted out to Joseph Allen, a member of Engine Company No. 9, San Francisco Fire Department, and these words convey a tribute none others can express,

Therefore, Resolved, By the Board of Supervisors of the City and County of San Francisco, that in chronicling the fact we do so with a feeling of profound sadness, mindful of the great loss which a community sustains when a public servant gives up a precious life in the performance of his duty. Deeply as we may deplore the fate befallen, we commend the devotion displayed and give honor to him who made the sacrifice. We tender our sincerest sympathy to those who have been left to mourn, and express the hope that comfort may come to them in the thought that a Just Father will surely find some recompense for him whom He has taken.

Resolution No. 14905 (New Series), as follows:

Whereas, We are called upon to write "Death in the discharge of his duty" as the fate meted out to Stephen D. Russell, First Assistant Chief of the Fire Department of San Francisco, and these words convey a tribute none others can express,

Therefore, Resolved, By the Board of Supervisors of the City and County of San Francisco, that in chronicling the fact we do so with a feeling of profound sadness, mindful of the great loss which a community sustains when a public servant gives up a precious life in the performance of his duty. Deeply as we may deplore the fate

befallen, we commend the devotion displayed and give honor to him who made the sacrifice. We tender our sincerest sympathy to those who have been left to mourn, and express the hope that comfort may come to them in the thought that a Just Father will surely find some recompense for him whom He has taken.

State Building in Civic Center.

Supervisor McLeran presented:

Resolution No. 14898 (New Series), as follows:

Whereas, The City of San Francisco is developing a Civic Center, which,

when completed, will represent with lands and improvements an investment of over seventeen million dollars, and

Whereas, The City of San Francisco has provided for the State of California a block of land in said Civic Center for the purpose of having erected thereon a State Building for the housing of various departments of the State, and

Whereas, There has arisen a decided controversy over the architectural features of said proposed state building, it being claimed that said building if erected under the plans proposed will be out of harmony with the other buildings of the Civic Center, and tend to destroy the beauty and effectiveness of Civic Center, and

Whereas, There is a general feeling among the citizens of San Francisco that a very serious mistake will be made if the proposed state building be erected according to the proposed plans, and

Whereas, If any mistake has been made in the acceptance of the plans of the state building such mistake should be corrected at the earliest possible moment, and before any work has commenced on the actual construction of said building; now therefore be it

Resolved, That the Mayor and the Board of Supervisors request that the Governor of the State of California submit the question as to whether or not the proposed state building conforms and harmonizes with the Civic Center group of buildings to a disinterested architectural commission outside the State of California such as the National Art Commission at Washington, D. C.

Adopted under suspension of the rules by the following vote:

READING THE JOURNALS.

The Journals of Proceedings of previous meetings were *laid over* for approval until next meeting.

Address of William Kent, Member of United States Tariff Commission.

Wm. Kent, member of the U. S. Tariff Commission, was presented by his Honor the Mayor. He addressed the Board as follows:

Mayor Rolph: Gentlemen of the Board and fellow citizens, we are honored this afternoon with a visit from former Congressman, now a member of the United States Tariff Commission, the Honorable William Kent. Mr. Kent is here on the coast upon request of the United States Government to look into the question of establishing in ports like San Francisco or around San Francisco Bay, what is known as a free zone for the export of American products. He has come here this afternoon to honor us with his presence, and at the same time to tell us something of his visit.

Before you begin I want to thank you for the gallant, able and noble fight you put up for the high waters of the Sierras. I don't know what we would have done if we had not had that support.

Mr. Kent: Mr. Mayor, ladies and gentlemen and Board of Supervisors: Under the powers of the United States Tariff Commission one of the things called upon them to do is a request of Congress to investigate and report on

matters affecting foreign trade and duties. The Ways and Means Committee of the House of Representatives requested the Tariff Commission to investigate the question of free ports or free zones in ports. A free zone means practically a large area—not so large—or moderate area of land, which is entirely out of or under custom house restrictions as far as concerns foreign trade. Of course, such an area could not be tolerated if it interfered with customs duties in the interior of the country, but the idea is to have a place where foreign goods may be brought without being delayed in any way by customs officials; where these goods can be repacked, mixed with American goods, manufactured if need be, and sent along through the channels of commerce without red tape or interruption. There must merely be a certainty that these goods must not evade customs duties if they can go back in the interior of the country. The free ports of Hamburg, Copenhagen, Bremen and other places have proven to be a marvelous incentive to foreign business. The mere fact of doing away with red tape and delay in inspecting goods and storing them expedites greatly the foreign trade. The boats are not delayed by custom house regulations, and there is no necessity for giving us the long and troublesome red tape which comes from the "drawback" system. You understand that with the existing laws, stuff that comes in the custom house can be stored and go out again with the 99 per cent drawback, in the original packages, but there is no chance of doing the same thing that has made Hamburg the most prosperous seaport in a high tariff country. In taking up this question of free ports, being the leader in this territory, I only looked up what is being done in New York. The merchants there are thoroughly in favor of it. New Orleans is enthusiastic for such a port. It struck me at once that in San Francisco Bay should be a free port or should have a free zone, if any place in the United States should have such facilities.

I am glad to speak to you here in your official capacities, because there

never can be a free port or zone established without the most intimate connection with state and local authorities. If the custom of granting free zone privileges were to be made easy, every port in the country would demand the same privilege, and a great number of zones would merely result in endless smuggling and largely in the breaking down of customs duties. The port of Hamburg is looked after by the city of Hamburg, the State of Hamburg and the German Government, and the same thing must be true of ports in the United States. They cannot expect this great privilege without the best of co-operation and assistance from local people and local interests and local authority. I have already met a committee of your Chamber of Commerce and a committee of the Oakland Chamber of Commerce. Have put it up to them to go out and study the situation and report where and how they can see that their immediate interests are aided by the establishment of this privilege. San Francisco Bay, San Francisco and the cities about the bay owe something for the natural privilege they enjoy. They owe the commerce of the world aggressive, thoughtful assistance. When this war is over, and during the war, our country finds need of increasing and encouraging foreign commerce, and foreign commerce carried on in an enlightened way is what will eventually work toward peace, and the sort of thing that can be done to encourage commerce—foreign commerce under this free zone seems to me philosophically not only a thing that will greatly benefit the locality but will greatly benefit the nation, and through the enlightened encouragement of foreign commerce the world may look to the doing away with commercial jealousy and toward an eventual and durable peace.

I am not prepared to make any report at the present time. The detail of a report must come from those, expert in your midst in foreign commerce to promote interest; just how and where they will profit is for them to say, but, for one, I believe that the establishment on San Francisco Bay of facilities of this sort, coupled up with such control as will give cheap warehousing, minimum cost of loading and unloading, the best of dockage facilities, coupled up with railroad terminals, will work tremendously for the welfare of the nation and San Francisco.

I think it is not my place to give you any essay on world conditions. I merely want to state that the people in Washington believe that we are involved, necessarily and conscientiously, in a long, hard task in this war. We must change the chain of

thought, or break the back of the nation that started out to conquer the world. When their psychology will change, or their back be broken, when they refuse to change their ways, is hard to determine. I do not believe the people on this coast realize as keenly as people on the other coast the seriousness or menace of the situation. We are in the war, we ought to be in, we were driven in, the most peaceful of us were driven in, and I, for one, pacifist as I have been, feel that our nation has eventually come to see its clear duty towards civilization. We are here, and must act as though the menace were at our gates. We must do our bit, and I believe we are doing it. The outpouring of splendid young men from this State is most encouraging, and I am quite sure that when the roll of the states is called, it will be found that California and San Francisco have done their share in contributions of men and contributions of money.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Brandon, Acting Chairman.

Communication from Klink, Bean & Co. In Re Defamatory Article In Los Angeles Times.

The following was presented, read and ordered spread in the Journal:

San Francisco, October 12, 1917.
To the Honorable Board of Supervisors,
City Hall, San Francisco,
California:

Gentlemen: An article recently appeared in the public press to the effect that at a meeting of the Board on Tuesday, October 9th, Supervisor Gallagher had made the statement that a certain newspaper clipping containing matters reflecting on San Francisco had been mailed to his Honor Mayor James Rolph, Jr., enclosed in one of our envelopes.

We desire to say that, upon close investigation, we deny that this envelope, or communication, emanated from our office; and that the first knowledge of the incident reached us through the publication referred to.

Whenever we have any communications to make to Mayor Rolph or to anyone else, they will always bear our signature.

We have recently taken occasion to communicate the above facts to the Mayor's office, through his secretary, and also to Supervisor Gallagher.

Very truly yours,

KLINK, BEAN & CO.

By B. T. Bean.

Read and ordered spread in the Journal.

Statement of Mayor.

His Honor Mayor Rolph said in part:

"I received, and still have enclosed in an envelope of Klink, Bean & Co., a clipping of the Los Angeles Times defaming San Francisco in the most scurrilous terms. I still have the envelope and still have the article in my office."

Supervisor Power said, in part: "I am going to suggest that you send your secretary to the office of Klink, Bean & Co. and see if the typewriting on the envelope corresponds to the typewriting in use in that office. I have been informed that some of Klink-Bean's stationery was left in one of the rooms in the City Hall where the firm's accountants had been working, and it might have been used by someone else."

Enforcement of Housing Laws at United Railroad Car Barns.

Supervisor Gallagher presented a petition signed by numerous residents and taxpayers living in the vicinity of the Twenty-eighth street car barn protesting against violations of housing laws by the United Railroads in the lodging of armed strike-breakers in the car barns; also, against permitting violent, insulting and abusive behavior of said strike-breakers against peace of neighborhood.

Privilege of the Floor.

Whereupon, *Mrs. Crow* and *Mrs. M. J. McGuire* were granted the privilege of the floor and addressed the Board,

declaring that they had been subjected to abusive and insulting language by the men housed in the car barns and that neighbors had been held up by armed strike-breakers in the vicinity of the car barn, and asked that the authorities enforce the law which they claimed was being flagrantly violated.

Jno. O'Connell, representing the S. F. Labor Council, also addressed the Board. "These petitions," he said, "are caused by the dilatory tactics on the part of a certain department of this city. The matter is quietly sleeping in Judge Fitzpatrick's court. These housing laws are now in effect and should be enforced."

J. Warren also addressed the Board, requesting that the housing law be enforced at the United Railroads car barns.

John Hargan, Building Inspector, also addressed the Board, stating what he had done in the matter of making the United Railroads comply with the law.

His Honor Mayor Rolph addressed the Board in part as follows:

"Gentlemen and Fellow Citizens: You know that I am opposed to anybody being armed; that I am opposed to the carrying of deadly, concealed weapons. I believe in industrial peace. I have been striving with all the official influence at my command to get some light in the settlement of this industrial dispute. I think it is fierce that in this twentieth century that a lot of thugs—a lot of disreputable characters—a lot of men who are ready to sell their very all to engage to come here from other cities and to take the bread and butter out of the mouths of these mothers and children—200 or 300—that are here this afternoon.

"What touches me is to see you women with your children, and here nursing them, leaving your little homes and coming here before the legislative branch of this city to appeal to us that the laws be enforced."

"This strike has been in existence since August—a little over two months. In this situation I occupy a dual capacity. I occupy a position as Mayor of this city, and also occupy a position as president of the Municipal Railways. As president of the Municipal Railways I offer you something that I don't believe you have received from the officials of the United Railroads. I offer you my sincere sympathy in this troubled condition in which you find yourselves. I wouldn't be the president of a road with the wives and children of my striking employees starving and crying for bread—and deny their husbands the right to sit down and discuss the dispute.

"The Municipal Railways believes in

an eight-hour day and our Charter provides for an eight-hour day. The world is at war for humanity. The City and County of San Francisco, in its belief in humanity, believes in eight hours work, eight hours rest and eight hours opportunity to spend with the wives and little ones.

"We are talking of a school bond election on October 30 to build new schools for the children who are to take our place when we are gone. It must be an awful struggle for some of you mothers to send your little ones to school—to care, feed and dress them, with the wages you have been getting and with the high cost of living. I extend to you my deepest sympathy. I believe in the Golden Rule, and wish to say to you that I have done everything in my power to get your husbands together with the men who have the control of your welfare. We have failed. Our efforts have been fruitless, but it has not been for want of trying.

"I talked with a former Governor of Oregon when he arrived here recently with Mr. McAdoo from Portland. They tell, as others have told me, that this is the first instance where officials of railroads have refused to do the better thing—to sit down and discuss the dispute between the employer and the employee. The position might be regarded as unsolvable, justifiable from a legal standpoint, according to their right, but it is morally indefensible."

"I want to say that I will do all in my power. I will go the limit and help to the fullest extent in improving the conditions of our people. I will never permit myself to be used by any organization to destroy organized labor in San Francisco."

Whereupon, the following bill was presented by Supervisor Welch and referred to the Public Buildings Committee:

Bill No. —, Ordinance No. —.
Designating and charging the Board of Public Works with the enforcement of that certain act entitled "An act to regulate the erection, construction, reconstruction, moving, alteration, maintenance, use and occupancy of hotels, and the maintenance, use and occupancy of the premises and land on which hotels are erected or located, in all parts of the State of California, including incorporated towns, incorporated cities, and incorporated cities and counties; and to provide penalties for the violation thereof; and repealing an act entitled 'An act to regulate the building and occupancy of hotels and lodging houses in incorporated towns, incorporated cities, and cities and counties, and to provide penalties for the violation thereof,' approved June 16, 1913, statutes of California of 1913, page 1429," and known as the "state hotel and lodging house act," approved May 31, 1917, Chapter 736,

Statutes of California of 1917, page 1422.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be the duty of the Board of Public Works to enforce the provisions of the act entitled "An act to regulate the erection, construction, reconstruction, moving, alteration, maintenance, use and occupancy of hotels, and the maintenance, use and occupancy of the premises and land on which hotels are erected or located, in all parts of the State of California, including incorporated towns, incorporated cities, and incorporated cities and counties, and to provide penalties for the violation thereof; and repealing an act entitled 'An act to regulate the building and occupancy of hotels and lodging houses in incorporated towns, incorporated cities, and cities and counties, and to provide penalties for the violation thereof,' approved June 16, 1913, Statutes of California of 1913, page 1429," and known as the "state hotel and lodging house act," approved May 31, 1917, Chapter 736, Statutes of California of 1917, page 1422.

Section 2. Nothing in this ordinance contained shall be construed as repealing or amending any ordinance which is in force at the time of the passage of this ordinance and which is supplementary to and not inconsistent with the provisions of the act the title of which is recited in the preceding section; nor shall any action for a violation of said act commenced by the District Attorney before the passage of this ordinance be affected by this ordinance.

Section 3. This ordinance shall take effect immediately.

Mardi Gras Ball Permit.

Supervisor Nolan presented:

Resolution No. 14909 (New Series), as follows:

Resolved, That the Loyal Order of Moose, Lodge No. 26, is hereby granted permission to hold a Mardi Gras Charity Ball at Dreamland Rink, October 27, 1917, without payment of the usual license fee.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch—16.

Absent—Supervisors Hilmer, Wolfe—2.

Extension of Time to White Company for Furnishing Motor Buses.

Resolution No. 14910 (New Series), as follows:

Resolved, That the White Company be granted an extension of sixty days' time from September 4, 1917, within which to complete contract for furnishing and delivering automobile buses under contract No. 88.

This second extension of time is granted upon the recommendation of the Board of Public Works and for the reason that the White Company states that these buses are now in the paint shop and that they expect to make shipment on October 5th. The City Engineer has suggested to the White Company that in the event that it should appear improbable that they could make shipment of the completed buses on this date, the buses be shipped as they are and the finishing be completed locally.

SPECIAL ORDER, 4 P. M.

The following resolution, made a Special Order of Business for 4 p. m., was taken up:

Refusal of Hetch Hetchy Data.

Supervisor Gallagher presented:

Resolution No. 14912 (New Series), as follows:

Whereas, A request has been made to the City Engineer by the Director

of the San Francisco Bureau of Governmental Research for estimates of cost of various units of the Hetch Hetchy project; also for a drawing of the proposed section of the Hetch Hetchy dam with information as to the assumptions made in its design; and for other engineering data on said project with a view to passing on the merits thereof; and

Whereas, The City Engineer has referred the said request to the Mayor and Board of Supervisors with a recommendation that it be refused; and

Whereas, The Board of Supervisors recognizes the ability of the City Engineer as displayed in the construction of the Municipal Railways, the Boulevard Systems, the Twin Peaks and Stockton Street tunnels and the development of the Hetch Hetchy project; while the motives and ability of some of the officials of the San Francisco Bureau of Governmental Research are at least questionable; now, therefore, be it

Resolved, That the Board of Supervisors and the Mayor concur in the recommendation of the City Engineer and hereby refuse to the Director of the San Francisco Bureau of Municipal Research any data on the Hetch Hetchy project until the same is published in the next Annual Report of the City Engineer.

Motion.

Supervisor Power moved that the resolution be laid over one week and that in the meantime the City Attorney be requested to advise as to the legal right of any board or department other than the Police Department to refuse information that is a matter of public record.

Communication.

City Engineer M. M. O'Shaughnessy, being called upon, presented the following communication, which was read and on motion of Supervisor Mulvihill spread in the Journal: HOOD RIVER TERMINAL COMPANY of Portland, Oregon

Portland, Oregon, Oct. 12, 1917.

M. M. O'Shaughnessy, Esq.,

City Engineer,

San Francisco, California.

Dear Sir:

In view of the enclosed excerpt from a local paper I take the liberty of writing you a few lines concerning this man, R. G. Dieck, with intent to give you some information that may be amplified if desired by you.

In the first place he was guided by said Holton's New York Fakirs and employed such a large force in the Department of Public Works, of which he had charge as Commissioner, that plans were made to add another story
